HALLAWELL'S FALL · CATALOG · OF BULBS

1 9 1 8

Hallawell Seed Company

256 - 258 MARKET STREET, SAN FRANCISCO, CALIFORNIA

HARRY E. HALLAWELL, Manager

Telephone Douglas 3147

CULTURAL DIRECTIONS FOR PLANTING OUR BULBS

Spring Flowering Bulbs can be planted from September to December. They require a moderately rich soil which should be well drained. If the soil is in poor condition use a little bone meal or well-rotted manure. Fresh manure is injurious to bulbs. When the soil is heavy or stiff, place a small quantity of sand or coal ashes at the base of each bulb. A good rule to go by is to cover the bulbs with soil one and a half times their own depth.

GENERAL CULTURAL DIRECTIONS

DEPTH AT WHICH BULBS SHOULD BE PLANTED

The accompanying diagram explains the proper depth to plant bulbs. Outdoor planting should be done early in the fall to obtain best results.

Special Bulb Collection

10 Hyacinths, mixed	5 Daffodils, trumpets, mixed
15 Tulips, long stem, mixed	20 Spanish Iris, mixed
15 Jonquils, Campenelle	10 Scilla Campanulata, mixed
15 Early Gladiolus, mixed	5 Daffodils, double mixed
20 Ranunculus, mixed	15 Anemones, mixed
10 Watsonias, mixed	

140 Bulbs for \$3.50

(If by Parcel Post add Postage at Zone Rates weight 8 lbs.)
or half collection of 75 Bulbs for \$1.90

WHEN AND HOW TO ORDER BULBS

The best time to order your Bulbs is just as soon as this catalogue reaches you. The Bulbs may not have arrived by then, but your order will be given immediate attention, and be filled just as soon as the stock arrives. At the first of the season there are no sorts sold out, and besides the Bulbs flower better when planted early.

Please be sure to write plainly your full name and address, when sending us your order and remittance. Send also the name of the nearest express office, if bulbs are to come that way, when it differs from the postoffice. We send bulbs by express, unless postage for the different sorts, as shown in the catalogue, accompanies the order.

If you wish the bulbs to be sent by PARCEL POST, please add sufficient postage to cover the cost of mailing, excepting where marked postpaid. Under each heading we have marked the approximate weights of the various sorts so that you can figure out the postage due according to the zone. If too much postage is allowed we will adjust by sending extra bulbs.

NON-WARRANTY

Most of the failures with seeds, plants and bulbs are due to causes entirely beyond our control, such as unfavorable weather, too deep or too shallow planting, slugs, etc.; therefore Hallawell Seed Co. give no warranty, express or implied, as to description, purity, productiveness, or any other matter of any seeds, plants, bulbs, etc., they send out, and will be in no way responsible for the crop; if the purchaser does not accept the goods on these terms they are to be returned at once.

Hallawell's "Quality" Tulips

FOR CALIFORNIA

The Cottage and Darwin Tulips are more satisfactory for California than the early shorter stemmed varieties, as the large blossoms are borne on strong long stems from 20 to 30 inches tall. They bloom in May and make a beautiful effect when planted in a bed or in groups.

Tulips can be planted from October till late in December. They require a moderately rich soil which should be well drained. If the soil is in poor condition use a little bone meal or well rotted manure. Plant the bulbs 6 or more inches apart and set the tops 4 inches below the surface. If the soil is heavy, place a small quantity of sand at the base of each bulb. In the following list you will find the leading varieties which are certain to give satisfaction.

Darwin Tulips

(If by parcel post add postage at zone rates; weight per doz., 10 ozs.; per 100, 4¼ lbs.)

	Per doz.	Per 100

Splendid Double Early Mixture: good assortment of various colors.....	.45	3.25

Hyacinths

Hyacinths are very fragrant and come in a great variety of colors. They make a magnificent display when grown outside in a bed. They are also very satisfactory when grown in pots or in glasses of water. We are listing the single type only, as they are far superior to the double, and more certain to bloom. For outdoor culture set the bulbs so that the tops will be 3 or 4 inches below the surface and 6 to 10 inches apart. For pot culture use a 4-inch pot for a bulb or a large pot for 2 or 3 bulbs, and leave the tops of the bulbs just above the surface. After potting give a good watering and set away in a cool place and cover with coal ashes or sand until thoroughly rooted, which takes from 8 to 10 weeks. During this time do not allow them to become dry. They may then be set in a cool light place until the flower spikes have developed, when they may be placed wherever they are wanted.

Yellow Hammer: golden yellow.....	1.35	10.00

POETAZ NARCISSUS

An entirely new strain of Narcissus obtained from a cross between the Poeticus and Polyanthus types. The flowers, which are like the Poeticus in size, come three to four on long stiff stems and are fine for cutting, inheriting some of the fragrance of the Poeticus and none of the odor of the Polyanthus types.

	Per doz.	Per 100
Elvira: pure white with yellow eye; free flowering, producing a number of stems to a bulb, each bearing 3 to 4 flowers.....	\$0.85	\$6.00
Irene: sulphur yellow with orange eye; large broad truss bearing 6 to 9 flowers, 10c each	1.00	7.00

Grand Soleil d'Or: a rich clear yellow with orange cup; very fragrant and handsome...	.50	3.75
Queen of the Yellows: primrose-yellow, with orange cup	.60	4.00

DAFFODILS

The following list contains the best varieties. Daffodils bloom in March and April. The blossoms are borne on tall strong stems and are fine for cutting. They bloom freely and are very effective when planted in a border or a bed.

For pot culture, plant 3 or 4 bulbs in a 5-inch pot and leave the tops of the bulbs just above the surface. After potting give a good watering and set away in a cool cellar until thoroughly rooted, when they can be brought into the house. For outdoor culture set the tops of the bulbs 4 inches below the surface and 12 inches apart.

Emperor Daffodil

LARGE TRUMPET DAFFODILS

(If by parcel post add postage at zone rates; weight per doz., 1 1/4 lbs.; per 100, 13 lbs., excepting Emperor, weight per doz., 3 lbs.; per 100, 22 lbs.)

Campernelle: a larger form of the single sweet-scented	.35	2.50
Double: small sweet-scented golden yellow flowers and very double.....	.50	3.50
Rugulosus: the largest of the jonquils, rich golden yellow; broad perianth with wrinkled cup	.50	3.75

IRIS FOETIDISSIMA

(Gladwyn Iris)

The flowers are inconspicuous but the seed pods when ripe break open, show rows of bright red berries which remain in good condition for a long time.....

\$0.20 \$2.00

IRIS OCHROLEUCA GIGANTEA

(December delivery)

(Prices postpaid)

A fine species growing 4 feet tall with evergreen foliage, producing large creamy-white flowers with an orange-yellow blotch on each petal; blooms in May.

Each 25c; per doz., \$2.50

JAPANESE IRIS

(November delivery)

(If by parcel post add postage at zone rates; weight per doz., 7 lbs.)

This variety of Iris produces the largest and finest flowers in a great variety of colors. They are hardy and do best in partial shade and require plenty of water. They bloom for six weeks during June and July. The flowers measure 8 to 10 inches in diameter and are borne on tall stems.

Separate or Mixed colors, in blue, white, purple, lavender, crimson, claret, etc. 35c each; \$3.50 per doz.

PEACOCK IRIS

(Postpaid)

A small but very pretty variety of Iris. The flowers measure 2 inches across and are pure white with a blue triangle on each petal; 1 foot tall. Plant the bulbs 2 inches deep.

Per doz., 35c; per 100, \$2.50

Spanish Iris

SPANISH IRIS

(Postpaid per doz. and 100)

One of the most satisfactory varieties of Iris to grow, being perfectly hardy. The flowers are of great beauty, having many different blendings of color, and if cut when in the bud state will last a long time in water. For best effect they should be planted in clumps or masses of 25 to 100 or more bulbs set 6 inches apart and 2 to 3 inches deep. They grow 18 to 24 inches high and bloom from end of April on through June.

All of the following varieties 30c per doz.; \$2.00 per 100:

The following list contains only the long stemmed sorts:

- British Queen: large pure white.
- Cajanus: beautiful deep golden yellow.
- Darling: large bright blue, long stems.
- Formosa: deep violet blue.
- King of the Blues: rich dark blue shading lighter.
- L'Unique: violet-blue standards, falls white with golden blotch.
- Louise: fine pale blue, slightly spotted.
- Reconnaissance: bronze and orange.
- Snowball: white, slightly tinted lilac.
- Solfaterra: deep purplish-blue and yellow.
- Sophie Jaffe: finest primrose of all; strong grower.
- Mixed White varieties.
- Mixed Blue varieties.
- Mixed Yellow varieties.
- Mixture of the above named sorts. 30c per doz.; \$2.00 per 100.
- Mixed varieties 1 doz. 20c; 100 for \$1.50; 500 for \$6.50; 1000 for \$12.50.

ENGLISH IRIS

(If by parcel post add postage at zone rates; weight per doz., 12 oz.; per 100, 6 lbs.)

King of the Blues; extra large flower.....	.40	2.50
Queen of the Whites; extra large flower.....	.40	2.50
Splendid Mixture of all colors.....Smaller size	.25	1.50
.....Large size..	.40	2.50

CALLA LILIES

Yellow Calla Lily (Elliottiana): the true yellow flowered Calla; the flowers are bright yellow and the foliage dark green, spotted white

.25 and .35 each, 2.50 and 3.50 doz.

White Calla Lily: strong bulbs. (Weight per doz., 1½ lbs.)

.....per doz. .75 and 1.00

FREESIAS

(September and October delivery. Postpaid)

They flower very early if planted in September and October. The flowers are borne on stems from 9 to 24 inches tall, with 6 to 8 flowers on a stem.

Set the tops of the bulbs 1 inch below the surface and 4 to 6 inches apart.

	Per doz.	Per 100
Purity: finest and purest white variety; large flower and of strong growth. Large bulbs..	\$0.20	\$1.50

FRITILLARIA

(If by parcel post add postage at zone rates per doz.; postpaid; weight of 100, 4 lbs.)

Meleagris (Snake's Head or Guinea Hen Flower): a dainty variety growing from 10 to 18 inches high, bearing in spring curious drooping bell-shaped flowers, most of which are very oddly marked, many being checkered and splashed white, purple and maroon; perfectly hardy and splendid for naturalizing in partial shady places; mixed colors. 30c per doz.; \$2.00 per 100.

GLOXINIA

(December delivery)

Beautiful pot plants for greenhouse culture. The magnificent tube-shaped flowers measure 3 to 4 inches across. They come in several colors and are very prettily spotted and mottled. Mixed colors, 35c each; \$3.50 per doz. (Postpaid.)

INCARVILLEA DELAVAYI
(Hardy Gloxinia)

(January delivery. Postpaid.)

A hardy tuberous-rooted plant; produces large gloxina-like rose-colored flowers which last a long time. These are produced in clusters on stems 18 inches high.

Each, 25c; per doz.....\$2.50

Miscellaneous Bulbs—*Continued*

Bride Gladiolus

GLADIOLUS (Early Flowering)

(November delivery, postpaid)

This type of Gladiolus blooms in May. The flowers borne on long slender stems, are greatly used for cut flowers.

	Per doz.	Per 100
The Bride: pure white.....	\$0.35	\$2.50
Blushing Bride: ivory white with crimson blotches on lower petals.....	.35	2.50
Peach Blossom: delicate rosy blush, blotched rose and cream	.35	2.50
Early Flowering: mixed	.35	2.50

IXIAS

(Postpaid)

They are much admired for their brilliant colors and graceful flower stalks, which resemble a miniature gladiolus. They come in several shades and are fine for cutting, lasting for several days in water. The bulbs should be planted 1 inch deep and from 4 to 6 inches apart, and for best effect should be in beds or groups of 25 to 100 or more bulbs.

	Per doz.	Per 100
Splendid Mixture containing a great many varieties and colors	\$0.25	\$1.75

MONTBRETIA

(Postpaid. December delivery)

A summer flowering bulb, somewhat resembling a gladiolus. The flowers come in shades of orange and yellow and are borne on long graceful spikes, and bloom from July to September.

Plant several bulbs in a clump about 2 inches deep.

Giant Flowering Sorts

	Per doz.	Per 100
California: beautiful deep golden yellow, free flowering, extra fine	\$0.35	\$2.25
Fire King: splendid large flowers of a glowing scarlet red	.35	2.25

MUSCARI or GRAPE HYACINTH

(Postpaid)

These are dainty little flower spikes bearing curious ball-shaped bells in white and blue. Thriving either in partially shaded or sunny locations. Also adapted for growing in pots.

Plant six bulbs in a 5-inch pot and treat same as Hyacinths.

	Per doz.	Per 100
Blue	\$0.25	\$1.50
White (Pearls of Spain).....	.25	1.50
Heavenly Blue: flowers light-blue; very strong grower, producing much larger spikes than the above sorts	.30	2.00

MUSCARI PLUMOSUS

(If by parcel post add postage at zone rates; weight per doz., postpaid, per 100, 3 lbs.)

Feathered Hyacinths: bears plume-like graceful spikes, 9 to 12 inches high, purple in color.

Per doz.	\$0.35
Per 100	2.50

Ixias

Miscellaneous Bulbs—*Continued*

RANUNCULUS

(Postpaid)

These spring-flowering bulbs are unrivaled for lovely form and bright colors. The double flowers are borne on stems about 9 inches high. The bulbs have curious finger-like projections which should be planted pointing down. Plant 1 inch deep and 6 inches apart, in a partly shaded location. Soak the bulbs in water for one or two hours before planting.

	Per doz.	Per 100
Grandiflora: crimson	\$0.35	\$2.50
Hercules: large white	.35	2.50
Jaune Supreme: yellow	.35	2.50
Orange Brilliant: yellow shaded orange, black center	.35	2.50
Romano: scarlet	.35	2.50
Rosalie: carmine rose	.35	2.50
Souci Dore: brownish orange	.35	2.50
Viridiflora: green and orange	.35	2.50
French Mixed: fine, large, double flowers, vigorous grower. Most popular variety, \$12.00 per 1000	.20	1.50
Persian Mixed: very double rose-shaped flowers	.20	1.50
Turban Mixed: double peony-shaped flowers	.20	1.50
Collection of 12 of each of the above named varieties, 96 bulbs, \$2.50. Half Collection, 48 bulbs, \$1.40.

Ranunculus

ORNITHOGALUM

(Weight of 1 doz., 1 1/4 lbs.; of 100, 12 lbs.)

Arabicum: a beautiful variety, throwing up a tall spike bearing numerous large, milk-white, star-shaped flowers, with a black center, and having a distinct aromatic perfume. They are of the easiest culture. 60c per doz.; \$4.25 per 100.

(Weight of 1 doz., 1 lb.; of 100 8 lbs.)

Umbellatum (Star of Bethlehem): a free blooming variety; the star-shaped flowers are white with a green stripe on the outside. 25c per doz.; \$1.75 per 100.

OXALIS

Pretty little half trailing or bushy plants. Adapted for borders and hanging baskets. (Postpaid)

Double Flowering	.40	2.50

SPARAXIS

(Price postpaid)

Beautiful flowers borne on long, graceful spikes: the colors are of the most telling combinations and of the brightest shades. They are tigered, blotched, spotted, streaked and flushed in the most diverse and pleasing manner.

Mixed Colors20c per doz.; \$1.50 per 100

TUBEROSES

(February delivery)

(If by parcel post add postage at zone rates; weight of 1 doz. 1 1/2 lbs.)

Double Dwarf Pearl60c per doz.; \$4.25 per 100

WATSONIA

(If by parcel post add postage at zone rates; weight of 1 doz. 2 lbs.)

Watsonias are similar to the Gladiolus and bloom from June until September. The spikes grow 3 to 4 feet tall and bear about 1 dozen flowers which are 2 1/2 to 3 inches long and about 2 inches across. They bloom freely and thrive best in a sunny situation. Set the bulbs 3 inches deep and 8 inches apart.

	Per doz.	Per 100
Andrnei: large spikes of pure white flowers	\$0.40	\$2.50
Pink	.40	2.50

NEW CHRISTMAS SPENCER SWEET PEAS

These varieties have the large ruffled blossoms of the Spencer type and the early flowering habit of the Christmas Sweet Peas. Seeds planted in early September in San Francisco will commence flowering about Christmas time. Seeds planted in October and November will produce fine large flowers in February and March and remain in bloom for a long season. Especially adapted for the Hawaiian Islands and other tropical countries.

	Per Pkt.
Early Asta Ohn: lavender suffused with mauve	\$0.25
Early Helen Lewis: orange-salmon	.25
Early Hercules: mammoth rosy pink	.25
Early Lavender Pink	15c and .25
Early Mrs. Skach: rich pink	15c and .25

	Per Pkt.
Early Mrs. Spanolin: white, black seeded	15c and .25
Early Red Orchid: rosy red	15c and .25
Early White Orchid: pure white	15c and .25
Early Yarrowa: bright rose-pink, with light wings. Before sowing nick the shell to aid germination	15c and .25
Gold Medal Mixture	15c and .25

Sweet Peas

Sow Sweet Pea seed in November and December for early spring flowers. They can also be sown any time during winter or spring for later flowering. The soil for Sweet Peas should be rich and deep. Prepare the ground by giving a liberal dressing of well-rotted manure and bone meal. Sow the seed thinly 1 inch deep; when they are above the ground thin from 6 to 12 inches apart, as the flowers will not be large if the vines are overcrowded. When the plants are well above the trench they should be supported on stout stakes at least 6 feet high on which wire netting has been fastened. During dry weather they should be watered frequently and given an application of liquid manure once a week.

SPENCER OR ORCHID FLOWERED SWEET PEAS

The finest type of Sweet Pea. The blossoms are large and very wavy with long stems, generally having four blossoms to the stem.

Per pkt. Per oz.

Afterglow: bright violet blue, shading to rosy amethyst.....	\$0.10	\$0.35

Flower Seeds for Fall Planting

For more complete cultural directions and descriptions see our General Catalogue.

CULTURAL DIRECTIONS—It is better in most instances except hardy annuals to start the seed in shallow boxes about 4 inches deep, using very sandy soil with leaf mould so that it will not bake, and provide for drainage by boring some holes in the bottom of the box. Set the boxes in a warm sheltered place, but protect from direct sunlight, as the seed is liable to be scorched up. When the plants have made the fourth leaf they should be pricked out, reset in another box, or preferably in paper pots, and when well started they should be transplanted into the garden. If the seed is to be sown directly in the garden, it should be done after the soil is well worked and fertilized. A slight depression should be made with a stick, the seed sown, and then covered with sharp sand about twice the depth of the diameter of the seed. The sand will prevent the crusting over of the soil after watering. When the plants are up they should be thinned out. The following varieties of seed should be sown in the open: Alyssum, Calendula, Candytuft, Collinsia, Gilia, Eschscholtzia, Gypsophila, Lupin, Mignonette, Nemophila, Annual Poppies.

Hallawell's Quality Pansies

Pansies thrive best in a partially shaded location, and in a loose soil, well enriched with decayed manure, which should be well dug into the soil. Sow the seed in the fall for early spring blooming. The seed should be sown in boxes, covering them not more than four times their diameter and firming the soil well above them. Do not allow the seed to dry out. The plants must be transplanted twice in order to get the largest flowers; once from the seed box to a sheltered bed and again to the open ground. For best results you must start a good strain. The finest Pansies are, as a rule, shy seeders, which accounts for the difference in price of the various mixtures offered.

PANSIES IN MIXTURES

Hallawell's Prize Strain: this is a mixture of the giant-flowered varieties, all the plain colors, faced sorts, ruffled edged, and rare sorts; also the varieties exquisitely marbled, striped and blotched. Pkt. of 500 seeds, 50c.

Imperial Strains Mixed: a fine mixture of choice varieties	\$0.25
Giant Masterpiece: these pansies have a combination of rich velvety colors and attractive ruffled petals.....	.25

Collection of the above 8 varieties for 60c.	

LAWN GRASSES

Kentucky Blue Grass: Fancy; extra clean; the most popular grass for lawns. It is dark green and of dense growing habit, making a beautiful turf in a heavy or black soil. Per lb., 40c; per 10 lbs., \$3.50; per 100 lbs., \$30.00.

Hallawell's Evergreen Lawn Mixture: A mixture of several deep green grasses which makes a thick sturdy lawn, remaining green both summer and winter. It is especially adapted for heavy or black soils. Per lb., 40c; per 10 lbs., \$3.90; per 100 lbs., \$35.00.

Pacific Rye Grass: This grass is similar to the Australian Rye Grass, but has a finer leaf and is longer lived. Per lb., 25c; per 10 lbs., \$2.25; per 100 lbs., \$20.00.

White Clover: Of dwarf habit with creeping stems, rooting at the joints, on which account it makes an excellent turf that stands constant tramping. Planted for a lawn either alone or in mixture with grass seed. Price per lb., 75c; per 10 lbs., \$7.00.

Australian Rye Grass: A very vigorous, quick-growing lawn grass, but a little coarse. Very satisfactory for lawns in San Francisco. Per lb., 25c; per 10 lbs., \$2.00; per 100 lbs., \$16.00.

Golden Gate Lawn Mixture: This mixture of hardy grasses contains a little white clover and forms a thick strong turf that will stand hard usage. Per lb., 35c; per 10 lbs., \$3.00; per 100 lbs., \$26.00.
