Darling's Hardy Northern Seeds

Garden, Flower and Field

From the Grower to the Planter.

On account of the high cost of paper and printing, we will not put out a catalog this season. This list is intended to take the place of our usual seed catalog. Full descriptions of all the items here listed will be found in our 1920 catalog.

KEEP A COPY OF YOUR ORDER. When seeds are received, unpack, and check, by your copy, at once. If we have made any mistakes please report them at once.

WRITE YOUR NAME AND FULL ADDRESS, PLAINLY. This is the most important part of your order. If we cannot make out your name and address, we are helpless and can neither fill your order or write you about it.

USE NUMBERS. It is not necessary to write the names of articles wanted, unless you prefer to do so.

ALWAYS SEND REMITTANCE WITH ORDER. Our terms are strictly CASH WITH ORDER. We will send goods C. O. D. when one third of the amount of order is remitted with the order. Remittance may be made by P. O. Money Order, Express Money Order, Bank Draft or Registered Letter. We guarantee safe arrival if sent by any of the above methods. For amounts of \$1.00 or less, we will accept postage stamps. Coin should not be sent by mail.

ORDER EARLY. We like to have as many orders as possible, packed and out of the way, before the rush season comes on. If seeds are not wanted at once, we will pack them and hold them until they are wanted. You do not need to pay all when ordered in this way. If you prefer, you can send one third of the amount of the order with it, and then send the balance when you want the seeds shipped.

WE PAY POSTAGE OR EXPRESS CHARGES on packets, ounces, quarter pounds and pounds. We do not pay charges on larger amounts, unless it is specified in this list. If pounds are wanted by freight or express, deduct 10 cents from mail prices.

FREE SEED OFFER. For every dollar sent for seeds, IN PACKETS, select 50c worth of seeds, IN PACKETS, which will be sent to you, free of charge. This means that you will get \$1.50 worth of seeds, IN PACKETS, for \$1.00; \$3.00 worth for \$2.00; \$4.50 worth for \$3.00; and so on up. This offer applies to flower seeds as well as vegetable seeds.

FIELD SEEDS. We always have in stock a complete line of NORTHERN GROWN FIELD SEEDS, such as Grass and Clover, Wheat, Oats, Rye, Barley, Buckwheat and Corn. In fact we have everything in the seed line, usually sown by the farmer. As the price of this class of seeds is continually changing, we do not list them here. But we print a FIELD SEED price list every week. When in need of anything in this line, do not fail to write for one or more of these lists. It will pay you to see one, for our prices are always right and the quality of the seed furnished is always the best obtainable.

Tacoma Park, Washington, D.C.

Friend:-

When we began to plan our 1921 seed catalog, we found that the price of printing and paper had advanced so greatly, that we would be obliged to do one of two things; advance the price of our seeds, to cover this extra expense, or not put out any catalog at all.

I did not feel that it would be right to charge you more for our seeds, just to help out the paper trust. Neither did I feel like giving up our mail order business entirely. So after considering the matter from every side, I at last have decided to mail the enclosed pricelist to you and all our other old customers. I presume that you still have our 1920 catalog. As all the items listed are described in that catalog, I believe that you can get along very nicely, by using the two together.

Of course, we are saving a lot of money by doing this. But if you are willing to get along without the catalog, I feel that you ought to have the benefit of the saving we have made, by not mailing you one. So we have decided to give you this saving in reduced prices of our seeds. When you compare our prices, with others, I believe that you can readily see that we really have done this.

Take seeds in packets, for instance. Other seedsmen are either asking 10 cents a package or are putting less seeds in their packages, while we are putting in the same amount of seeds as before, and we are selling them at the same old price, 5 cents. On larger amounts, you will find that the difference in price, is even greater than on the packets.

Our this years Hardy Northern Seeds, are the best we have ever had. They have been grown and harvested under the most favorable weather conditions. You will find that they possess the true northern vitality and "pep", to a greater extent than ever. They cannot fail to give you entire satisfaction.

I sincerely hope that this years arrangement will meet with your approval, so that we may have the pleasure of again serving you. I most heartily thank you for what you have done for us in the past, and wishing you a happy and prosperous year, I am,

Yours very truly,

LSD/CHD.

DAHLIA ROOTS

Although we have been growing Dahlias, quite extensively, for several years, this is the first time we have offered them for sale. Our list is not large, but each variety offered, is one of the choicest and the most of them are new. We will furnish only strong, healthy roots, that will be sure to bloom the same season. These will be sent by mail, postpaid, as soon as safe, in the spring.

Prices: Single roots, 25 cents, or 5 for \$1.00, with the exception of Hochsai and Autumn King, which are \$1.00 each, straight.

5000 HOCHSAI. Decorative. Clear golden-orange, darker, in center; very free flowering; enormous size; early.
