EAST LAWN NURSERY

R. F. D. No. 2 Sacramento, Cal.

Phone Capitol 45

In these strenuous times, when

civilization seems shaken to its very foundation, it is well that we should turn our attention to our home gardens, and therein find relief for a time.

The home garden is today more essential than ever.

The purchase of a few plants to stimulate interest is surely a harmless and inexpensive pleasure that may be enjoyed by many.

A garden cannot stand still; it must be replenished or it will deteriorate.

The growing of flowers by one's own hand makes for health, for the spirit of enthusiasm, for trust in things uncontentious, and for reprieve in these stressful times.

In order to interest you in the proper growing of Roses, we offer: "HOW TO GROW ROSES"; 116 pages; 16 in full colors; bound in cloth; published at \$1.00, FREE with a \$5.00 order for Trees or Plants.
