Younkerman Seed Co.

Council Bluffs, Iowa

SEEDS

1917 Catalogue

Early Drouth Proof

\$2.50 Per Bushel

This is an early corn and of good size. It has been tried out in this section for the last five years and we now believe it to be the largest and heaviest-yielding early corn obtainable. We have a considerable amount of this corn to offer this season, but because of the large demand the last two previous years, we would advise our customers to place their orders early. We are positive you will make no mistake by planting several acres of this corn.

The Price is \$2.50 per Bushel.

No. 40 Dov. Hive—8-frame, 1½ story, with 24 sections, 4¼x4¼x1¾, and sheets of foundation for starters for sections:

BEANS

The accompanying illustration shows our

Royal Round Pod, Purple Wax Bean

This new bean, introduced for the first time in 1908, promises to be a great accession to the market gardeners.

Plant large, without runners; generally drooping with fruit-laden branches, and spreading when fully grown. The season is early; the leaf is large, medium green; wide across leaflets; pods are very round and yellow in color; very brittle; stringless: without fibre and unsurpassed in quality. Owing to its being a prolific bean and as tender as the Crystal White Wax, it will be much in demand by the market gardeners, or

Ask for prices on beans.

Royal Round Pod, Purple Wax.....
 Golden Wax—Best known Wax

Bean, very early, fine podded.....
 those wanting a first-class, round pod, wax bean.

Ask for prices on beans.

Golden-Eyed Wax—Very hardy and prolific, with flat, yellow pods.....
German Black Wax—Has great merit, very tender and best quality.....
Wardwell Kidney Wax—Extra early, long pods, flat and remarkably free
 from rust
Davis White Wax—Very productive, long pods, very handsome, rustless..

GREEN POD DWARF BEANS

Early Mohawk—Long, flat and straight pods and very hardy.....
Long Yellow Six Weeks—Early, the leading market sort; full, flat, green
 pods
Refugee, or 1000 to 1—Medium to late, very productive and tender, round
 pods
Extra Early Red Valentine—Early strain of this popular round pod bean.
 Many prefer to Wax varieties.....
Burpee Stringless, Green Pod—Extra early and of very fine quality.....
Dwarf Horticultural—Late and productive; fine either shelled or green.....

Miscellaneous

Bird Seed—Canary, Rape, Hemp, Etc.

Seed Sweet Potatoes—Nansemond and Yellow Jersey.

Seed Potatoes—Red River Valley, Ohios.

Plants—Cabbage, Tomato, Sweet Potato and other vegetable plants in season.

Onion Sets—White, Red, Yellow and Top Sets. Price on application.

Rape—Dwarf Essex.

We have always on hand a full stock of Field Seeds.

Clover Seed—We are headquarters for Clover Alfalfa and all Field Seeds.

The Iowa Seed Law prohibits Iowa dealers from selling impure seed, but does not prevent dealers in other states from shipping in adulterated and poor seed. We have our seed tested; and when offering for sale, are sure it contains no forbidden seeds.

Fertilizer

That the crops can be largely increased by the use of fertilizers is a well known fact—just what to use is the question to be determined—and it can only be known by carefully studying the growing crop. Nitrogen, phosphoric acid and potash are essential in plant development. Farm fertilizers are good, but in most cases they do not supply in sufficient quantity the elements necessary. Concentrated energy must be supplied from some outside source. We can furnish the concentrated fertilizer.

Sheep Manure for Lawns

There is nothing better than Sheep Manure to bring on that dark green appearance on your lawn. This fertilizer is free from weeds as it is put through a process which kills every germ. It is easily applied; and will give good results. 25 lbs., 75c; 100 lbs., \$2.00.

WARRANTY—While we exercise great care to have all Seeds pure, reliable and true to name; our Seeds are sold without any warranty, express or implied; and without any responsibility in respect to the crop. If our seeds are not accepted on these terms they must be returned at once. Y. S. CO.

NOX -I- CIDE

Keeps Your Coops Free from Germs

Conkey's Nox-I-Cide is absolutely unequalled as a non-poisonous deodorant and germ destroyer. It positively prevents diseases in poultry houses, runs and brooders, dog kennels, stables, or from cesspools, sinks, drains, garbage pails, etc.

Conkey's Nox-I-Cide Saves Medicine Money

Indispensable to poultrymen. Use it for cholera, roup, canker, gapes, chicken pox, pip, etc. A sure louse destroyer. Sold in any quantity. Ask for special book.

Flowers and Bulbs

CANNAS—Handsome plants for centers of large beds or for border, stately, ornamental plants, producing clusters of large flowers of the most intense, varied and brilliant colors. 10c, 3 for 25c; 85c dozen.

CASTOR BEAN—Tall, majestic plant for lawns; glossy green leaves; grows from six to fifteen feet high. Seed, 10c per oz.

CALADIUM—A fine tropical plant that can be grown in the open air in the North.

GERANIUMS AND POTTED PLANTS—We have a large assortment of seasonable potted plants of all kinds to be used for decoration purposes. 10c to 15c each.

Summer Flowering Bulbs

GLADIOLUS—No flower has gained more in public favor than this. They thrive in almost any good soil. Plant the bulbs six to nine inches apart, and from two to four inches deep. 40c dozen.

DAHLIA—The flowers are symmetrical and large, and varied range of colors. 10c to 20c each.

TUBEROSE—The flowers of this popular plant are waxy-white, double and exceedingly fragrant. 30c per dozen.

A good way to grow Tuberose is to fill five or six-inch pots half full of well rotten cow manure, and the remainder with good, rich, sandy soil. Plant the bulbs in this in April, water moderately and keep in warm, light place. When the weather has become warm, plunge the pots in the earth out of doors.

MADEIRA VINE—Tuberous-rooted climber, with glossy, green leaves, and delightfully fragrant, white blossoms. It is of rapid growth; and from a few tubers, vines will cover the side of a cottage in a single season. 5c to 15c each.

TULIP—Producing such a variety of bright colors almost as soon as the snow is gone. 20c per dozen.

NARCISSUS—Single and double. 35c per dozen.

HYACINTHS—50c per dozen.

SNOWDROPS—15c per dozen.

CROCUS, ETC.—10c per dozen.

DRINKING FOUNTAINS

Galvanized Iron Wall Fount

These Founts are very handy, as they may be hung up on the side walls of the poultry house, so as to prevent litter getting in the water. They are made of heavy galvanized iron, and possess an improvement which enables the user to clean them readily, which cannot be done with the old-fashioned wall fount. They are largely used by pigeon keepers, being specially adapted for that purpose. Prices....1 gal. size, 65c each; \$3.50 for six.

Galvanized Iron Fountain

½-gallon.....30c each
1 gallon.....50c each

Aluminum Saucers

Fit any Mason one-half gallon or one quart Mason jar. We do not furnish the jar. This is a sanitary fountain, easily cleaned. 15 and 20c each.

Top-Fill Drinking Fountain

For hog pens, poultry yards and domestic pets.

Winter Fountains

An ideal Fountain for all kinds of fowls, in all kinds of weather.

Lice Liquid

The Mites are the great profit reducers in the Poultry business. Mites are to be found on the roosts and walls of the house and do not remain on the poultry, but attack them on their roosts and suck their blood at night. Use Liquid Lice Killer and a Sprayer, and save the poultry and your profit.

It kills the disease germs, invigorates the bird and restores your profits. Your money back if it doesn't please you. Prices, 50c and \$1.00. A 50c size makes 25 gallons of medicine.

Conkey's 72-page Poultry Book, the best and most practical guide to the poultryman, free to you, if you call or send 4 cents in stamps.

Standard Seed Tester

This is the Tester with which we Test all of our Seeds. The "Standard" has the endorsement of Agricultural Colleges everywhere.

Farmer's Size No. 2.....\$25.00
Farmer's Junior No. 1.....15.00

THE Agricultural Societies and Experiment Stations of the United States are giving the subject of Spraying Fruit Trees and Plants much attention. It has been conceded by the best authorities that spraying is absolutely necessary on all fruits and plants to obtain the best results.

We handle a full line of Sprayers of the best makes for Trees, Vines and Greenhouses; materials to spray with: Bordeaux Mixture, Tobacco Extract, Etc.

THE PERFECTION SPRAYER

At the right is shown a cut of the new cylinder type of Sprayer that has recently been added to our line. In bringing out this Sprayer and offering it to the trade, we do it with a full knowledge of the many difficulties to be overcome in building a Sprayer of this type. First, in this is the question of strength and durability combined with ease of operation, range and character of work necessary in a Sprayer that can be sold at a moderate price. A poor Sprayer is dear at any price; a good one is cheap.

This Sprayer will handle whitewash, water, paints, Bordeaux mixtures, etc. perfectly. Made of galvanized steel or brass. Weighs $9\frac{1}{2}$ lbs. Tested 50 lbs.

Spray It-Whitewash It

... USE A ...

"PERFECTION" SPRAYER

with the famous automatic shut-off nozzle.

Saves three times the labor of any other Sprayer used for disinfectants, whitewash, etc.

Its all in the automatic nozzle.

Insist on a "PERFECTION"

Its the strongest and most powerful compressed air Sprayer made.

Brandt Manufacturing Co.

MINNEAPOLIS . . . MINNESOTA

The Standard Spray Pump

THE IDEAL SPRAYING OUTFIT

Its plan of operation is slightly different from other type of spraying apparatus since the hose is used on the suction end instead of the discharge end. This makes it possible to use the pump with a bucket, barrel, tank or knapsack, depending upon the number of trees or the kind of spraying to be done.

The best and most powerful piece of low-priced Spraying apparatus on the market to-day. Made entirely of brass, with two solid brass ball valves.

No Leather Suckers or Washers.
No Castings to Rust.
No Leaking Joints.
No Lost Motion.
Nothing to Get Out of Order.

This outfit has been designed to fill the requirements of the small Orchardist, Gardener and Fruit Grower—those who need something larger than our No. 2 and No. 3 Knapsack Sprayers, but who do not want anything as large as the barrel and power outfits. It is light, compact and easy to operate. Holds 15 gallons. It has the largest air chamber of any spray pump of its size, thus enabling operator to keep a uniform pressure at nozzle.

PRICE LIST OF SPRAYERS

Perfection Spraying Outfit, each	brass, \$7.00; galvanized, \$5.50
Standard Spray Pump, each	4.50
Ideal Spraying Outfit, each	22.00

Slug Shot

Sure Death to Potato Bugs, Cabbage Worms, Melon Bugs, Cutworm Worms, Etc.

This preparation, though poisonous to insects, does not injure the foliage. It is used by dusting, in water or by spraying.

5-lb. package.....35c
10-lb. package.....65c

Bug Death

Is the one preparation you can offer to your customers that is admittedly non-poisonous. It kills without injuring or destroying the most delicate of plant, vine or leaf. Does away with "Beware-poison" signs all over the premises, because it contains no Paris green or other arsenical poisons.

"Bug Death" is ideal for use on potato, squash, cucumber, currant, gooseberry and tomato plants, rose bushes and vines; for house plants and "that little vegetable garden," it is unexcelled.

The Dickey Bug Death Duster

Retailing at 25c, is recommended by us as the most effective and economical method of distributing "Bug Death" dry. It is provided with a scoop, attached to the perforated thimble, for filling. No waste; no inconvenience.

Dickey Bug Death Dusters, 12 in case, 25c ea.

Galvanized Iron Grit & Shell Box

No poultryman can afford to be without these handy boxes. They are made with two or three compartments so as to hold separately shells, grit, charcoal, beef scrap, or any other food. They are made to be hung on the walls of the pen, and are very effective for preventing waste of food. Made of heavy galvanized iron, they will last for years.

Prices...Small size, 3 compartments, 65c each
Large size, 2 compartments (dry feeding) 75c each.

Model Toe Marker

To toe-mark a chick, a good cutting punch is needed; one making a clean hole. Such is the Model Toe Marker, a high grade tool in every particular. It has a separate stop between the jaws to prevent bruising the web of the foot.

It is well finished, nickel plated, and makes a handsome tool—a perfect marker, well worth twice the price asked.

Price each, postpaid.....50c

We are Agents
for the Famous

CYPHERS INCUBATORS, HOVERS and BROODERS

STANDARD CYPHERS INCUBATORS.

These are the famous Cyphers, the machines that for 20 years have been recognized as the "standard hatchers of the world." Are self-regulating, self-ventilating, non-moisture, fire-proofed and insurable. They will give you big hatches of strong, lively chicks, hatch after hatch, and year after year.

No. 0, 70 eggs, price	\$16.00
No. 2, 244 eggs, price	37.00
No. 1, 144 eggs, price	25.00
No. 3, 390 eggs, price	44.00

COLUMBIA HOT-AIR INCUBATORS.

Are built to meet the wide-spread demand for large capacity, lamp heated machines that can be sold at surprisingly low prices and yet be guaranteed to do good work. Have wooden cases finished in dark green. Same regulator used as on high-priced machines. Automatic in ventilation. Hatch large, fluffy chicks.

Small size, 140 eggs, price	\$18.00
Large size, 250 eggs, price	25.00

SUPERIOR HOT-WATER INCUBATORS.

The first hot-water incubator ever offered with Cyphers Company standard of design, construction, regulation and ventilation. Have wooden cases, finished in brown, forced water circulation, automatic ventilation. Fully guaranteed.

Small size, 65 eggs, price	\$13.00
Large size, 130 eggs, price	18.00

CYPHERS PORTABLE HOVER.

This Hover is Self-Regulating, Self-Ventilating, all-metal and will last a lifetime. Capacity, 50 to 75 newly-hatched chicks. Should be used indoors during winter weather. Unexcelled for use in colony houses, roosting coops and large-sized, home-made brooder cases. Is easy to move, easy to clean. Price, \$10.00.

STYLE A OUTDOOR BROODER.

This is a very convenient and practical outdoor brooder. Is well built, has ample ventilation, provides plenty of heat and pure warmed air for the chicks. It will safeguard your growing chicks. Capacity, 75 newly hatched chicks. Price, \$14.50.

CICO COAL-BURNING COLONY HOVER.

This is a practical, reliable and serviceable colony hover. The heater is 24 inches high, has a shaking and dumping grate, and can be filled and regulated without moving hover or dome.

The dome is 50 inches in diameter. Will brood 300 to 1,000 chicks, depending on construction of building, and climate. Is equipped with automatic regulator.

Price of Cico Hover, Complete.....\$15.00

Get A FREE Copy of 25-Page Book Showing the Full Line of Cyphers Incubators, Hovers, Brooders & Supplies

THE INTERNATIONAL SANITARY HOVER

It is especially suitable for use in colony brooders; but, it can be used with equally good results in a hen house, tent, barn, stable, piano box, or even a dry goods box. It can be picked up and carried around with ease.

Sanitary Hovers are as practical for the small back-yard poultry raiser as for large poultry plants. They are warmest at the curtain—usable anywhere—ready for business wherever placed. All that is necessary is to place the hover in the colony house and light the lamp. And the easiest way to set it up is to set it down. No crowding or smothering of chicks—no kneeling in mud or dust to get at the lamp—no cutting of holes or building of platforms.

Write for illustrated booklet or call and examine the hovers. We shall be pleased to show them to you. Price, complete, \$9.00 each.

Spraying Material

We call your attention to our Dry Powdered Arsenate of Lead which we offer to the trade in place of Paste Arsenate of Lead. The powder has a number of advantages over the paste. The chief one is that the powder may be carried over from one year to another without deteriorating in any way, whereas the paste is bound to dry out more

or less and lose part of its strength. It can be had in 1, 5, 10, 25 or 100 lb. packages. Ask for prices.

Lime—Sulphur

Lime-Sulphur is a very effective solution when used on fruit trees. On apple trees especially it prevents San Jose Scale, Bitter Rot, Oyster Shell Bark Louse and Scab. We can furnish this in five gallon cans.

The United States Mail (Parcel Post) will bring our seeds to your door.

MAKING OUT ORDERS.—We always make it a point to give orders our immediate attention as soon as received, a fact well known and appreciated by the thousands of customers deriving their supplies from us direct. The prompt execution of orders will be greatly facilitated if our customers will be careful to write on their order their **Full Name and Address, the Quality, Name of Variety and Price** of the seeds wanted. (See Order Sheet enclosed.)

TERMS CASH WITH ORDER.—Seeds sent to amount of remittance only; when prices fluctuate and postage or cost of bags is not provided for in remittance as required, orders will be modified accordingly, and customers can reorder the deficiency, as no accounts will be opened for small sums or balances resulting from short remittance. We guarantee to fill your order satisfactorily. In case of an error it will be cheerfully corrected.

REMITTANCE may be made in cash, by Express or Registered Mail, by Draft, or by Postal Money Order. Sums of fifty cents or less, in cash or stamps, may be sent by ordinary Mail at our risk. Postage stamps for any sum will be accepted where facilities for transmitting money by the above modes do not exist, but letters containing same should be registered.

BY MAIL—POSTAGE PAID BY US.—The prices for small seeds (Peas, Beans and Corn excepted) quoted in this Catalogue include postage, paid by us. We do not pay postage on Peas, Beans and Corn because of their weight. If wanted by Mail, postage should be added to price quoted, at the rate of 10c. per quart on Peas and Beans, and 10c. per quart on Corn.

GUARANTEE.—We guarantee all shipments of seeds to reach the purchaser safely and in good condition.

Blatchford's Calf Meal

The Complete Milk-Equal

THIS is in reality a substitute for milk—and should not be considered as an ordinary "feed" or "meal."

It contains all the elements of milk and when properly prepared becomes a "baby food" for calves and colts. It is just the thing for weaning calves as soon as they can be taken away from the cow. Then all the milk may be sold and you get the benefit of the high creamery prices.

It is absolutely the only milk-substitute that contains all the elements necessary for rapid and healthy growth, and the only calf meal that is thoroughly cooked and prepared for digestion.

Will push calves and colts forward better and quicker than any other food

100 pounds makes 100 gallons of Complete Milk-Equal

Send for your copy of this booklet

CHICKS started on Blatchford's Milk Mash are never bothered with diarrhea. It nourishes the same as whole milk, and the chicks you save by it will prove the wisdom of its use.

Milk-fed broilers are being successfully raised on this Milk Mash. They grow rapidly to big birds and command top prices on account of their size and choice quality of meat.

Five pounds will raise a chick to the age of three months.

WEAN your little pigs easily, quickly and safely on our complete milk-equal for pigs.

Blatchford's Pig Meal

contains just the right percentage of vegetable protein, fat, moisture, ash, etc., for this work. It keeps them growing sturdily, rapidly and profitably instead of taking on excess fat.

It grows bone and solid flesh, prevents losses of growth and vitality during the critical weaning period and always makes the runts catch up.

BLATCHFORD'S "Fill the Basket" Egg Mash is a perfect, complete food for encouraging the natural egg-laying functions to greater results and contains nothing resembling a drug.

It starts the pullets laying at five to six months of age, keeping them in perfect health all the time.

The average hen will consume about a pound a week, costing less than four cents, but her results will surprise you during both winter and summer.

Make every layer a winter payer

A slogan for poultrymen

Planet Jr. Garden Tools

72-page Planet Jr. catalog free—Describes 70 tools, including Seeders, Wheel Hoes, Horse Hoes, Harrows, Orchard and Beet Cultivators. Write postal for it.

No. 4 Planet Jr. Combined Hill and Drill Seeder, Wheel Hoe, Cultivator and Plow.

Price, complete, \$13.25

No. 13 Planet Jr. Double and Single Wheel Hoe.

Price, \$6.00

Soon pays for itself in the family garden as well as in the larger acreage. Sows all garden seeds in drills or in hills, plows, opens furrows and covers them, hoes and cultivates quickly and easily. No. 4 D, Hill and Drill Seeder, same as above less the cultivating attachments, \$10.75.

A single and double wheel hoe in one. Straddles crops till 20 inches high, then works between. Has steel frames and 14-inch steel wheels. The greatest hand-cultivating tool in the world.

No. 25 Planet Jr. Combined Hill and Drill Seeder, Double Wheel Hoe, Cultivator and Plow.

Price, \$16.00

No. 60 Planet Jr. Double Wheel Onion Hoe.

Price, \$5.25

This new tool is a departure from all previous Wheel Hoes. It is adjustable for the complete culture of onions, or general hoeing. The new all-steel hoes are a decided improvement over the older models. We offer a special Onion Harvester for this tool. Price, \$1.50.

A splendid combination for the family garden, onion grower, or large gardener. It is a perfect seeder, and combined double and single wheel hoe. Sows in drills or in hills 4, 6, 8, 12 or 24 inches apart.

No. 31 Planet Jr. Combined Drill and Seeder and Single Wheel Hoe.

Price, Complete, \$8.50
Packed weight, 30 lbs.

No. 17 Planet Jr. Single Wheel Hoe.

Price, \$6.25

This new tool is of great value to gardeners who have never felt able to own either a seed drill or a wheel hoe. It will sow even a small packet of garden seed with great precision. Quickly changed to a splendid wheel hoe. A special machine for the small gardener.

The highest type of Single Wheel Hoe made. Light, but strong, and can be used by man, woman or boy. Will do all the cultivation in your garden in the easiest, quickest, and best way.

No. 103 Planet Jr. Horse Hoe.

Price, \$8.25

A new light, but very strong, Horse Hoe that will appeal to farmers and gardeners.

The farm and garden tools that save your time, lighten your labor, and get bigger crops—the longest-lasting and most economical implements made. Fully guaranteed. 72 page Planet Jr. catalog free. Send postal.
