Metzner Floral Company

MOUNTAIN VIEW

CALIFORNIA

Gladioli Specialists
= and Hybridizers =

Sole Owners of the Exhibit at the Panama
Pacific International Exposition, 1915.

We hold awards as follows:

Grand Prize for exhibit our Gladiolus Seedlings.

Gold Medal, our variety, "Polar Star" White.

Gold Medal, our variety, "Dr. F. J. V. Skiff," Pink.

Silver Medal, our variety, "Captain A. C. Baker," Scarlet.

While the above varieties were worthy the honors bestowed upon them, our later productions show great improvement.

Color blending is an art, and many of our seedlings of recent dates are extraordinary color creations.

Our Mr. Metzner devotes hours of patient care in the selection of colors and types used in his creative work and has an accurate color record of over 2,000 distinctive varieties.

It is impossible to propagate in quantity such an endless variety regardless of their merit, and for this reason it is planned to dispose of many of these bulbs in our Special Collections this season.

The attention of buyers is directed to our various collections of unnamed Gladiolus and some wonderful prizes will be drawn, for a nominal sum, by fortunate buyers.

Our bulbs are all field grown and without fertilizers, hence are subject to grand results under intensive cultivation.

On November 25th, 1917, there were upwards of 5,000 new seedlings blooming outdoors, in our gardens, including a *new type* which produces bulbs over three inches in diameter and large flowers, many exceeding six inches in diameter, with spikes of corresponding size, *within* four months of the *planting of the Seed* (not bulblets).

Seed and Bulbs of this "*Wonder Strain*" are reserved from sale for the present.

Our offering of new named varieties herewith, supplementary to our former list, all originated at our Nursery at Mountain View, California, and must not be confused with bulbs, perhaps bearing the same name, found in other catalogues, but neither of our production nor descriptive of our colors.

METZNER FLORAL COMPANY,

Mountain View, California.

New Offerings for Season 1918.

Will give Flowers 4 to 6 inches in diameter; Spikes, 3 to 6 feet tall, in YOUR garden.

SURPLUS PLANTS AND BULBS AT BARGAIN PRICES.

Every season in our experimental work we grow large quantities of seedling plants in addition to our named varieties and usually have a considerable quantity of fine plants left over at the end of the season. We much prefer to sell this stock rather than carry them over, and for purely advertising purposes make the following extraordinary offer:

GARDEN SET NO. 1. 100 strong plants.....\$1.50
10 kinds in all, our selection.

GARDEN SET NO. 2. 250 strong plants.....\$5.00
10 kinds in all, our selection.

This offer will embrace Pansies, Verbenas, Snapdragon, Stock, Wall Flowers, Geraniums, Gaillardias, Petunias, Shasta Daisies, Penstemon, Ivy Geraniums and many other choice garden flowers of our high grade strains.

GARDEN SET NO. 3. 100 bulbs.....\$3.50

Embracing our selection of Dahlias, Gladiolus, Tuberous Begonias, Calla Lily, Cyclamen, and other bulbs of our own production mainly for outdoor culture.

Delivery after March 15, 1918.

If bought in a regular way any of these Garden Sets would amount to several times our asking price. Try one or more of these sets.

At prices quoted we cannot prepay delivery charges. These sets should go by Express.
