1919
SAM STOKES & SON,
Lecompte, : : Louisiana.

We are Specialists in Everything
We Grow.

OUR BUSINESS.

This is our sixteenth year in the tree business. A good part of our time has been spent in experimenting with trees, shrubs, roses, bulbs, soils, fertilizers, etc.

If any of our friends or customers want advice on anything pertaining to plants or trees, just call on us and we will gladly give you the best we have.

This is a very "rough and tumble" list, but we hope you will pardon us as we are exceedingly rushed and late getting ready to begin digging.

We advise express shipments. We have Wells Fargo and American.

Be sure to write your name very plain and send cash with your order.

Thanking our customers, we are,

Respectfully,

SAM STOKES & SON.
