The General Bulb Company

ESTABLISHED 1883
(SUCCESSORS TO WESTERBEEK & KLYN)

^{near Haarlem,}
Vogelenzang, Holland

AMERICAN BRANCH:
110 Water St., New York City

**WHOLESALE
CATALOGUE
FOR 1920**

The General Bulb Co.

THE GENERAL BULB COMPANY was established in 1883 at Vogelenzang, Holland, and has made a specialty of bulb growing for over thirty years. There is as much difference in quality of Bulbs as in any other merchandise and our long experience in growing Bulbs has put us in a position to produce the top quality; our many efforts to grow the best stock obtainable have been successful and we can truthfully state that no better stock can be produced than as grown on our fields.

Our acreage in Bulbs is very large and our extensive plantings enable us to furnish the best quality at reasonable prices.

That our goods are of exceptionally high grade was again proved this season when we received numerous letters from our customers, who upon receipt of their bulbs expressed their satisfaction with the superior goods we shipped to them. We thank our customers for these reports and we are more encouraged than ever to continue our efforts to produce the best stock possible, regardless of expense. The reputation we have established is appreciated and will be a guarantee for you in the future.

Our permanent American Branch is a service which enables you to communicate with us without delay at all times.

The General Bulb Co.

New York Branch:
110 Water St., New York City

Terms

1. Prices of all our offers are quoted net and subject to changes without notice.
2. All goods are sold f. o. b. Warehouses Holland, and travel at purchaser's risk and expense.
3. Unless contrary orders are given, insurance will be provided for at purchaser's costs.
4. Cases and packing, together with freight, forwarding and insurance charges will be collected on delivery.
5. All accounts are strictly due three months after date of invoice; 2 per cent cash is allowed for payments within 30 days after date of invoice.
6. Complaints and claims about the quality of the goods cannot be entertained, unless made immediately upon receipt of same.
7. We give no warranty, express or implied, and will not be in any way responsible for the results of planting or forcing of any bulbs and roots we send out, we guarantee all varieties to be true to name and description.
8. If at the time of shipment the purchaser has not yet settled his last years' accounts, or if the report about the purchaser is unsatisfactory the exporter or seller may cancel all arrangements for transactions not executed.
9. Cancellation of orders or parts of same will only be accepted when buyer agrees to pay seller his loss of profits, in no case less than 20 per cent of the amount cancelled; alterations may be allowed if both parties agree.
10. Verbal agreements will not be considered.
11. By placing orders buyers are considered to agree with these terms.

Hyacinths

The growing of Hyacinths is our specialty and this line is handled by competent men who are fully familiar with every detail of their work. Many of our men have been with us and made a study of Hyacinths—growing for over thirty years; this is no small advantage, considering the many diseases which growers of Hyacinths have to overcome.

Our Hyacinths are exceptionally healthy and vigorous; well matured and of proper age, they are sure to please the most critical customer. Our Hyacinths are full of life and one of our friends said in a letter, sent us upon receipt of his bulbs from Holland "they are sure fine bulbs and their appearance alone already assures me they will produce excellent flowers."

Single, Red and Pink

- Baron van Thuyt—Fine pink, compact spike.
Cardinal Wiseman—Pink.
CAVAIGNAC—Pink, large compact spike.
Charles Dickens—Fine pink.
GARIBALDI—Dark red.
GENERAL DE WET—(Pink Grand Maitre) large truss and bulb.

Single Violet

- DISTINCTION**—Dark purple, extra pretty flower.
L'Esperance—Bright violet.
Lord Balfour—Violet, large spike.
Sir William Mansfield—Purple, fine spike.

NOTE

All prices quoted herein are per 1000
unless otherwise stated.

Double Hyacinths

These double Hyacinths are grown more extensively by us than by any other concern and are now reasonable enough to be highly profitable. Their former scarcity and consequently high prices were a prevention that these bulbs were generally used. In many instances small bulbs of double Hyacinths were exported formerly and naturally turned out small flowers but our stock, fully up to size, will surely produce good results. Try them; you will order them regularly.

Double Red

Bouquet Royal—Rose, red centre.

Kastanjabloom—Delicate pink, large bells, semi-double.

Koh-I-Noor—Deep rose, semi-double, large spike.

NOBLE PAR MERITE—One of the finest pink varieties, compact truss.

President Roosevelt—Pink, large spike.

Double White

Bouquet Royal—Pure white, yellow centre.

La Grandesse—Pure white, fine large bells.

Princess Metternich—Pure white, fine.

La Tour d'Auvergne—Earliest pure white.

Double Blue

Bloksberg—Light blue.

Charles Dickens—Dark blue, large spike and large bells.

Garrick—Blue with dark centre.

GENERAL KOEHLER—Dark blue, good forcer.

Lord Raglan—Deep blue, black centre.

Double

Bouquet d'Orange—Orange yellow.

Goethe—Finest lemon yellow, large spike.

SUNFLOWER—Yellow salmon tinted.

Can be supplied in all sizes.

PRICES—\$16.00 per 1000 higher than other Hyacinths; miniature \$10.00 higher.

Tulips

Our principle to grow the best is again evident in the quality of Tulips we send out. There is nothing "small" about our stock and rather than try to see how poor a bulb we can ship without getting complaints, we are furnishing as excellent a stock as can be purchased, without any increase in price. All nice plump bulbs.

Darwin Tulips

The big success that so many of our friends obtained with these tulips in hothouse, in coldframe or outdoors is surely encouraging. You will hardly find a more distinguished flower than a Darwin Tulip. Their tall, thick stems, brilliancy of colors and perfect form of flowers make it an ideal cutflower. Darwin Tulips can be forced in bloom as early as the very beginning of February.

Baronne de La Tonnaye —Bright pink, very tall and strong stem, the best Darwin for bedding.....	23.00

"G. B. C." Quality Mixture—Superior mixture of late tulips.....	17.00

Don't experiment; your order is safe with us

Narcissus

During the war, carloads and carloads of Narcissus were sold for industrial purposes. This of course caused a general scarcity in the usually plentiful and most used varieties. No matter how dark the future in our business looked at times during the most trying days of the world war, we fully realized that we had to prepare and be always ready with our usual "Superior Quality" to furnish our trade when conditions should be normal again. No expense nor sacrifice was spared, even when the outlook for export was dark; our stocks have not suffered thru insufficient fertilizing or care.

Single Daffodills

BARRI CONSPICUUS —Soft yellow perianth, short cup with orange scarlet. One of the best varieties for cutting, large flower	20.00
