Celery City Nurseries

KALAMAZOO, MICHIGAN

PRICE LIST FALL 1920—SPRING 1921

WE SEND this Price List to you earlier than usual because of a great scarcity of stock and to enable the regular patrons of the **CELERY CITY NURSERIES** to secure stock which they might otherwise be unable to obtain if ordering was delayed. We have a big supply of trees, but the country at large is short and the demand will far exceed the supply. Therefore, we advise you not to wait but rather make out your order now, sending it to us with a small deposit and we will hold the stock and ship at proper time next Spring. (This Fall if preferred). This will also protect you against a raise in price, for each month as Stock becomes more scarce the tendency will be to advance prices. Furthermore we will guarantee to protect you against lower prices for if we make any reduction in prices between now and next Spring we will re-write your order and refund the difference to you. You, therefore, have everything to gain and nothing to lose by ordering now. While Spring delivery is preferred for some kinds of Fruit and Berry Plants, yet we strongly advocate Fall setting of Shrubbery such as Spireas, Barberry, Hydranges, etc., which will make a fine showing next Summer if planted this Fall. Order now.

TERMS CASH, or part cash with order; and balance before shipping season. Purchasers of Larger Lots of fruit trees, etc., should submit list of varieties and size, as frequently we are able to make discounts on stock in large amounts. **Remit by Postoffice Money Order** on Kalamazoo, Mich., or Bank Draft, Express Money Order or Check; cash sent loose in letters is at the risk of the sender. Letters should be registered when currency is sent.

SMALL ORDERS—We cannot accept orders amounting to less than \$5.00, as there is no profit in them.

PACKING is carefully done, the stock being boxed or baled, according to size of order, and delivered in good order to the railroad station or express office at Vicksburg, Mich., and we guarantee its arrival in perfect condition. Our customers tell us our grading and packing are both superior to that usually seen.

LOCATION OF NURSERIES, at Kalamazoo and Vicksburg, in Kalamazoo County. Our new and strictly modern frost-proof storage and packing cellars at the latter station on the main line of the Grand Trunk and G. R. & I. Railways with switch direct to our buildings, and direct connections with Pere Marquette and Michigan Central Railways, give us the best shipping facilities in Michigan.

IN ORDERING, please give plainly the name, postoffice address and state. Always tell us how you want trees to come, and name your express or freight station. Make out orders on separate sheet from your letter.

SPECIAL LOW EXPRESS RATES are granted by all express companies on shipments of plants, about 20 per cent. less than merchandise rates.

OUR GUARANTEE OF GENUINENESS. While we exercise the greatest diligence and care to have all our trees, etc., true to label, and hold ourselves in readiness on proper proof, to replace all trees, etc., that may prove untrue to label, free of charge, or refund the amount paid, it is mutually understood and agreed between the purchaser and ourselves that our guarantee of genuineness shall in no case make us liable for any sum greater than the amount you paid for the trees, etc., that prove untrue to name.

OUR REFERENCES—Our customers know us. To those unacquainted, we refer to Kalamazoo National Bank, Kalamazoo, or Farmers State Bank, Vicksburg.

HEALTH CERTIFICATE—Accompanying all shipments will be a copy of our Certificate of Nursery Inspection showing that our Nurseries and Nursery Stock have been examined by the State Inspector and found free from all dangerous insects and contagious tree and plant diseases.

Nine or less Trees and Plants of a kind may be ordered at each rate; from 10 to 49 trees at the 10 rate; 50 to 299 at the 100 rate and 300 or more at 1,000 rate.
