HALLAWELL'S FALL CATALOG OF BULBS

1 9 1 9

Hallawell Seed Company

256 - 258 MARKET STREET, SAN FRANCISCO, CALIFORNIA

HARRY E. HALLAWELL, Manager

Telephone Douglas 3147

CULTURAL DIRECTIONS FOR PLANTING OUR BULBS

Spring Flowering Bulbs can be planted from September to December. They require a moderately rich soil which should be well drained. If the soil is in poor condition use a little bone meal or well-rotted manure. Fresh manure is injurious to bulbs. When the soil is heavy or stiff, place a small quantity of sand or coal ashes at the base of each bulb. A good rule to go by is to cover the bulbs with soil one and a half times their own depth.

NOVELTIES

Freesias, Barr's Yellow: a clear yellow variety. 70c per doz.; \$5.00 per 100.

Hardy Iris Caterina: the flowers of this new hybrid are of large size, on stout branching stems, 4½ feet high; color of standard is clear blue and the falls soft lilac. 50c each; \$5.00 per doz.

Early Gladiolus, Non Plus Ultra: beautiful rosy red, flaked white; quite large for an early variety; blooms in May. 50c per doz.; \$3.50 per 100.

Tritonia Crocata: attractive orange-red flowers about 2 inches across with a transparent blotch at the base of each petal; one foot tall; blooms in May. 35c per doz.; \$2.50 per 100.

Watsonia, Salmon: fine salmon pink color. 75c per doz.; \$5.00 per 100.

Special Bulb Collection

15 Anemones, mixed

15 Tritonia Crocata

10 Watsonias, mixed

120 Bulbs for \$5.00

or Half Collection of 60 Bulbs for \$2.65

WHEN AND HOW TO ORDER BULBS

The best time to order your Bulbs is just as soon as this catalogue reaches you. The Bulbs may not have arrived by then, but your order will be given immediate attention, and be filled just as soon as the stock arrives. At the first of the season there are no sorts sold out, and besides the Bulbs flower better when planted early.

Please be sure to write plainly your full name and address, when sending us your order and remittance. Send also the name of the nearest express office, if bulbs are to come that way, when it differs from the postoffice. We send bulbs by express, unless postage for the different sorts, as shown in the catalogue, accompanies the order.

If you wish the bulbs to be sent by PARCEL POST, please add sufficient postage to cover the cost of mailing, excepting where marked postpaid. Under each heading we have marked the approximate weights of the various sorts so that you can figure out the postage due according to the zone. If too much postage is allowed we will adjust by sending extra bulbs.

NON-WARRANTY

Most of the failures with seeds, plants and bulbs are due to causes entirely beyond our control, such as unfavorable weather, too deep or too shallow planting, slugs, etc.; therefore Hallawell Seed Co. give no warranty, express or implied, as to description, purity, productiveness, or any other matter of any seeds, plants, bulbs, etc., they send out, and will be in no way responsible for the crop; if the purchaser does not accept the goods on these terms they are to be returned at once.

Hallawell's "Quality" Tulips

FOR CALIFORNIA

The Cottage and Darwin Tulips are more satisfactory for California than the early shorter stemmed varieties, as the large blossoms are borne on strong long stems from 20 to 30 inches tall. They bloom in May and make a beautiful effect when planted in a bed or in groups.

Tulips can be planted from October till late in December. They require a moderately rich soil which should be well drained. If the soil is in poor condition use a little bone meal or well rotted manure. Plant the bulbs 6 or more inches apart and set the tops 3 inches below the surface. If the soil is heavy, place a small quantity of sand at the base of each bulb. In the following list you will find the leading varieties which are certain to give satisfaction.

Darwin Tulips

(If by parcel post add postage at zone rates; weight per doz., 10 ozs.; per 100, 4¼ lbs.)

On orders for 500 or more Tulips, assorted, a deduction of 10 per cent will be allowed from per dozen and per 100 prices.

FRENCH ROMAN HYACINTHS

This class of Hyacinths produces three or four delicately perfumed spikes of florets. Three bulbs can be put in a 4-inch pot and six bulbs in a 6-inch pot. Planted in September, they flower from Thanksgiving to Christmas time.

(If by parcel post add postage at zone rates; weight per doz., 1¼ lbs.; per 100, 9 lbs.)

Pure White	} Importation prohibited owing to bulbs being diseased.
Blue	
Pink	

Hyacinths

Hyacinths are very fragrant and come in a great variety of colors. They make a magnificent display when grown outside in a bed. They are also very satisfactory when grown in pots or in glasses of water. We are listing the single type only, as they are far superior to the double, and more certain to bloom. For outdoor culture set the bulbs so that the tops will be 3 or 4 inches below the surface and 6 to 10 inches apart. For pot culture use a 4-inch pot for a bulb or a large pot for 2 or 3 bulbs, and leave the tops of the bulbs just above the surface. After potting give a good watering and set away in a cool place and cover with coal ashes or sand until thoroughly rooted, which takes from 8 to 10 weeks. During this time do not allow them to become dry. They may then be set in a cool light place until the flower spikes have developed, when they may be placed wherever they are wanted.

Type of Single Hyacinth

NAMED VARIETIES OF HYACINTHS

(If by parcel port add postage at zone rates; weight per doz., 3 lbs.; per 100, 22 lbs.)

Roi des Belges: crimson scarlet.....	1.75	12.00
Yellow Hammer: golden yellow.....	2.00	14.00

POETAZ NARCISSUS

An entirely new strain of Narcissus obtained from a cross between the Poeticus and Polyanthus types. The flowers, which are like the Poeticus in size, come three to four on long stiff stems and are fine for cutting, inheriting some of the fragrance of the Poeticus and none of the odor of the Polyanthus types. (If wanted by mail, add 6c per doz. for postage.)

	Per doz.	Per 100
Aspasia: pure white with yellow eye; free flowering, producing a number of stems to a bulb, each bearing 4 to 5 flowers.....	\$0.85	\$8.25
Irene: sulphur yellow with orange eye; large broad truss bearing 6 to 9 flowers, 11c each	1.15	8.00

POET'S NARCISSUS

(If by parcel post add postage at zone rates; weight per doz., 12 oz.; per 100, 6 lbs.)

	Per doz.	Per 100
Poeticus (Pheasant's Eye): pure white flowers with orange cup, edged with crimson; fine for cutting	\$0.50	\$3.50
Poeticus Ornatus: larger than the Poeticus and earlier; beautiful pure white flowers with saffron cup, tinged with scarlet.....	.50	3.50
Poeticus Glory of Lisse: the improved Poeticus Ornatus; very large and early.....	.85	6.00

POLYANTHUS NARCISSUS

A very fragrant and sweet-scented type of the easiest culture. They grow well out of doors and bloom extremely early, having from 10 to 20 blossoms on a stem. They can also be grown in pots or in a dish of water with coarse gravel at the bottom.

(If wanted by mail, add 12c per doz. for postage.)

	Per doz.	Per 100
Paper White Grandiflora: beautiful pure white star-shaped blossoms in clusters, borne on tall spikes; if planted early will flower by Christmas; very fragrant.....	\$0.50	\$3.50
Mont Cenis: broad white perianth with yellow cup; a large flower and vigorous grower....	.60	4.25
Chinese Sacred Lily (single): fragrant white star-shaped blossoms with yellow cups, borne on tall stems; they are fine for cutting and flower very early and freely; 15c each	1.75	12.00

(If by parcel post add postage at zone rates; weight 5 oz. each; per doz., 5 lbs.)

DAFFODILS

The following list contains the best varieties. Daffodils bloom in March and April. The blossoms are borne on tall strong stems and are fine for cutting. They bloom freely and are very effective when planted in a border or a bed.

For pot culture, plant 3 or 4 bulbs in a 5-inch pot and leave the tops of the bulbs just above the surface. After potting give a good watering and set away in a cool cellar until thoroughly rooted, when they can be brought into the house. For outdoor culture set the tops of the bulbs 4 inches below the surface and 12 inches apart.

Emperor Daffodil

LARGE TRUMPET DAFFODILS

(If by parcel post add postage at zone rates; weight per doz., 1 1/4 lbs.; per 100, 13 lbs.)

Emperor: the finest yellow; the perianth and trumpet are finely formed and very large; the color is a rich golden yellow; late flowering	\$0.75	\$5.00
Smaller size	.60	4.25

GLADIOLUS (Early Flowering)

(November delivery, postpaid)

This type of Gladiolus blooms in May. The flowers borne on long slender stems, are greatly used for cut flowers.

	Per doz.	Per 100
The Bride: pure white.....	\$0.50	\$3.50
Blushing Bride: ivory white with crimson blotches on lower petals.....	.50	3.50
Peach Blossom: delicate rosy blush, blotched rose and cream	.50	3.50
Non Plus Ultra: beautiful large rosy red, flaked white	.50	3.50
Mixture of above sorts.....	.50	3.50

Bride Gladiolus

Gladiolus

The culture of the Gladiolus is of the easiest. Set the bulbs about 3 inches deep and 7 or 8 inches apart each way. Any good garden soil will make strong plants and good bloom, but for the finest results use manure and plenty of water. After the flowers are past, dig the bulbs up and dry them under cover in the open air for a month and then store in dry soil till next Winter, when they may be reset. From December to April are the months in which to plant Gladioli.

(If wanted by mail, add postage at zone rates. 1 dozen weigh 1 1/4 lbs., 100 weigh 9 lbs. Single bulbs postpaid.)

SELECT NAMED SORTS

America—Conceded to be one of the finest varieties for cutting or bedding ever sent out; color a beautiful soft flesh-pink; orchid-like in its coloring and texture; growth and habit perfect. 6c each; 60c per doz.; \$4.00 per 100.

Golden King—Golden yellow with crimson blotch. 10c each; \$1.00 per doz.; \$7.50 per 100.

Halley—Very large flowers of a lovely salmon pink, lower petals blotched yellow with carmine markings. 6c each; 60c per doz.; \$4.00 per 100.

Herada—Blossoms of immense size on tall, straight spikes. Color is a pure mauve, with deeper markings in throat; a very attractive color. 25c each; \$2.50 per doz.

Liebesfeuer (Love's Fire)—Very large flowers of a bright coral red shade produced on fine strong spikes. 25c each; \$2.50 per doz.

Lilly Lehman—Very fine, pure white frilled edge slightly tinted rose; large flower. 15c each; \$1.50 per doz.; \$10.00 per 100.

Mary Fennell—Deep lilac, shading paler; soft primrose yellow throat; extra fine. 15c each; \$1.50 per doz.; \$10.00 per 100.

Mrs. Francis King—A lovely light scarlet; strong straight spikes. 6c each; 60c per doz.; \$4.00 per 100.

Mrs. Frank Pendleton—A beautiful salmon-pink with a conspicuous blood-red blotch in the throat on the lower petals. Flowers are of the largest size and are borne on strong spikes. 15c each; \$1.50 per doz.; \$10.00 per 100.

Mrs. Watt—A deep wine color, very beautiful and quite distinct. 25c each; \$2.50 per doz.

Niagara—Large flowers, measuring 4 1/2 inches across, of a delicate cream yellow lightly splashed with carmine at the throat. 12c each; \$1.20 per doz.; \$8.50 per 100.

Panama—This grand variety resembles America, but is a much deeper pink. Highly recommended. 7c each; 75c per doz.; \$5.00 per 100.

Peace—The largest white sort, interior of petals feathered pale lilac. 11c each; \$1.15 per doz.; \$8.00 per 100.

Pink Perfection—A beautiful shade of apple blossom pink; large flowers of fine form on long spikes. 12c each; \$1.25 per doz.; \$9.00 per 100.

Gladiolus Schwaben

Princepine—Rich glowing crimson, the lower petals have a brown blotch with broad white margin; flowers of large size. 7c each; 75c per doz.; \$5.00 per 100.

Princes—Immense wide open flowers; color rich crimson with broad white blotches across the lower petals. 6c each; 65c per doz.; \$4.50 per 100.

Schwaben—Best clear canary-yellow, the stalks produce about 20 very large flowers, 6 to 8 usually open at one time. 10c each; \$1.00 per doz.; \$7.50 per 100.

War—Deep blood red, shaded crimson-black; very tall and conspicuous. 15c each; \$1.50 per doz.; \$10.00 per 100.

Willy Wigman—Creamy white, blotched with scarlet. Extra large flowers. 10c each; \$1.00 per doz.; \$7.00 per 100.

Yellow Hammer—Clear sulphur-yellow. Strong grower. 15c each; \$1.50 per doz.; \$10.00 per 100.

Collection of one of each of the above 25 varieties for \$2.75. (Weight of collection, 2 1/2 lbs.)

Rainbow Mixture—A splendid strain of large flowering gladiolus in a great variety of colors. 75c per doz.; \$5.00 per 100.

Extra Select Mixture—Made up from best named sorts. \$1.00 per doz.; \$7.50 per 100.

Lilies

Lilies are matchless amongst hardy plants for beauty of form and variety of color. They commence flowering in June and with various varieties continue blooming until the fall. They succeed better in partial shade and require protection from the wind. Set the tops of the bulbs of all the following sorts excepting the Elegans type 5 inches below the surface and 12 inches apart. The Elegans varieties, which have smaller bulbs than the other kinds, should be set 3 inches deep. They require a loose soil with good drainage. October and November delivery. (If by parcel post add postage at zone rates; weight 1 bulb, postpaid, of 1 doz., 3 lbs., except where noted.)

Lilium Auratum

Auratum (Golden Banded Lily): the grandest of all hardy lilies, with large graceful flowers of an ivory white color, thickly studded with chocolate crimson spots and a bright gold band through the center of each petal: 20c each; \$2.00 per doz.; \$14.00 per 100. 30c each; \$3.00 per doz.; \$22.00 per 100, according to size.

Auratum Pictum: similar in form to the Auratum, but tipped with crimson at the ends of the yellow rays.....

Auratum Platyphyllum: similar to Auratum, but larger and finer in all respects; especially noted for its broad lustrous leaves, which give double attraction; the petals are studded with crimson chocolate spots..

Brownii: large trumpet-shaped flowers, pure white inside and rich purple outside.....

Candidum (St. Joseph or Madonna Lily): a very hardy early flowering lily; the pure white flowers are fragrant and are borne on long stems; the best white lily to plant out of doors. (Order in October, as bulbs must be planted early)

Elegans Atrosanguinea: a dark blood-red lily of handsome appearance. Elegans lilies are all borne erect on a stem about 2½ feet. (Weight per doz., 1½ lbs.).....

WATSONIA

(If by parcel post add postage at zone rates; weight of 1 doz. 2 lbs.)

Watsonias are similar to the Gladiolus and bloom from June until August. The spikes grow 3 to 4 feet tall and bear about 1 dozen flowers which are 2½ to 3 inches long and about 2 inches across. They bloom freely and thrive best in a sunny situation. Set the bulbs 3 inches deep and 8 inches apart.

	Per doz.	Per 100
Andernei: large spikes of pure white flowers	\$0.40	\$2.50
Pink	.50	3.50
Salmon: new and very fine.....	.75	5.00
Mixture of above colors.....	.50	3.50

Sweet Peas

Sow Sweet Pea seed in November and December for early spring flowers. They can also be sown any time during winter or spring for later flowering. The soil for Sweet Peas should be rich and deep. Prepare the ground by giving a liberal dressing of well-rotted manure and bone meal. Sow the seed thinly 1 inch deep; when they are above the ground thin from 6 to 12 inches apart, as the flowers will not be large if the vines are overcrowded. When the plants are well above the trench they should be supported on stout stakes at least 6 feet high on which wire netting has been fastened. During dry weather they should be watered frequently and given an application of liquid manure once a week.

SPENCER OR ORCHID FLOWERED SWEET PEAS

The finest type of Sweet Pea. The blossoms are large and very wavy with long stems, generally having four blossoms to the stem.

	Per pkt.	Per oz.
Afterglow: bright violet blue, shading to rosy amethyst.....	\$0.10	\$0.35

Collection of the above six sorts for 75c.	
Gold Medal Mixture.....	.10

FLOWER SEEDS FOR FALL PLANTING

For more complete cultural directions and descriptions see our General Catalogue.

CULTURAL DIRECTIONS—It is better in most instances except hardy annuals to start the seed in shallow boxes about 4 inches deep, using very sandy soil with leaf mould so that it will not bake, and provide for drainage by boring some holes in the bottom of the box. Set the boxes in a warm sheltered place, but protect from direct sunlight, as the seed is liable to be scorched up. When the plants have made the fourth leaf they should be pricked out, reset in another box, or preferably in paper pots, and when well started they should be transplanted into the garden. If the seed is to be sown directly in the garden, it should be done after the soil is well worked and fertilized. A slight depression should be made with a stick, the seed sown, and then covered with sharp sand about twice the depth of the diameter of the seed. The sand will prevent the crusting over of the soil after watering. When the plants are up they should be thinned out. The following varieties of seed should be sown in the open: Alyssum, Bartonla, Calendula, Candytuft, Clarkia, Collinsia, Gilia, Eschscholtzia, Gypsophila, Lupin, Mignonette, Nemophila, Annual Poppies.

Scabiosa

Hallawell's Quality Pansies

Pansies thrive best in a partially shaded location, and in a loose soil, well enriched with decayed manure, which should be well dug into the soil. Sow the seed in the fall for early spring blooming. The seed should be sown in boxes, covering them not more than four times their diameter and firming the soil well above them. Do not allow the seed to dry out. The plants must be transplanted twice in order to get the largest flowers; once from the seed box to a sheltered bed and again to the open ground. For best results you must start a good strain. The finest Pansies are, as a rule, shy seeders, which accounts for the difference in price of the various mixtures offered.

PANSIES IN MIXTURES

Hallawell's Prize Strain: this is a mixture of the giant-flowered varieties, all the plain colors, faced sorts, ruffled edged, and rare sorts; also the varieties exquisitely marbled, striped and blotched. Pkt. of 500 seeds, 50c.

Imperial Strains Mixed: a fine mixture of choice varieties	\$0.25
Giant Masterpieces: these pansies have a combination of rich velvety colors and attractive ruffled petals.	.25
Giant Parisian Mixed: a large flowering type of Trimardeau pansies, the top petals are larger than the three lower ones and are beautifully marked; very sweet scented	.15
Large Flowering Mixed: a mixture of various colors;	.10

Meteor: mahogany colored	.10
Snow Queen: pure white	.10
Collection of the above 8 varieties for 60c.	

LAWN GRASSES

Kentucky Blue Grass: Fancy; extra clean; the most popular grass for lawns. It is dark green and of dense growing habit, making a beautiful turf in a heavy or black soil. Per lb., 40c; per 10 lbs., \$3.50; per 100 lbs., \$32.00.

Hallawell's Evergreen Lawn Mixture: A mixture of several deep green grasses which makes a thick sturdy lawn, remaining green both summer and winter. It is especially adapted for heavy or black soils. Per lb., 45c; per 10 lbs., \$4.00; per 100 lbs., \$36.00.

Pacific Rye Grass: This grass is similar to the Australian Rye Grass, but has a finer leaf and is longer lived. Per lb., 25c; per 10 lbs., \$2.25; per 100 lbs., \$20.00.

White Clover: Of dwarf habit with creeping stems, rooting at the joints, on which account it makes an excellent turf that stands constant tramping. Planted for a lawn either alone or in mixture with grass seed. Price per lb., 75c; per 10 lbs., \$7.00.

Australian Rye Grass: A very vigorous, quick-growing lawn grass, but a little coarse. Very satisfactory for lawns in San Francisco. Per lb., 25c; per 10 lbs., \$2.20; per 100 lbs., \$17.50.

Golden Gate Lawn Mixture: This mixture of hardy grasses contains a little white clover and forms a thick strong turf that will stand hard usage. Per lb., 35c; per 10 lbs., \$3.00; per 100 lbs., \$26.00.
