O. P. Jackson,
President

Wm. A. Reynaud,
Secretary and Treasurer

Announcement to our Friends and Customers.

Now—more than ever before—we have endeavored and succeeded to keep up the highest standard in our particular line of occupation—securing and furnishing.

“QUALITY BRAND SEEDS”

to thousands of our farming and trucking friends all over the United States.

Handicapped by scarcity of labor or tempted by higher prices, Growers laid down on their contracts and deliveries were short. With many Seed-crops partly or entire failures we had no end of difficulties in securing at greatly advanced prices our “superior” stocks; for:

The foundation of your success is necessarily:—

“QUALITY BRAND SEEDS”

in its fullest meaning of “Trueness to name,” “Highest germination” and “Purity”; without these requirements all your labor will be in vain. We succeeded—and our highest quality—standard WILL be maintained. Following the economizing spirit of the times we are asking our friends to accept this condensed price-list with an assured confidence of your fullest reward in using:—

“QUALITY BRAND SEEDS”

During the last year we outgrew our former quarters therefore moving to larger facilities equipped with ample Storage and Testing-Rooms, in the heart of our progressive city; we shall be glad to welcome visitors any time.

Sincerely Yours,

O. P. JACKSON SEED CO., Inc.

WE RESPECTFULLY REQUEST CUSTOMERS TO
FOLLOW THESE INSTRUCTIONS AND
TO FILL OUT ORDER SHEETS
CAREFULLY

Early Ordering Essential

Order early to insure a supply at planting time, for occasionally certain stocks are limited. Early placed orders assist us in filling and making prompt deliveries before the busy season opens.

Remittance

Accompany order with Bank Draft, Express or Postoffice Money Order or currency if registered. U. S. postage stamps in small denominations are acceptable. Do not send currency in ordinary mail; it is unsafe to do so.

We guarantee safe arrival of all goods.

Errors and Omissions

While we are not infallible, our system of filling and handling orders is such that few errors occur. When they do, we are always willing to rectify. All we ask is that you notify us at once.

Not Listed

If there is any variety of seed you want that is not listed in this annual, drop us a line and we will be glad to quote you direct. Don't hesitate to write us about anything that we could be of service to you in, and any information we have will be gladly given without any obligation on your part.

Non-Warranty

While we exercise the greatest care to have all Seeds **pure** and **reliable**, we do not give any warranty, expressed or implied. If the purchaser does not accept the Seeds on these terms and conditions, they must be returned at once, and the money that has been paid will be refunded.

Complaints sometimes made that seeds are not good may quite as often be attributed to other causes as to the quality of the seeds. There are hundreds of contingencies continually arising to prevent the best seeds always giving satisfaction, such as sowing too deep, in too wet or dry soil, insects of all descriptions destroying the plant as soon as it appears, wet weather, frosts, etc.

Names of Neighbors

Don't Fail to occasionally send us the names and addresses of your neighbors who appreciate the vital importance of planting High-Grade Seeds.

CASSABA MELON

Hybrid Honey Dew, novelty.....	.10	.20	.60	2.00
--------------------------------	-----	-----	-----	------

One of the finest hybrids from soft shell Cassaba and Rocky Ford Cantaloupes; rind smooth, when fully ripe, cream waxy color, in texture similar to ripe banana peeling; weighs from 5 to 8 pounds; flesh pea green, sweet, delicious like a good cantaloupe. Matures about 10 days after cantaloupes. Is shipped to markets from Imperial Valley, Cal., about June. In Colorado, after frost, this sort is bunched, covered with straw, stored in cool cellar or warehouse, in crates, and sold at fancy prices about Thanksgiving and later.

YOUR SMALL ORDERS--WE WANT THEM

Thousands of seed planters think a 10 to 50 cent order is too small to send, and will go and buy some cheap inferior package seeds while we would be mighty glad to have your order no matter how small, and the results would be worth your while, in planting nothing but "Quality Brand" Seeds.

HYBRIDIZED POTATO SEED

FROM THE SEED-BALLS—HEADQUARTERS STOCK.

Millions never saw a Potato Seed Ball. Thousands have tried in vain to get the seed. Now is your opportunity. This unrivaled seed will produce an endless variety of new kinds. Your fortune may be in one of them. They are as easy to grow as tomatoes.

PHOTO OF POTATO SEED BALLS—ONE-HALF NATURAL SIZE.

It is from these that ALL valuable new varieties of Potatoes are produced.

Growing new and distinct Seedling Potatoes from the Seed-Ball Seed is intensely interesting. They will be the greatest curiosity of your garden. This seed will positively produce innumerable new kinds, colors, shapes, sizes, and qualities. The product will astonish you. Some may be of immense value and bring you a golden harvest. Every farmer, gardener, and bright boy should plant a few packets. You may be one of the lucky ones. Full directions on every packet.

READ THESE EXTRACTS FROM CUSTOMERS LETTERS.

"I grew 101 Potatoes from one plant of your Potato Seed. Every plant was a different variety." Mrs. Ellen Keener.

"I raised 50 Hills from one Packet; many kinds and colors; some early, some late. 94 Potatoes in one hill." J. H. Skinner.

"Your remarkable Potato Seed produced white, pink, red, purple, blue, cream, russet, and black potatoes." W. M. Johnson.

"Your Potato Seed is a wonder. I grew 115 different varieties from one Packet—the finest I ever saw." C. E. Flint.

"I grew 45 pounds of Seedling Potatoes from one Packet. I expect wonders from them next year." Thomas Lucas.
