Price-List for
1920

Nurserymen · Florists

**RUTHERFORD
NEW JERSEY**

FOREWORD

THE COLLECTION OF PLANTS AND TREES described and illustrated in our General Catalogue still remains intact, so that for horticultural reference it is just as useful as ever. Therefore, in an endeavor to keep the price of our products at rock bottom, instead of issuing a new expensive catalogue, we ask you to keep our last year's edition and use this revised Price-List in conjunction with it.

Should you need any information relative to plants or planting, write to us. We are organized to give just such service.

BUSINESS TERMS AND SUGGESTIONS

Correspondence Solicited. We give every inquiry prompt attention. We ask that each inquiry be made as brief and clear as possible.

Order Early. It greatly facilitates shipment if orders are received early, and will save disappointments. Please write orders on Order Sheets accompanying Price-List.

Important. Please advise when ordering, if you wish goods shipped by express or freight, giving best route for quick delivery. We will not warrant prompt delivery of goods shipped by freight. Please write Name, Post Office, County and State, also Number of Street, as plainly as possible; also any other information necessary to expedite shipment. All goods travel at the purchaser's risk and expense.

Prices in this Price-List are f. o. b. Rutherford, N. J. Packing and local delivery charged at cost. This Price-List cancels all sales conditions and prices quoted in previous catalogues.

Terms. Cash, or satisfactory reference, must accompany all orders from unknown parties. A discount of 2 per cent allowed on orders accompanied by cash.

Our Responsibility. While we exercise the greatest care to have all stock genuine and reliable, and hold ourselves prepared to replace, on proper proof, all that prove untrue, we do not give any warranty, expressed or implied; and in case of any error on our part, it is mutually agreed between the purchaser and ourselves that we shall not at any time be held responsible for a greater amount than the original price of the goods. No complaints will be considered that are not made within ten days after the receipt of the stock. We accept all orders on the condition that they shall be void should injury befall our stock from any causes over which we have no control.

Complaints. All errors and omissions in the execution of orders will be satisfactorily adjusted, if we are notified immediately upon receipt of goods.

Head Gardeners and Assistants. We have a list of competent applicants awaiting engagements. We shall be glad to furnish these names to those requiring the services of proficient men.

How to Reach Our Nurseries. Visitors invited. Our Nurseries, consisting of five hundred acres, are located within eight miles of New York City. The automobile roads leading to our Nurseries are exceptionally fine. Rutherford is the first and Carlton Hill the second station on the main line of the Erie Railroad. Take the Hudson Tunnel at 33d Street or at Cortlandt Street Terminal—trains connect with the Erie Railroad at Jersey City. The Carlton Hill Station is only five minutes' walk from our Office and Nurseries.

Our Shipping Facilities. We are admirably located to ship to all parts of the country, being only eight miles from New York City. We can ship by express and freight via Erie Railroad from Rutherford, express or freight via D. L. & W. R. R. from Passaic, and by Carlton Hill Express Co., which connects with all railroad companies, boat and railroad lines leaving New York City and Newark. We advise large orders to be shipped in car-lots from Rutherford, as little or no delay occurs in shipping this way.

Trusting again to be favored with your patronage and promising our best efforts to give satisfaction, we are

Yours respectfully,

BOBBINK & ATKINS, Rutherford, N. J.

EVERGREENS AND CONIFERS

	Each	10
ABIES concolor. White Fir. 1½ to 2 ft.	\$2 00	\$18 00
2 to 2½ ft.	3 50	31 00
2½ to 3 ft.	5 00	45 00

HARDY BROAD-LEAVED FLOWERING EVERGREENS

Rhododendron Hybrids

The letter following the name indicates the comparative growth of the variety: (a) extra high; (b) high; (c) medium; (d) dwarf.

	Each		Each
Abraham Lincoln , (c) Rosy crimson, 15 to 18 in.	\$2 00	H. W. Sargent , (b) Crimson, 2½ ft.	\$3 50
Album elegans , (a) Light blush, changing to white, 2 to 2½ ft.	3 00	Ignatius Sargent (Boss), (b) Rose-scarlet, beau- tifully marked, 1½ ft.	4 00
2½ to 3 ft.	4 50	2 ft.	4 00
3½ to 4 ft.	6 50	2½ ft.	6 00
Atrosanguineum , (b) Deep blood-red, 2 to 2½ ft.	4 50	Kettledrum , (b) Rich crimson, suffused with purple, 1½ ft.	3 50
Alexander Dancer , (c) Bright rose-color, lighter center, 15 to 18 in.	2 75	2 ft.	5 00
Amphion (F. L. Ames), (b) White center, with margin of pink, 2 to 2½ ft.	4 50	Kissena , (d) Lavender, crimped petals. 2½-ft. diam.	7 50
2½ to 3 ft.	6 50	3-ft. diam.	10 00
Boule de Neige , (d) White, 12- to 15-in. diam.	2 00	Lady Armstrong , (b) Pale rose, beautifully spotted, 3 ft.	8 00
15- to 18-in. diam.	3 50	Lady Clermont , (b) Deep pink, 2 ft.	3 50
18- to 21-in. diam.	5 00	Lady Grey Egerton , (c) Silvery blush, almost lilac, 1½ ft.	3 00
21- to 24-in. diam.	7 50	2 ft.	3 75
Candidissimum , (c) Tinged pink, fading to white, 1½ to 2 ft.	3 00	Lee's Dark Purple , (c) Deep purple, 1½ ft.	3 00
Catawbiense album , (c) White, 1½ to 2 ft.	3 00	Mabel Parsons , (c) Very soft rose-blush, 1½ ft.	3 00
Caractacus , (c) Warm crimson, with faint tinge of purple throughout, 1½ to 2 ft.	3 25	Maximum superbum , (b) Warm rosy pink, 1 to 1½ ft.	2 00
Charles Bagley , (b) Cherry-red, 2½ to 3 ft.	7 00	Mrs. Florence Smith , (c) Clear pink, 1½ ft.	3 00
Charles Dickens , (b) Rich deep scarlet, 1½ to 2 ft.	3 00	Mrs. C. S. Sargent , (c) Bright pink, with yellow eye, 1½ ft.	3 00
2 to 2½ ft.	4 50	2 ft.	4 00
Charles S. Sargent , (b) Rich crimson, 1½ to 2 ft.	3 00	2½ ft.	6 00
Daisy Rand , (d) Deep crimson, spotted, 18-in. diam.	3 00	Mrs. Harry Ingersoll , (d) Rosy lilac, greenish yellow eye, 1½ ft.	3 00
24-in. diam.	6 00	Mrs. Milner , (c) Rich crimson, 1½ ft.	3 00
Delicatissima , (b) Delicate flesh-pink, 1½ to 2 ft.	3 00	2 ft.	4 00
E. S. Rand , (c) Rich scarlet, 1½ to 2 ft.	3 00	Purpureum crispum , (d) Clear purple, 2 ft.	5 00
2 to 2½ ft.	4 50	Purpureum elegans , (c) Royal purple, 1½ ft.	3 00
Everestianum , (d) Rosy lilac, spotted yellow, 2-ft. diam.	5 00	2 ft.	4 00
2½ ft. diam.	6 50	Purpureum grandiflorum , (c) Purple, 1½ ft.	3 00
F. D. Godman , (c) Crimson, with dark blotch, 1½ to 2 ft.	3 00	2 ft.	4 00
2 to 2½ ft.	4 50	Sefton , (c) Dark maroon, 1½ ft.	3 25
F. L. Ames , See Amphion .		Senator Charles Sumner , (c) Rose and light purple, 1½ ft.	3 00
Florence , (c) Rare pink, center almost white, 1½ to 2 ft.	2 50	2 ft.	4 00
Flushing , (c) Rosy scarlet, spotted, 1½ to 2 ft.	3 50	STANDARD OR TREE-FORM RHODODENDRONS . Prices and varieties on application.	
General Grant , (c) Scarlet, 1½ ft.	2 50	Prices of Mixed Hybrid Rhododendrons, our own selection.	
Giganteum , (b) Cherry-red, 1½ ft.	2 50		
2 ft.	3 50		
2 to 2½ ft.	4 50		
Glennyanum , (d) Beautiful soft pink, 2½-ft. diam.	8 00		
Henrietta Sargent , (c) Pink, yellowish green eye, 1½ ft.	3 00		
2 ft.	4 00		
2½ ft.	6 00

DECIDUOUS ORNAMENTAL AND SHADE TREES

Trees marked with an asterisk (*) are of the pendulous or weeping habit

	Each	10
<i>ACER</i> . Maple.		
campestre. 5 to 6 ft.	\$1 50	
8 to 9 ft.	2 50	
cappadocicum <i>horticola</i> (colchicum <i>rubrum</i>). 5 to 6 ft.	1 00	
10 to 12 ft.	3 50	
14 to 16 ft., specimens	10 00	
dasyacarpum (saccharinum). White or Silver-leaved Maple. 10 to 12 ft.	1 25	\$11 00
12 to 14 ft.	2 00	18 00
14 to 16 ft.	3 00	27 00
dasyacarpum <i>pyramidalis</i> . Silver Maple. Branches from bottom.		
8 to 10 ft.	1 50	13 50
10 to 12 ft.	2 50	22 50
12 to 14 ft.	4 00	35 00
*dasyacarpum <i>Wieri laciniatum</i> (saccharum <i>Wieri laciniatum</i>). Wier's cut-leaved Silver Maple. 12 to 14 ft.	3 50	
14 to 16 ft.	5 00	
ginnala (tataricum <i>ginnala</i>). 5 to 6 ft.	1 00	
Negundo auratum. 2½ to 3 ft.	1 00	
3 to 4 ft.	1 50	
pennsylvanicum. Striped Maple.		
4 to 5 ft.	1 00	
5 to 6 ft.	1 50	
platanoides. Norway Maple.		
8 to 10 ft., 1¼-in. diam.	1 25	11 00
10 to 12 ft., 1½-in. diam.	1 75	15 00
12 to 14 ft., 2-in. diam.	2 50	22 50
14 to 16 ft., 2½-in. diam.	3 50	31 00
16 to 18 ft., 3-in. diam.	6 00	54 00
18 to 20 ft., 4-in. diam.	\$10 to	15 00
Larger quantities and specimens, prices on application.		
platanoides <i>cucullatum</i> . Curly-leaved Norway Maple. 12 to 14 ft.	3 50	
15 to 17 ft.	6 00	
platanoides <i>globosum</i> . 1-yr. head	2 50	
2-yr. head	4 00	
3-yr. head	6 00	
platanoides <i>rubrum</i> (platanoides <i>Reitenbachii</i>). Reitenbach's Norway Maple. 8 to 10 ft.	2 50	22 50
10 to 12 ft.	3 50	30 00
platanoides <i>Schwedleri</i> . Schwedler's Norway Maple. 8 to 10 ft.	2 00	
10 to 12 ft.	3 00	
12 to 14 ft.	4 50	
14 to 16 ft.	7 50	
pseudoplatanus <i>Leopoldii</i> . Leopold's Sycamore Maple. 10 ft.	6 00	
pseudoplatanus <i>purpurascens</i> . Purple Sycamore Maple. 18 to 20 ft.	30 00	

	Each	10
pseudoplatanus <i>rubrum</i> . Red or Scarlet Maple. 5 to 6 ft.	\$1 25	\$11 00
6 to 8 ft.	1 50	13 50
8 to 10 ft.	2 50	22 50
saccharum. Sugar or Rock Maple.		
8 to 10 ft.	1 50	13 50
10 to 12 ft.	2 50	22 50
12 to 14 ft.	3 50	31 00

Japanese Maples

<i>Acer japonicum aureum</i> . 1 to 1½ ft.	1 50	13 50
1½ to 2 ft.	2 50	
2 to 2½ ft.	3 50	
japonicum <i>Parsonsii</i> (japonicum <i>fili-colum</i>). 1½ to 2 ft.	2 50	
2 to 2½ ft.	3 50	
3 to 3½ ft.	5 00	
4 to 4½ ft.	7 50	
palmatum (polymorphum). 1½ to 2 ft.	1 00	9 00
6 to 8 ft., specimens	7 50	
palmatum <i>atropurpureum</i> .		
1½ to 2 ft., bushy	2 50	22 50
2 to 2½ ft., bushy	5 00	45 00
3 to 3½ ft., bushy	8 00	72 00
3½ to 4 ft., bushy	12 00	110 00
Specimens	\$15 to	20 00
palmatum <i>atropurpureum dissectum</i> .		
1½ to 2 ft.	3 50	
2 to 2½ ft.	5 00	
palmatum <i>atropurpureum novum</i> .		
1½ to 2 ft.	3 50	
2 to 2½ ft.	6 00	
palmatum <i>dissectum</i> .		
1- to 1½ ft. spread	1 50	
1½- to 2-ft. spread	3 50	
3- to 3½-ft. spread	7 50	
palmatum <i>dissectum rubrifolium</i> .		
1½- to 2-ft. spread	4 00	
2- to 2½-ft. spread	6 00	
palmatum <i>dissectum viridis</i> .		
1½ to 2 ft.	3 00	
2 to 2½ ft.	4 50	
palmatum <i>linearilobum</i> (palmatum <i>scolopendrifolium</i>). 2 to 2½ ft.	3 50	
<i>ÆSCULUS carnea</i> (rubicunda). Red-flowering Horse-chestnut. 6 to 8 ft.	3 50	
<i>Hippocastanum</i> . European White-flowering Horse-chestnut. 7 to 9 ft.	1 50	13 50
13 to 15 ft.	4 00	36 00
14 to 16 ft.	6 00	54 00
Specimens	\$15 to	75 00
<i>Hippocastanum Baumannii</i> (Hippocastanum fl.-pl.). Double White-flowering Horse-chestnut. 8 to 9 ft.	2 50	22 50
13 to 15 ft.	6 00	54 00
Specimens	\$10 to	35 00

AMERICAN-GROWN ROSES

A. B., Austrian Brier.
 Arv., Arvensis.
 Bour., Bourbon.
 C., China.
 Cl.H.P., Climbing Hybrid
 Perpetual.

Cl.H.T., Climbing Hybrid Tea.
 Cl.T., Climbing Tea.
 Dam., Damask.
 H.Bour., Hybrid Bourbon.
 H.Mac., Hybrid Macrophylla.
 H.N., Hybrid Noisette.

H.P., Hybrid Perpetual.
 H.Sb., Hybrid Sweetbrier.
 H.T., Hybrid Tea.
 H.Wich., Hybrid Wichuraiana.
 Mult., Multiflora.

N., Noisette.
 Per., Pernetiana.
 Poly., Polyantha.
 Rug., Rugosa.
 T., Tea.
 Wich., Wichuraiana.

Varieties priced above \$1 each are net, regardless of quantity ordered.

To secure 10 rate, order 10 or more Roses in lots of not less than 5 of each variety.

To secure 100 rate, order 50 or more Roses in lots of not less than 5 of each variety.

For example—an order of 5 General Jacqueminot and 4 Ophelia would be given the each price, but if 5 of each were ordered the 10 rate would be given.

Booster Frames Make Early Gardens

WHAT'S the use of fussing along any year with your garden, worrying because it's cold and you can't put seeds in; or when the seeds are in and the plants up, it's so cold they won't grow?

Garden right this year.

Buy some Garden Boosters, or Frames, as some call them.

Plant your seeds in them and have fine, husky plants ready for setting out at the time you used to be putting in seeds.

Put some of these Boosters over your rhubarb and have "Garden Sass" a couple of weeks earlier. Do the same with asparagus. Start melons and cucumbers in them. When it gets too

warm to keep the glass on, substitute ordinary mosquito netting and protect your vines against those pesky, yellow striped bugs that destroyed your vines last year.

Put some Boosters over your hardy flower plants and boost them along and have flowers before any of your neighbors.

Whatever you do, don't put off buying your Boosters.

The only way to have an early garden is to start gardening early.

SPECIAL OFFER

11 BOOSTERS FOR \$23.75

Offer includes 5 Plant Boosters; 2 Single Row Boosters; 4 No. 2 Melon Boosters. (See inside pages.)

Shipped knocked down, with all holes ready for bolting together with cast iron corner cleats.

For Sale By

BOBBINK & ATKINS

Nurserymen and Florists

Rutherford, N. J.

One of the office boys took this photo of his Narcissus, which were in full bloom when, those outside of the Plant Boosters were only three inches high.

Plant Boosters

HERE is just the handy little booster you have been looking for, to set over single plants of either flowers or vegetables. They are sturdy little chaps $11\frac{1}{2}$ x 13 inches and are made of $\frac{1}{2}$ -inch cypress securely bolted together by cast iron corner cleats. The glass slips down to give ventilation.

Price

They cost \$8.17 for five. At such an extremely low price you can readily appreciate that it would not pay us to pack up less than 5. They are shipped knocked down, with bolt holes bored, all ready for erection.

Try 5. You will want 5 more next year.

Single Row Boosters

THESE are the same width and three times the length of the plant boosters shown above. They were originally intended for setting over single rows of plants, but this is but one of their many uses.

One of these Boosters costs so little as \$4.68.

If, for instance, you have a narrow space between your walk and house, these Single Row Boosters will come in to good advantage.

This is the Junior Size Melon Booster, which is $19\frac{1}{2}$ x $20\frac{1}{2}$ inches, and has a one-light sash.

Melon Boosters

THE real reason for melon boosters is to get better melons—not only earlier, but better.

Better, because by getting them started earlier, the roots have a chance to get thoroughly established before the blistering summer suns come to dry out the ground. It's the surest way to get melons with that true melony flavor.

But by no means is their use limited to melons.

Try them over your rhubarb—or to start seedlings in, or to call forth earlier blooms on your daffodils.

Prices

No. 1— $22\frac{1}{2}$ " x $25\frac{1}{2}$ "	\$4.36
No. 2— $19\frac{1}{2}$ " x $20\frac{1}{2}$ "	 3.32
No. 3— $12\frac{1}{2}$ " x $14\frac{1}{2}$ "	 2.09
No. 6— $16\frac{1}{2}$ " x $18\frac{3}{8}$ "	 2.34

The regular Standard Melon Frames are $22\frac{1}{2}$ by $25\frac{1}{2}$ inches, and have a wrought sash. Cast-iron bolser, together with cast-iron corner pieces.

This is a one-sash Junior being set up. No trick at all to do it. Simply bolt the cast-iron corner cleats to the sides, put on the front and back, and your booster is at once ready for business.

Junior Boosters

WE found that the sash on our regular Standard Boosters (3 x 6 ft.) were a bit too unwieldy and heavy for some to handle, especially certain of our friends who wear sunbonnets.

Then there came hard luck stories from others, who said they certainly wanted frames, but our Standard Boosters were too large for their limited space. One suburbanite, for instance, showed us how he had just

a certain space between the curve of his walk and garage, where a booster 3 feet or so wide would fit. That settled it. We have been making Junior Boosters ever since. The Sash are 34 inches wide and $38\frac{1}{2}$ inches long—weight, glazed, only $17\frac{1}{2}$ lbs.

The Boosters are 8 inches high in the front, 12 at the back, and exactly 3 feet 2 inches wide. The cypress is 1 inch thick.

Prices

One sash booster with glazed sash, both painted	 \$8.51
Two sash booster with glazed sash, both painted	 14.51
Three sash booster with glazed sash, both painted	 20.36
Four sash booster with glazed sash, both painted	 26.16

Shipped knocked down.

A three-sash Junior just fitted into this spot. One of the standard size would have extended a foot or so, halving the value. The extra sash, instead of having them handy by the house, instead of off in the garden—you will get more fun out of them.

OUR WORLD'S CHOICEST NURSERY AND GREENHOUSE PRODUCTS GROWN IN AMERICA

Several years of constant thought and effort places us in a position to fill orders for all kinds of Nursery and Greenhouse Products for Outdoor Planting and Interior Decorations, independent of European importations. Among the many attractions growing in our 500 acres of highly cultivated Nursery are large quantities of the following specialties :

Roses. It is important to place orders at once, while we have several hundred thousand in choice, new and popular kinds. We are frequently sold out of many varieties, causing annoyance and disappointment.

Rhododendrons. Many thousands of acclimated plants in hardy English and American varieties are growing in our Nursery.

Evergreens, Conifers and Pines. More than 75 acres of our Nursery are planted with handsome specimens. Our plants are worth traveling any distance to see.

Hardy Old-fashioned Plants. We have thousands of rare, new and old-fashioned kinds. Special prices on quantities.

Ornamental Shade, Weeping and Standard Trees. Many thousands of these can be seen growing in our Nursery. We grow them for every place and purpose.

Flowering Shrubs and Hedge Plants. We make a specialty of them and can do plantings or fill orders of any size.

Deciduous Trees and Shrubs. Many acres of our Nursery are planted with several hundred thousand trees and shrubs. It is worth while to visit us and inspect them.

Trained, Dwarf and Ordinary Fruit Trees and Small Fruits. We grow them for all kinds of Fruit Gardens and Orchards.

Boxwood and Bay Trees. We have thousands of trees in many shapes and sizes.

Palms, Decorative Plants for Conservatories, interior and exterior decorations.

English Pot-grown Grape Vines. For greenhouse cultivation.

Hardy Trailing and Climbing Vines. We have them for every place and purpose. Ask for special list.

Bulbs and Roots. Spring, Summer and Autumn flowering.

Lawn Grass Seed. Our Rutherford Park Lawn Mixture has given satisfaction everywhere.

Plant Tubs, Window Boxes and English Garden Furniture. We manufacture all shapes and sizes.

Our New Giant Flowering Marsh Mallow. Everybody should be interested in this Hardy New-fashioned Flower. It will grow everywhere and when in bloom is the Queen of Flowers in the garden. Blooms from the early part of July until the latter part of September.

Our Formal Rose Garden. Planted with 5,000 plants in 300 varieties. This has been one of the greatest attractions in our Nursery this season. Everybody interested in Roses should visit our Nursery during the growing season.

Our illustrated general catalogue gives prices and describes the above and all our other products.

Visitors. Take Erie Railroad to Carlton Hill second stop on Main Line, three minutes walk to Nursery.

TELEPHONE 700

Rutherford, N.J.

March 17, 1920.

From year to year we have gradually added to our collections of plants and trees, until we have now what is generally conceded to be the most complete in this country.

These are fully described and illustrated in our General Catalog sent to you last year and which we believe you now have. The only change necessary this year in the catalog is the prices, so that we are enclosing you a pricelist covering the items in our catalog, which you can use in conjunction with the catalog.

For Horticultural reference you will find the latter fully up-to-date as it was entirely revised last year.

If, however, we can give further information please write us as we are organized to give such service, and we will always do our best to merit your confidence.

In view of the unsettled labor problem we do ask earnestly that you place your order early, so enabling us to be fully prepared for the opening of the Spring season.

Yours very truly,

JJ/HD

How to Set the Boosters Boosting

THESE Garden Boosters will boost anything and everything that grows in your garden, from radishes and lettuce, to daffodils and cosmos.

So, you see it's only a question of your deciding what you most want early.

VEGETABLES

You can go about it four ways.

1. Plant the seeds directly in them and later transplant to your regular garden.

2. Leave the plants right in the frames and when warm enough, lift the frames off.

3. Or, as with last year's parsley that has wintered over, put the booster over a few plants. Likewise over the asparagus and rhubarb.

4. For extra, extra early Swiss Chard greens, plant the seeds in August and when frost starts nipping, put on the frames.

If so tall it hits the glass, build a simple under-frame of old boards and set the frames on top.

Later on, bank around with leaves or manure. In hard freezing weather cover the glass with mats, straw or leaves, putting boards over them to prevent blowing off.

You can cut from the plants all winter long.

Early in Spring new leaves will start growing, giving you greens two months ahead of the garden grown.

You can protect carrots and beets the same way—and dig them all through the winter.

But the biggest use of the boosters is for getting two or three weeks' running jump in the Spring. Concerning which don't forget what it says on the inside pages about melons.

The same facts apply to cucumbers.

FLOWERS

Hardy Flowers

Of course any of your hardy flowers, from forget-me-nots to hollyhocks, can be given a merry hustle.

Pansies

And as for pansies, you can have their cheer-chirking blooms not far from the return of the first robins.

Cosmos

With boosters to start your cosmos in, all bloom uncertainty will be past.

They will bloom long before Jack Frost nips them.

Violets

You can have violets from October to April.

Annuals

And as for annuals, well anything you want early, plant the seeds early in the frames. That's all there is to that.

It will be a revelation to you, the hundreds and hundreds of plants you can grow for early setting out.

Enough for yourself and the neighbor on each side of you.

Such sharing, you will promptly agree, is not the least of garden-ing joys.

HOW SHIPPED

All the boosters will be shipped knocked down. It's a very simple thing to put them together, as cast-iron corner cleats are furnished with bolts or screws complete. Even the holes are

ready. Once together they will last for years to come.

The wood is cypress—painted a grey white. So far as we know, no one makes anything like as good Booster Frames for the same money.

CASH WITH ORDERS

Orders for \$10.00 or less received from unknown parties must be accompanied by the full remittance for which 2% discount is allowed.

ACCOUNTS

Where it is desired to open an account, please furnish references.

This does not apply to patrons of approved credit.

To minimize the stress of work in our busy season and insure prompt delivery, we ask as a favor that the above rules be strictly adhered to.
