PROPRIETORS.

GROUNDS AND OFFICE Two Miles East of City on the North Ridge Road
Cleveland & Ashtabula Electric Cars pass through our premises. Stop 4 or 5.

THE J. B. SAVAGE COMPANY, CLEVELAND

NOTICE TO CUSTOMERS

We would say to those unacquainted with our establishment that this is the 66th year of our Nursery. We have over one thousand acres devoted to the business, about three-fifths covered with Nursery Stock, and 45 Green and Propagating Houses with a most complete assortment of Fruit and Ornamental Trees, Shrubs, Vines, Roses, Greenhouse Plants, etc. The largest and best equipped cold storage cellars and packing houses give us unsurpassed facilities for the prompt and accurate filling of orders. We solicit correspondence and personal inspection of our stock, confident that it will compare favorably with the best.

TERMS OF SALE

1st. The articles in this list will be furnished 5 at 10 rate; 25 at 100 rate; 250 at 1,000 rate.

In no case will long lists of selected varieties be supplied less than five of a kind of either fruit or ornamental trees or plants, etc., at lowest rates; but at such discounts from retail prices as the character of the order will justify. Dealers orders, when billed on our grounds, must amount to \$50.00 or more to entitle them to wholesale prices.

2nd. We reserve the right to select the varieties, but will give the purchaser his choice as far as is consistent with our stock. In ordering please state whether or not substituting will be permitted in case we should be short of any sort wanted.

3rd. All stock selected and marked by customer at the nursery will be charged for in accordance with its value; prices in this catalog will not govern such stock.

4th. When dealers bill up on our grounds we heel-in their entire stock by itself, and furnish free the necessary help, labels and tying material for billing up. Positively no stock will be allowed to be brought on our grounds for billing up from other growers, unless in case of stock wanted that we cannot supply, in which case written permission must be obtained from us. After deliveries are billed up, help will be furnished free by us to pack in the boxes and mark for their destination, but the owner must superintend all, and assume all responsibility for any errors that may occur. No extra charge for delivering packages to Express Offices or Railway Stations. No stock will be counted back from the heeling-in grounds unless error is made by us. Boxes and packages charged as follows: 8 to 10 feet long: 30 x 30 inches, \$5.50; 28 x 23 inches, \$5.00; 24 x 24 inches, \$4.50; 20 x 20 inches, \$3.75; 18 x 18 inches, \$3.50, 16 x 16 inches, \$3.25; 14 x 14 inches, \$3.00; 12 x 12 inches, \$2.75. 12 feet boxes, 50c extra. Bales, 40c to \$3.00, according to size. Rye straw, 10c per bundle. A charge to cover cost of labor and packing material will be made for all cars packed in bulk. Burlaps for wrapping the roots of evergreens, etc., 15 cents per yard. All bales and boxes packed for shipping at billing-up sheds, or any part of our grounds, will be subject to the same charges as if put up by us at the packing house. We cannot use second-hand boxes, will allow nothing for them; empties returned will not be accepted but left at station subject to shipper's order.

5th. Terms, sixty days net, three per cent discount for cash before stock is shipped; two per cent for cash in ten days from date of invoice, except that all bills for stock shipped for spring sales are due net June 1st.

6th. Those ordering will please give plain and explicit directions as to the route and manner in which goods are to be forwarded, as our responsibility ends on delivering at Railway Station or Express Office.

7th. While we hold ourselves in readiness, on proper proof, to replace all trees, etc., that may prove untrue to label, free of charge, or refund the amount paid, it is mutually understood and agreed to, between the purchaser and ourselves, that our guarantee of genuineness shall in no case make us liable for any sum greater than that originally received for said trees, etc., that prove untrue..

THE PACKING SEASON

In the spring we usually commence digging from the 20th of March to the 1st of April, and continue into May; and in the fall from the 1st of October, continuing until cold weather sets in. A large stock and nearly full assortment of everything but largest Ornamentals and Evergreens stored in frost proof cellars, which are connected by switch direct with main line New York Central R. R., from which shipments can be made at any time.
