The Glory of the Garden

PRICE LIST

1920

ARTHUR COWEE

MEADOWVALE FARMS

BERLIN, N. Y.

FOR the year 1920 I have made few advances in prices, although justified in so doing on account of scarcity and increased cost of labor, and have made many reductions so as to bring some of the more expensive varieties within the reach of all.

SELECTED GLADIOLUS SEED

Many inquiries annually for Gladiolus Seed has induced me to offer for the first time seed selected from what I consider the finest collection of Primulinus Hybrids in existence. I shall offer a limited quantity of this at \$1.00 per packet containing about one thousand seeds.

Berlin is in Rensselaer County, New York, near the boundary line between New York and Massachusetts. Especially fine highways radiate from the important cities and towns in this vicinity, permitting comfortable motoring through our section from Albany, Troy, and other eastern New York points, Pittsfield and western Massachusetts, as well as from the Berkshire summer resorts.

My friends are invited to visit Meadowvale Farms during August and early September when my Gladiolus fields are in full bloom. Visitors are always welcome and I am sure you will be amply repaid for including Berlin in your summer itinerary.

Many persons have availed themselves of the opportunity of motoring to my fields, and are now regular annual visitors.

JUST HOW TO ORDER

Order Early. This is important from your standpoint and mine. By so doing you insure getting just what you want, whereas late orders cannot always be properly executed, especially those received on the very edge of the planting season. At that time I may be out of certain choice varieties, perhaps the very ones you want most. I make no substitutions unless so instructed. Bulbs for greenhouse forcing are ready for shipping in the late fall as soon as thoroughly cured. To encourage large plantings, all prices quoted are practically wholesale, quality taken into consideration.

Upon orders for more than fifty bulbs by mail, remit eight cents for each additional twenty-five bulbs to cover postage. My mailing-size bulbs are much larger than those sent out by most growers, but still larger bulbs can be sent by express, and I advise having shipments made in this way wherever possible. I have a special rate, which is 20 per cent below the regular charge on merchandise.

Special Discount to Seedsmen and to those ordering in lots of 5,000 or more.

Remittances Must Accompany All Orders from unknown purchasers, and may be by postoffice order, express order, New York draft, or cash by registered letter. Postage stamps accepted.

GOLDEN BANTAM SWEET CORN

The careful selection of seed is one of the principal causes for increased production. This principle I have proven in the selection of Golden Bantam Sweet Corn for the past several years. While I had not thought of disseminating it commercially, I have concluded to give my Gladiolus patrons the opportunity of securing some of this seed by offering as follows:

Selected seed (no butts or tips) from ears borne two and three to the stalk:

4 ounces, about 400 kernels.....	25c post paid
8 ounces, " 800 "	40c " "
16 ounces, " 1600 "	75c " "

Carefully Sign Your Name, postoffice, county and state. Write clearly. Address all orders to
