BOXWOOD FOR EDGING

In Landscape development it is sometimes necessary to set a larger edging than it is possible to secure by the use of the Dwarf Box. Under these circumstances our 10 inch and 15 inch *Buxus arborescens* will be found especially useful. We imported several thousand of these this spring.

Azalea amoena, Evergreen Azalea

As it will be impossible to import Boxwood after this spring, we brought over a very large and fine supply of Pyramids, Bushes and Box Edging. It is all in excellent condition and will give very best results.

Owing to the restrictions placed on imports by the Federal Horticultural Board it will be impossible to import these plants after this spring.

Hardy Herbaceous Perennials

Ornamental Grasses and Ferns

Our Herbaceous Department is in charge of experts, men who are thoroughly trained in the growing, handling and shipping of these popular plants. By a thorough system of propagation and transplanting our stock is kept in the highest state of perfection, so that every plant we send out is young, vigorous and brought to a condition where it will give the customer the best results.

In making comparison of our prices with those of other nurseries bear in mind the fact that our plants are mostly field grown clumps and not the small divisions usually supplied by other growers.

July to September, etc., indicates the period of flowering.

Shade Tree Commission.

CITY OF EAST ORANGE, NEW JERSEY

Aug. 24, 1914.

Thomas Meehan & Sons,
Dresher, Pa.

Gentlemen:-

I am sending you some photos I have just lately made of the Yellow-twigged Lindens, as they will convey to you the true appearance of these trees better than anything I can possibly say. The trees were furnished by you and planted in the Fall of 1911, on Kenwood Place. There are seventy five trees, in perfect condition, not having lost a single tree. The trees are very uniform in size and make a beautiful showing, and I predict that this will be one of the most beautiful streets in East Orange.

Yours very truly,
(Signed) Ernest H. Bennett,
Supervising Foremna.
