Freesias and Lilioms

We Are Gladioli Specialists

Our plantings of GLADIOLI embraced this year, 110 acres and will be considerably larger in 1920. We have made Gladioli our specialty for years and are now prepared to supply you with the very finest quality and to give you satisfaction in every respect.

The demand for good Gladioli bulbs is growing each year and especially this year there will be a shortage of bulbs as no Gladioli can be imported from other countries.

In order to enable us to take care of all our customers we respectfully request your order as soon as possible. We will fill all orders in strict rotation; therefore, **ORDER TODAY!**

Time to plant for outside growing about the 1st of May, in fertile ground. If fertilizer is used, we recommend bone meal. Keep the ground mellow by cultivation thruout the summer. In dry seasons water freely.

Time to plant for forcing any time after Christmas; carnation temperature.

Plant Gladioli For Profit

Every florist should grow Gladioli for outside flowers. Also for growing under glass Gladioli are very profitable. Plant them among your carnations. They need no extra care and will bring you a nice profit if planted early.

When ordering, please mention for what purpose you need the bulbs as we will ship them by express as early as possible, if needed for forcing.

Terms of Sale

Prices are net and subject to change without notice.

All goods are shipped from our warehouses at Benton Harbor, Michigan at purchaser's expense.

Packing and cases will be charged at cost price.

All accounts are due 60 days after date of invoices, 2 per cent will be allowed for cash within 10 days, and 3 per cent for cash with order.

All sales are subject to goods being unsold upon receipt of order.

For Growing Under Glass

The following varieties we recommend for growing under glass:

AMERICA—Exquisite soft pink tinted lavender. Most popular Gladioli in existence.

CHICAGO WHITE—Pure white with lavender marking in throat. Very early.

HALLEY—Delicate salmon pink with creamy blotch, very attractive flower, early blooming qualities have made it one of the most popular varieties.

MRS. FRANCIS KING—Light scarlet of pleasing shade. Enormous wide open flower. Splendid cut flower and excellent keeper.

PANAMA—Large wax-like flower, clear pink, large spike.

PINK PERFECTION—Beautiful soft color of the Carnation Enchantress. A tall grower, rather late blooming. The spike is well set with flowers and frequently these are artistically bent. Surely a glorious variety. First class certificate Haarlem and London. Use for late forcing only.

PRINCE OF WALES—Beautiful light salmon with orange shade, very early. First class certificate Haarlem.

WAR—Deep red of brilliant color, extra large open flowers.

WILLY WIGWAM—Beautiful blush white, with dark carmine blotch.

For prices see alphabetical list.

Sizes of Bulbs

We grade our bulbs as follows:

1st size	average	1½ inch diameter and up.
2nd size	average	1¼ inch diameter and up.
3rd size	average	1 inch diameter and up.
4th size	average	¾ inch diameter and up.
5th size	average	½ inch diameter and up.

For smaller bulbs please ask our special quotation.

For growing under glass use 1st size only.

Leading Varieties

Realizing that our list of varieties is somewhat confusing for the average commercial buyer we below list the **LEADING VARIETIES**. We also have underscored these varieties in our alphabetical list. See the alphabetical list for descriptions and prices.

Gladioli in Mixed Colors

EXHIBITION MIXED—A wonderful mixture, containing a large percentage of the best varieties and latest novelties.

1st size per 1000, \$25.00 2nd size per 1000, \$20.00

FLORIST MIXED—A mixture containing the best varieties for cut flower purpose.

1st size per 1000, \$20.00 2nd size per 1000, \$16.00

MIXED GLADIOLI—An excellent mixture which at its moderate price is sure to give satisfaction.

1st size per 1000, \$17.50 2nd size per 1000, \$14.50

PRIMULINUS GLADIOLI—The best mixture of true Primulinus. A new race of remarkable dainty and beautiful Gladioli. Perhaps orange and gold colors predominate, but they combine every shade in the rainbow. Usually the flowers are hooded, somewhat smaller than the ordinary Gladioli and the stems are gracefully curved. They are very early, earlier than other varieties. **OUR SPECIAL MIXTURE CONTAINING THE BEST STRAIN.**

1st size per 1000, \$22.00 2nd size per 1000, \$17.50

For named varieties of Primulinus ask our special prices.

Of all bulbs listed in this price list 100 bulbs at 1-10 of thousand price.

Dahlias

There is no plant which at so little cost, produces such an abundance of flowers as the Dahlia and it is a cause for regret that Dahlias are not more generally used than is the case at present.

While they are grown in large numbers along the Atlantic coast and in California, very few are seen in the middle West. We cannot see any other reason for this unless it is that the growers did not give their plants the necessary attention as with proper care even in dry seasons Dahlias will thrive well and will prove a good investment.

We furnish cultural directions with all shipments and if these are observed success will follow.

Make a liberal planting of Dahlias; it will pay you.

NOTE—Knowing that it is almost a hopeless task for the average grower of Dahlias to make a proper selection of the best varieties from the many thousands of kinds now offered, we have assembled an assortment of the best and finest Dahlias and the varieties we here offer are sure to give entire satisfaction. We grow considerable more varieties than here offered and those interested in a larger assortment should write for our additional list.

NOTE—OUR LIST OF DAHLIAS OFFERED HERE CONSISTS OF THE LEADING VARIETIES ONLY. IF INTERESTED IN A LARGER ASSORTMENT AND MANY NOVELTIES. WRITE FOR OUR ADDITIONAL LIST.

Decorative Dahlias

Decorative Dahlias are strong vigorous growers with heavy foliage and are free flowering. The flowers are large, flat, full to the center. The petals are long, broad, flat, nearly straight and somewhat irregularly arranged.

The varieties which we are listing here are a selection of the best in existence. Those desiring a larger assortment will please write for our additional list.

YELLOW KING—Peonie; soft canary yellow, cactus type excellent keeping qualities, 1st class certificate. Per 100 25.00

Cactus Dahlias

Cactus Dahlias have long twisted petals terminating in points. Some have petals nearly straight, others gracefully incurved. In the hybrid Cactus Type, the flowers are broad and flat, of great depth, individual petals or florets being long and broad, moderately quilled, terminating in points arranged in exact regularity.

Cactus Dahlias are perhaps the most graceful of any of the different types. Their bloom is frequently smaller than the other Types and some varieties do not bloom very freely. They are however extremely chaste and graceful and should be very popular.

BELOIT —Cactus. Immense deep violet red, similar to decorative in style; very long stem. Per 100	25.00
COUNTESS OF LONSDALE —Salmon pink and amber; blooms freely. Per 100.....	12.00
