The Riverside Nurseries of Phoenix

TO OUR PATRONS

GUARANTEE OF GENUINENESS

While we exercise the greatest care to have every tree or plant true to name and are ready, on proper proof, to replace anything sent out by us that may prove untrue to label, free of charge, it is understood and agreed, between the purchaser and ourselves, that we are not to be held liable for any greater sum than that paid us for said trees, that may prove untrue.

ADVICE TO CORRESPONDENTS

Write name and address plainly, also give nearest express or stage route.

Please state whether substitution will be permitted, as we feel at liberty to use other varieties as near similar as possible on orders for home orchards. But we never substitute on commercial orders, without instructions.

Orders from unknown correspondents must be accompanied by remittance or satisfactory reference.

Packing will be done at actual cost of material, cartage to railway or city delivery free.

The Rose

Queen of the Flower Garden

HOW TO PLANT THEM

Dig up the soil fifteen to eighteen inches deep. Cut off all bruised or broken roots. Plant deep enough to have the bud well covered after planting. Give them a good soaking. When the water has settled away, cover the ground with fine mulch of rotten manure. Trim the tops back, leaving not more than three strong shoots, having from two to four good buds each. Keep all roots on unplanted stock well covered with wet cloth or dirt.
