YUCCAS—Tall, graceful spikes of creamy white blossoms, like giant lilies-of-the-valley, rising from luxuriant evergreen foliage, makes the Yucca one of the most brilliantly effective plants for showy display. So hardy and easy to grow that it transforms the sandiest, rockiest, most barren spots into year 'round beauty. Illustrated here, and fully described on page 16.
A PERSONAL NOTE.
This world has once more become a brighter and happier place in which to live. Our flower
gardens next spring, it seems to me, ought to reflect this feeling.

Can't we be of service to you as you plan the
loveliest garden you have ever had?

Faithfully yours,

President Wagner Park Nursery Co.

Important To Purchasers---Read Carefully

EARLY ORDERS. Place your orders early, as it is almost impossible during the rush
of the planting season to fill an order on short notice without doing an injustice to others
who have their orders previously booked. We practice filling orders in rotation as re-
ceived, in accordance, however, with locality and suitable planting season.

Quality rates as priced in this catalogue are, six plants of any variety at dozen rates.

Twenty-five plants of any one variety at hundred rates. Less quantities are at single rate
prices unless specially noted.

SHIPPING FACILITIES. We are admirably located for making
shipments, having the C. C. & St. L. (Big Four), Railroad
East and West, the B. & O. Railroad North and South; also
the Western Ohio Electric, all of which connect with vari-
ous lines. We have the Express Companies for above rail-
roads, assuring you of prompt and direct service. Unless
definite instructions are given we use our best judg-
ment as to how to ship.

PARCEL POST. All orders sent by Parcel Post
are prepaid. The plants used are not so large as for
express orders and the soil is removed from the roots
and wrapped in damp packing material so will carry
to most distant states in good condition. In ordering
plants by mail please bear in mind that parcels are
limited as to size and weight, and large sizes cannot
always be sent by mail.

PLANTS BY EXPRESS. This is a most satisfactory
method of transportation, as it enables us to give
good values in the form of fine, large plants. We do
not prepay express shipments, but larger
plants are sent, and if goods are miscarried
they are easily traced, and if damaged in transit, more easily rectified. When sent by
express we usually send some extras to help
defray the charges.

FREIGHT SHIPMENTS. This method of
shipment is advised only with heavy and
bulky stock. Our direct lines North, East,
South and West give us great shipping ad-
vantages over those who have only one rail-
road.

SPECIAL NOTE. Many orders consist of
articles both prepaid and not prepaid. In such
cases if found to be an advantage to our cus-
tomer to ship all by Parcel Post we do so. If we
find it an advantage to forward all by express or
freight and prepaid items do not add to cost of trans-
portation, we so ship unless definite instructions are
given to the contrary. We always look to the best in-
terests of our customers.

GUARANTEE. Most failures with plants and
bulbs growing are due to causes entirely beyond
our control, such as unfavorable weather and
soil conditions, too deep or too shallow plant-
ing, etc., which renders it impossible for us to
make a guarantee. We take all possible care to
supply such stock as will, under proper conditions, pro-
duce satisfactory results. We guarantee stock to be true
to name, and will upon proper proof, replace any
that may prove untrue.

REMITTANCES. Remittances should be made by
Post Office Money Order, Registered Letter, Bank
Draft, or Express Money Order.

Everyone Loves Sweet Peas.
(See illustration at left.)

Perennials, Hardy Climbing Sweet Peas will
give you the same beautiful blossoms, as the
annual, or tender varieties, and will give you
an abundance of flowers from early summer
until stopped by heavy frost. See page 32 for
prices.

Please give us below the names and addresses of your friends, or any one who has a lawn and is a lover of flowers, and who as far as you know is not already on our list and a customer of ours. Give street address where necessary. Write Plainly.
Wagner Park Flowers are Famous from Coast to Coast

We Deliver Free, everything marked prepaid. Our prepaid special offers will surprise you. Wagner plants are so vigorous, sturdy and full of life, and so carefully prepared for shipment as to insure arrival at their destination in a flourishing condition. This means that they go into the ground at your place with unimpaired vitality and ready to resume their growth with undiminished vigor.

The moderate prices of Wagner Nursery stock is a pleasant surprise to many, especially to those who have heard of the high quality of Wagner Park plants it is natural they would expect such stock expensive, but after dealing with us they discover that our prices are extremely reasonable considering the quality of stock they receive from us, should it be a specimen plant or a parcel post prepaid plant. The same careful attention is given orders, no matter how small, as is given the larger orders.

Distance makes no difference. We want every flower lover, regardless of where they live, to at least give us a trial order to let us demonstrate that they will be well pleased with everything ordered from us. Send your order now; we will ship at once or any time you are ready to plant.

Wagner's Is a Service Nursery.

Not the Mere Selling of Nursery Stock, but Everything We Ship is Prepared Ready to Plant and Grow.

Every Tree, Shrub, and Plant is carefully pruned by our experts before shipping; you have only to plant in well-prepared soil and watch them grow. This means much more work, but we do it with pleasure, looking towards the satisfaction and greater returns our customers derive from the plants.

It is a realized fact that more failures with nursery stock—Roses, Shrubs, Trees and Plants in general—are due to improper pruning at planting time that from any other cause. Naturally the digging of a plant or tree is more or less of a check to its growth, so it becomes necessary to do a certain amount of pruning (which, of course, varies according to species and varieties) to give the roots an opportunity to again become established in the new location without an overburden to supply the necessary nourishment to so much top-growth. Again, this pruning induces stronger bottom growths, which is the foundation for making a shapely plant and from which good results may be expected. While from improper pruning you can expect weak, short growths, and those plants that flower produce only small blossoms. We feel this a needed service to the amateur, and while it makes much more work for us, we do it with the greatest pleasure, that our customers may obtain the very best results and effects from our plants. This we know will be greatly appreciated by our patrons as the special service we have offered for years, to give free advice to those interested in having their grounds artistically planned, which we are glad to say also originated with us.

There are some things which can be pruned only at certain seasons, and full instructions for anything of this nature will be sent with shipment. We, therefore, who are experienced, offer this additional service to our customers that the failure of plants to grow from this cause may be reduced to a minimum.

SPECIAL NOTE.—Any one preferring to have stock shipped unpruned, kindly so state when ordering, when we will gladly comply with the request.

THE WAGNER PARK NURSERY COMPANY, 
SIDNEY, OHIO

Famous Crochet Roses.
See Page 3 for Description.
ROSES---Most Glorious Flower of the Garden

The rose is a source of interest to all flower lovers everywhere, and a necessity to every well-kept garden. The demand for good garden roses is greatly on the increase. People are beginning to appreciate the value of introducing roses more boldly in with general plantation. At the same time the "rose garden" is extending its appeal.

One may use roses profitably anywhere, often in very restricted space. They have manifold uses as practical climbers, covering ugliness with beauty, covering bare banks and walls with color and grace. Wagner, as a Rose Specialist, growing his stock in exceptionally favorite soil and climate, offers the best opportunities possible for "Success with Roses."

We send out only strong, well-rooted plants, in perfect condition for "taking hold" vigorously in alien soil. Special skill is brought to the production of choice roses of less hardy habit. In this respect Wagner Nurseries are an incomparable resource to the rose lover of intelligence and taste.

Our collection of free-blooming hardy roses, such as we urge for general selection, is second to none. This list includes varieties adapted to every purpose, house walls, trellis, pergolas, rose groups, etc. The rose houses and rose fields at Wagner Park indeed comprise a perfect microcosm of the rose world.

We place our knowledge of roses at your disposal, being very glad to help you, when it is desired, in the selection of varieties and offering complete information on the subject of successful rose culture in any part of the United States. We make special designs also of rose gardens, rose walks, etc., etc. We want you to know Wagner Roses if you do not already know them.

X-tra Size Roses.

Where you see the "X" you will find one of the choicest varieties and in extra large size plants. WAGNER PARK ROSES grow to perfection everywhere, but special attention is called to our Extra large size plants which are marked with an "X" preceding the name, indicating the quality of the largest size. These varieties have been given special attention, and we have obtained some very fine, heavy plants of them. The stock is first-class in every respect, and if you want immediate results order our X-tra size roses and they will surely please you.

Two Marvelous Hardy Everblooming Roses

x Kaiserin Augusta Victoria. An unsurpassed Rose of great beauty. This exquisite variety still retains its place as the foremost and best white Rose for general planting. It is perfectly hardy in all localities and produces continuously through the season glorious, fully double flowers with a delicious, Magnolia-like fragrance. Color is a most delicate, creamy white. 1-year, 15 cents; 2-year, 35 cents; X-tra size, 60c.

x Gruss an Teplitz (Crimson Hermosa) This grand Rose has proven one of the best and most valuable hardy crimson ever-blooming Roses for garden planting ever introduced. The color is dark, rich crimson, passing to velvety, fiery red, the brightest colored Rose we know. Flowers large, full and sweet; blooms constantly, throwing up fresh buds and flowers the whole growing season. 1-year, 15 cents; 2-year, 35 cents; X-tra size, 50 cents.

Special Offer "A-1."

GENERAL DIRECTIONS FOR THE CULTURE OF ROSES

WHEN TO PLANT. Plant roses in the spring as soon as it is possible to work the soil. Pot plants may be planted at any time, but do better if planted early, after all danger of frost is past.

PREPARATION OF THE SOIL. Roses will grow and give good results in any fertile, well-drained soil, but they thrive best in a soil consisting of considerable clay. Dig the soil deep and if drainage is imperfect it must be provided for. It is worth whilst to use care in the preparation of the beds, as the general health of the plants, quantity and quality of the flowers usually more than repays the extra expense expended on this detail. Stir the soil frequently but not too deep, or the roots will be disturbed.

PRUNING. About the end of October it is well to cut back any long canes of the strong growing sorts. This prevents them from being whipped by the winter winds, which, unless staked, would loosen and break the tender, feeding roots. The principal pruning however, should be done in spring before they start growth. Cut away all dead wood and cut all live branches at least one-half their previous year's growth. This insures strong bottom growths and large flowers on long stems.

INSECTS. A few applications of a good insecticide will exterminate all insects at the outset, after which very little or no trouble will be experienced. The following preparations are good. Apply to the upper and under surface of the foliage by means of whisk broom or sprayer.

BORDEAUX ARSENATE OF LEAD MIXTURE. At the rate of eight ounces to five gallons of water is an excellent solution.

INTERCULTURE. Do not cover your plants too soon; a nip of frost will not hurt them, but will help to ripen and mature them. Such materials as leaves, hay, straw or cedar boughs, etc., will afford excellent protection. A few shovelfuls of earth will also be of great benefit. In the spring wait until the weather is settled before uncovering.
Wagner Park Famous Cochet Roses.

See Illustration Page 1.

The real Rose lover cannot afford to miss these particularly famous Cochet Roses. The three varieties we offer are not surpassed by any others in beauty of flowers and productiveness. They are constantly in bloom and are hardy in all localities without protection, except the extreme north, where protection and mulching is necessary.

**x Maman Cochet Pink.** A deliciously sweet-scented Rose and a most vigorous grower. The flowers are superb and we consider it one of the choicest and most beautiful roses grown. The buds are long and pointed and flowers are of enormous size, very full and double. The color is a rich pink, elegantly shaded with rose and crimson. An excellent bedding variety, very free to bloom, even as a pot plant for the house.

**x Maman Cochet Red.** An exceedingly beautiful and splendid Rose for general planting. Very vigorous and healthy, throwing up strong shoots, and producing great masses of beautiful blossoms, and this is continuous throughout the entire season. Flowers are very large, fully double, and sweetly scented. Color a bright rose-red, elegantly shaded. A most valuable everblooming variety. 1-yr. size, 15c; 2-yr. size, 35c; X-tra size, 50c.

**x Maman Cochet White.** A remarkable free-blooming variety equal to MAMAN COCHET PINK in every particular. The blossoms are large, fully double, and a pure white in color, very fragrant, and should be included in every Rose collection. 1-yr. size, 15c; 2-yr. size, 35c; X-tra size, 50c.

Famous LaFrance Roses.

Three Glorious Ever-Blooming Roses.

The most deliciously fragrant, hardy everblooming Roses. Makes no difference where you live, they are hardy; will grow and thrive vigorously. Blossoms are superb and produced on long, erect stems. Constantly in bloom and should be in every garden.

**x La France.** (Pink) This is probably the most popular Rose in cultivation. Both buds and flowers are of lovely form and grand size; color, fine peach blossoms, elegantly clouded with rosy pink. 1-yr. size, 15c; 2-yr. size, 35c; X-tra size, 50c.

**x La France.** (Red) Color, lovely deep rose; a constant bloomer and recommended as one of the sweetest and best Roses for general planting. 1-yr. size, 15c; 2-yr. size, 35c; X-tra size, 50c.

**x La France.** (White) A seedling of pink; extra large, full, deep, pearly white flowers, delicately shaded with soft rose. 1-yr. size, 15c; 2-yr. size, 35c; X-tra size, 50c.

Special Offer "A" Cochet Roses.

| 1 Cochet Pink | 1 year size, 40c Prepaid. |
| 1 Cochet White | 2 year size, $1.00 Prepaid. |
| 1 Cochet Red | X-tra large size, $1.25 Prepaid. |
| 3 of each variety, 1-year size, $1.00 Prepaid. |

Five Extra Select Roses.

**x Mad. Caroline Testout.** Color is brilliant satiny rose, deepening in center to clear red. It is of excellent substance and keeps its color well. 1-yr., 15c; 2-yr., 35c; X-tra size, 60c.

**x Mad. Abel Chatenay.** This is a wonderfully healthy growing variety, with rich, bright foliage. A grand bedding rose, as it is a profuse and continuous bloomer, flowers of good size, very double, with slightly recurved petals; elegant buds. Color, rose carmine, shaded salmon. 1-yr., 15c; 4 for 50c; 2-yr., 35c; 3 for $1.00. X-tra size, 50c.

**x J. L. Mock.** Resembles somewhat Mad Caroline Testout. The flowers are borne on strong, straight stems, and are very double. Color, light red, shaded pink. 1-yr., 20c; 2-yr., 40c; X-tra size, 60c.

**x President Taft.** This is undoubtedly the finest bedding Rose yet introduced. The flowers are double, very sweet-scented, and are of deep pink color. They are free from disease. 1-yr., 20c; 3 for 50c; 2-yr., 40c; 3 for $1.00; X-tra size, 50c; 3 for $1.50.

Sunburst. This glorious Rose produces its enchanting buds and flowers on strong, upright stems, suitable for cutting. The color is the exquisite and popular orange-copper and golden yellow, which, with the ray-like sepals gives this variety its descriptive name. 1-yr. 25 cents; 3 for 60 cents; 3 for $1.50. X-tra size, 75 cents; 3 for $2.00.

Special Offer "D-2", Five Select Roses.

| 1 Mad. C. Testout | 1 year size, 75c Prepaid. |
| 1 Mad. A. Chatenay | 2 year size, $1.75 Prepaid. |
| 1 J. L. Mock | X-tra large size, $2.50 Prepaid. |
| 1 President Taft | 1 Sunburst |
Hardy Ever-Blooming Roses.--Hybrid Teas.

Our One-Year Size of Most Varieties Will Bloom Profusely the First Season.

This is a class of roses for general planting everywhere. The great advantage claimed for them is that they combine the hardiness of the Hybrid Perpetual with the constant blooming qualities and delicious fragrance of the Tea Roses. These varieties we list include only the choicest, and your surprise will come from the quantities of beautiful blossoms they produce; excellent for Southern and Pacific Coast gardens. Hardy in all localities and without protection, except in the Northern States, where a mulch and protection will be necessary.

Mrs. Aaron Ward. A fine, strong grower and free of bloom. Buds are deeply cupped, the open flowers delightfully attractive. Color, deep golden orange, shading outward to creamy yellow. 1-year, 15c; 2-year, 25c; X-tra size 50c.

Anna Marie Soupert. Very large, full flower, on good, stiff stems; color, bright lake red; very fragrant. 1-year, 15 cents; 2-year, 30 cents; larger size, 50 cents.

Bessie Brown. Full, deep flowers; color pure white, clouded flesh pink. 1-year, 15c, larger size, 50c.

British Queen. The finest white Rose, it is said, in existence. 1-year, 20 cents; larger size, 50 cents.

Burbank. The color, the very deepest and brightest pink Rose in cultivation. 2-year, 35 cents; larger size, 50 cents.

Champion of the World. Bears in greatest profusion, flowers of fine size, full, and double; color lovely clear, deep pink. 1-year, 15 cents; 2-year, 20 cents; larger size, 50 cents.

Countess of Shaftesbury. Bright, silvery-carmine, mottled and flushed pale shell-pink at the edges of the petals. Larger size, 60 cents.

Eclatante. Brilliant scarlet in color and such an incessant bloomer that we count it among the best bedding varieties. 1-year, 20 cents; larger size, 60 cents.

Edward Mawley. Beautiful rich crimson, touched with maroon; with a delightful velvety gloss on the petals. 1-year, 10 cents; larger size, 50 cents.

Etoile de France. The flowers are a shade of clear red crimson-velvet; very fragrant. 1-year, 15 cents; 2-year, 25 cents; X-tra size, 50 cents.

General MacArthur. Dazzling crimson scarlet. 1-year, 15 cents; larger size, 50 cents.

Gladys Harkness. A fine free-flowering Rose with flowers like hybrid perpetual. Salmon pink. 1-year, 15 cents; larger size, 50 cents.

Helen Gould. This is probably the most satisfactory Rose for general planting. The color is a rosy crimson. 1-year, 15 cents; 2-year, 15 cents; larger size, 50 cents.

Hermosa. It would be a waste of words to write a lengthy description of Hermosa. The color is a most pleasing shade of pink, very fragrant. A grand Rose for bedding or pot culture. 1-year, 15 cents; 2-year, 35 cents; X-tra size, 50c.

Killarney Brilliant. Most beautiful, large, brilliant pink. Very fragrant. 1-year, 35 cents; 2-year, 50 cents; X-tra size, 75 cents.

Killarney, Double White. An excellent habit and growth. Waxy-white flowers on good stems. 1-year, size, 20 cents; 2-year, 40 cents; X-tra size, 60 cents.

Lady Ashton. The flowers are large, double with a high-pointed center, and are a soft rose, shading to yellow at the base of petals. 1-year, 20 cents; 2-year, 40 cents; larger size, 60 cents.

Lady Pirrie. Deep copper reddish-salmon; inside of petals apricot yellow, flushed fawn and copper; an ideal variety. 1-year, 25 cents; larger size, 50 cents.

Laurent Carie. Brilliant carmine, very large of perfect form and very free flowering. 2-year, 50 cents; larger size, 75 cents.

Malmaison. Beautiful, rich, creamy flesh; distinctly and elegantly shaded, clear peachy red, with a rose center. 1-year, 15 cents; 2-year, 35 cents; larger size, 50 cents.

Mme. Jules Grevin. The color is a distinct and charming shade of cherry red, free blooming and in every way a splendid garden Rose. 1-year, 25 cents; 2-year, 40 cents; larger size, 50 cents.

Mme. Segond Weber. The form of the petals peculiarly beautiful; color salmon-flesh. 1-year, 20 cents; 2-year, 40 cents; larger size, 60 cents.

Mrs. D'Grav. Bright coral pink; flowers are borne in clusters. 1-year, 15 cents; 2-year, 25 cents; larger size, 50 cents.

Mrs. B. R. Cant. A healthy, vigorous grower, producing great masses of splendid roses the whole growing season. Flowers are extra large, perfectly double and deliciously sweet. Color, bright rose red, elegantly shaded and exceedingly beautiful. 1-year, 15 cents; 2-year, 25 cents; 3-year, 35 cents; 4 for $1.00. X-tra size, 50 cents.

Olivia. An excellent variety in every way. Buds nicely colored and flowers are double. Color a deep rose. 1-year, 25 cents; 2-year, 50 cents; larger size, 75 cents.

Richmond. Bright, glowing scarlet crimson, exceedingly bright and beautiful. 2-year, 40 cents; larger size, 60 cents.

Radiance. Color a brilliant rosy-carmine. 1-year only, 30 cents.

x Perle Des Jardins. Beautiful deep yellow; deliciously sweet. 1-year size only, 25c.

Souv. De Pierre Notting. Color, rich orange yellow, dashed and bordered with soft carmine rose. 1-year size, 15c; 2-year size, 30 cents.

Hardy Ever-Blooming Dwarf Bedding Roses

Used extensively for edging beds of other roses. They are compact, bushy, and produce immense trusses of semi-double flowers from spring until frost.Called by

x Annie Muller. Baby Rambler. Color bright pink. 1-year, 10c; 2-year, 25c; X-tra size, 50c.

catherine zeimet. White dwarf Rose of great merit. 1-year, 15c; 2-year, 25c; larger size, 40c.

x jean d’arc. Very free flowering. The leaves are small, dark green. Flower trusses very large and in color it is a pure milk white. 1-year, 10c; 4 for 50c; 2-year, 30c; 4 for $1.00; X-tra size, 50c.

madam taft. Color dark red and blooms in large clusters. 1-year, 20c; 2-year, 40c.

x Mrs. W. Curtchison. A new dwarf ever-blooming rose. Color light pink, yellowish center. 1-year, 20c; 3 for 50c; 2-year, 40c; X-tra size, 60c.

x The Orleans Rose. A splendid rose for bedding. Flowers very large and are of a beautiful geranium red, shaded clear rose. 1-year, 20c; 3 for 50c; 2-year, 40c; X-tra size, 60c.
Hybrid Perpetual Roses.

MOST VALUABLE CLASS BECAUSE OF THEIR LARGE, SWEET, BRILLIANT COLORED FLOWERS

The Hybrid Perpetual Roses are so vigorous and hardy they may be planted in all localities and remain out over winter without any protection. The flowers of the Hybrid Perpetuals are large, handsome, and practically all shades of red, crimson, pink and white. They are the best class to plant, especially in the Northern States, owing to their hardness. While they particularly need no protection, a good mulch for winter after the wood is well ripened will be beneficial. While they are called Perpetual, they are not constant bloomers, except those so noted, but they produce the finest and most exquisite flowers of all hardy Roses. We list only the choicest varieties and in large two-year-old plants and X-tra large sizes.

X Boule De Neige. Pure white, medium size; full, double flowers of delightful fragrance. 2-year size, 35 cents; X-tra size, 60c.
X Capt. Hayward. Color beautiful bright crimson-carmine. Large, 2-year size, 50c.
X Chestnut Hybrid. A most beautiful deep rose of red. Large 2-year, 35 cents; X-tra size, 60c.
X Dinsmore. Dwarf, compact habit. Flowers are a beautiful, deep crimson shade. 2-year, 35 cents; X-tra size, 60c.
X Gen. Jaqueminot. Too well known to require a lengthy description. It still holds first place among the dark red roses, and is one of the most satisfactory to grow. A rich crimson scarlet. Large 2-year, 50 cents; X-tra size, 75c.

Gloire D. Margottin. Dazzling red, one of the brightest colored roses in cultivation. Large 2-year, 50c.
X Frau Karl Druschi. Color fine snow-white, free from any yellow or rose tints. Large 2-year, 50 cents; X-tra size, 75c.
X Louis Van Houtte. A rich crimson, heavily shaded with maroon. 2-year, 50 cents; X-tra size, 75c.
X Magna Charta.. A general favorite, prized on account of its strong upright growth and bright, healthy foliage, as well as for its magnificent bloom. The color is a beautiful bright pink, suffused with carmine. Large 2-year, 50 cents; X-tra size, 75 cents.
X Madame Chas. Wood. Flowers are extra large, very double, full and quite fragrant. Color, bright, fiery scarlet. 2-year, 35 cents; X-tra size, 60 cents.
X Mrs. J. H. Laing. A grand sort, with satiny flowers of soft, delicate pink. Large, 2-year, 40 cents; X-tra size, 60 cents.
X Madame Masson. Flowers large, color a clear bright rose, highly perfumed. 2-year, 55 cents; X-tra size, 50 cents.
X Madame Plantier. The iron clad white cemetery rose; bears hundreds of beautiful, snowy-white, fragrant blossoms. 2-year, 30 cents; X-tra size, 40 cents.
X Marshall P. Wilder. Bright, cherry-carmine, very fragrant. Large 2-year, 35 cents; X-tra size, 50 cents.
X Paul Neyron. One of the finest roses ever grown. Long, stiff, thornless stems, with immense cup-shaped flowers. Color, a bright rose pink. Large 2-year, 50 cents; X-tra size, 75c.
X Prince Camille de Rohan. Very dark velvety crimson, changing to intense maroon. A very prolific bloomer. 2-year, 35 cents; X-tra size, 60 cents.
X Ulrich Brunner. Flowers good size and fine form, with shell-shaped petals. Color, cherry red. Large 2-year, 50 cents; X-tra size, 75c.

Special Offer 'J' Hybrid Perpetual Roses

Owing to the low price of this collection, the selection of varieties must be left to us. All labeled true to name.
4 Choice Rose Plants, large 2-year size, $1.00; in X-tra size, $1.15.
9 Choice Rose Plants, large 2-year size, $2.00; in X-tra size, $3.50.

Rugosa Roses.

X Conrad Meyer. Clear, silvery pink color. 2 year, 35c; X-tra size, 50 cents.
X New Century. Perfectly double. Flesh pink with bright red center, petals bordered creamy white. 2-year, 35c; X-tra size, 50 cents.
X Rugosa Rubra. Foliage shiny bright green, flowers deep rose, produced in fine, large clusters. Beautiful bright red berries in autumn. Excellent for planting on the lawn with shrubbery or in groups. Large 2-year, 30 cents; 3-year, 40 cents; X-tra size, 60c.
X Sir Thomas Lipton. Double white rose, beautiful in foliage. 2-year, 35 cents; X-tra size, 50 cents.

Miscellaneous Roses.

The two following varieties may be used as Shrubs, planting them in the hardy border. When intermingled with other shrubs the effect is very striking.
X Rosa Multiflora. One of the handsomest and hardiest, producing countless numbers of single, creamy white, fragrant flowers succeeded by brilliant red berries. 2-year, 25 cents; X-tra size, 50 cents.
X Rosa Setigera. The Prairie Rose, is of rapid growth, with large, clean foliage. The single flowers of deep rose are produced in masses. 2-year, 25 cents; X-tra size, 50 cents.
Hardy Climbing Roses.

Very few vining plants give such an abundance of blossoms as the Climbing Roses. Again there is nothing in cultivation more beautiful and attractive. Surround your house and veranda, cover your pergola, screens and fences with these famous Climbing Roses. The stock we offer is choice and will give entire satisfaction.

**American Pillar.** Brilliant carmine rose, with a slight cream variegation and yellow stamens at center, 1-yr., 15c; 2-yr., 30c; 3-yr., 50c. X-tra size, 60c.

**American Pillar Variety.** This new climbing form of the famous Rose so long the American favorite, is as lovely and fragrant as the bush form. Color, beautiful rose red. 1-yr., 20c; 2-yr., 50c; X-tra size, 75c.

**Tama Rosa.** Pale blush, variegated carmine and white. 1-yr., 15c; 2-yr., 25c; X-tra size, 35c.

**Climbing American Beauty.** Clusters of bright crimson, semi-double flowers. Large 2-yr., 30c; X-tra size, 50c.

**Dorothy Perkins.** Flowers are borne in clusters and are of a beautiful shell pink, full, double, of large size and deliciously scented. 1-yr., 15c; 2-yr., 30c; X-tra size, 60c.

**White Dorothy.** Brilliant green foliage of splendid texture and free from mildew, flowers are a glistening white and borne in great trusses. 1-yr., 20c; 2-yr., 35c; X-tra size, 60c.

**Excelsa.** A splendid Climbing Rose, remarkable in many ways but particularly in the brilliant fiery red or intense crimson-scarlet flowers, which are very double and borne in trusses of thirty to forty. 1-yr., 20c; 2-yr., 25c; 3 for $1.00; X-tra size, 60c; 3 for $1.50.

**Flower of Fairfield.** The Everblooming Climbing Rambler; brilliant crimson clusters of flowers. 2-yr., 40c; X-tra size, 60c.

**Lady Gay.** A seedling of the popular Climbing Rambler, which it closely resembles in habit and vigor of growth, but with flowers of delicate cherry-pink, fading to a soft-tinted white. 1-yr., 15c; for 50c; 2-yr., 20c; 3 for 75c; X-tra size, 50c; 4 for $1.50.

**Miss G. Messman.** (Climbing Baby Rambler) A grand acquisition to the list of Climbers. A strong grower and produces large, compact clusters of bright carmine flowers continuously from June until frost. An easy grower and very valuable for arches, etc. 1-yr., 20c; 2-yr., 50c; 3 for $1.50; X-tra size, 75c; 3 for $2.00.

**Philadelphia Rambler.** Pure, deep crimson, handsome foliage. 1-yr., 15c; 2-yr., 50c; X-tra size, 50c.

**Prairie Queen.** Bright, rosy red, large, compact globular flowers. 1-yr., 20c; 2-yr., 35c; 3 for $1.50; X-tra size, 50c.

**Veilehenblau.** Glossy, green foliage and steel blue flowers. 1yr., 20c; 2-yr., 40c; X-tra size, 60c.

**Rambler's Cottage.** Dark, velvety crimson; very double and full. 1-yr., 15c; 2yr., 30c.

**Thousand Beauties.** (Tausendschön) The color might be described as white, delicately flushed pink which changes to rosy carmine. 1-yr., 15c; for 50c; 2-yr., 30c; X-tra size, 60c.

**Wichuriana, or Memorial Roses.** The most suitable and satisfactory Roses one can get for covering rough ground, rocks or stumps. They will climb if trained, or if left alone make a dense mat of shining dark green. **Vuitteur-yellow** with cream or yellow center; flowers in clusters. 1-yr., 20c; 2yr., 40c. X-tra size, 60c prepaid.

**Chokeberry.** The flowers are semi-double and firm like pure white wax. The official emblem of the State of Georgia. 1 yr., 20c; 2 yr., 40c.

**Hiawatha.** Color is brilliant, ruby-carmine, with a clear white eye and a mass of golden stamens. 1-yr., 20c; 2-yr., 40c; X-tra size, 60c prepaid.

**Manda's Triumph.** This grand Rose produces large clusters of double pure white flowers, two inches in diameter and sweetly scented. 1-yr., 15c; 2-yr., 30c; X-tra size, 60c.

**Universal Favorite.** Flowers very double, of a pretty rose color. 1-yr., 20c; 2-yr., 40c; X-tra size, 60c prepaid.

**Dr. W. Van Fleet.** The long pointed buds are of a rich flesh color, 12 to 15 inches long, are splendid for cutting. 1-yr., 20c; 2-yr., 40c; X-tra size, 60c prepaid.

Need No Protection Even In the Coldest Climate.

**Memorial Rose.** Pure shining white with bright golden center; large, single blooms, glossy green leaves. 1-yr., 15c; 2-yr., 35c; X-tra size, 50c prepaid.

**Everblooming Climbing Roses.** Especially Desirable for Southern and Pacific Coast States.

A most desirable class to plant for they produce such an abundance of beautiful blossoms. They are rapid growers and bloom freely. Require protection in Northern States.

**Climbing Cecil Brunner.** Color, rich, rosy pink on a creamy white ground. 1-yr., 15c; 2-yr., 30c; X-tra size, 40c.

**Climbing Malmaison.** Flowers lovely creamy flesh with bright rose center, elegantly shaded. 1yr., 15c; 2-yr., 30c; X-tra size, 50c.

**Mary Washington.** A pure white, constant blooming Rose. 1-yr., 15c; 2-yr., 30c; X-tra size, 40c.

**Marechal Nell.** The finest, bright golden yellow. 1-yr., 15c; 2-yr., 25c; X-tra size, 60c.

**Rienne Marie Henriette.** A rampant climber; color, bright red. 1-yr., 15c; 2-yr., 50c; X-tra size, 60c.

**Lamarque.** Large buds, beautiful and sweet scented, pale carmine yellow, almost white. 1yr., 15c; 2-yr., 40c; X-tra size, 50c.
HARDY PLANTS. (Herbaceous Perennials.)

The Garden of Hardy Flowers is of gorgeous bloom from earliest spring until frost, glorified by its appropriate flowers from month to month, with new things each day to delight you. Year after year this goes on and the garden increases in beauty and loveliness, practically without any expense other than the first cost. Hardy flowers require less care and attention, are more free from insects and disease, yet producing abundance of beautiful blossoms. Among the Hardy Flowers are found all the best of the noblest plants that have been dear to our Grandmother's garden, famous in song and story—a fragrant memory of gay sweetness. Hardy Flowers even defy "melancholy days," for the autumn perennials—the chrysanthemums, for example, the flori of Phlox of myriad pastel tints. Even after frost there are the gay little hardy chrysanthemums, the "pompon" of Grandmother's day.

Wagner Perennials are strong, splendid plants and include practically everything worth growing in the temperate zone. The vigor, the robust roots of Wagner-grown plants have advertised the merits of Wagner Nurseries in every part of the country.

Cultural Directions.

In reference to the cultivation of hardy plants take care to start right. Remember that the plants are to stand undisturbed for some time and that they may flourish deep cultivation is very essential for many of our best hardy perennials are deep-rooting. Nothing suits them better than to get down to the cool reservoirs of moisture and air spaces during the hot parching months of July and August. The extra trouble of deep cultivation will be amply repaid in the extra quantity and quality of flowers. In addition they will require less attention as to the watering etc., especially if we must depend on the natural rainfall. Deep preparation of soil not only allows freedom of root action but also drains the soil in winter and renders it moist in summer.

If the ground where planting is of a very sandy nature it is better to neutralize it by the use of heavy clay loam and with sod, wood ashes or lime applied at the time of preparation is also good as it has a binding effect on the soil. Mulching for this kind of soil is necessary for best success. In summer it prevents too rapid evaporation and provides a constant stimulus. It also acts as a protection in winter.

Plants, like mankind, cannot endure too much hardship. When they die there is certainly something that has caused it. A great many valuable plants that are sent out perish because of careless planting. No matter how careful we may be in lifting and packing the plants, some of them may be lost through neglect. The secret of success is to have the soil well prepared so that when the plants are received they can be planted without delay. After the planting is done, careful attention should be given to watering, especially if the weather is warm and dry. All hardy plants should have a heavy mulching during the first winter, which is a great protection and assists the plants to become well established.

Mulching. While mulching plants for winter is very beneficial and with many varieties necessary especially the first winter, many make the mistake by putting the mulch on too early before the plants are well ripened which frequently causes the green growths to decay and will sometime rot the crown and heart of plant life or growth. Again this early mulching frequently starts new growths owing to the heat of the mulch which are killed when the freezing sets in. For best success do not mulch heavy until the ground is thoroughly frozen when the covering or mulch will keep the soil of an even temperature throughout the entire winter and when removed in spring the new growths will readily start fresh and vigorous, producing healthy, sturdy stalks and flowers.

Abbreviations. Letters D. M. and T. immediately following the name of varieties indicate the height of the various kinds when fully matured, viz.: (D) indicates growing heights from 6 to 15 inches, plants these varieties from 6 to 15 inches apart. (M) indicates height from 15 to 36 inches, plant these varieties 12 to 30 inches apart. (T.) indicates height from 36 to 60 inches, plant these varieties 30 to 45 inches apart. These is no set rule as to distance for planting the various varieties. That is a matter of taste for some prefer heavy mass effects, requiring close planting while more open effects requires planting farther apart. We give the two extremes as to distance but one may deviate from this rule, planting closer or farther as desired.
Achillea. Boule de Neige. (D) Hardy plants of easy culture, of dwarf growth and excellent for edging. Flowers are perfectly double and pure white.

The Pearl. (M) June to October. Low spreading character with pure white flowers, perfectly double, and produced in sprays.

Aegopodium Variegata. (D) A rapid-growing plant, with variegated foliage, thriving in any soil; for covering waste or barren spots. $1.00 per doz.; $5.00 per 100, prepaid; heavy clumps, 25c; 50c per doz.

Anemones. (See Rear Outside Cover Illustration.) The most beautiful and effective of the fall flowering hardy plants on account of their continuation of bloom from early August until cut down by heavy frost. The blossoms are large and showy, being distinct from all others. Excellent for cutting on account of their long stems. Use them in solid beds or among other plants and in shrubbery borders.

Japonica Alba. one illustrated on rear cover. Note the size of individual blossoms. Color pure white.

Queen Charlotte. A beautiful La France pink, very delicate shade.

Whirlwind. Semi-double, pure white, very fine.

**SPECIAL PRICES OF ANEMONES**

**Thrifty plants** 20c each; 12 for $1.50.

**Larger size** 30c each; 12 for $2.50.

**Heavy Clumps, 50c each; 12 for $5.00.**

Aquilegias. Aquilegias or Columbines are extremely beautiful and a collection of them should be a feature in every garden.

Nivea Grandiflora. A fine pure white sort.

Coerulea. (M) May and June. Bright blue flowers.

Hybrids. Long spurred, various colors, a fine cutting plant.

ARALIA Cordata. (M) Strikingly handsome foliage. Nice thrifty plants, 25c; large plants, 35; extra large, 50c.

**Aster Tartarica.** An Unusually strong-growing Hardy Perennial. Grows in any kind of soil. May be used where other plants fail.

**ASTER Tartarica** (See Cut) An exceptionally fine Aster for the hardy border, owing to its late bloom to bloom. Green foliage all summer, and in fall a mass of bright purple flowers produced on long stems, does well in any soil. $1.00 per doz., $6.00 per 100, prepaid; large size, 20c; $2.00 per doz.; heavy clumps, 25c; $3.50 per doz. Extra heavy Specimen clumps, 50c.

Boltonia asteroides. (T) White flowers on long stems.

Bocconia Cordata. (T) Flowers in terminal panicles of a creamy white color.

Campanula. (Bluebells) A most elegant and useful species of plant especially desirable for rockery and edging.

Carpatia. (D) June. Compact tufts, covered with large white and blue flowers. Thrifty plants, 15c prepaid.

Periscelis. (M) June, July. Blue and white salver-shaped flowers. Thrifty plants, 15c prepaid.

Coreopsis. An Ideal Yellow Daisy-like Flower and Excellent For Cutting and Decoration. Thrives in any soil or situation.

**Coreopsis Lanecolata Grandiflora.** (See cut) Gem among hardy plants. It begins to flower in June and continues in bloom more or less throughout the season. The flowers, which are of a golden yellow, are of a graceful form and invaluable for cutting, succeeds in any position.

**PRICES** All above varieties except when otherwise noted, strong roots, 15c each; $1.50 per dozen sent prepaid. Larger size, 25c each; $2.50 per dozen. Extra heavy clumps, 50c each; $5.00 per dozen. Twelve plants of other varieties listed above will be supplied at the price of ten.
Hardy Plants.

Hardy Chrysanthemums.

Many are the lovely flowers that give a succession of beauty throughout the summer day, but when fall comes we have still the best in reserve, notably old-fashioned and really hardy Chrysanthemums. Their blooming period is from August to November. Height 18 to 38 inches.

Autumn Glow. Beautiful rose crimson, flowers are large and a good grower. Thrifty plants, 25c; larger size, 40c.

Excelsior. Large flowers, fully double and deep yellow. A fine variety. Thrifty plants 25c; larger size, 40c.

Goldfinch. A very compact growing variety producing large clusters of beautiful gold and bronze flowers. 15c; large plants 30c; heavy clumps, 50c.

Glebe Queen. A deep red variety of strong growth. Medium size perfect flowers, of light violet color. Thrifty plants, 25c.

Nelly Bly. Light lilac pink, very fine; large, semi-double flower. Thrifty plants 25c; larger size, 35c.

Indian. Strong grower, full flowers, striped pink and crimson. Thrifty plants, 25c; larger size, 40c.

Grandmother’s Hard Garden Mums.

These are the old fashioned and reliable Chrysanthemums that were so highly prized in the garden corners and alongside the house of “grandmother’s home.” We offer the White, Pink, Red and Yellow separate colors. Thrifty plants, 15c each; $1.50 per doz., prepaid. Larger plants, 25c; $2.50 per dozen.

Five Beautiful Hardy Chrysanthemums. $1.00

One Each of the Five Varieties, prepaid.

These seven varieties are novelties and are distinct, no two alike, each a decided gem and will give perfect satisfaction. They are all beautiful and an excellent addition to the garden.

Hiawatha. An excellent grower, very compact and of free flowering, blossoms in clusters which are bronzy-red. Thrifty plants 20c; large size, 30c; heavy clumps, 50c.

Little Queen. Dwarf grower and usually comes into flower in Aug. and continues until late fall; color white, suffused with rose pink; should be in every collection. 25c, larger size, 40c.

Maidenhair. Yellow striped with pink, large semi-double flower, medium size flower but free bloomer. 25c; larger size, 40c.

Model of Perfection. Fine pure white, of large size, free bloomer, 15c. Thrifty plants, 25c.

President. The most showy of all, a bushy compact plant producing semi-double, rich crimson, maroon flowers. Thrifty plants, 20c; large size, 35c; heavy clumps, 55c.

Special Chrysanthemum Offer.

| 1 Goldfinch | Nice thrifty plants, 50c. |
| 1 President | Large size plants, 75c. |
| 1 Hiawatha | Extra heavy clumps, $1.00. |

DELPHINIUMS, English. (Perennial Larkspurs.) As permanent subjects in the hardy flower garden, we have few plants more worthy of special attention than the Delphinium (Larkspurs). They have many points of excellence, any one of which alone should entitle them to popularity. But to appreciate their beauty one should see them growing. This collection includes practically all shades of blue.

like an adequate idea of their worth by mere description. The Delphinium of today is one of the most beautiful of all flowers. This collection includes practically all shades of blue.

Belladonna. (M) The clear turquoise-blue of its flowers is not equalled for delicacy and beauty by any other flower.

DIANTHUS Barbatus, (Sweet William) (D) This fine old plant produces its flowers in great masses and are very pleasing; also fine for cutting purposes. We offer them in the finest of mixed colors.

DIGITALIS Gloxiniasflora. (Foxglove) (See cut.) These are most satisfactory early summer flowering plants. Thrive best in shady location. This strain embraces a wide range of color from pure white to deep pink.

Digitalis, one of the Most Striking Free-flowering Spring Flowers. Loves a Shady Location.
Hardy Plants.

Wagner Shasta Daisies.

See Illustration Rear Cover

These are universally popular for outdoor planting, and considering their many good qualities there is no cause for surprise to see them planted so extensively. The flowers are of the purest, glistening white, of enormous size and produced on long, stiff wiry stems, which make them excellent for cutting purposes. Nice, thrifty young plants, 15c each; larger size, 25c; extra heavy clumps, 50c.

SPECIAL PRICES
12 Thrifty plants, $1.50 sent prepaid; large size, $2.50; heavy clumps, $5.00.
25 Thrifty plants, $2.50 sent prepaid; large size, $4.50; heavy clumps, $9.00.

Funkia Coerulea. Their broad massive foliage makes them attractive subjects for the hardy border, even when not in flower. Very desirable for shady locations.

Funkia Ovata. Blue flowers. Large handsome foliage.

Undulata Media Variegata. Striped foliage, purple flowers. Large plants, 25c; clumps 50c.

Glaucra. Large, glaucous-green foliage, lilac flowers. Large plants, 25c; clumps, 50c.

Aurea. (D) Variegated creamy-yellow, and green foliage. Large plants, 25c; clumps 50c.

Sinensis. (D) White tipped blue flowers, green foliage. Large plants, 35c; clumps, 50c.

Gaillardia Grandiflora. (See cut) June to Oct. The center is a dark red-brown, while the petals are vigorously marked with rings of brilliant scarlet crimson, orange and vermillion, and often a combination of all those colors in one flower.

Helianthus Maximilliana. (T) Sept. to Nov. A most graceful single flowering variety; the flowers are produced in long, graceful sprays, which make it invaluable for cutting purposes. The foliage is beautiful, and remains green until late frosts.

Heliopsis. Pitcheriensis. (M) June to Oct. A desirable variety. The flowers are of a beautiful, deep golden-yellow color.

Hardy Ornamental Grasses.

For ornamental purposes, such as hedging, planting in clumps to hide an unsightly object, or singly on the lawn, these grasses are strikingly original in effect and impart a degree of tropical brilliance to the landscape. The plumes which these grasses produce are large and beautiful, having a feathery appearance, and may be used for interior decoration. Absolutely hardy. Our plants are propagated from the root and hence more valuable than seedlings, which do not come true.

Eulalia Gracillima. This grand variety of Eulalia forms exceedingly handsome clumps 4 to 5 feet high, which are hardy in all parts of the country. The graceful narrow foliage is beautiful, shining green with mid-rib of silvery white.

Japonica. One of the most beautiful of the tall-growing grasses. Bright green foliage and unusually long plumes.

Eulalia Japonica Variegata. A standard old sort of distinctive value. Blades are striped lengthwise in a handsome manner, being a combination of creamy white in the center with broad margin of bright green.

Japonica Zebrina. This fine ornamental grass is the finest of all Eulalias for single lawn specimens or clumping. Grows 4 to 6 feet high. The leaf blades are deep green, distinctly striped crosswise with large bars of pure white. 15c; larger size, 25c; Extra large plants, 50c.

Special grown clumps, 6, 10 and 15 inches in diameter, $1.00, $2.50 and $5.00 each.

One of these largest clumps will be attractive on any lawn, try them.

Phalaris. Arundinacea Variegata. (Ribbon Grass.) An excellent variety very desirable for bordering large beds of other ornamental grasses.

Prices all above varieties except when otherwise noted, strong roots, 15c each; $1.50 per doz., sent prepaid. Larger size, 25c each, $2.50 per dozen. Extra heavy clumps, 50c each; $5.00 per dozen.

Twelve plants of other varieties listed above will be supplied at the price of ten.
Day Lilies.  (Hemerocallis.)

One of the most beautiful and popular of our garden perennials. The foliage is narrow, grass-like, and remarkably free from insect enemies. These plants are so hardy that they need no protection over winter, even in the severest climates. They possess a constitution equal to that of Golden Glow. The flowers resemble the famous Easter Lilies. The blossoms are excellent for cutting, lasting a long while and the most backward buds will open when in water.

Sweet Scented Day Lily.
Hemerocallis Thunbergii

This beautiful variety possesses all the desirable features of the Hemerocallis and equal to any of the varieties in hardiness and vigorous growth. The blossoms are pure yellow and sweetly scented and produced on long stems. It blooms so freely it would be practical to class it among the ever-blooming plants, for the handsome blossoms may be seen from early June to late summer. The finest and best of all.

Liatris. Splendens. (T) July to September. Producing large spikes of deep purple flowers. 15c; $1.50 per doz. Larger size, 25c; $2.50 per doz.

Distichum Fl. Pl. (M) Broad foliage of good height. A late blooming variety. Flowers are double orange yellow, shaded copper.

Dunmortieri. (Japanese Day Lily) (D) A dwarf growing variety and of the earliest to bloom. Flowers a rich cinnamon yellow, reverse of petals bronze orange.

Flava. (Lemon Lily) (M) Gracefully arching leaves and culture. Flowers bronze orange color. Strong roots, 10c; fragrant, clear yellow flowers on long stems. Strong roots, 25c; large size, 35c; clumps, 50c; see dozen price below.

Fulva. (European Day Lily) (M) A variety of the easiest large size, 20c; extra heavy clumps, 35c; see dozen prices below.

Gold Dust. (D) Flowers bright Indian-yellow, buds and reverse of petals brassy gold.

Apricot. (D) A splendid new hybrid variety of good growth. Flowers are a rich apricot shade, a color seldom seen among plants.

Kwinto. Flore Pleno. This variety is equal to the Thunbergii in hardiness and luxuriant growth. The foliage is slightly broader and of a good color. Blossoms are borne on long, stiff stems and are of orange-yellow color. Its flowering period is during June and July.

Luteola. (M) A magnificent new hybrid combining the floriferous characteristics of Thunbergii. The long-tubed, half-reflexed, bright golden yellow flowers are borne on long, stiff stems and are of orange-yellow and are produced continuously throughout the summer.

Middendorfii. (M) This variety is a native of Siberia and Japan. The blossoms are golden yellow and are fragrant.

Lily of the Valley. (Convallaria) (D) May. White flowers. $1.00 per dozen. Large clumps, $1.50 cents.

Wagner Park Mallows.

These Mallows are considered the most marvelous of all hardy plants. Their flowers are of enormous size, often measuring eight to ten inches across, and are gorgeous in color. They bloom in the greatest profusion from July to October, and when in flower are a sight to behold. The plants are as hardy as an Oak, and will grow in most any soil or situation. Do not fail to include some of these in your order. We can highly recommend even the mixed colors.

Crimson Mallows. Most beautiful of all. Nothing more gorgeous in color. Large size plants, 75c each. Extra large clumps, 75c.

Red and Rose Shades. This lot includes all choice bright shades. Large size, 50c; Extra large clumps, 75c.

Pink Mallows. Most delicate shades of pink found among these.

White Mallows. Center of the blossoms a rich crimson, making a fine contrast.

Mallows—Mixed Colors.

This collection includes a great variety of colors from pure white to dark red and scarlet shades. Every plant will give satisfaction. 15c each; $1.00 per doz.; $8.00 per 100 prepaid. Large size plants, 25c each; $2.50 per doz; Extra large clumps, 50c; $5.00 per doz.

Prices all above varieties except when otherwise noted, strong roots, 15c each, $1.50 per dozen, sent prepaid. Larger size, 25c each, $2.50 per dozen. Extra heavy clumps, 50c each, $5.00 per dozen. Twelve plants of other varieties listed above will be supplied at the price of ten.

Mallows are the most marvelous of all hardy plants. Are as hardy as oaks and thrive in most any soil or situation.

The millionaire may enjoy his hothouse orchids; but nature has placed within the reach of everyone an absolutely hardy substitute “The Iris.” Mysterious as the opal with its ever changing fire; more beautiful than the orchid, so fragile as to be crushed by the slightest pressure.

Trusses flourish and flower exceedingly in any ordinary soil, however, they delight in well rotted manure and deep rich soil. Many are very thirsty subjects and adorn the margins of ponds and streams. Once planted they spread and increase in beauty and luxuriance year after year. A mass of flowers of one variety gives an effect long to be remembered.

Atropurpurea. Deep purple, large and fine. Strong roots, 10c; large size, 25c; extra heavy clumps 50c.

Alvcrea. Upright petals light blue, falls brilliant purple. Strong roots, 20c; large size, 35c; extra heavy clumps, 50c.

Auera. Deep yellow. Strong roots, 15c; large size, 25c; extra heavy clumps, 50c.

Bridesmaid. (M) Soft lavender, falls penciled carmine. Strong roots, 15c; large size, 30c; extra heavy clumps, 50c.

California. Sunflower yellow. Strong roots, 50c; large size, 15c; extra heavy clumps, $1.00.

Calyxop. Pale blue veined white and pale lilac. Strong roots, 15c; large size, 25c; extra heavy clumps, 50c.

Compte De St Clair. (M) Deep violet. Strong roots, 15c; large size, 25c; extra heavy clumps, 50c.

Donna Marie. (M) Center petals pearly white, outside petals shaded lilac. Strong roots, 20c; large size, 35c; extra heavy clumps, 50c.

Fairy. Standards pale blue, falls deep blue. Strong roots, 60c.

Flavescens. Light primrose yellow. Strong roots, 15c; large size, 25c; extra heavy clumps, 50c.

Florentina Alba. (Orris Root) Color white, tinged with blue, earliest to come into bloom. Strong roots, 15c; large size, 25c; extra heavy clumps, 50c.

Florentina Blue. Almost solid blue. Strong roots, 15c; large size, 25c; extra heavy clumps, 50c.

Fragrans. Stands white, edged blue, falls white, blue veined. Strong roots, 20c; large size, 35c; extra heavy clumps, 50c.

Gertrude E. Beautiful violet blue, a solid color. Strong roots, 35c.

Gladstone. Erect petals, white tinged violet, fall petals deep violet, striped white at base. Strong roots, 15c; large size, 25c; extra heavy clumps, 50c.

Graceus. Erect petals lemon; fall petals pale yellow, veined purple. Strong roots, 15c; large size, 25c; extra heavy clumps, 50c.

Harlequin. (M) Stands pearly white, striped deep purple. Strong roots, 35c; large size, 50c.

Honorable. Stands golden yellow, falls crimson brown. Strong roots, 25c; large size, 50c.

Jovis. Solid chocolate veined lavender, falls deep violet purple. Strong roots, 25c; large size, 50c.

Kharpur. Standards violet; falls velvety violet purple. Strong roots, 35c.

Mad. Chereau. Pure white edges penciled with lavender. Strong roots, 10c; large size, 20c; extra heavy clumps, 50c.

Mrs. Darwin. Very fine large, pearly white. Strong roots, 20c; large size, 35c; extra heavy clumps, 50c.

Neclecta. Upright petals deep lavender, falls purple. Strong roots, 15c; large size, 25c; extra heavy clumps, 50c.

Parkmani. Upright petals, pure lemon, falls white, veined purple. Strong roots, 20c; large size, 35c; extra heavy clumps, 50c.

Palida Albert Victor. Deep lavender. Strong roots, 15c; large size, 25c; extra heavy clumps, 50c.

Palida Speciosa. Stands dark lavender, falls light purple. Strong roots, 15c; large size, 25c; extra heavy clumps, 50c.

Penelope. Upright petals nearly white, falls veined purple. Strong roots, 20c; large size, 35c; extra heavy clumps, 50c.

Plicata. Violet purple. Strong roots, 35c.

Pallida Speciosa. Stands pale lavender, falls blue, large size, 35c; extra heavy clumps, 50c.

Spectabilis. Stands pale lavender, falls blue and old gold. Strong roots, 10c; large size, 20c; extra heavy clumps, 35c.

Ulysses. Tall, gray tinged brown, fall petals purple. Strong roots, 30c; large size, 50c.

Velveteen. Outer petals purple, center yellowish buff. Strong roots, 20c; large size, 35c; extra heavy clumps, 60c.

Virgina. Light brownish blue, lower petals purple and gold. Strong roots, 10c; large size, 20c; extra heavy clumps, 35c.

Wagneri. Lilac center, lower petals purple. Strong roots, 10c; large size, 20c; extra heavy clumps, 35c.

William III. Stands light blue with darker veins, falls buff yellow, light blue veins. Strong roots, 15c; large size, 25c; extra heavy clumps, 50c.

PRICES OF ABOVE IRIS IN QUANTITIES: Six plants of any one variety at five times the single rate price. Twelve plants of any one variety at ten times the single rate price. Special prices on 100 and 1,000 lots.
Miscellaneous Iris.

Six Especially Fine and Distinct Iris.

SIBERIAN IRIS—(See Illustration)
The most elegant and delicate of the Iris, foliage narrow, grass-like with flower stems long and blooms a clear blue. A very free-flowering variety, and one of the best for cutting owing to its long stems. See prices below.

IRIS SNOW QUEEN
The Beautiful Ivory White Oriental Iris
The blossoms are excellent for cutting purposes being of an Ivory White color, are charming indeed. Base of erect petals fine carnary yellow, very fine. See prices below.

IRIS BLUE KING
One of the most beautiful of the Iris and a native of Japan. The blossoms are borne on tall, erect stalks and are a bright clear blue in color. Foliage is narrow grass-like and remains green throughout the summer. See prices below.

IRIS PLUMILA
Dwarfest Grower, Earliest to Bloom
This variety is of very dwarf compact growth and makes a fine edging plant. The foliage is a beautiful green and seldom attains a height greater than 6 to 8 inches. The flowers are freely produced and in color is a rich royal purple. See prices below.

WAGNER'S SNOW-WHITE IRIS. (Gigantea.)
A grand, tall, strong, vigorous grower, producing thick, heavy dark green foliage and grows very erect. The foliage remains green all season and contrasts finely with shrubs and other plants. The large, pure snow-white blossoms have a waxy appearance and are freely produced. See prices below.

ORNITHIRIS. (Pseudacorus)
Rare and beautiful indeed is this variety. Flowers are pure yellow, a color rarely seen among Irises. Blooms in May and June. Height 2½ feet. See prices below.

Japanese.

Iris Kaempferi. (Japanese Iris) Royal Purple. The color is a clear, deep royal purple, and the flowers are double, having six large, broad petals. Strong roots, 15c, three for 45c; twelve for $2.00; large size roots, 40c each, three for $1.00, twelve for $3.00; extra heavy clumps, 60c each, three for $5.00; $5.00 per dozen.

Mixed Colors in variety of shades and colors. Strong roots, 20c, 3 for 50c; 12 for 1.75; large size, 35c; 3 for $1.00, 12 for $3.00; Extra heavy clumps, 55c, 3 for $1.25, 12 for $4.50.

Hollyhocks.

Garden Lover Have You Ever Tried a Hollyhock Path?

Nothing to do with the “primrose path,” but incidentally almost the prettiest sight in gardenedom. A “Hollyhock Path” is beautiful, and if you have a chance to make one don’t miss it. The stately line of rose and scarlet and faintly flushed salmon sentinels, brilliant and warm in the center and paling to tender tones of nothing-at-all at the ends—well, even your blase “garden expert” gets out his enthusiasm for the Hollyhock Path.

NEW MAMMOTH ALLEHENY. This is a decided improvement in more than one particular over the old-fashioned variety. Its first point of merit is the fine, transparent, fringed chrysanthemum-shaped flowers which look as though they were made of crushed silk. The flowers are single and in great variety of color. 20c, larger 35c; Heavy plants, 50c.

Wagner’s Double Pink Beauty. This variety is indeed a beauty and distinct from all other. Flowers most pleasing shade of soft pink and perfectly double. 20c, larger 35c; Heavy plants, 50c.
Wagner Park Peonies.

Wagner Park Herbaceous Peonies are the most beautiful of all the Hardy Perennial plants, and show out in every garden, large or small, in bed borders, shrubberies or drives; in park, grass or woodland. They thrive best when planted near at hand for close enjoyment of their beauty, as well as in masses for distant color effect.

Whether in the old kinds or in Wagner’s lovely new varieties, they will thrive in practically any soil and will thrive and flourish in any large garden, one which will not flourish to perfection. They are amenable to the simplest treatment in any soil and are as hardy as the dock by the wayside. They need not the slightest protection.

Our Three First Prize Peonies

These three varieties we consider the very best for general planting or cut flower purposes. The First Prize White is the first to flower, but even in this it is an early bloomer, and quite early its flower begins to fade by the First Prize Pink which in turn is succeeded by the First Prize Red. The blooming period of almost two months. When Peonies are in bloom there is generally a scarcity of cut flowers.

FIRST PRIZE WHITE—Large pure white with a very few pink markings in the center. Fine for general cultivation. Strong roots, 50c; per doz., $2.50; extra heavy clumps, 50c, $1.00, 3 for $2.50, $9.00 per dozen; extra heavy clumps, $2.50 each.

FIRST PRIZE PINK—Beautiful pink, tips shading to silver white; almost identical to a La France rose. Blossoms are extra large, long stems. Strong roots, 40c; per doz., $1.00, $2.50 per dozen; large size, 75c, 3 for $2, $7.50 doz.; extra heavy clumps, $1.75.

FIRST PRIZE RED—In color this variety resembles the American Beauty rose, but surpasses it on account of its larger size and profusion of blossoms. Strong roots, 35c each, 3 for $1.00; $3.00 per dozen; large size, 60c, 3 for $1.50, $5.00 per dozen; extra heavy clumps, $1.50 each.

SPECIAL OFFER PRIZE PEONIES—One of each color. Strong roots, $1.00, large size, $2.00; extra heavy clumps, $5.00.

Named Double Peonies,

The delightful perfume of some of the varieties, more particularly the choicest kinds, makes them very valuable. Another merit which the herbaceous Peony possesses lies in its beautiful foliage, which cause it to be almost as attractive in its young growth and autumn tints as when in flower.

We do not aim to list all varieties, but only those of real merit and such that have proven satisfactory.

Archilles. Light flesh pink. Strong roots, 50c; $5.00 per doz., $1.25; extra heavy clumps, 50c.

Agida. Dark, rich red. Strong roots, 50c; large size, $1.00.

American Beauty. Deep pink. Strong roots 20c; per doz., $2.00 per doz., extra heavy clumps, 75c; $8.00 per dozen.

Bounges Purple. Tall, very fine. Strong roots, 75c; large size, $1.25.

Charlemagne. Lilac white, slight blush center. One of the best. Strong roots, 75c; large size, $1.25.

Clara. Rose pink. Strong roots, 50c; large size, 75c.

Comte de Mauveuil. Deep rose petals tipped with white. Strong roots 75c; large size, 75c.

Delaher. Deep crimson exposing golden stamens. Strong roots, 75c; large size, $1.25.

Dorton’s Coros. Beautiful bright pink. Strong roots, 50c; $2.00 per doz., $5.00 per doz., extra heavy clumps, 50c.

Duc de Gages. Outer petals deep rose, center petals silver rose. Strong roots, 35c; large size, 75c.

Faust. Salmon pink, center grayish white. Very large size, 75c; large size, $1.25.

Festiva Maxima. Largest white variety. Strong roots, 75c.

Festiva Alba. Pure white, fine form. Strong roots, 50c.

Fragrans. White rose; Strong roots, 50c; $1.50 per dozen; large size, 35c; $2.00 extra heavy clumps, 50c.

Humei Rosea. Enormous double pink flowers. Strong roots, 50c; $1.50 per doz., $4.50 per dozen; extra heavy clumps, 50c, $5.00 per dozen.

Lady Bramwell. Silvery rose. Strong roots 40c; large size, 75c.

L’Esperance. Rose pink, early fragrant. Strong roots, 50c; large size, $1.

Mary Elizabeth. Color fine bluish white. Creamy white center. Strong roots, $1; large size, 75c.

Model of Perfection. Fragrant, clear flesh pink. Strong roots, 75c; large size, $1.25.

Ne Plus Ultra. The popular cut flower, sold by the dozen. Strong roots, 75c; large size, $1.25.

Nigra. Darkest crimson of any. Full double, exposing yellow anthers. Strong roots $1.00; large size, $2.00.

Purpura Superba. Large purplish crimson. Strong roots, 50c; large size, $1.00.

Rosea Elegans. Large size, $3.50 per doz., $5.50 per doz., extra heavy clumps, 75c.

Rubra Superba. Magnificent rich brilliant crimson, very large and double. Strong roots $1.00.

Japanese Varieties.

Everyone should have a collection of these Peonies. They are very fine for cutting.

Miles Standish. Shell pink. Chrysanthemum center. Strong roots, 40c.

THE WAGNER PARK NURSERY COMPANY, SYDNEY, OHIO.

15.
Hardy Plants.  Herbaceous Perennials.

Wagner’s Hardy Phlox. Do not overlook these in your collection of plants. Certainly no perennial is more worthy of cultivation, more satisfactory in every situation or more effective either as individual plants or grouped in masses along hardy borders. The plants begin to flower in early summer and the garden borders can be kept afame with great flower cones from June until frost. Our small Thrifty Plants will produce surprisingly good results.

Amethyst: (Our Introduction) (M) Violet rose; a little deepening red towards the center. Late flowering which makes it a very valuable variety. 40 cents; large size, 50 cents.

Bridesmaid. (M) Pure white, with large, crimson center.

Isabella Dupuy. (M) Rose-red center. One of the best pinks, very bright.

Pink Beauty. (M) Pure pink.

President Wilson. (Our introduction) (M) A beautiful rosy pink, with crimson center. 35 cents, large size, 75c.

Wagner’s Special Phlox Offer No. 50. This collection consists of a choice lot of seedlings selected for their superior quality, color, and size of flower clusters. They surpass many of the named varieties in size of flower and truss. Color ranges from delicate flesh to bright pink, and red and other beautiful shades.

Physostegia Virginica. (M) July. A unique and attractive American plant that stands apart from all other hardy plants. For massing or planting in the hardy border it is unrivaled. Flowers are produced in large, graceful spikes, and are bright, soft pink.

Papaver Orientale. (Poppy) Nothing can equal these in gorgeous effect and whether planted singly or in masses, their large flowers of a rich, brilliant color and their freedom of bloom render them choice perennials in any position. Undoubtedly the most showy and effective plants grown. Our stock is carefully selected and you can be assured of having something very fine when purchasing from us.

HARDY PINKS. Carmen. A strong grower producing fine pink flowers which are fragrant.

Lord Lyon. A fine, strong grower, producing bright pink blooms.

HARDY PINKS. (a) No. 1. A strong grower producing fine pink flowers which are fragrant.

(b) No. 2. A strong grower producing fine pink flowers which are fragrant.

(c) No. 3. A strong grower producing fine pink flowers which are fragrant.

(d) No. 4. A strong grower producing fine pink flowers which are fragrant.

PRICES all above varieties except where otherwise noted, strong roots, 15c each; $1.50 per dozen. Twelve plants of other varieties $2.50 per dozen. Extra heavy clumps, 50c each; $5.00 per dozen sent prepaid. Large size, 25c each; listed above will be supplied at the price of ten.

YUCCAS.

Hardy Flowering Evergreen Plants of Great Beauty.

(See Illustration On Front Cover and How Effective When Planted Against Foundation.)

The YUCCA PLANT is so unusual and so strikingly effective, either when planted alone or in combination with other evergreens, that it attracts attention on the humbles lawn, and is worthy of a place in the most pretentious garden.

The rich, green foliage grows in thick clumps of long, slender, graceful evergreen leaves. When planted in good soil the flower stalks grow tall and each stem frequently bearing from 50 to 300 big, cream-yellow, bell-like blossoms. Bearing in mind that an individual blossom often measures 2 inches, one can picture the rare effectiveness of large clusters of these.

YUCCAS are particularly desirable on account of their hardiness and their ability to grow in poor, scantly soil, on terraces, or among rocks—anyplace. In fact, where there is just enough earth for their roots to take hold. All in all, the Yucca is one of the most satisfactory plants, and we recommend heartily for giving year-round beauty to any lawn.

Don’t fail to plant a clump or two of these beautiful Flowers.
Hardy Plants.  (Herbaceous Perennials.)

PARANTHUS. (Blackberry Lily) Sinensis, Lily-like flowers of bright orange. Followed with seeds resembling blackberries.

PACHYSANDRA Terminalis. (D) May and June. White flowers.

Pulvurus. (D) July and August. Bright rosy purple flowers.

PERIWINKLE. (Hardy Myrtle.) For covering bare ground where grass will not grow it is indispensable.

Platycodon Grandiflora. (Japanese Bellflower) A plant that is closely allied to the Campanula or Canterbury Bell, bearing continuously, cupped star-shaped flowers over 2 inches in diameter. White and blue.

PYRETHRUM hybridum. (D) Too much cannot be said for this grand hardy perennial. No class of plants gives a wider range of colors, while the form and substance of the flowers are all that could be wished. Their main season of blooming is in June, but if the old flower stems are removed, they will give a fair sprinkling of flowers in the autumn. The bloom is similar to that of an aster, and ranges in color from pure white and the various shades of pink and red to deep purple.

SPIREA Aruncus. (M) Flowers white, 25 cents.

Filipendula. (D) Corymbs of double white flowers. Fern-like foliage.

Japonica. Alba. (M) June, July. Pure white flowers. 25c; $2.50 per dozen.

Queen Alexandria. This is a beautiful new hybrid herbaceous Spirea of luxuriant growth and producing handsome spikes of silvery pink flowers. An excellent variety for the hardy border and sure to give satisfaction. We offer nice large plants, $2.00 per doz. Large clumps, 35c, $3.50 per doz. Extra heavy clumps, 50c; $5.00 per doz.

TANACETUM Vulgare. (Tansy) (M) Golden-yellow flowers in midsummer.

TRADESCANTIA Virginiana. (D) May to September. Numerous panicles of violet-blue flowers.

SEDUM Spectabilis. (See cut.) A very desirable hardy perennial thriving in any good soil and producing most pleasing effects when used as an edging to a bed of other plants. In formal work it is indispensable, as it grows compact and bushy. Foliage is a beautiful light green and quite broad. Flowers are rose colored and cover the entire top of the plant when in full bloom.

TRITOMA Pflizeri. A most beautiful and exceedingly ornamental flowering plant, surpassing the finest Cannas and equal to Gladiolus as a cut flower; planted in the shrubbery border with other herbaceous plants they give a superb effect. Large attractive flowers on long stems. Color, rich, orange scarlet.

TRITOMA Hybridum. (M) June to Oct. One of the very finest yet introduced. It is a continuous bloomer, producing perfect flowers which are of a brilliant orange-scarlet that does not vary in colors at any time. A very early blooming variety.

Maritima. (D) Long spikes of blue flowers from July to September; 2 feet.

VIOLET. Large double flowers, light purple.

PRICES: All above varieties except where otherwise noted, strong roots, 15c each; $1.50 per dozen, sent prepaid. Larger size, 25c each; $2.50 per dozen. Extra heavy clumps, 50c each, $5.00 per dozen. Twelve plants of other varieties listed above will be supplied at the price of ten.
Through the hot, dry period of summer, the coolness and rest of a fine shrub plantation is indescribably refreshing. The cultural requirements of ordinary shrubs are very simple. "Success with Shrubs," when the plants are vigorous Wagner Park stock, is easy, pleasurable, and sure. All Wagner Park Shrubs have been transplanted and are in robust health and condition.

**VARIETIES SUITABLE FOR SHADY PLACES:** Altheas, Berberis, Caryopteris (Blue Spirea), Cornus, Cydonia, Cephalanthus, Deutzia, Forsythias, Lonicera, Philadelphus, Rhus, Sambucus, Spireas, Symphoricarpus (Snowberry), Syringas (Lilacs) and Tamarix. The above varieties will also thrive in sunny, open situations.

**VARIETIES WITH VARIEGATED, HIGHLY Colored FOLIAGE, BARK, AND BERRIES.** The following with variegated and colored foliage: Kerria Variegata, Forsythia Variegata, Philadelphus Aurea, Sambucus Aurea and Variegata, Spirea Oulifolia Aurea, Weigelia Variegata. Among trees: Acer Schwedleri, Reitenbachii, Fagus Riveri, Prunun Siberica, Cydonica, Euonymus (Strawberry varieties having berries: Berberis, Callicarpa, Cornus Siberica, Cydonica, Euonymus (Strawberry Tree), Eleagnus, Lonicera, Myrica, Rhus, all varieties, Rhodotyphus, Ribes, Sambucus, Rosa Rugosa, Symphoricarpus (Snowberry, Red and White), Viburnum (Snowball) Opulus, Lantana. The following have highly colored bark: Cornus, all varieties.

Shrubs always have hard wood like the branches of a tree, and this wood does not die during the winter, except in a few of the more tender varieties, which branches should be cut off as soon as the live branches begin to sprout in the spring.

**CULTURAL DIRECTIONS:** Same as for perennials. See page 8.

**PRUNING SHRUBS:** In pruning shrubs they should be allowed to take their most natural and perfect form, and when branches become old and weak they should be cut away from the outside, thus thinning out and allowing the new shoots to grow and take their place. The practice of shearing the ends of branches only without thinning out any of the inside branches cannot be too severely condemned, for it not only gives them an unnatural form in which there is little or no beauty, but also causes an increase in the number of small imperfect shoots on the end of the branches, and resulting in a very imperfect growth that produces very few flowers. Pruning should be done right after the flowering season, especially with the early flowering sorts such as the Lilac (Syringas), Snowball (Viburnum), Cydonias, Forsythia (Golden Bell), etc., are best pruned in the spring before new growth starts, this will insure good strong branches and large flowers. Dead branches and irregular or straggly growths may be cut away at any time.

**ABBREVIATIONS AND PLANTING INSTRUCTIONS:** (I) (II) (III) immediately following the name of each variety indicate the height of plants when fully matured. (I) indicates varieties growing from 1 to 3 feet, plant from 1½ to 3 feet apart. (II) indicates height from 3 to 8 feet, plant these varieties from 3 to 5 feet apart. (III) indicates height from 8 to 12 feet, plant from 5 to 8 feet apart. There are no set rules as to distance for planting as some prefer heavy mass effects which requires close planting, while more open effects require planting farther apart. We have given both extremes yet one need not follow these exactly.

**SPECIAL NOTE**—We wish to call attention to the very low prices we quote at the bottom of each page of Shrubs, for regular, large, and extra large sizes. Our lowest prices are for nice, thrifty, two-year-old plants, but where quick results are wanted we always recommend the large three to four year old, or extra large selected sizes. We also have growing many specimen shrubs which adorn the grounds of Wagner Park and are in excellent condition to transplant. These vary in price according to size and variety. $1.00 to $5.00 each.
Hardy Flowering Shrubs.

**Althea.** (Hibiscus or Rose of Sharon) (III) Well known to all. These handsome, late, summer flowering shrubs are highly decorative and particularly effective, coming into bloom when few shrubs are in flower. They make a steady growth and flower profusely every fall. As a hedge plant they are extremely valuable. The mixed colors to give a variety of color.

- *Alba Plena.* Fine double white. 35c; larger size, 50c.
- *Carneus.* Semi-double, delicate rose. 35c; larger size, 50c.
- *Elegantissima Plena.* Double; white, shaded with rose.
- *Leopoldi.* Large, double, flesh colored flowers, shaded with rose; foliage lacinated. 50c; larger size, 60c.
- *Van Houttei.* Large double white, red center. 35c; larger size, 50c.

**Altheas, Mixed Colors.** prepaid; large size, 35cts; 20 cents; $2.00 per dozen. Extra large, 50 cents; $5.00 per dozen.

**Amelanchier Betryanum.** (June Berry) (III) Racemes of pure white flowers.

**Amorpha Fragrans.** (I) Spikes of deep purple flowers in June.

**Aralia Pentaphylla.** (III) Glossy, waxy foliage. Excellent for the shrubbery border.

**Aronia Floribunda.** (II) A grand shrub of upright growth. Foliage colors beautifully in fall. White flowers. Large size plants, 50c each; $5.00 per dozen.

**Buddleia Variblis.** (Butterfly Bush.) (II) September. Flowers lilac color. Very desirable owing to its lowness in flowering. 50 cents each; $5.00 per dozen.

**Berrera Thunbergii.** (I) May. In autumn it is aglow with scarlet leaves and berries, excellent for hedges.

**Calycanthus Floridus.** (II) Double chocolate colored flowers. 25 cents.

**Cararana Arborescens.** (III) Is thickly hung with canary yellow pea-shaped blossoms in late spring.

**Cephalanthus Occidentalis.** (III) July. Curious balls of blossoms on long stems. Fine for heavy background.

**Cydonia Japonica.** (Burning Fire Bush.) One of the early spring flowering shrubs, the fiery crimson blossoms creating a grand display, very valuable.

- *Maulei.* (I) Bright orange scarlet, a gorgeous color. 35c; Larger, 50 cents.
- *Umbilicata.* (II) May. Single rose and red flowers, fine for general planting. 35c; Larger, 50c.

**Cytissus Laburnum.** (Golden Chair) (III). Large growing shrub. Yellow flowers.

**Cornus.** (Dogwood) The name, Dogwood, first brings to mind the White Dogwood (Cornus Florida), with its large, butterfly-like blossoms in May. Species here described are shrubs of decided value in decorative planting, those with red bark filling a place occupied by no other.

- **Cornus Alternifolia.** (III) It has clustered white flowers, dark blue fruits, and its irregular whorled branches form flat, spreading tiers
- **Siberica.** (III) This has deep crimson bark and it should be used in large group for its winter effect. It shows off best when there are a number of plants together. Abundant clusters of small white blossoms are borne in early summer, followed by white fruit.

**Prices All Varieties** on this page except where otherwise noted in two (or more) year old well rooted plants, 25 cents each; $2.50 per dozen. SENT PREPAID. Large three to four year size, 35 cents each; $3.50 per dozen. In extra large heavy selected plants for producing immediate effects, 50 cents each; $5.00 per dozen.
Hardy Flowering Shrubs.

Stolonifera. (III) Valued for its colored bark. Small white flowers.

Sanguinea. (III) A shrub of spreading habit; purplish red branches, flowers greenish white, followed by black berries. Desirable for massing.

DEUTZIAS. The flowers of the Deutzias are tassel-like and clustered into thick wreaths along their drooping branches. These shrubs are hardy, vigorous, adapted to all soils and remarkable for grace, beauty and prodigal bloom. The taller forms are valuable for specimens, low ones for bordering grouping, or planting near the house. Flowering period, May and June.

Crenata. (III) Exquisite flowers of double rosette shape, tinged with soft pink. A strong and vigorous grower. A most satisfactory variety.

Wateri. (I) A dwarf grower and of compact habit. Flowers are delicate pink and freely produced.

DEUTZIA. Gracile Rosea. (I) Soft rose pink.

Lemonii. (II) Flowers pure white.

Fortunet. (II) White flowers; quite distinct.

Pride of Rochester. (III) Flowers double white, tinged inside with pink.

Seabra. (III) Flowers white, tinged pink.

DESMODIUM. Penduliflorum. (II) Rosy purple reddish flowers.

Bicolor. (II) Pinkish purple flowers.

ELEGAGNUS Angustifolia. (Oleaster) (III) Narrow, slivery green foliage. Flowers yellow, followed by yellow fruit.

FORSYTHIA. (Golden Bell) (See cut page 21) The Golden Bells stand in a class by themselves, and, with the Magnolias are the first showy shrubs. Early in April they are a wealth of brilliant golden yellow. The foliage is entirely healthy and growth vigorous.

Ittermedia. good for shrubbery border planting. Deep yellow flowers, fragrant.

CORNUS Siberica. This is one of our Most Showy Shrubs, and may be used with Good Effect either in the Shrubbery Border or in Large Groups on the Lawn.

FORSYTHIA. VIRDISENSIMA (III) April. Flowers are bright yellow. A fine, hardy shrub and one of the earliest to flower in spring.

Sieboldii. (II) Slender pendulous branches, yellow flowers.

Suspensa. (II) Pendulous branches, yellow flowers.

HONEYSUCKLE. See Lonicera, also vines.

HYDRANGEA Grandiflora. Alba. (II) One of the most beautiful and satisfactory shrubs in cultivation. Large clusters of white flowers. Nice young plants, 35c; larger, 50c and $1.00 each.

PRICES ALL VARIETIES on this page except where otherwise noted in two (or more) year old well rooted plants, 25 cents each, $2.50 per dozen. SENT PREPAID. Large three to four year size, 35 cents each, $3.50 per dozen. In extra large heavy selected plants for producing immediate effects, 50 cents each, $5.00 per dozen.
Hardy Flowering Shrubs.

**KERRIA Japonica.** (II) Single yellow flowers.
**Japonica Flore Plen.** (II) Double orange flowers.
**Japonica Variegata.** (I) Light green foliage, margined with white. Single yellow flowers.

**Lonicera.** (Bush Honeysuckle.) These are tall shrubs of upright growth, valuable for their profusion of white and pink flowers and their crops of berries. They are among the most attractive of our early blooming shrubs.

**Morrowi.** (II) A Japanese variety of strong growth, with dark green foliage. Pure white flowers, in May followed by red fruit.

**Lonicera. Grandidiflora Rosea.** (III) Pink blossoms.
**Frambosa.** (III) May. Creamy, yellow flowers, fine.
**Tartarica.** (III) May. Pink flowers, orange-colored berries.
**Rubra.** (II) May. Red flowers. 35c.
**Fragrantissima.** (II) May, June. Pinkish-white flowers.

**Myrica. Cerifera.** (I) May. Foliage, almost evergreen, reddish flowers, followed by waxy-white berries. Heavy specimens only, $1.00 each.

**Philadelphus.** Mock Orange. How deliciously fragrant are the spring blossoms of the Mock Orange. To many they bring thoughts of coming flowers.

**Falconeri.** (II) Beautiful variety of graceful habit and large white flowers.

**Grandiflorus.** (III) Most vigorous grower and produces unusually large flowers, which are pure white.

---

**Nivalis.** (II) An excellent variety in every way, good growth and free flowering.

**Speciosa.** (III) A tall grower of compact growth, showy white flowers freely produced.

**Coronarius.** (Sweet Mock Orange) (III) The real old-fashioned form, white blossoms, yellow stamens.

**Folius Aureis.** (Golden Mock Orange) (I) Golden leaves.
**Lemonii Erecta.** (II) Creamy white.
**Lemonii Hybrida.** (II) Flowers white.

**Robina Hispida.** (Bush Form) (II) Rose peashaped flowers. 50c; larger, 75c; extra large, $1.00 each.

**Rhamnus Cathartica.** Well-known hedge plant valued for extreme hardiness and strong growth.

**RHUS Chionanthus Virginica.** (White Fringe) (III) White flowers.

**Candensia.** (Sumac) (II) Native shrub topped in autumn with crimson heads of seed.
**Glabra.** (Smooth Sumac) (III) Leaves color brightly in autumn. Flowers followed by fruit.

**Forstihia.** (See Page 28.) These Shrubs are Unexcelled by Any of the Others. They Bloom before the foliage appears, and are Indeed attractive. Try them, for they may be Used Effectively Anywhere.

**Prices All Varieties** on this page except where otherwise noted in two (or more) year old well rooted plants, 25 cents each; $2.50 per dozen. SENT PREPAID. Large three to four year size, 35 cents each; $3.50 per dozen. In extra large heavy plants for producing immediate effects, 50 cents each; $5.00 per dozen.
Hardy Flowering Shrubs.

Rhus Typhina. (Stag Horn Sumac) (III) Scarlet head of fruit and brilliant foliage.
Typhina Lacinata. (Fern-leaved Sumac) (III) Brilliant foliage. Crimson fruit.
Ribes Aureum. (I) Yellow flowers, dark brown fruit.
Spiraea Billardi. (II) A strong grower, with dull green foliage and dense panicles of bright pink flowers in July and Aug., with occasional blossoms during the fall.
Callosa Frobeli. (II) A handsome shrub of compact growth. Especially desirable for foundation plantings or wherever a good shrub is desired.
Opulifolia Aurea. (III) A strong grower of attractive colored foliage. Foliage is white blossoms in June.
Salicetolia Alba. (I) An excellent dwarf grower of good foliage and red flowers in corymbs.
Callosa Rosea. (II) Rose-colored flowers.
Fontenayi Alba. (II) White flowers.
Thunbergii. (I) Small white flowers.
Van Houttei. (II) The most beautiful of the Spireas. The graceful branches, weighted down with a wealth of white blossoms. It comes into bloom just before Decoration Day. If limited to one variety, select this.

Syringa Josekeae (Lilac) Valuable variety owing to its late blooming. Flowers are purple and very large, strong growth and good habit. 50c, larger size, $1.00.
Vulgaris. (Old-fashioned Lilac) The familiar species of all fine old gardens, with heart-shaped leaves and dense panicles of lilac flowers in May, still the most popular of all. Price below.
Alba. (Old-fashioned White Lilac) Similar to the former, with pure white, very fragrant flowers. Price below.
Sougeanu. Showy dark red panicles of bloom, 75 cents.
Rubra de Marley. Single, reddish purple. 50c and 75c.
Sambucus Canadensis. (White Elder) (III) Attractive flowers followed by clusters of purple berries.
Nigra Aurea. (Golden Elder) (III) Bright leaves of a golden-yellow.
Symphoricarpos Rubra. (I) A graceful low-growing shrub, with deep red berries clustered and crowded along its arching twigs. Useful to hold steep banks, also to edge groups of tall shrubs. The only shrub to grow and thrive under large trees or in exceedingly dense shade.
Racemosus. (II) Milk-white berries that contrast finely. A most showy shrub and equal to the Red variety for shady planting.
Tamarix. Attractive tall-growing shrubs with fine, feathery foliage like that of Junipers. Splendid shrubs for general planting, for seaside planting or damp places. Flowers profusely and are usually a delicate pink color.
Africana. (III) A very strong grower with slender branches of feathery foliage covered in late May and June with bright pink flowers in racemes.
Indica. (III) Upright slender growth. Foliage dark green but feathery. Flowers are pink in racemes and freely produced.
Parviflora Glauca. (III) Most attractive of a silvery blue color which contrasts finely. Bright pink flowers.
Japonica Plumosa. (III) Pink flowers in racemes.
Viburnum Dentatum. (III) Cream white, flat-topped cluster flowers.
Lantana. (III) White flowers, clusters of red fruit, changing to black.
Opulus. (Highbush Cranberry) Bright red fruits, large, healthy leaves, and free from insect attacks. White flowers.
Sterilis. (Common Snowball) (III) Flowers white, borne in clusters.
Vitis Agnus-Castus. Foliage star-shaped and pretty. Flowers lavender blue in August and September.
Weigelia Amabilis. (I) May or June. Delicate pink flowers.
Desbonsii. (II) Deep rose flowers in profusion.
Eva Rathbun. A very profuse bloomer and continues to produce its dark carmine red flowers during the entire summer. 35c; larger, 50c.
Hendersonii. (II) An excellent variety with dark red flowers; very fine. 25c.
Nana Variegata. (I) May. Pink flowers and variegated green and yellow foliage. 25c.
Rosea. The flowers which are rose-colored, are produced in such profusion as to completely cover the bush. Flowers in May and June.

Prices all varieties on this page except where otherwise noted in two (or more) year old well rooted plants, 25 cents each, $2.50 per dozen. Sent prepaid. Large to three to four year old plants, 35 cents each; $3.50 per dozen. In extra large heavy selected plants for producing immediate effect, 50 cents each; $5.00 per dozen.

Tamarix, a feathery-foliage shrub of great value. Few appreciate the effectiveness of these most desirable shrubs. They are in reality more attractive in foliage than any other shrub grown. They also produce a profusion of blossoms, white not large, are delicate pink and attractive.
Ornamental Hedge Plants.

In producing a truly pleasing and attractive landscape effect the selection of a fence has always been a serious problem. Something is needed to outline the lawn clearly, but what to use is often a perplexing question. A hedge will beautify the plainest kind of grounds and adds immeasurably to fence with a fence that nature provides. The former is clumsy and contrasts rudely, while the hedge blends beautifully with the green lawn and surroundings.

Plant from 5 to 10 inches apart, depending in the compactness of hedge desired.

**PRUNING AND CARE OF HEDGES.** To secure a compact hedge and one of even growth, it is necessary, when the plants are first set out to prune back quite severely to an even height. This will encourage strong bottom growth and makes the foundation of a good hedge.

**LIGUSTRUM. Amurensis.** (Amoor Privet) Glossy green foliage and hardy in all localities, nice plants, $1.50 per doz.; $10.00 per 100. Larger size, $2.50 per doz.; $15.00 per 100. Extra large and bushy, $5.00 per doz.; $20.00 per 100.

**Ovalifolium. (California Privet)** The most popular variety, has very fine foliage and is nearly evergreen. Not hardy in the extreme Northern States. Nice plants, $1.00 per doz.; $6.00 per 100. Larger plants, $1.50 per doz.; $7.50 per 100. Extra heavy plants, $2.50 per doz.; $12.00 per 100.

**Regelianum. (Regel's Privet)** Absolutely hardy and is sufficiently dense for hedge purposes even without trimming. Nice plants, $1.50 per doz., $10.00 per 100; larger size plants, $2.50 per doz.; $15.00 per 100.

**Sinensis Nana.** A very graceful variety. Excellent for southern gardens. Nice plants, $2.00 per doz.; $12.00 per 100; larger, $3.00 per doz.; $20.00 per 100.

**BERBERIS Thunbergii.** A beautiful low-growing shrub covered with red berries nearly all winter. Nice plants, $2.50 per doz.; $15.00 per 100; larger size, $3.00 per doz.; $20.00 per 100.

Some Beautiful Specimen Shrubs and Trees.

These shrubs and trees have been growing in Wagner Park, adorning the landscape here for a number of years, but needing the space for further development we are this season offering a limited variety of specimens. They are in excellent condition for transplanting and are of great value.

It has taken several years to grow these into specimens, and you who are wanting immediate effects, they cannot avail of the opportunity of securing some of them. One of these developed specimens will be as effective as a half dozen small sizes; hence, economy to buy them. See other parts of catalog for description of varieties listed.

**Shrubs.**

These shrubs are broad, heavy plants, and most of these specimen shrubs are dug with a ball of earth with the roots intact and undisturbed, which are carefully protected and packed, that they arrive in splendid condition.

**Price Each**

- Althea, finest mixed colors, 8 to 10 ft. $6.00
- Cornus Alternifolia, 10 to 15 ft. $6.00
- Cornus Alternifolia, 5 to 6 ft. $3.00
- Cornus Siberica, 6 to 8 ft, 4 ft. spread. $3.50
- Cornus Siberica, 4 to 5 ft., 3 ft. spread. $2.00
- Cydonia Japonica, 4 to 5 ft. $1.50
- Deutzia Lemon, 4 ft, 3 ft. spread. $2.50
- Deutzia Pride of Rochester, 6 to 7 ft. $1.50
- Deutzia Pride of Rochester, 5 to 6 ft. $1.50
- Eleagnus Angustifolia, 6 to 8 ft. $2.50
- Eleagnus Angustifolia, 5 to 6 ft. $1.50
- Hydrangea Arborascens, 3-4 ft. 2 ft. spread. $1.00
- Ligustrum Regelianum, 5 to 6 ft. $1.00
- Ligustrum Amurensis, 6 to 8 ft. $1.00
- Myrica Cerifera, 5 to 6 ft., 3 ft. spread. $3.00
- Philadelphia Grandiflorus, 6 to 7 ft. $1.50
- Philadelphia Grandiflorus, 8 to 9 ft. $3.00
- Philadelphia Falconeri, 4 to 5 ft. $1.00
- Philadelphia Speciosa, 10 to 12 ft. $3.50
- Philadelphia Speciosa, 6 to 7 ft. $1.50
- Philadelphia Speciosa, 5 to 6 ft. $1.00
- Philadelphia Nivalis, 5 to 6 ft. $1.50
- Philadelphia Lemoine, 4 to 5 ft. ½ ft. spread $1.50
- Rhodotypos Kerroides, 4 to 5 ft., 3 ft. spread. 2.00
- Rhus Glabra, 6 to 7 ft. $1.50
- Syringia Vulgata, 8 to 9 ft. $3.50
- Syringia Vulgaria Alba, 8 to 9 ft. $5.00
- Spirea Callios, Rosea, 3 ft., very bushy $1.00
- Spirea Fontanil, Alba, 6 to 7 ft. $75
- Spirea Thunbergii, 5 to 6 ft., 4 ft. spread. $3.50
- Viburnum Lantana, 4 to 5 ft. $2.00
- Weigela, fine mixed colors, 3 to 5 ft., heavy. 1.50

**For General List and description of Shrubs and Trees in various sizes see other parts of Catalog.**
Shade and Ornamental Trees.

Judicious planting of ornamental trees and shrubs enhances the value of real estate more than an equal amount of money invested in any other way.

Our complete list of shade and ornamental trees comprises nearly three hundred varieties, but have taken extra precaution in the list here, selecting only such kinds as possess distinctive and decorative merit, all of which are suitable for lawn, park, or avenue planting.

Have your grounds ready to plant upon arrival of trees if possible. If, however, impossible to do this, unpack and heel in, that is, dig a trench and cover the roots with fine soil, pressing it down firmly that there are no air spaces to the roots, and if soil is very dry, give a watering. Make preparation to plant in their permanent place at the earliest date possible after receiving them. If shipment should arrive in a frozen condition do not unpack, but put in a cool place, free from frost, until perfectly thawed, when they may be unpacked and planted.

In planting make the hole wide enough so that when the tree is set out, you can spread out the roots, always avoid as much as possible twisting and crowding the roots. Work the soil in carefully about the roots, leaving no cavities or air spaces, and pack the soil firmly.

SPECIAL NOTE.—In addition to the regular sizes listed, we have a lot of extra choice specimens which price varies according to variety and size, $5.00 to $25.00 each.

ACER Dasyeaeannum. (Silver Maple) There is more foliage for the cost in this Maple than in any other tree. It is the best of the quick-growing trees for moist situations. 6 to 8 ft., $1.00; 8 to 10 ft., $1.50; 10 to 12 ft., $2.00 to $2.50; specimens, $5.00 to $10.00 each.

NEFundo. (Ash-leaved Maple or Box Elder) A handsome tree, 8 to 10 ft., $1.25; 8 to 10 ft., $1.75; 10 to 12 ft., $2.50 to $3.00; 14 to 16 ft., $3.50 to $4.00.

Platanus (American or Bay Maple) Deep green leaves. One of the best, 6 to 8 ft., $1.50; 8 to 10 ft., $2.00 to $2.50; 10 to 12 ft., $2.75 to $3.50.

Pseudoplatanus (Sycamore-Maple) Foliage deep green on upper surface and purplish red underneath. 6 to 8 ft., $1.50; 8 to 10 ft., $2.00 to $2.25; 10 to 12 ft., $2.50 to $2.75.

Schwedleri. (Purple-leaved Maple) Leaves bright purplish crimson which changes to purplish green in 3 to 8 ft., $2.00 to $2.50; 8 to 10 ft., $3.00 to $4.00.

Wierl Lacinatum. (Wier's Cut-leaved Maple) A very beautiful specimen tree, with delicately cut leaves of distinct, half-drooping habit. The leader grows rapidly upright, the slender lateral branches curve gracefully downward. Of noble proportions when undisturbed, yet patient under considerable pruning. 6 to 8 ft., $1.00; 8 to 10 ft., $1.50 to $1.75; 10 to 12 ft., $2.00 to $2.50; heavy specimens, $3.50 to $5.00 each.

ADSCULUS Hippocastanum. (Horse Chestnut) Double white flowered, 6 to 8 ft., $1.50; 8 to 10 ft., $2.00 to $2.50; 10 to 12 ft., $3.00.

ALNUS glutinosa. (European or Common Alder) Foliage roundish wedge-shaped, wavy. Remarkably quick in growth, 6 to 8 ft., 75c to $1.00; 8 to 10 ft., $1.25 to $1.50; 10 to 12 ft., $2.00 to $2.50.

AHALIA Spinosa. (Hercules' Club) A showy native, with broad, handsomely cut leaves and huge clusters of small white flowers in July. Its winter habit is quiet and handsome. 4 to 6 ft., 75c to $1.00; 6 to 8 ft., $1.25 to $1.50; 8 to 10 ft., $2.00 to $2.50.

Manchurian. Tropical like foliage, 4 to 6 ft., $1.00; 6 to 8 ft., $1.25 to $1.50; 8 to 10 ft., $2.00 to $2.50.

BETULA Alba. (See Cut, page 25) (White Birch) Of rapid growth, attractive foliage and beautiful silvery-white bark. Droops just a little. 6 to 8 ft., $1.00 to $1.50; 8 to 10 ft., $2.00 to $2.50. Heavy specimens, $3.50 to $5.00.

Alba Lactata Pendula. (Cut-leaved Weeping Birch) A pyramidal tree with pendulous branches. Very attractive. 4 to 6 ft., $2.00 to $2.50; 6 to 8 ft., $3.00 to $3.50.

Pyramidalis. Columnar habit. Similar to the Lombardy Poplar. 6 to 8 ft., $1.50; 8 to 10 ft., $2.00 to $2.50.

CATALPA Bungii. (Umbrella Tree) A small species forming a tree clothed with a dense mass of large, heart-shaped leaves; flourishes in all soils. 5 to 6 ft. long. $1.00; 5 to 6 ft. high. $1.50 to $1.75; 5 to 6 ft. $3.00 to $3.50. Extra heavy specimens, $3.50 to $4.50.

CERCIS. (Judas Tree) (Red Bud) Reddish-purple flowers, 4 to 5 ft., 75c to $1.00; 5 to 6 ft., $1.00 to $1.50; 6 to 8 ft., $2.00 to $2.50.

CORNUS Florida. (White Dogwood) Deep crimson autumnal colored leaves, white flowers. 3 to 4 ft., $1.50 to $2.00; 5 to 6 ft., $3.00 to $3.50.

CRATAEGUS Coecrum, Fl. Pl. (Paul's Double Scarlet) Fine double crimson flowers. 4 ft., $1.50; 5 to 6 ft., $2.00 to $3.00.

Crocus. (Water Pink) $2.00 to $2.50.

Oxycanthus, Alba Flocu pleno. (Double White Hawthorn) When in bloom, a mass of clustered double, rose-like white blossoms. This is the famous May Thorn of English gardens; spreading branches and stout spines. Very handsome. 4 ft., 75c to $1.00; 5 to 6 ft., $1.50 to $2.00; 7 to 8 ft., $2.50 to $3.00; 8 to 10 ft. extra, $3.50 to $5.00.

CYPRESS. Deciduous, see Taxodium.

EUONYMUS Europaea. A small tree of vigorous growth. Foliage is broad and deep green, turning to crimson in the fall. The flowers are followed by orange-scarlet fruits. 4 to 5 ft., 75c; 6 to 8 ft., $1.00 to $1.50.

EUONYMUS (Silver Leaf and Cut Leaf) Maples are unusually Fine Stalks. These two varieties are the most Rapid Growers of their Class.
Shade and Ornamental Trees.

FAGUS. (Beech) These trees, because of their elegant habit and delicate tracery of foliage, adapt themselves to the most ornamental situation. They transplant well with a ball of earth (as we handle them) and may be used for any purpose.

*Asplenifolia Heterophylla.* (Fern-leaved Beech) Leaves deeply divided. 3 ft., $1.50 to $2.00; 4 to 6 ft., $2.50 to $3.50.

*Riversi.* (River's Purple Beech) Leaves very dark purple. Nice trees, 3 to 4 ft., $1.00 to $2.00; 5 to 6 ft., $2.50 to $3.50; 7 to 8 ft., $4.00 to $5.00. Larger specimens, $6 to $10.

*FRAXINUS Excelsior.* A lofty tree with handsome foliage. 6 to 8 ft., $1.00 to $1.50; 8 to 10 ft., $2.00 to $2.50.

*Amerciana.* A rapid growing long lived tree of fine proportions and a very desirable lawn tree. 6 to 8 ft., $1.00 to $1.50; 8 to 10 ft., $2.00 to $2.50. Heavy specimens, $3.00 to $5.00.

*GLEDITSCHIA Triacanthos.* (Honey Locust) A large, vigorous tree, with wide-spreading branches, feathery fern-like leaves, and a stout armament of thorns. Makes a fine ornamental hedge. Bears large, pendulous seed-pods, slightly twisted, with contents of a sweetish, savory flavor. 6 to 7 ft., $1.00; 8 to 10 ft., $1.25 to $2.00.

*GYMNOCLADUS Canadensis.* (Kentucky Coffee Tree) Feathery foliage. 6 to 8 ft., $2 to $5.

*HYDRANGEA TREE.* We have a very fine stock of this popular shrub grown in tree form. Make very beautiful little trees for the lawn. 75; larger size, $1.00.

*LARIX Europea.* (Larch) A conifer with deciduous needle-like foliage. 5 to 7 ft., $1.00 to $1.50; 8 to 10 ft., $2.00 to $3.50. Larger specimens, $3.00 to $5.00.

*LIQUIDAMBAR.* (Sweet Gum) Glossy green foliage changing to bright red. (Shipped with ball of earth) 6 to 8 ft., $2.50 to $3.00.

*LIRIODENDRON.* (Tulip Tree) Foliage dark green; creamy yellow flowers. 5 to 8 ft., $1.25 to $1.75; 8 to 10 ft., $2.00 to $2.50. Larger specimens, $3.00 to $5.00.

*MAGNOLIA Acuminata.* Cucumber Tree. Fruit cones, cucumber shape, turning crimson. 4 to 6 ft., $2.00 to $3.00.

*Alexandriana.* Purplish rose and white. 4 to 5 ft., $2.50 to $3.50; heavy specimens, 6 to 8 ft., $5.00 to $10.00. All dug with ball of earth.

*Lenni.* Color dark rose, center pearly white. 4 to 6 ft., $4.50 to $6. Dug with ball of earth.

*Soulangeana.* Flowers large white, tinged purple. 4 to 6 ft., $4.00 to $6.00; heavy specimens, 6 to 8 ft., $7.50 to $10.00. All dug with ball of earth.

*Speciosa.* White tinged pink. 4 to 6 ft., $4.00 to $6.00. Dug with ball of earth.

*Stellata.* Semi-double white star-like flowers. 4 to 5 ft., $5.00 to $7. Dug with ball of earth.

*MORUS Alba Tartarien.* (Russian Mulberry) A very hardy and low growing type. 6 to 8 ft., $1.00; 8 to 10 ft., $1.50 to $2.00; 10 to 12 ft., $2.50 to $3.00.

*Pendula.* (Weeping Mulberry) Umbrella shaped head, long drooping branches. 2 yr. heads, $2; 3 yr. heads, $2.50 to $3.50; 4 yr. heads, extra fine, $4.00 to $6.00.

*PERSICA Rosae Plena.* (Flowering Peach) Beautiful double pink flowers. 4 to 6 ft., $2 to $3.

*PLATANUS Orientalis.* (Orientalis Plane) (Sycamore) One of the oldest trees for street and avenue planting. A lofty, wide-spreading tree, with large leathery, clear-cut leaves that turn yellow in fall. 8 to 10 ft., $2.00 to $2.50.

*PLATANUS Occidentalis.* (American Plane) Broad-spreading, round-topped, massive, and picturesque. Very effective in winter when its branches show almost as white as birch, and its mottled trunk of gray, green and brown is revealed. 8 to 10 ft., $1.50 to $2.00; 10 to 12 ft., $2.50 to $3.00.

*POPULUS Alba Borealis.* Similar to the well-known Lombardy. Its leaves are glossy green above, silvery beneath. Large heavy trees, 12 to 14 ft., $2.00 to $3.50; 15 to 18 ft., $5.00 to $7.50.

*Monilifera.* (Carolina Poplar) Unexcelled for quick growth and effect, its rapid growth giving an air of luxuriance to places where other trees appear starved. Showy and cherry from the constant movement of its glossy, silver-lined leaves, yet always casting a dense, cool shade. Large heavy trees, 12 to 15 ft., $2.50 to $3.50; 15 to 20 ft., $5.00 to $7.50.

*Nigra, or Italica.* (P. Fastigiata) (Lombardy or Italian Poplar.) Of obelisk form, growing rapidly to a tall spire. Forms striking lawn groups, and is much used for tall screens. Always makes a striking feature in any landscape. 6 to 8 ft., 70c to $1.00; 8 to 10 ft., $1.50 to $2.00.
Shade and Ornamental Trees.

**PRUNUS Pissardi.** (Purple-leaved Plum.) A distinct and handsome little tree, rarely over 20 feet high, covered with a mass of small, white, single flowers in spring, later with showy, reddish purple leaves that deepen in color to the end of the season. Valuable for ornamental hedges or planting in quality contrast. It is perfectly hardy, and is an unique and beautiful ornament to the lawn at all times of the year. One of the most valuable of the flowering trees, 4 to 5 ft., 75c to $1.00; 6 to 8 ft., $1.50 to $2.00; 8 to 10 ft., $2.50 to $3.50.

**PTELIA Trifoliata.** (Hop Tree) A round-headed, loosely-branched tree with numerous clusters of light green fruit-pods. Prefers a shaded position and moist soil. 6 to 8 ft., $1.50 to $2.

**Trifoliatula Aurea.** (Golden Hop Tree) Showy golden yellow foliage, retaining its color all summer. $1.50 to $2.00.

**PYRUS Augustifolia.** (Bechtel's Flowering Crab) Double rose-like flowers of a delicate pink color. 4 to 5 ft., $2 to $2.50; 6 to 8 ft., $3.50 to $4; 8 to 10 ft., $5.00 to $6.00.

**Floribunda.** (Flowering Crab) A large shrub or small tree, with rose-red flowers borne in great profusion in May. The fruit is red and very small, on long stems. 5 to 6 ft., $2.00 to $2.50; 6 to 8 ft., $3 to $4.

**Parkmani.** (Parkman's Double-flowering Crab.) An elegant Japanese variety with long-stemmed, semi-double flowers of deep rose color. 4 ft., $1.50 to $2.00; 5 to 6 ft., $2.50 to $3.50; 6 to 8 ft. ' $4 to $5.

**QUERCUS Coccinea.** (Scarlet Oak) Foliage purplish crimson in autumn. 6 to 8 ft., $2 to $3; 8 to 10 ft., heavy, $4.00 to $5.00.

**Palustris.** (Pink Oak) The most beautiful of all oaks. 6 to 8 ft., $2.00 to $2.50.

**Rubra.** (Red Oak) Foliage changes to bronze red in autumn. 6 to 8 ft., $2.00 to $2.50; 8 to 10 ft., $3.00 to $4.00.

**PSEUDACACIA.** (Black Locust) A familiar tree of rapid growth, that thrives in any place. The pinnate foliage is light and airy. In June the tree is fragrant with panicles of white flowers, and very ornamental. Its growth is rapid. 10 to 12 ft., $1.50 to $2.00.

**SALISBURIA Adiantifolia.** (Ginkgo or Maiden Hair Tree) Fern-like foliage, resembling Maiden Hair Fern. 6 to 8 ft., $1.50 to $2.00; 8 to 10 ft., $3.00 to $3.50.

**SALIX.** (Willows) This species of trees do best planted in low, moist soils, along the banks of streams or ponds, and where low-branched trees are desirable. We offer the following varieties branched from the ground. We can supply most varieties in standard or tree form if desired.

**Purpurea Pendula.** (New American Willow) A graceful variety with slender, drooping branches and silvery gray leaves. 4 year heads, $2.50 to $3.00.

**Wisconsin.** Highly effective with graceful drooping branches. 8 to 10 ft., $1.50 to $2.00; 10 to 12 ft., $2.50 to $3.00.

**SORBUS Acuparia.** (European Mountain Ash) Orange-colored berries mid-summer till frost. 6 to 8 ft., $1.00 to $1.50; 8 to 10 ft., $2 to $2.50.

**Acuparia Pendula.** (Weeping Mountain Ash) Slender, drooping branches and bright red berries. 2-year heads, $2.00 to $2.50; 3-year heads, $3.50 to $4.00.

**TAXODIUM.** (Deciduous Cypress) Distichum. The famous Bald Cypress is perfectly hardy even in the North, and grows well on dry or wet soil. It is a most beautiful and stately tree, pyramidal in shape with light and feecy foliage of delicate green. 4 to 5 ft., $1.50 to $2.50; 6 to 7 ft., $2.50 to $3.00; larger, $7.50 to $10.00.

**Tilia.** (Linden) **American.** Splendid form, large stature. 6 to 8 ft., $1.50; 8 to 10 ft., $2.00 to $2.50.

**European.** A little more compact than the American species. 6 to 8 ft., $1.50; 8 to 10 ft., $2.00 to $2.50.

**ULMUS Americana.** (Elm) No finer tree grown. 8 to 10 ft., $1.50 to $1.50; 10 to 12 ft., $2.50 to $2.50; 12 to 15 ft., $3.00 to $3.50.

**Campestris.** (English Elm) Very desirable for lawn or landscape. 10 to 12 ft., $3.50 to $3.00; 12 to 15 ft., $3.50 to $5.00.

**ULMUS Latifolia.** The best variety for street and avenue planting; large leaves; compact and upright in habit. 8 to 10 ft., $1.50 to 2.00; 10 to 12 ft., $2.50 to $3.00; 12 to 15 ft., $3.50 to $5.00.

**Seabra Pendula.** (Camperdown Weeping Elm) A picturesque form. 2 to 3 year heads, $3.50 to $5.00.

---

**Special Note** All our Taxodium are dug with a ball of earth, leaving the roots intact and undisturbed.
Fruit Department.

No home grounds are complete without at least a few fruit trees. Nothing is more beautiful in early spring than a fruit tree full of bloom, besides the great satisfaction derived from picking fine, ripe fruit from trees in your own yard. Our list of varieties is somewhat limited but all offered below is the very choicest and best for general planting.

APPLES—Early Varieties.

Early Harvest—Medium, pale yellow, tender, juicy.
Baldwin—Large, bright red, crisp, juicy, rich.
Duchess—Handsome, yellow, sometimes shaded red; red cheek.

gooseberries

Golden Russet—Medium, dull russet, crisp, juicy.

Northwestern Greening—Hardy, yellow, rich, of good size, extra long keeper.

Wagner—Good size, deep red in the sun; flesh firm, sub-acid, excellent.

White Pippin—Large, yellow, tender, sub-acid; good grower and keeper.

All varieties, 50 cents; $5.00 per dozen; larger select trees, 75 cents; $8.00 per dozen.

CRAB APPLES

Hyslop—Large, deep crimson; one of the most beautiful of Crabb; very popular.

Transcendent—Extremely productive, bright red, one of the most popular.

All varieties, 40 cents; $4.00 per dozen; larger select size, 60 cents; $6.00 per dozen.

PEARS—Early Varieties.

Bartlett—Large, buttery, juicy, high-flavored, great bearer; very popular.

Clapp's Favorite—Very large, yellow and dull red, with russet specks, melting, rich.

PEARS—Late Varieties.

Flemish Beauty—Large, juicy, rich; one of the hardiest.

Keiffer—Its large size and handsome appearance make it exceedingly profitable for market.

Worden-Seekel—(New.) Very fine and productive.

All varieties, 50 cents; $5.00 per dozen; larger select trees, 75 cents; $7.50 per dozen.

PLUMS

Diamond—A large, magnificent plum. Dark purple; beautiful bloom.

Lombard—Medium, violet, red, juicy, good, hardy and productive.

Abundance—Fruit large, lemon yellow, with heavy bloom; good quality.

Burbank—The best and most profitable for the market.

All varieties, 50 cents; $5.00 per dozen; larger select trees, 75 cents; $8.00 per dozen.

PEACHES

Crawford's Early—A magnificent large yellow peach of good quality.

Elberta—Large, yellow, with red cheek; flesh yellow, firm, juicy.

Lemon Free—Lemon-shaped and color, large size.

All varieties, 35 cents; $3.50 per dozen; larger select size, 50 cents; $5.00 per dozen.

CHERRIES

Baldwin—Large, round, slightly sub-acid, sweet and rich.

Early Richmond—Medium, dark red, melting, juicy, sprightly, rich acid.

English Morello—Fair size, blackish red, rich acid, juicy, good.

Montmorency—Large, red, productive, ten days later than Early Richmond.

Duke—Large, red, juicy, rich. Very fine.

Napoleon—Large, pale yellow or red; firm, juicy, sweet and productive.

Windsor—Fruit large, remarkably firm and of fine quality. A late variety.

All varieties, 50 cents, $5.00 per dozen; larger select trees, 75 cents; $8.00 per dozen.

GRAPES

Concord—The well known standard variety, succeeds wherever grapes will grow.

Early Ohio—Very early, hardy, and productive.

Wildly—Bunch and berry, very large and round.

Wagener—A splendid grape. Vine vigorous; hardy and productive.

Catawba—Berries large, round; when fully ripe of a copper color.

Diamond—The leading early white grape. White, with rich, yellow tinge.

All varieties, select stocks 25 cents; $2.50 per dozen.

BLACKBERRIES

Eldorado—Fine, large clusters. Very hardy.

Rathbun—A very fine, large variety.

Both varieties, 10 cents; $1.00 per dozen; $5.00 per 100.

STRAWBERRIES

Cumberland—The best black.

King—The best red.

Golden Queen—The best white.

All varieties, 10 cents; $1.50 per dozen; $5.00 per 100.

DEWBERRIES

Lucernia—The largest and best variety. 10c; $1.00.

CURRANT

Black Champion—Very productive, large bunch and berry, excellent quality.

White Grape—Yellowish white; excellent quality for the table.

Wilder—Fine and very productive.

All varieties, 20 cents; $2.00 per dozen; $12.50 per 100.

GOOSEBERRIES

Downing—Large, handsome, pale green and of splendid quality. 15 cents; $1.50 per dozen; $10.00 per 100.

STRAWBERRIES

Senator Dunlap—The best grower and free bearing. 75 cents per dozen; $5.00 per 100.

CHOICE HARDY VEGETABLES

RHUBARB Linnaeus (or Pie Plant.) Large, early tender and fine, the very best of all. 15 cents; $1.50 per dozen.

Hobday's Giant. Extraordinary large and of excellent flavor. 25 cents; $2.50 per dozen.

ASPARAGUS, Conover's Colossal. A standard variety of large size, tender and excellent quality. Good, strong roots. 25 cents per dozen; $1.50 per 100. Heavy clumps $1.00 per doz.
Hardy Ornamental Evergreens.

For those who cannot personally visit Wagner Park and see the glorious profusion of foliage, the inexhaustible variety of color tones, the graduations of shade between the dark greens of some varieties and the bluish tints of other species of evergreens, the service of our Landscape Artists will prove especially helpful. We can select trees and shrubs, conifers and deciduous plants that will answer all the utilitarian purposes of windbreaks, border planting, shade production, and screens for unsightly vistas, no less than those purely aesthetic considerations of garden, lawn, and terrace adornment.

Wagner Park Evergreens, if intelligently planted in their new location, and properly sprayed and root-soaked during the hot months, grow almost as if they had never moved. Quality is represented by the bushiness of the plant, and this is only accomplished where frequently transplanted and properly handled. Transplanting is what produces fibrous roots, but good feeding is necessary to impart health, vigor, and give a rich color to the foliage.

From out the thousands of specimens of all sizes and shapes that adorn the landscape at Wagner Park, there can easily be selected trees, bushes and shrubbery that will furnish the desired background for any home, park, or public ground. The prices are altogether moderate.

Special Note.

Our soil is especially adapted to digging our plants with a ball of earth, leaving the roots undisturbed, thus assuring successful transplanting at almost any season of the year. When planting our Evergreens remove the burlap, but leave the soil undisturbed. If dry give a thorough watering immediately after planting. In case the ball of soil should become broken and loosened in shipping, plant carefully by working new soil in and about the roots and see that this is very firmly tamped, leaving no air spaces to the roots. A watering after planting will help settle the soil among the roots. One need not loose a single tree when so handled. Never leave the roots of any plant exposed to the sun and wind.

ABIES (Fir) Concolor. (Colorado Silver Fir) 30 to 40 feet. A beautiful and graceful evergreen with soft, silvery green foliage. Very symmetrical in form, 5 to 7 feet, $6.00 to $10.00; 8 to 10 feet, $15.00 to $20.00.

JUNIPERUS Chinensis Argenten Variegata. Beautiful variegated variety. Nice plants, 1½ to 2 feet; $2.00 to $3.00.

Recurva Squamata. Desirable low-growing evergreen. 2 to 2½ feet, $3.50 to $5.00.

Virginina. (Red Cedar) Is always popular and can be used ornamentally in a number of ways, thriving well and making a fine appearance in soil or situations where other trees will not grow. Specimens, 3 to 4 feet, $1.50 to $2.00; 5 to 7 feet, $5.00 to $10.00.

Koster's Blue Spruce

See Contrast of the Blue and Green in Illustration Above.

We call your attention to the most remarkable and conspicuous of all the conifers for ornamental planting. The Koster's Blue Spruce. This cannot be too highly recommended. Owing to its magnificent, vivid bluish coloring it constantly attracts attention of all lovers of the beautiful. It is perfectly hardy in all localities and will withstand the coldest climate. A specimen or two of the kind of trees we furnish, on the lawn, adds a dignity and beauty hard to describe. All our trees are vigorous growers, have been several times transplanted, and carefully cultivated to a symmetrical state of perfection and to insure success are dug with balls of earth and carefully burlapped.

Prices:

| Large Trees, 5 ft. high | 10.00 each |
| Large Trees, 6 ft. high | $12.50 each |
| Large Trees, 7 ft. high | $15.00 each |
| Large Trees, 8 ft. high | 20.00 each |
| Large Trees, 9 ft. high | $25.00 each |
| Large Trees, 10 ft. high | 30.00 each |
Hardy Ornamental Evergreens.

**PICEA.**

*Excelsa Compacta.* Dense and compact specimens. 2 to 3 ft., $2.00 to $4.00; 3 to 4 ft., $4.00 to $5.00; 5 to 6 ft., $6.00 to $8.00; 7 to 8 ft., $9.00 to $12.00.

*Excelsa Aurea.* (Golden Norway Spruce) Not so high as *Excelsa,* but is desirable on account of its yellow foliage, making a lively contrast to the darker sorts. Specimens, 6 to 7 ft., $9.00 to $13.00.

**PICEA. Excelsa Elegans*.* A very fine variety. Specimens 8 to 10 ft., $7.00 to $10.

Engelmannia Glauca. Resembles the familiar Blue Spruce, 2 ft., $2.00 to $3.00.

Orientalis. Its habit is symmetrical and compact. 3 1/2 ft., to 4 ft., $3.00 to $5.00; 4 to 5 ft., $6.00 to $8.00.

Poluta. Light green foliage. Specimens 4 to 6 ft., $5.00 to $7.00.

**PUNGENS GLAUCA.** (Colorado Spruce) The original form of the famous Colorado Blue Spruce. The foliage of this tree is quite blue. It is a strong, hardy grower in any soil. 2 ft., $2.00; 3 ft., $4.00; 4 ft., $5.00 $6.00.

**PINUS AUSTRIACA.** (Austrian Pine) A tall, massive tree with spreading branches heavily plumed with long stiff, dark green needles. A useful species along the coast, and grows equally well inland. Popular for groupings or as specimens. 6 to 7 ft., $5.00 to $7.00; 8 to 10 ft., $8.00 to $12.00.

**MUGHUS.** (Mugo Pine) This unique alpine species forms a dark, dome-shaped bush, broader than its height. 6 to 7 ft. by 6 ft. broad, $10.00 to $15.00.

Parviflora Glauca. A new, very distinct form with glaucous foliage. 4 to 5 ft., $4.00 to $6.00.

**Strobus.** (White Pine) For Specimen group or mass planting it is extensively used as well as for shade and shelter-belts. The needles are soft and bluish green. 5 to 6 ft., $3.00 to $4.00; 6 to 8 ft., $5 to $7.

PLATANTUS SYLVESTRIS. (Scotch Pine) A strong grower with spreading branches and short, stiff, bluish-green needles. Its rapid growth makes it suited for temporary effects, though it is by no means to be despised for permanent ones. Splendid for mass plantings, screens, shelter-belts, and seashore uses. 6 to 8 ft., $5.00 to $7.00; 8 to 10 ft., $8.00 to $12.00.

**PLATANTUS SMALENSIS.** (Thread-Branching Retinospora) Of pyramidal outline with drooping deep green foliage. 4 to 6 ft., $7.50 to $10.00 each.

**PLATANTUS SEMPERVIRENS.** (Golden Japanese Cypress.) One of the few really golden evergreens. The color of the young growths contrasts strongly with the darker shades of the older foliage. Striking and useful in many ways. 5 to 7 ft., $7.50 to $10; 8 to 10 ft., $10 to $20.

**Pismansa.** A much like the type in general characteristics, but with bright yellow foliage. When planted in combination with the green varieties, it is valuable for its contrasting foliage. 2 to 3 ft., $2.25; 4 to 5 ft., $3.00 to $5.00.

**THUYA. OCCIDENTALIS.** (American Arborvitae) A strong, vigorous grower. Its upright slender growth makes it desirable for formal planting and for variety in grouping. Its ability to withstand shearing makes it unsurpassed for hedges, 1 1/2 ft., $2.00; 2 ft., $5.00 to $10.00; 3 ft., $1.50; 4 to 6 ft., $2.00 to $3.00; 5 to 6 ft., $4.00 to $6.00.

**Ellwangeriana.** (Tom Thumb) In many respects it is similar to the Retinospora, and seems to be the connecting link between Arbor Vitae and that family. Nice plants, 75c to $1.00; 1 1/2 ft, $1.50 to $2.00.

Globosa. (Globe Arbor Vitae.) A low compact form with bright green foliage. 12 to 15 inch, $1.00 to $1.50; 1 1/2 to 2 ft., $2.00 to $3.00.

**Pyramidalis.** (Pyramidal Arbor Vitae) Its compact slender column of dark green is ornamental as a lawn specimen for backgrounds and in groupings. 2 ft., $1.00 to $1.50; 4 to 6 ft., $3.00 to $5.00.

A Specimen Norway Spruce. See page 38 for prices.
Hardy Ornamental Evergreens. (Norway Spruce.)

This illustration not only shows the beautiful character and thriftiness of our Norway Spruce, but demonstrates how quickly attractive surroundings can be obtained with Wagner Park specimen trees. You can easily imagine the bareness of this residence without the two Norway Spruce. These were planted especially to show how quickly beautiful surroundings can be had when you become one of our patrons.

If you will consult our Landscape Department we can help you too, in making your surroundings more attractive.

Use Norway Spruce for a continually smiling landscape, so bright and cheerful are they in spring, summer and winter, when other plants and trees are gray and uninviting. Their spire-like crowns lend a peculiar charm to the landscape, are admirable as avenue trees, and for windbreaks as well as for the small lawn when used as illustrated here on this page for entrances, either planted in open ground or in tubs. Our trees are grown for successful transplanting; our custom of frequent root-pruning brings about a system of fibrous roots which makes these trees profitable investments.

We know of no evergreen more hardy and none to thrive in such a variety of soils. A specimen or two of the kind we furnish adds dignity and beauty to any home and grounds. Our plants are strong and vigorous, having been several times transplanted, and are dug with a ball of earth, practically insuring success.

COLONIAL PLANT KETTLES. (See Cut with Trees Planted, P. 30.)

Although simple in design, they are artistic, and suitable for indoor use as well as for veranda and lawn. The classic wrought iron rings at either side serve well the purpose of handles. Holes are drilled in the bottom to provide drainage. They are finished with dead black japan, giving them the appearance of the many artistic things that are now made in wrought iron. They are made of Cast iron and will last a lifetime.

Hardy Climbing Vines.

Nothing lends such pleasing effect to wall or verandas as the judicious use of vines. The hardy vine is best adapted for covering an unsightly wall or for furnishing shade and ornament to verandas. With the advent of spring the tendrils are given new life and as the season advances they soon become a glorious veil of vernal verdure.

**AMPELOPSIS Veitchii.** (Boston Ivy) The leaves of this beautiful climber change in the fall to the most vivid autumnal tints. 15c each, $1.50 per doz., prepaid. Large size. 25c, $2.50 per doz.; larger, 35c; $9.50 per doz. Exotic select plants, 60c. Engelmann. A very desirable variety, small, dense foliage. Colors beautifully in fall. 20c, $2.00 per doz.; larger, 35c; extra heavy, 50c. Quinquefolia. (Virginia Creeper or Woodbine) Foliage assumes brilliant shades of yellow, crimson and scarlet in the fall. 15c; larger, 25c; extra heavy, 50c. ARISTOLOCHIA Siph. (Dutchman's Pipe Vine) Singular brownish-colored flowers, resembling a pipe in shape. Large plants only, 50c; extra large, 75c. AKEBIA Quinata. Unique foliage and chocolate-purple flowers of delightful fragrance. Large plants, 25c each; large size, 50c. BIGNONIA Grandiflora. (Trumpet Creeper) Useful for covering unsightly places, stumps, rockwork, etc. Flowers orange-red in clusters. Large plants, 25c; extra large, 50c. Rubra. Red flowers. Very rare variety, 75c; extra large, $1. CELASTRUS Scandens. (Bitter Sweet) Yellow flowers in June, followed with bright orange fruit. Large plants, 25c; larger, 35c, and 50c. CLEMATIS Paniculata. Most popular vines grown and may be used wherever a vine is needed. Glossy green foliage and a mass of small white fragrant flowers in Aug. and Sept. 25c, 35c; extra large, 50c, extra heavy plants, 50c. Virginia. (American White Clematis) Small white flowers. Excellent for covering rough banks and bare places. Will grow in very poor soil. Large field grown plants, 25c; extra large size, 35c. CLEMATIS, LARGE FLOWERED. Nothing can be more satisfactory than vigorous plants of these showy climbers which are adapted to any situation, either on verandas, trellises, or in individual specimen pillar plants in the garden. Jackmani Superba. Violet purple. 35c, large size, 50c. Ville de Lyon. Bright carmine flowers. 50c. Lawsoniana. Finest light blue, 50c. M. Koster. Distinct light red, 50c. DUTCHESSES of Edinburgh. Double pure white, 50c. M. Koster. 30c, 50c, large, single white, 50c. LONICERA. Brachypoda Aurea. (Japan Golden-leaved Honeysuckle) Yellow and green leaves. Valuable for covering banks, bare places. Flowers white. Strong plants, 25c; $2.50 per doz.; large size, 35c; $3.50 per doz.; extra heavy, 50c. Halliana. (Halls Japan Honeysuckle) Blooms constantly. Flowers white, changing to yellow; very fragrant. The best climber. 25c each; $2.50 per doz.; larger, 35c; extra heavy, 50c. LYCIUM. (Matrimony Vine) Numberless bright red berries in fall. 20c; $2.00 per doz.; larger, 35c; $3.50 per doz. Exotic heavy, 50c. Periploca. (Silk Vine) Purple-brown auxilliary clusters of flowers. 35c; extra large, 50c. VITUS Aestivis. Strong, tall-climbing vine with large foliage and small black berries. 25c, larger, 35c. WISTARIA. Chinensis. A most desirable vine which will thrive in almost any kind of soil or situation, and quite a rapid grower. Pendulous clusters of delicate violet-blue blossoms, richly perfumed. 20c; $2.00 per doz.; prepaid. Larger size, 30c; $3.00 per doz.; Extra heavy, 50c. Alta. Of similar habit to Chinensis, with white flowers. Large plants, 35c; $3.50 per doz.; Extra large, 50c. Multijuga. Tree form. Purple flowers. Heavy 5 year specimens only. $6.00 each.

**Hardy Evergreen Vines.**

**EUONYMUS.** Hardy and well adapted vines for covering walls, rocks or trunks of trees. Also suitable for edging beds, as it can be kept closely clipped the same as box edging.

**EUONYMUS Radicans.** Bright green foliage. 15c; $1.50 per doz., prepaid. Large size, 25c; $2.50 per doz.

**Radicans Variegata.** A splendid evergreen plant with pretty foliage, beautifully variegated deep green and white, 15c each; $1.50 per doz., prepaid. Large size, 25c; $2.50 per doz.

**ENGLISH IVY.** Dark, glossy green leaves and clinging firmly to stone or brick walls. Thrives best in a shady position and is hardy in nearly all localities. Nice young plants, 15c; $1.50 per doz., prepaid. Larger size, 25c; $2.50 per doz.

**HARDY CLIMBING SWEET PEAS.** This is one of the most desirable hardy climbing plants attractive both in flower and foliage, producing clusters of large flowers the entire summer. As a porch climber or for covering fences, it is invaluable. It is perfectly hardy and will endure our severest winters. Fine mixed colors, red, white and pink. Nice thirsty plants, 15c; $1.50 per doz., prepaid. Larger size, 25c; $2.50 per doz. Extra heavy plants, 35c each.

**Tender Vines.**

**COBEA SCANDENS.** One of the most rapid growing climbing plants. Bears beautiful, deep blue, bell-shaped flowers. 15c each; $1.50 per dozen.

**IPOMEA Grandiflora.** (White Moon-flower) Satiny white flowers. 20c; $2.00 per doz.

**VINCA VARIEGATA.** Elegant low-growing trailing vine, leaves widely bordered with creamy white; always bright and pretty, extra nice for pots, vases, baskets, window boxes and rockeries. 15c each; 75c per doz.; large size, 15c; $1.50 per doz. Extra heavy 25c; $2.50 per doz.
Wagner Lily Cannas. The Finest Grown.

Visitors are invariably enthused at the beauty and size of Wagner Park Cannas with their wide, arching leaves and stiff stalks of flaming flowers growing like torches above their noble foliage. The effectiveness is confined to only a few weeks display, but being exuberant in growth, a bed of Cannas soon become attractive after planting and each day thereafter adds to its beauty.

Cannas should not be planted out-of-doors until after all danger of frost is over. They may be planted as late as June, but the earlier planted, the better the results. The most practical way to care for the roots over winter is to take up the clumps after the first killing frost, leaving some rooting adhering to the roots. Place them in a dry cellar where frost will not penetrate. Do not allow the roots to become too dry or the tubers wilt, but care should be taken that they are not too moist to allow moldering. In spring the bulbs can be started in sand in the house, if kept moist, or can be planted in the open ground as soon as all danger of frost is over.

Chas. Henderson. Medium grower. The standard of all crimson cannas. Bright crimson flowers, with pencillings of golden yellow at center. An excellent variety for general planting, sure to give satisfaction. 15c each; $1.50 per dozen.

Duke of Marlborough. Medium height; fine metallic-green foliage. Flowers, deep crimson-maroon. 15c; $1.50 per dozen.

Egandale. Medium height. A most excellent variety, with bronzy foliage and soft, currant-red flowers which are thrown well above the foliage; the best of its type. 15c; $1.50 per doz.

Hungarian. Medium Grower. The ideal pink bedder, flowers large, in good trusses. 25c; $2.50 per doz.

King Humbert. Medium height. This grand, magnificent Canna is of the Orchid flowering class. The flowers are unusually large and are held well above the foliage. The color is bright, orange-scarlet, streaked with crimson. The foliage is large, thick and leathery of dark bronze color with brownish-green stripes, producing a gorgeous effect. Price 30c, $3.00 per dozen.

Liberty. (Wagner Park Introduction) This Canna is indeed a marvelous beauty, possessing strong growth and strong color, and of greatest freedom to bloom. It is very distinct in habit of growth, producing heavy compact foliage of a dark bronze color. The flowers are produced in immense clusters on erect stalks and of unusual large size. The color is a brilliant orange-scarlet, very showy and attractive, attains a height of 3½ to 4 feet. Price 40c each; 3 for $1.00; $3.75 per dozen.

12 Choice Cannas, our selection of 3 varieties, $1.00; 27 for $2.00; 60 for $4.00; 100 for $6.00. All will be labeled true to name.

Canna Bed Like Above for $5.00

40 Wyoming Cannas and 30 Bright Yellow Coleus for edging bed 10 ft. in diameter.

Mme. Crozy. Dwarf grower. The popular golden-edged bright scarlet; green foliage. 15c; $1.50 per doz.

Mt. Etna. Tall grower. Dark purple foliage and brilliant crimson flowers. 20c; $2.00 per doz.

Pillar of Fire. A giant in height; color is bright crimson scarlet; medium-sized flowers. 25c; $2.50 per doz.

Queen Charlotte. Dwarf grower. Rich crimson-scarlet with wide gold border on every petal; a profuse bloomer; broad green leaves. 20c; $2.00 per doz.

Pennsylvania. Tall grower. One of the best of the Italian types; the flowers, which measure fully 6½ inches in diameter, are produced remarkably free in many-branched panicles, and are of an intense vermilion scarlet, overlaid with an orange scarlet sheen; foliage, rich green. One of the very best varieties and is very popular because of the immense size of its flowers. Price, 15c each; $1.50 per doz.

Wyoming. Medium Grower. A good strong grower with bronze purple foliage. The flowers are orange-red color and borne on large clusters, any good garden soil will produce a fine growth of this remarkable variety. 15c each; $1.50 per dozen.

Special Collection---12 Cannas (one of each above varieties) $2.00

1 Chas. Henderson 1 King Humbert 1 Mt. Etna 1 Wyoming
1 Duke of Marlborough 1 Queen Charlotte 1 Mme. Crozy 1 Pillar of Fire
1 Egandale 1 Hungarian 1 Pennsylvania

In this Collection we also include 1 Liberty free.
Dahlias.

SHOW, DECORATIVE, CACTUS, POMPON AND SINGLE VARIETIES

Within the last few years a wonderful revival of interest in the Dahlias is noted, which has resulted in their now being very important rivals to all other bedding plants.

We recommend Dahlias to any one wanting an attractive bedding plant and something that will also give a liberal supply of fine cut flowers. They are also very effective planted among shrubs and perennials.

Dahlias are very showy and attractive and best results are obtained if planted early; however, they can be planted very late with good results.

Arabella. (Show Dahlia) A profuse flowering variety. Color, pale primrose, tipped and shaded old rose and lavender. 15c; $1.50 per dozen.

Clifford W. Bruton. (Decorative Dahlia) The best yellow; of immense size, perfect form, and of the finest carmine yellow. A tall, vigorous grower and extremely free bloomer. Should be in every collection. 15c; $1.50 per dozen.

Countess of Lonsdale. (Cactus) The free flowering Cactus Dahlia in the collection, and perfect in form. Color, an exquisite shade of rich salmon, with just a suspicion of apricot at the base of the petals. Towards the tips the color deepens gradually to the softest carmine pink. The finest variety in the entire list, 25c; $2.50 per dozen.

Grand Duke Alexis. (Decorative Dahlia) The color is white, tinged delicate pink. 20c; $2.00 per doz.

A. D. Livoni. (Show Dahlia) This is the loveliest of all. Color, a very light silvery pink, petals beautifully quilled. We consider this one of the very best varieties. 25c; $2.50 per dozen.

J. H. Jackson. (Cactus) Brilliant dark crimson maroon. One of the very finest. 25c; $2.50 per dozen.

Mary D. Halleck. (Show Dahlia) An excellent upright growing variety producing unusually long stiff stems crowned with a large compact golden yellow flower, full to the very center. A most showy variety and one of distinct habit. 20c; $2.00 per dozen.

Snowflake. (Show Dahlia) This superior variety is a very early and profuse bloomer. The flowers are snow white, of perfect form, and full to the center. As a cut flower it is ideal, while for grouping or as a specimen plant it is one of the very best. 20c; $2.00 per doz.

Snowclad. (Pompon Dahlia) Flowers snowy white, perfect in form. A dwarf grower; very early, covered with a mass of blooms the whole season. Its dwarf, compact habit and freedom of bloom combine to make it one of the very best for bedding purposes, 10c; $1.00 per dozen.

Tango. (Cactus) This is the Dahlia for the million. It is a most remarkable variety—blooming in the greatest profusion, and under most all conditions, from the beginning to the end of the season. The color is “Tango Shade.” The blending of color is so pleasing, and flowers so perfectly and freely, everyone seeing them is perfectly delighted. The flowers are excellent for cutting and very lasting. Get your order in early. Price 25c each; 5 for $1.00; $2.50 per doz.

Twentieth Century. (Single Dahlia) The most exquisite Dahlia ever introduced. No orchid could be more delicate in color or yet richer in shading. It is purest white at the tips and gradually shading toward the center of the petals to delicate blush rose, and finally bursting into a flame of brilliant violet-crimson. Not variegated, but a wonderful blending of colors. 25c; $2.50 per dozen.

Olney, Ill.

Gentlemen:—
I am very much pleased with my bulbs, and I thank you for so promptly and generously filling my order.

Respectfully,
Mrs. J. F. D.

Special Dahlia Offer “A.”

Nothing more desirable for Summer and Fall Flowering. Dahlias always bloom the first season and sure to give satisfaction.

1 Arabella 1 Mary D. Halleck
1 C. W. Bruton 1 Snowflake
1 Grand Duke Alexis 1 A. D. Livoni

Also include 1 Tango Dahlia in this Collection. Three of each variety (21 in all) $2.50.

Special Price, $1.00
**Wagner's Superb Gladioli.**

Gladioli constitute one of the finest features of the flower garden during the summer and autumn months for a diversity of color and general effect, either in masses or planted in clumps for border decoration. They are also of easy culture and will thrive in any ordinary deeply dug garden soil to which is added a liberal supply of well decayed manure. A succession of bloom may be had from July to October by planting at intervals from April to June. Plant six inches apart in beds or double row and three inches deep.

In the fall, before frost, the bulbs should be taken up, gradually dry them, and after cleaning them, put into a paper bag and place out of the reach of frost, for planting again the following spring.

**America.** One of the greatest favorites and most popular Gladioli. Of most vigorous growth with luxuriant foliage. The spikes are 2 to 3 feet long, producing a great mass of enormous wide expanded flowers, the color an exquisite shade of delicate flesh pink. One of the most valuable for cutting. Admireable under artificial light, 50c per doz.; $3.00 per 100. Select bulbs 10c; $1.00 per doz.; 6.00 per 100.

**Augusta.** Pure white in color, with blue anthers. It produces long, straight spikes, often with several branches. 50c per doz.; $3.00 per 100. Select bulbs 75c per doz.; $5.00 per 100.

**Brenchleyensis.** Vermillion-scarlet; very desirable owing to its brilliant color. It is one of the finest for the garden and for mass planting. One of the oldest and most popular. 50c per doz.; $2.50 per 100. Select bulbs 60c per doz.; $4.00 per 100.

**Mrs. Beecher.** Beautiful deep rosy-crimson. Large well opened flowers with pure white throat freely marked and spotted. 10c each; $1.50 per doz.; $5.00 per 100. Select bulbs 15c; $1.50 per doz.; $10.00 per 100.

**Mrs. Francis King.** Large scarlet flowers of graceful form, borne on a spike that is tall and straight. It is one of the most popular varieties. Excellent for cutting. 50c per doz.; $3.00 per 100. Select bulbs 10c; 75c per doz.; $5.00 per 100.

**Princess.** Rich crimson, deeper shading at throat, and large white blotches on lower petals. Magnificent flowers for size and beauty. 10c each; $1.00 per doz. Select bulbs 15c; $1.50 per doz.

**Panama.** A new seedling of America which resembles the parent variety in every way except that it is much deeper pink. A grand variety which evokes words of praise wherever exhibited. Spike very long with flowers large and well arranged. 10c, $1.00 per doz. Select bulbs 15c; $1.50 per doz.

**First Prize White.** A lovely and useful white variety. 10c each; $1.00 per doz.; $7.00 per 100.

**First Prize Pink.** One of the finest varieties for cutting ever sent out; color a beautiful soft flesh pink, orchid-like in its coloring and texture; growth and habit perfect. 10c each; $1.00 per doz.; $7.00 per 100.

**First Prize Red.** The best and most effective scarlet for massing. 10c each; 75c doz.; $5.00 per 100.

**FIRST PRIZE COLLECTION.** This strain affords an unusually fine range of colors. All large flowering kinds. One of the finest mixtures possible to make. 30c per doz.; $2.00 per 100. Select bulbs 50c per dozen; $3.50 per 100.

Choice Bedding Plants. Geraniums.

Geraniums are the best known and most extensively grown of all bedding plants. Much of this is because of their easy culture, freedom of bloom and showy clusters of flowers.

The following collection of Geraniums has been carefully selected as the very best for summer blooming. All have been thoroughly tested by us and we can recommend every one sure to give satisfaction and wealth of beautiful blossoms this season.

**Beaute Poitvaine.** A beautiful salmon pink and free flowering; 15c each; $1.50 per dozen. Larger size, 20c; $2.00 per dozen. Extra heavy plants, 30c; $3.00 per dozen.

**Alfonse Ricard.** Bright vermilion-scarlet, individual flowers as well as trusses are large size; an excellent variety, 15c; $1.50 per dozen, prepaid. Larger size, 20c; $2.00 per dozen. Extra heavy plants, 30c; $3.00 per dozen.

**Bruant.** An old favorite, and still one of the best and most brilliant scarlet varieties. Blooms in large sized trusses and is in bloom continually, while the plant is vigorous and strong in growth. 10c; $1.00 per dozen, prepaid. Larger size, 15c; $1.50 per dozen. Extra heavy plants, 20c; $2.50 per dozen.

**Jean Viaud.** Color, a beautiful shade of bright pink, which does not fade in the hottest weather. Extra strong growth and large foliage, 15c; $1.50 per dozen, prepaid. Larger size, 20c; $2.00 per dozen. Extra heavy plants, 30c; $3.00 per dozen.

**La Favorite.** Trusses very large and of the purest snowy white even when grown in the open ground. 10c; $1.00 per doz., prepaid. Larger size, 15c; $1.50 per doz. Extra heavy plants, 20c; $2.50 per doz.

**Mrs. E. G. Hill.** Flowers are large and perfect in form, bright salmon, with a light shading at center. One of the finest bloomers, continually covered with large trusses of its beautiful single flowers. 15c; $1.50 per doz., prepaid. Larger size, 20c; $2.00 per doz. Extra heavy plants, 30c; $3.00 per doz.

**S. A. Nutt.** Rich dark crimson. The flowers are of the most perfect shape and large size. The trusses are massive and produced in great number. Close, compact habit. 10c; $1.00 per doz., prepaid. Larger size, 15c; $1.50 per doz. Extra heavy plants, 25c; $2.50 per doz.

Geraniums Are a Most Satisfactory Bedding Plant.

**Scarlet Beauty.** (New) Our own introduction. This wonderful beauty is a strong, upright grower producing long, stiff straight stems which are crowned with immense clusters of rich, brilliant scarlet flowers and are fully double. A most prolific bloomer and the individual blossoms often measure more than 2 inches in diameter. Frequently there are a dozen perfect flowers on a single stem with 20 to 30 unopened buds so one can imagine the great beauty and size of their flower clusters. Prices. Thrifty, well-rooted plants, 30c; $3.00 per dozen, prepaid. Larger size, 40c; $4.00 per dozen. Extra heavy plants, 60c; $6.00 per dozen.

Other Choice Bedding Plants.

**Fuchsias.**

Well known favorites for planting out in partially shaded positions during the summer or for early spring-flowering in the window or greenhouse.

**Black Prince.** Bright, waxy carmine sepal and pink corolla. 15 cents, $1.50 per dozen. X-tra large, 25c each.

**Salvia.**

**Bonfire.** (Scarlet Sage) This is one of the finest of the Scarlet Sages. Its erect spikes of brilliant scarlet flowers stand clear above the dark green foliage and completely cover the plants. 10 cents; $1.00 per dozen; larger, 15 cents; $1.50 per dozen, prepaid.

**Splendens.** One of the most gorgeous of annuals, blooming throughout the summer and fall. The plants are completely covered with showy sprays of bright scarlet flowers. 10 cents; $1.00 per dozen. Larger size, 15 cents; $1.50 per dozen.

**Antirrhinum. Snapdragons.**

**Bonfire.** (Scarlet Sage) This is one of the finest value for cutting. The stock we offer has been grown from a select strain. Offered in quantity at $6.00 per 100.

**Daphne.** Soft rose-pink. 10 cents; $1.00 per dozen.

**Golden Queen.** Rich, pure yellow. 10 cents; $1.00 per dozen.

**Mont Blanc.** Pure white flowers. 10 cents; $1.00 per dozen.

**Coleus.**

Are almost indispensable where beds of brilliant foliage are wanted. Also used for edging and ribbon beds.

**Brilliant Red.** 10 cents; 75 cents per dozen; $4.00 per 100. Larger, 15 cents; $1.00 per dozen; $6.00 per 100.

**Golden Bedder.** Pure yellow, clear and distinct. 10c, 75c per doz; $4.00 per 100. Larger size, 15c; $1.00 per dozen; $6.00 per 100.
Desirable Pot Plants for House and Veranda.

The same evolution has taken place in flowers for the house and veranda as in furniture and other things to complete the decorations of the living room of today. The window full of blooming plants, fuschia, petunia, and a dozen others with their blossoms of brilliant hues is now seldom seen. Palms, ferns and other plants with decorative foliage now have the preference. They are not only more attractive, but require less care and thrive where the others will not.

**Palm Kentia Belmoreana**

(See center plant of large illustration above)

The hardest, and while of slow growth, they withstand the dry atmosphere of the house better than any other variety. Fine, rich green foliage and very graceful.

- Extra heavy growing plants, from 3 inch pots, 12 to 15 inches high, 50c each.
- Very large, heavy, bushy plants, from 6 inch pots, 18 to 20 inches high, $2.00 each.
- Extra heavy specimen plants, from 6 inch pots, 24 to 30 inches high, $3.00 each.
- Extra heavy specimen plants, from 8 inch pots, 30 to 36 inches high, $5.00 each.

**Ferns.**

**Boston Fern.** (Nephrolepis Bostinensis) This variety is the most popular of all Ferns. The leaves are long and slender, drooping gracefully, making very elegant specimen plants. We know of no better all-around decorative plant for all purposes. Many other varieties are offered but none desiring the best variety will be recommended the Boston Fern. Nice young plants, 15 cents; large plants, 25 cents, prepaid. Specimens, 50c, 75c and $1.00 each.

**Carax.**

**Japonica Variegata.** An ornamental Japanese grass which is extremely useful as a house plant; of easy growth, withstanding the dry atmosphere of the heated rooms. Excellent for the fern dish. Large size plants, 25 cents each, $2.50 per dozen.

**Asparagus.**

**Plumosus Namis.** A beautiful plant with bright green, gracefully arched foliage. An excellent pot plant. Nice plants, 10 cents; larger, 15 cents. Heavy, bushy plants, 25 cents, prepaid.

**Sprengeri.** Especially useful to be grown as a pot plant for decorative purposes or for planting in ferneries or suspended baskets. It grows freely the whole year round, as it withstands dry atmosphere. It makes an excellent house plant. Nice plants, 10c; larger size, 15c. Heavy bushy plants, 25 cents, prepaid.

**Palm Areca Lutescens**

Most graceful and beautiful in cultivation. Bright green foliage, golden yellow stems.

- Nice thrifty plants from 3 inch pots, 12 to 15 inches high, 35c each.
- Fine healthy growing plants from 4 inch pots, 15 to 18 inches high, 50c each.
- Large healthy growing plants, from 5 inch pots, 24 to 26 inches high, $1.25 each.
- Extra large heavy specimen plants, from 8 inch pots, 3 to 3 1/2 feet high, $5.00 each.

**Phoenix Canariensis**

One of the finest vare, particularly for outdoor decoration. It is of very robust habit and easily grown; very effective and particularly ornamental for decorating court yards, verandas, etc. X-tra large plants only, 4 to 5 feet high and as spreading, $5.00 each.

**Small Ferns for Fern Dishes.**

The use of ferneries as ornaments for the dinner table is very general. We can furnish at all times some fine, healthy plants of the best varieties. Large plants, 15 cents each; 12 for $1.50, prepaid. Extra heavy plants, assorted kinds, 25c; $2.50 per dozen.
A Page of Great Flower Bargains.

1 Hemerocallis (Day Lily)

Don't Miss the Joy of a Wagner Hardy Border, A Brilliant Succession of Bloom from Spring to Fall, Try Some of These Special Offers.
Some Special Collections for Foundation Plantings, Borders, Etc.

The illustration shows how easy it is to have attractive surroundings at the entrance to your home by simply planting a row or two of shrubs at the foundation of the veranda or house. Notice the picturesqueness and character these add to the appearance of the house and how much more attractive they are than if the same space would be planted with tender flowers which would be an annual expense and trouble to plant every year.

For the convenience of those who do not have the knowledge, or have not the time to study the catalogue and select plants that will give good and effective results, we have arranged the following assortments, which are suitable for planting against veranda and house foundations or for general grouping. With these various assortments you will find some to meet your particular needs and give the same results as illustrated on this page.

Wagner Hardy Borders Are Perennial Pleasures.

Wagner Hardy Borders are made up of the handsomest and hardiest of Perennials and Herbaceous Plants already arranged for setting out with a view to securing the finest effect in the space at command and the longest period of harmonious bloom. Varieties in every Wagner Border are labeled, numbered and packed in proper order for planting. You can make a perfect picture of your place with one of these artistic color schemes. And REMEMBER—once established, a Wagner Hardy Border needs little care for years.

These collections are suitable for borders along fences, screens, boundary lines, walks, and formal gardens.

**Assortment No. V-A**—10 Nice thrifty Hardy Shrubs, $2.50. Extra large plants for immediate effects, $6.00.

**Assortment No. V-B**—20 Nice thrifty Hardy Shrubs, $4.50. Extra large plants for immediate effects, $9.00.

**Assortment No. V-C**—25 Nice thrifty Hardy Shrubs, $6.25. Extra large plants for immediate effects, $10.00.

**Assortment No. V-D**—50 Nice thrifty Hardy Shrubs, $10.00. Extra large plants for immediate effect, $20.00.

**Assortment No. V-E**—100 Nice thrifty Hardy Shrubs, $18.00. Extra large plants for immediate effect, $35.00.

The following collections are suitable for borders along fences, screens, boundary lines, walks, and formal gardens.

**Assortment No. B-1**—For bed 4x10 feet, consisting of 15 thrifty Hardy plants, $2.25; extra large plants, $3.75.

**Assortment No. B-2**—For bed 4x20 feet, consisting of 30 thrifty Hardy Plants, $4.50; extra large plants, $7.50.

**Assortment No. B-3**—For bed 5x10 feet, consisting of 20 thrifty, Hardy Plants, $3.00; extra large plants, $6.00.

**Assortment No. B-4**—For bed 5x10 feet, consisting of 20 thrifty plants, $6.00; extra large plants, $10.00.

**Assortment No. B-5**—25 Nice, thrifty Hardy Plants, $3.75; in extra large plants, $6.25.

**Assortment No. B-6**—50 Nice, thrifty Hardy Plants, $7.50; in extra large plants, $12.50.

**Assortment No. B-10**—20 nice, thrifty plants, Wagner Park Daisies, $3.00; in extra large plants, $4.50.

**Assortment No. B-17**—20 nice plants, "Wagner Iris," $2.00; in extra large plants, $3.50.

**Assortment No. B-18**—15 nice thrifty Eulalias in three varieties, large plants, $2.00; extra large plants, $4.50.

We always ship proportionate quantities of tall, medium, and dwarf varieties in filling orders for these collections and label the plants so any one can properly arrange them that the most artistic and pleasing effects are obtained.

Anyone desiring a plan for planting any of the above Collections may obtain same by sending us, with their order, a rough sketch with dimensions of that part of grounds desired to improve.
Have your place beautifully planned and planted this year

WAGNER LANDSCAPE SERVICE

makes possible immediate effects.

We, Will Make, Your Garden Bloom From Springtime Until Frost.

Let us advise you as to how you can secure the utmost beauty and delight from your garden. We offer the advice and service of our Landscape Architects and Gardeners to assist you in making your surroundings more beautiful.

A PLAN for laying out grounds properly is as necessary as a plan for building a house. A mistake made in the beginning often costs many times the small expense of plan or having a landscape architect view the grounds, to say nothing about the annoyance and delay in securing the desired effect. Wagner plans and planting have been utilized in every State in the Union, and in many foreign countries. We are prepared to submit ideas for gardens in any climate and any soil.

On the following terms we will make a sketch showing how to lay out and plant your grounds in an artistic and attractive way. Send us a rough sketch of your grounds, showing locations of buildings, walks, drives, if any, also trees and shrubbery, or any other permanent things already established and that are not to be removed. Show location of all the entrances to lot and buildings, any objectionable or desirable views from the residence, and grades of any importance. Photographs will also be of valuable assistance if convenient to send. The sketch need not be drawn to scale, but should show the width and depth of the lot, and other principal dimensions.

When the sketch is sent to us, remit one dollar ($1.00) for which we will at once send a coupon for the amount, and this coupon will be accepted by us as part payment on an order amounting to $5.00 or more. We wish to impress upon the minds of our customers that this is not a scheme of any kind by which we are receiving pay for the sketch, but it is done only as a safeguard against some curious persons that would impose upon us and ask for plans with little or no intention of making use of them. These plans we furnish are not stock plans, but you will receive a plan made especially for your own grounds. The planting arrangement is worked out by our Landscape Architects to meet the requirements of your place.

We make plans for the surroundings of the humblest little cottage as well as the extensive and elaborate estate, public parks, factory grounds, schools, universities, sanitariums, etc.

NOTE.—The above arrangement, however, applies principally to home grounds of moderate size and not to extensive or elaborate grounds where a large amount of work is involved. We are prepared also, to do this class of work and solicit correspondents from parties desiring such work. We furnish plans by mail, or when desired, will send a landscape gardener to do the work or instruct you how to do it. Our terms for this class of work are always very reasonable.

We Design and Plant Large Public and Private Grounds of All Kinds.

Planting and furnishing stock for Parks, Factory Grounds, Schools, Universities, Sanitariums and Hotel Grounds is one of our specialties, and we are prepared to plan and advise how and what to plant to produce the best results and with the least amount of labor and expenditure. Call on us when in need of such service; we assure satisfaction.
GENTLEMEN: On other side of this sheet is a sketch of my grounds I wish to improve, and I shall be pleased to receive a plan from you as per offer in Catalog. I enclose $1.00 (currency) for which you are to send me a coupon good for this amount on an order for plants amounting to $5.00 or more.

Yours truly,

Name ........................................

Town ........................................... State...

Suggestions are always a help to us in preparing a plan that will meet the local conditions and individual tastes of every person, so kindly answer the following questions that are of particular interest to you.

Do you prefer natural effects?
Do you prefer formal effects?
Do you prefer we use our own judgment?
Do you want us to locate walks? (If so, show all entrances to buildings, etc.)
Do you want a driveway? (If so, show where you prefer it.)
Do you want any tender plants?
Do you prefer all hardy plants?
Do you like a lot of shrubbery?
Do you want a rose bed?
Do you want any hedges? Where preferred?
Do you want a formal flower garden?
Do you want an Arbor or Pergola?
Do you want us to locate trees? If any on grounds, show their location on sketch.
Do you want any fruit trees?
Do you want any street or avenue trees?
Do you want any evergreens?
Do you want any particular kind of trees?
Do you want a vegetable garden? (If so, where do you prefer it?)

When do you contemplate planting this Season, or sometime later?

We receive many plans during our greatest rush that are not used until the following season and if we were advised to the effect that we may prepare them later after our rush is over it would not only accommodate us but our landscape department could then give more time to each and every plan and yet have them completed when ready to us them.

What is the limit you wish to expend for flowers?

This last question is a very important one, owing to many having quite large lawns, yet they do not desire to expend any great amount for flowers. If we know about the amount you wish to expend for flowers, we will arrange the plantings accordingly and you will receive a plan that will be practical for your grounds.

REMARKS
USE THIS SHEET FOR MAKING YOUR SKETCH WHEN sending FOR PLAN

For Terms and Other Information Regarding Plans See Inside Rear Cover Page.

NOTE.—The sketch need not be drawn to scale, but should give the principal dimensions, direction the house faces; North, East, South or West, and the location of entrances, dimensions of buildings, and windows in foundation, etc.; also location of walks, drives, if any trees and shrubbery, or other permanent things established that are not to be removed. Also location of all entrances to lot and buildings, any objectionable views to be retained, and terraces, or grades of any importance. Unless we have this information it will be impossible to prepare a plan that will be practical.

PLEASE DO NOT OVERLOOK ANSWERING QUESTIONS ON OTHER SIDE OF THIS SHEET
Trained Specimen Trees—Boxwood

To meet the increasing demand for trained specimen trees for verandas, entrances, courts and formal gardens we always have on hand a large stock of these trees in the different varieties, shapes and sizes. For decorative purposes these stately evergreen trees cannot be excelled. Nothing can approach them as effective plants for decorating entrances, halls or piazzas. For Italian gardens or enclosed court, they are largely used, and always in keeping with such surroundings.

No evergreen has ever attained the popularity of these beautiful little trees. Much of this is because of their distinctive character from any other evergreen. Their suitability to so many places as decorative plants, and the small amount of care they require to grow them, makes them very desirable for the home grounds. They are useful for grouping, planting against house foundations, for formal or colonial gardens, terraces and porches.

Our stock of these plants is very complete in these various sizes, and are all nice specimens. They are all well supplied with large balls of fibrous roots and earth, which when shipped are wrapped in burlap, guaranteeing their safe arrival to any point in the United States or Canada. When planted in a plant box or colonial kettle they are carefully crated to protect them from any injury either by freight or express. When no shipping instructions are given we use our best judgement as to how to ship.

Box Trees are hardy and may remain out all winter, when planted in the ground in a shaded protected location, even in our northern states. They should be more protected from the sun than cold, as it is the sun shine on the frozen foliage that frequently injures them.

When planted in a receptacle of any kind they need protection during the winter in our northern states, or brought in doors. They can be kept in a cool light cellar, where it is not too warm, in excellent condition. Care should be taken not to bring them out too early in the spring before the weather becomes settled, as the change of temperature then might do damage. When first brought out in the spring keep in a shaded spot for a few days, until they become acclimated again to the outside atmosphere. Never permit them to become dry, for the foliage is evergreen and must have moisture all the time, however do not over-water them. This condition can easily be told by the top soil, if wet they need no water.

BOXTREES PLANTED IN OUR COLONIAL PLANT KETTLES

We here offer some of the leading sizes planted in our Colonial Plant Kettles which produce a unique effect. These receptacles will last a life time for they are made of iron, yet are artistic in effect.

**NICE BUSH BOX PLANTED IN COLONIAL PLANT KETTLES**
- 18 in. high, $4.50 each, 8.00 per pair
- 24 in. high, $5.00 each, 10.00 per pair
- 30 in. high, 7.00 each, 12.50 per pair
- 36 in. high, 9.00 each, 16.50 per pair

**NICE PYRAMIDAL BOX PLANTED IN COLONIAL PLANT KETTLES**
- 24 in. high, $6.00 each, $11.00 per pair
- 30 in. high, 6.75 each, 12.50 per pair
- 36 in. high, 7.50 each, 14.00 per pair
- 42 in. high, 8.50 each, 16.00 per pair
- 48 in. high, 11.50 each, 20.00 per pair

**NICE GLOBE SHAPED BOXWOOD PLANTED IN COLONIAL KETTLES**
- 12 in. broad, $6.00 each, $11.00 per pair
- 15 in. broad, 9.00 each, 18.00 per pair

**NICE STANDARD BOX TREES PLANTED IN COLONIAL KETTLES**
- 15 in. crown, $7.25 each, $14.00 per pair
- 18 in. crown, 9.50 each, 18.00 per pair
- 21 in. crown, 14.00 each, 25.00 per pair
- 24 in. crown, 19.00 each, 35.00 per pair

**BOXWOOD—Pyramidal Form**

These are all especially grown in pyramidal form and are unusually desirable and effective for entrances, halls, plazas, or anywhere on the lawn. May be planted in open ground or may be used effectively planted in our Colonial Plant Kettles or Plant Boxes. Try a pair or two you know you will be pleased.

HARDY EVERGREEN SHRUBS

These “Broad-leaved Evergreens” are being used more and more each year because they are so desirable and effective in all landscape work. Their heavy leaf masses meet the demand for fresh green foliage to enliven and cheer the bare aspect of deciduous trees and shrubs in winter. But best of all is the magnificent display that most of them make when in bloom, especially the Rhododendrons and Kalmias. Another desirable quality most of them have is such a fondness for shady places that they meet a large demand in beautifying these spots which are usually thought so difficult to adorn. As a rule they transplant easily, are quite hardy, give immediate results, and are altogether very satisfactory things to use.

RHODODENDRONS

The Rhododendron in the noblest of our evergreen shrubs. Their large, showy flowers are not equaled by any other shrub. They are a native of the Allegheny and Carolina mountains, where they are seen growing in such profusion that they have become world-famed.

HOW TO GROW RHODODENDRONS

Rhododendrons and a great many of our native plants grow naturally in shady, damp situations, are surface feeders, and this should be taken into consideration when preparing the place to receive the plants. A northern exposure should be chosen, and where there is shade much of the day. Soil should be dug two feet deep, and adding a mixture of leaf-mould, swamp peat or muck or field sods, also sand. The material should be well mixed or pulverized before planting. During the summer the ground should be mulched with leaves or other material and the plants at all times well supplied with moisture. Well rotted manure may be used for top dressing. In winter the plants should be protected by straw, corn fodder, or cedar boughs, particularly where exposed to the sun. Winter sun on the frozen leaves often spoils the foliage of Rododendrons.

Prices quoted are for good specimen plants of the various sizes. Our Rododendrons are many-stemmed clumps. Do not compare them with single stemmed, half-hardy Rododendrons offered by many. There is no comparison.

CATAWBIENSE GRANDIFLORUM—(See illustration showing how freely they bloom). A very compact grower with dark green, glossy foliage. The flowers are a rosy-lilac color and produced in large clusters and in the greatest profusion during late May or early June. Prices for nice plants full of flowering buds, $2.50 each; larger size, $3.00 each; heavy specimens, $3.50 to $4.50 each.

KALMIA. Latifolia—(Mountain Laurel.) One of the grandest of our native evergreen shrubs. Flowers are wheel-shaped and set in close corymbns on the ends of the stems, pure white to pink, and appear in May or June in such profusion as to almost smother the foliage. $2.00 each; Larger size, $2.50 to $3.00 each.

MAHONIA. Aquifolia—The richest of the glossy leaves gives this Mahonia great popularity for ornamental planting. Excellent for edging plantings of Rhododendrons or other evergreens. Yellow flowers followed by blue berries for winter decorations. Its upper leaves are bronzed to red in the winter. It is perfectly hardy in all localities, which makes it superior to any others for general plantings. Nice plants, 50 cents each; Extra large plants, $1.00 to $1.50 each. Japonica—(Japanese Mahonia.) A variety next to the holly in beauty and foliage. Leaves broad, yellow flowers, followed by dark purple berries. This variety should be planted in a protected location. $2.00 to $2.50 each.

AZALEA. Amonia—A bushy evergreen with small green leaves that deepen to a lustrous coppery color in winter. Brilliant claret-colored flowers. Nice plants, $2.00; larger plants, $2.50 to $3.00.

Hinodegiri—(New.) A grand type producing bright red flowers. Very showy. $2.50 each; larger plants, $3.00 each.
Winter Rhubarb Growing

The Greatest Money Crop in California

$2,000 per Acre Can Be Made Where Conditions Are Favorable

The Pioneer Fruit Co. of Sacramento, Cal. Shipped East During March and April 150,000 Boxes

Expect to Begin Shipments in November, This Year, and Ship Double the Above, if Obtainable

Dear Sir:

In reply to your query pertaining to Rhubarb, I beg to say: Our third edition of "Rhubarb for Profit," comprising 7000 copies, due to unprecedented inquiry for same, is exhausted. This booklet is so fully appreciated by the public we have decided to make another issue of same in the near future, revised and down-to-date.

We have entered your name on our mailing list and as soon as the new edition is off the press, will mail you a copy of same.

In the meantime, we mail you this circular, which covers the main points pertaining to culture of Rhubarb, and wish to say, if your land and climatic conditions are favorable, there is nothing you can plant that has paid or will pay so well. Others as well as ourselves have harvested crops up to $2000 per acre per annum. You can do equally as well.

Note prices on our Giants and Giant Seedling. These have cost in the past as high as $5.000 per plant. We have now over 20 acres planted to these. Our land is all occupied, hence we are making special low price to move surplus plants. They are going rapidly at these figures and probably will never be cheaper, hence do not delay, but plant at once. They should more than pay for themselves in one year; this cannot be said of any other plant or tree you can put in.

If you cannot afford the Improved Giant divisions, plant Giant Seedling. They cost no more than common plants and are hardy anywhere, and twice as productive as any of the common sorts.

Very truly,

J. B. Wagner
Pasadena, Cal.

Residence and Nurseries—On southwest corner Villa street and Sierra Bonita avenue. Take Lamanda Park car, get off at Sierra Bonita avenue, go north to Villa street, or take North Loop car, get off at Sierra Bonita, go south to Villa.

CRIMSON WINTER RHUBARB

Mr. Burbank says, one of the most surprising facts which the careful observer notes is the great length of time required to familiarize growers of both fruits and vegetables, with any new, epoch-making introduction.

CRIMSON WINTER RHUBARB, introduced in 1900, received the same slow recognition, though it proved all and more than was claimed for it. No vegetable ever introduced has proved so profitable.

Rhubarb is the first vegetable we have from the ground in spring. It has a host of friends who fully appreciate its merits, while those who have land and do not grow it are losing one of Nature's choicest and healthiest vegetables. It is the easiest plant to grow of all the perennials. A bed once established will last for 15 or 20 years. A half dozen plants will supply a large family during the season, which with Winter Rhubarb is 52 weeks each year. (Common sorts, 12 weeks.)
The great value of Rhubarb as a vegetable lies mainly in its earliness. A vast amount of time and labor has been spent in efforts to originate a variety producing the fullest reward, as Winter Rhubarb which will grow freely six months earlier than any other sort after planting.

In quality it is simply superb, fully equal to the finest berries for sauce and pies. The leafy, very fragrant, very edible flavor so desirable in a salad vegetable is really a combination of fruit and vegetable at its best, when such things are unobtainable at normal prices.

Its high rate of growth makes it especially adapted to growing in greenhouses or under glass for winter use in cold climates; all that is necessary is to keep the temperature above freezing point.

In California, where the demand for shipping East, it has proven to be more profitable than anything the soil produces. To this I heartily agree.

Early recognizing its wonderful future, I procured in the fall of 1901, 100 plants from Mrs. M. E. Shearer, and as it was mingled with seeds of potatoes, 100 Rhubarb car-seed and plants, both home and abroad, was greater than I was able to supply from these to the demand. I got and sold 500 heads at 10c each, with no paid fancy prices; but, recognizing the advantages to be derived from having pure stock for propagating purposes, I considered them cheap at any price, and one of the best investments ever made. Planters will do well to note these facts, as seedlings once or twice removed from original stocks are apt to be very disappointing, owing to its tendency to deteriorate in quality. As a money-maker it has proven way ahead of my most sanguine expectations.

We especially invite intending planters to call and see for themselves what can be done. One irrigating is ample during summer. However, one must be governed by soil and climate conditions. A thorough irrigating in September or early in October increases the capacity of the land. Extra high demand prices, prices at this time ranging from $3 to $6 per pound, and a demand ready earlier in the season at $3 to 15c per pound. Every grower who has the desire to realize from his Rhubarb crops, as Mr. W. L. Burbank says, a large profit of 10c or more per head, is invited to plant, a tendency to decay when divided.

Be sure to come from medium size plants. These are the only sort we recommend and sell, as old divided crowns are almost worthless. NEVER PLANT SEED OR SELDLINGS FROM ANY OTHER THAN ORIGINAL STOCK. It seems to deteriorate rapidly when far removed. To produce best results, one must keep all seed stems cut off at all times, as it has a great tendency to seed. With due care it can be successfully transplanted at any time of year except in excessively hot sections.

At present demand for reliable plants is greater than the supply, owing to the fact that it is very hard to propagate.

Plant 13 by 5 feet. Recent experience indicates this is best distance to plant; 15 by 5 feet are too close. By planting 13 by 5 feet, it allows the plants to grow longer and more tender and in no way is injurious while more and redder stems are produced and the dense growth also protects stems from frost during winter and shades the ground during hot weather.

Rhubarb is as easily had and very common as apricots or peaches; hence at satables a little better paying or better paying they are always in great demand.

In the East it is used as a base for the deciduous orchard when in its prime. It delights in any good vegetable soil that produces sweet potatoes, etc. It is a heavy feeder and has no ill effect on it once it is established, if properly cared for.

Plants should be set same depth as they originally grew, watered immediately, formed into a clump with another irrigation, then keep soil in well-tended and moist condition. Irrigate as often as is necessary to keep from drying out.

A liberal use of manure, thoroughly mixed with the soil, is greatly beneficial and sure to produce more and smaller and lighter, easier to pick and more for every inch grown. Barn-yard manure, blood-fertilizer or nitrate of soda preferred; apply nitrate in October 180 to 200 lbs. per acre. If heavy rains follow, it is especially refreshing. Cut into small pieces, sprinkle with water, cover with boiling water and permit to stand without cooking till cool. Use a small amount of sugar. It is also of great value in the making of preserves and light wines. There is no waste to it—all tenderness.

The canneries use it without starchy effects in all available pieces of the stalk.

It requires about one-third less sugar for sauce and pies than ordinary sorts. It makes fine dessert when baked. Bake slowly in earthen dish, sprinkle lightly with sugar, or make a pie, using 5c per quart; it is superior to Loquat or Roselle.

Rhubarb has great medicinal value. It is found in every drug store throughout the United States but is a little known article and one might as well afford to use it without it as it saves many a doctor bill by keeping the system in order.

A temperature of 15 degrees will not injure plants but is apt to injure the crop then and later and it is necessary to be on the watch for the first indications of injury.

The purchase price has been $1.00 per 50 stalks and $2.00 per 100 stalks, paid on orders for delivery unless at least one-third price accompanies order. We are confident that parties who plant now will have a good crop in May and will be assured of a good return on their investment. One to 10 tons per acre, according to conditions, care, etc. A thorough investigation is earnestly desired. It will convince anyone of the claims above made. It does not thrive in shade of large trees, but does well in young orchards. We now offer these in two grades and the best plants ever offered on the coast, field grown and sure to give satisfaction.

Price within reach. Price within reach.
BURBANK'S GIANT WINTER. (NEW)

Introduced for the First-Time from His Grounds at Santa Rosa in 1907.

This is purely a winter sort, and produces stems fully twice as large, and does not tend to seed so readily. It produces leaves of larger size, and bearing three and four times as much fruit as other varieties. When I was at Burbank's home in Santa Rosa, he said it was a sport from the common Crimson Winter, and will not come true from seed, the seedlings receiving a different type; hence the increase on the plant. The roots. This makes it exceedingly hard to propagate; hence will make it scarce and hence valuable hereafter.

Those ready to grow a winter crop of plants should sow the seed at once, and keep the growing stock under the best possible conditions. When I started this variety, I preconced, and believe, that in three to five years hence the plants will command a growing price. It is a good value, a sure earner, and should have a good demand, once its superior merits are known. Its great stalks are produced in abundance the year round, crimson in color, tender and highly flavored like a beet. Mr. Burbank of Santa Rosa, he states they can be grown under same conditions as the common Crimson Winter, and will be a sport to many. I think consideration he ever offered, and says anyone having the soil suitable for rhubarb culture, it would be a good experiment to grow. I think, with the demand, it is the same as Burbank's Giant Winter Rhubarb, stems the same size, and it does not need ready. This variety is a winter variety that is worthy of a place on the table along with our choicest fruits and vegetables. One having a dish of this to set before their guests will have something to be proud of. I have gardened on many beautiful stalks from March to December, and acting as a money maker.

Wagner's Giant Amber (new). It is a cross of Burbank's Crimson Winter and the well-known variety, Golden Syrup, a variety I got from the East several years ago. The chief claim of the Golden Syrup Rhubarb to its popularity, was its name, due to the beautiful rich orange or lemon colored sauce it made. Crimson and the usual greenness so commonly at that of the old Winter. It was supposed to be a cross on the yellow dock, from whence it got its color. The ordinary Crimson Winter on Golden Syrup was a little, excessively fortunate, as I was able to retain the color of the Golden Syrup to a greater extent of the winter habit, than that of the Crimson Winter, thus producing a variety which is a true winter grower and with flavor as fine as crimson Winter and the stems when cooked making a sauce almost the color of the sauce made with the stems of the Syrup Winter. The flavor is identical; occasionally a stem has a little trace of red on it. This color is not always seen when cooked. It is a strong grower, by cutting end of stem off and removing a little of the skin at lower most end of stem, other than it is much earlier. When you sees it, it is the same as Burbank's Giant Winter Rhubarb, stems the same size, and it does not need ready. This variety is a winter variety that is worthy of a place on the table along with our choicest fruits and vegetables. One having a dish of this to set before their guests will have something to be proud of. I have gardened on many beautiful stalks from March to December, and acting as a money maker.

Wagner's Giant Winter. Being a cross on the common Crimson Winter (from whence it gets its Winter) and the Australian Crimson Winter, is another cross which was made with some plants selected from whence it gets its immense width of stem. The Crimson Winter is noted for length of its stalks and the width of its leaves, and the Australian Crimson for the color, and its ability to combine these two qualities which have resulted in producing a true winter grower. It is a very useful variety, as it is ready to gather 13 times from a single plant sixty full-grown stems that weighed 59 pounds, or one-half pound per stem. This variety has all the good qualities of the Crimson Winter; does not require them to be as heavy, but gets better. This is a slow, tedious task, hence prices of this sort will always remain high. By canning this variety, which can be subdivided into three varieties, we can get 10 plants each. Particles who gets plants now will surely reap a rich harvest as it is talked about on the market now occupied by other sorts. The stems are as tender as any known plant, do not have to be peeled, are not coarse or stringy, cook readily, are of good color but not so red or hard and stringy as the common Crimson Winter. As it has not been grown very much, the yield of the variety is larger than any other, and unless the ground is frozen it keeps on growing constantly. Stems proving two to three times as large as the Common Crimson Winter, being hardy in any climate, will grow and yield handsome returns where the Common Crimson Winter varieties would be a failure. It is unsurpassed in either flavor, texture, size or handsomeness, and is a very handsome variety. This variety has the quality of this is the same as the Common Crimson Winter, yields much heavier than any of the others, and is much more plentiful. It is a profitable variety, as it is not expensive to purchase, and the high-priced Giant varieties we strongly recommend in preference to the Common Crimson Winter, will prove a great money maker. This variety is one of the handsomest plante ever seen, and makes a splendid color, etc., but none the less, more valuable than the common Crimson Burbank variety.

While we make a specialty of growing Winter Rhubarb for both plants and stem varieties we can help you to this end, as we have had it in this golden, vast, grow for our planting trade the following well-known varieties:

IMPROVED STRAWBERRY (OR LORENZO), being one best adapted to the conditions of California, is a hardy, grew from seed from our famous Giant, yields up to 100 pounds per plant, now for the first time it is being produced and very much more productive than the Common Crimson Winter, unequalled except by our high-priced Improved Winter variety. It comes on earlier after planting, unless the ground is frozen it keeps on growing constantly. Stems proving two to three times as large as the Common Crimson Winter, being hardy in any climate, will grow and yield handsome returns where the Common Crimson Winter varieties would be a failure. It is unsurpassed in either flavor, texture, size or handsomeness, and is a very handsome variety. This variety has the quality of this is the same as the Common Crimson Winter, yields much heavier than any of the others, and is much more plentiful. It is a profitable variety, as it is not expensive to purchase, and the high-priced Giant varieties we strongly recommend in preference to the Common Crimson Winter, will prove a great money maker. This variety is one of the handsomest plante ever seen, and makes a splendid color, etc., but none the less, more valuable than the common Crimson Burbank variety.

LINNEAUS—Early, large tender, fine flavor, requiring very little sugar, earlier and more productive than Victoria, grown very extensively in East and Northern sections.

VICTORIA—One of the old standards, grown extensively in England and England, with a favorite in many. Stalks large, pale green split, early, large, and handsome; roots which can be propagated easily from root cuttings. Strong rhizomes, croppers heavily, and in a very small space, with the most careful and shrewdly edited and uncertain to give satisfaction, nor nearly so prolific as Linneaus and Lorenzo. We have found it in our trials to be a very valuable variety, and hope it will have a future.

We have aimed in above brief treatise to answer all of leading questions com- mon to growers of this valuable plant. There are other things regarding soil or other conditions desired on the subject, we and we will be pleased to furnish one of the largest assessment of the plants and sanguine and Sanguine to be found in the State, as well as valuable trees, all sorts. Price list of these is here attached. Kindly give some careful attention and submit a bill of variegation.
Crimson Winter and Wagner's Giant Seeding—First size, 25c each, $1.50 per doz. to 200; second size, 15c each, $1.00 per 100; 200 at $1.50 per 1000; 500 at $3.00 per 1000.

Strawberry (or Lorenzo) Linneas, Victoria and Mammoth—Medium size, 15c each, $1.00 doz., $1.50 per 100, $20.00 per 1000. Special prices on large lots.

Wagner’s Giant Crimson Winter, and Giant Amber Winter—35c each, $2.00 per dozen, $10.00 per 100, $75.00 per 1000. Special prices on large lots.

Wagner Giant Rhubarb seed, $12.00 per lb., $7.00 per ½ lb., $4.00 per 1 lb.

SPINELESS CACTUS.

We can supply plants in quantities and price sufficient to justify large plantings, and, as the plant thrives, it will be found in immense fields. We offer a peculiar and growing sections. Up to the present time it was impossible to supply plants in quantities, hence no large quantities. It is the easiest of all forage plants to grow, except forage grasses. We now have too high a supply of this plant, hence we will supply collections of this sort.$4.00 per 100, $35.00 per 1000.

We can supply collections of these new sorts of his: 10 valuable new forage and 100 fruit strains, collections of 100 of his best forage and fruiting sorts for $4.00, or I can supply an assortment of 10 of the more common sorts of the Spineless for $1.50; 25 sorts for $5.00.

MISCELLANEOUS FRUITS.

Eugenia Piantna. Each. 50c per doz. $5.00

Avocado. One-year seedings, each. 25c; per doz. $2.50; per 100, $30.00. Budded or layered, each, $2.00. Each, small size and variety, 50c; per 100, 50c; per 1000, 5c.

White Sapote. Each. 75c.

Cherimoya (small trees). Each. 25c; per doz. 2.00. Larger size, 50c and 75c each.

Loquat. Each. 25c; per doz. $2.50; per 100, $15.00.

Chinese Climbing Plum. Each. 15c per doz. $1.00; per 100, $7.00.

Yang Tao. Each. 50c per doz. $5.00.

St. Regis (Kiwiberry). Each. 25c; per doz. $2.00; per 100, $10.00.

Currants (Red, White, White, White, Grape, F. Proctor, Lee’s Proctor, P. Queenberry, Black, Naples, Victoria). Each. 15c per doz. $1.00; 100, $7.50.

Gooseberry (Dawson, Houghton, Josselyn, Oregon Champion). Each. 15c per doz. $1.00; per 100, $7.00.

WALNUTS.

Black Giant Trees. Each. 25c; 10 $2.00; 100 $17.50.

Giant Black Nut Seed. Each. 25c; 10 $2.00; 100 $25.00.

Black Giant Grafting Wood. 25c per ft.; 100 ft. $4.00.

Same as *Giant Santa Barbara Soft Shell. Each. 25c; 10 $2.00; 100 $17.50.

Manzana Grafted on Juneberry. Each. 25c; 10 $2.00; 100 $25.00.

Japanese Sieboldii. Each. 25c; 10 $2.00.

Eastern Black. Each. 25c; 10 $2.00; 100 $25.00.

California Black. Each. 25c; 10 $2.00; 100 $19.00.

SUGGESTIONS OF VALUE.

To have a constant crop of Blackberries, plant in order named: Mammoth, Cran- dall and Himalaya.

Logan and Phenomenal berries always welcome.

Raspberries—Surprise gives constant crop. None better. Yellow Raspberry is a delicious and Black Caps if you can keep them made and mole.

Patagonia Strawberry, is a new one. Leave the selection of the strawberries with your dealer.

Don’t fail to plant a Cherimoya, a Peflo Sellowiana or a Chinese Climbing Plum. No garden is complete without them. Of course you will put out an Asparagus bed, some blackberries, and be the first in your vicinity to have a few Spineless Cactus for show and poultry feed.

Walnuts for nuts and shade. Especially Wagner’s Giant for shade. It makes a tree in 10 years 2 to 3 feet in diameter. Plant it for lumber, shade or wood. No hard wood tree on earth grows as rapidly. Hardy anywhere.

TO INTENDING PURCHASERS.

We have nothing to offer except herein listed.

Six at doz, rate, 50 at 100 rate, 500 at 1000 rate, on everything listed in this catalogue.
INDEX

INDEX

All good gardeners now use seed for the making of a good lawn in preference to turf or sod.

The preparation of the ground is an important step. The best soil is a medium texture, neither very sandy nor very clayey. Soak thoroughly. Remove stones, sticks, sods, etc., if necessary.

How to Make a Lawn

How to Make a Lawn—Use about one half the quantity of lawn seed required in making a lawn. 2
