CO-OPERATION STRENGTHENS FOUNDATION

TO OUR PATRONS:

The need for more farm products is apparent to allay the unrest now prevailing among the people and to redeem the pre-war equilibrium. Time, sober thought and the highest efficiency in crop production must be manifested. Labor, a deterring influence, will have to be encouraged and assisted. The opportunity is offered the producers of FOOD of introducing the most modern methods and thereby secure the maximum production possible.

Co-operation in all things is the best panacea for stabilizing civilization and making real progress. We offer you our advice and assistance on any point connected with agriculture, either gardening or farming, feeding of pigeons and poultry, as well as other stock, also place at your disposal one of the most complete GRAIN, FEED, SEED AND IMPLEMENT ESTABLISHMENTS in the East, wherein is stored large quantities and the QUALITY of merchandise which we know after years of experience has given our patrons the RIGHT KIND OF SERVICE and BEST RESULTS on an ECONOMICAL BASIS.

Your CONFIDENCE and GOOD-WILL shown us in the past have given us a renewed inspiration for even more co-operation in the future and we, therefore, take pleasure in placing this annual catalog in your hands.

Very sincerely yours,

TAYLOR BROTHERS

SOME TIME-SAVING HINTS

Special attention is given to 'phone orders. Our numbers are Bell, 54, 55 and 441. Keystone, 53 and 54. When our operator responds state what department you wish to speak to and you will be connected, thus enabling you to order from the proper person to insure immediate attention.

Mail orders are solicited, and the department is organized for accuracy and promptness.

All goods delivered FREE ON BOARD cars Camden, or boat Philadelphia.

When ordering state clearly the varieties desired, and whether substitution can be made in case we are out of the article ordered.

Also state plainly the station and route to which shipment is to be made.

Bags and sacks are additional at value.

All perishable goods shipped at purchaser's risk.

Prices quoted for shipment by Parcel Post are for the first zone only.

TERMS:—Are net cash ten days, to those who have an account with us. Others are requested to send remittance with orders. We cordially invite charge accounts from those who send satisfactory business or bank references.

All Quotations Subject to Market Changes.

TAYLOR BROTHERS
CAMDEN, NEW JERSEY

THE vegetable growing industry has developed in the same degree of efficiency as other lines of our business during the past few years, it was the desire of the Government as well as the State to encourage increased production much as possible. This free experimental information has shown the Trucker the wisdom and necessity for scientific methods in planting the most improved and standard type of seeds and plants. Hence, present demands are most exacting and to insure crops, the planters will only purchase seed from Seed Houses of long established reliability in whom the greatest confidence can safely be reposed.

We are strictly a Gardeners' and Farmers' Seed House and exercise the greatest care in obtaining seed stock producing the heaviest yielding plants which are most disease-resistant, and plants maturing uniformly, or if an early variety to watch for the early maturing fruits.

Our experience with every phase of the seed business for over half a century enables us to render most dependable service; we thoroughly understand the kind and quality our customers need and have therefore selected as our growers those whom we know from previous years will produce for us the very highest quality.

We shall be very glad to answer any inquiries on the subject from the selection of any seeds to the marketing of the crop. When ordering seeds sent by mail please add 10c. per pound and 15c. per quart for postage. All prices on seeds are subject to market changes, a condition entirely beyond our control.

Salesroom, Front and Market Streets

FIELD AND GARDEN SEEDS

GARDENING for home use is interesting, and the cultivation really easy after you make the right start. Gardening for market has been, and will be especially profitable this season. In either case, you cannot succeed if your seeds fail to grow or should not produce just what is wanted.

We are strictly a garden and farmers' seed supply house using the same care in selection of our seed stock from reliable growers as would be exercised by the most particular gardener or trucker.

SPECIAL—DON'T FORGET—When ordering seed sent by mail to add 10c per pound and 15c per quart for postage, and it is best to give us the option on a substitution.

TAYLOR BROTHERS' LAWN GRASS SEED

THE attractiveness of a suburban home is greatly increased by a well kept, closely-cut lawn. In order to obtain this, an important feature is securing the right kind of mixture; something that will remain fresh and green in hot weather. Taylor Brothers' Lawn Grass will form a deep green velvety lawn in a few weeks' time. A mixture of the finest and most desirable grasses which

gives satisfactory results.

Plain

1 qt. pkg.	\$0.15	4 qt. pkg.	\$0.50
2 qt. pkg.	.28	8 qt. pkg.	.90
½ bu.	1.75	1 bu., 14 lbs.	3.25

With White Clover

1 qt. pkg.	\$0.20	4 qt. pkg.	\$0.60
2 qt. pkg.	.35	8 qt. pkg.	1.10
½ bu.	2.15	1 bu., 14 lbs.	4.00

SEA SHORE LAWN MIXTURE

In order to obtain a fine lawn at the shore a foundation of ashes or clay gives the best result. With a rich top dressing and our Lawn Mixture, a fine lawn can be made in a very short time.

20 lbs. to bushel.

PRICES: { 1 qt. pkg.	\$0.30	¼ bu.	\$1.75
{ 2 qt. pkg.	.55	½ bu.	3.40
{ 4 qt. pkg.	1.00	1 bu.	6.50

SHADY LAWN MIXTURE

A special mixture for all shady places, produces a fine lawn under very shady trees, where no other grass would grow.

20 lbs. to bushel.

PRICES: { 1 qt. pkg.	\$0.30	¼ bu.	\$1.75
{ 2 qt. pkg.	.55	½ bu.	3.40
{ 4 qt. pkg.	1.00	1 bu.	6.50

PERMANENT PASTURE GRASS

Composed of the most nutritious grasses for grazing. Will last a long time and thrive under most all conditions, owing to the number of grasses used in the formula of mixture.

20 lbs. to bushel.

PRICES: { 1 qt. pkg.	\$0.25	¼ bu.	\$1.25
{ 2 qt. pkg.	.40	½ bu.	2.40
{ 4 qt. pkg.	.75	1 bu.	4.50

TAYLOR BROTHERS' FERTILIZER, FOR GRASS

PRICES: 5 lb. pkg.	\$0.30	10 lb. pkg.	\$0.50
-------------------------	--------	------------------	--------

WHEN TO PLANT SEEDS

The seeds of farm crops may be divided into two classes, according to the temperatures at which they will germinate or sprout readily and can be safely planted, and the blossoming time of fruit can be taken as a more certain guide than any arbitrary calendar date.

1st Class.—Those seeds that will germinate or sprout at an average temperature of forty-five degrees in the shade, or at about the time the peach and plum trees blossom.

Barley	Red Clover	Carrot	Parsnip	Onion
Oats	Crimson Clover	Cabbage	Kale	Pea
Rye	Grasses	Cauliflower	Lettuce	Radish
Wheat	Beet	Endive	Parsley	Spinach
				Turnip

These can be planted with safety in the spring as soon as the ground can be prepared, and some of them if planted in the fall, live through the winter.

2d Class.—Those seeds that will germinate or sprout at an average temperature of sixty degrees in the shade, or when the apple trees blossom:

Alfalfa	Cotton	Pole Bean	Okra	Pumpkin
Cow Pea	Egg Plant	String Bean	Squash	Tomato
Corn	Soy Bean	Melon	Cucumber	Pepper

For other Fertilizers, see pages 33 and 35.

VALUABLE PLANTS FOR SUMMER FORAGE AND ENSILAGE

(For prices see pages 3-7)

Crimson Clover. Solves the problem of cheap manuring; it is the great nitrogen gatherer and economizer in the use of fertilizers. Improves poor lands and restores to fertility those that have been worn down by excessive cropping. May be planted in spring, summer and fall. Splendid for reseeding Red Clover that has been winter killed. Sow 15 to 20 pounds per acre.

Soja or Soy Beans. One of the most remarkable drought resisting crops under cultivation. Will thrive under the most adverse conditions; tremendous yielder and valuable soil improver.

Cow Peas. When planted in rich soil make an enormous growth of vine of high feeding value and equal to clover for enriching the ground if plowed under Black Eye, Clay, Black and Whippoorwill Gray Crowder. New Era varieties are adapted to Northern growth. Sow 1 to 1½ bushels broadcast, or drill 20 to 30 pounds per acre.

Sorghum. (Early Amber.) This plant is fast coming to the front for summer pasture or forage. It withstands drought and grows luxuriantly when the grasses and even Millets are burned out with the dry summer heats. It makes excellent hay. Sow broadcast 1 to 1½ bushels, or drill 10 to 20 pounds per acre. Early Amber is best for this latitude.

Kaffir Corn. Is a non-saccharine Sorghum grown for the seed, which is good for poultry and cattle. Cultivation same as for Sorghum.

Canada Field Peas. These are very valuable for fattening stock, and can also be grown for soiling purposes, but are of greater value for fodder when fed as ground feed, or the vines can be cured for hay, which is of great nutritive value. They can be sown alone or with oats; if sown alone, sow 2 bushels to the acre; if with oats, sow 1 bushel of peas and 1½ bushels of oats.

Spring Vetches or Tares. (*Vicia Sativa*.) These are a species of pea, and grown extensively for stock feeding. Are excellent food for hogs and also a most valuable fertilizer. 50 to 60 pounds are sown per acre and cultivated same as field peas.

Winter Hairy or Sand Vetch. (*Vicia Villosa*.) Can be sown from July to November broadcast, at rate of 20 to 30 pounds per acre, with one bushel of oats or wheat, or 40 to 50 pounds if sown alone. Will grow on most any soil and produce a good crop. Splendid as a soil improver or for feeding.

Dwarf Essex Rape. It can be sown in drills far enough apart to cultivate, or broadcast. If sown in drills, but 7 pounds per acre are necessary. The best way is to sow it broadcast on very clean soil, or to sow it with your spring grain at the rate of 15 pounds per acre.

Speltz. Makes excellent pasture and good hay if cut at the proper season. The straw is stiff and does not lodge easily, and the grain does not shell out. Dry weather does not seem to have any effect on it whatever. It is a wonderful stooler and a robust grower and can be fed same as oats with the hulls. Every farmer should grow it. Sow at the rate of 50 to 60 pounds per acre.

Teosinte. (*Reana Luxurians*.) Its value lies in the fact that it can be cut several times during the season, and when allowed to remain without being cut attains a height of 12 feet. We would advise sowing the seed in rows 3 feet apart and the hills far enough to work, putting in three seeds about every 12 inches in the drill.

Sweet Clover, Bokhara (*Melilotus Alba*), also **Yellow Blossom** (*Melilotus Officinalis*). While extensively used as a bee food, these clovers are valuable varieties for soiling (green manure); for sowing in the spring on lands which are later to be sown in alfalfa. They grow from 3 to 5 feet high, according to soil and location. Sow 15 lbs. per acre in early spring, alone, or 10 lbs. per acre with other crops.

Sudan Grass. For summer forage or grass crop will produce two or three cuttings each season, stools out thickly after the first cutting, makes a most nutritious and desirable forage crop. Sow in drills 10 lbs. to acre, broadcast 25 lbs. to acre.

GRASS SEEDS

(For prices, see page 7).

Awnless-Brome Grass. (*Bromus Inermis*.) A valuable grass for light, dry soils. Will stand long droughts and produce heavy growths where other grasses frequently fail. 30 pounds to the acre. Bushel, 14 pounds.

Alfalfa. As a fertilizing, land-enriching crop, it is unequalled. The roots sink down into the earth searching for nourishment and bringing to the surface the chemicals and fertilizing materials that have been stored 10 to 15 feet deep. One seeding stands for years. All cattle are fond of it. If possible, sow with oats at the rate of 15 pounds per acre, or if the land is very poor, sow 3 pounds more. The first season the growth will be very light, but don't be worried if the plants are small and several inches apart, for that means the next season you will probably get from 3 to 5 tons per acre, and it increases for several years, producing as high as 10 tons; but that is a very large yield. It should be cut down when in full bloom, but don't cut too early and be careful not to allow it to become water soaked after cutting, as it greatly reduces its value for feeding.

Blue Grass. (Kentucky.) Extra fancy cleaned. One of the most valuable sorts for lawn purposes, and as pasture grass is indispensable. This grade is best for sowing lawns. Sow 3 to 5 bushels per acre for lawn; for pasture, sow $2\frac{1}{2}$ bushels. Bushel, 140 pounds.

Clover, Red. Fine quality, high germinating seed, free from foreign matter. 60 pounds per bushel.

Clover, Alsike (Swedish). Harvested with great care; the finest product of the market. 60 pounds per bushel.

Clover, Scarlet (Crimson). Used principally as a soil restorative. Both Delaware and Imported seed. Best quality. 60 pounds per bushel.

Clover, White Dutch. For thickening the growth of the lawn, a better seed could not be used. Our grade is extra fine and we can say every grain will germinate. 60 pounds per bushel.

Clover, Mammoth Pea Vine or Sapling. Grows much taller than the Common Red Clover, with larger, leafier stalks.

Canadian Blue Grass. Adapted especially to high, dry situations. Fine for permanent pasture. Bushel, 14 pounds.

Creeping Bent Grass. (*Argostis Stolonifera*.) Excellent for lawns; succeeds well in all locations; makes a low, velvety growth. Bushel, 20 pounds.

Crested Dogtail. An excellent grass for hard, dry soils; valuable for pastures or lawns; 25 pounds to acre. Bushel, 21 pounds.

English Rye Grass. (Perennial Rye.) Fine for an immediate effect. Bushel, 24 pounds.

Herd or Red Top, Fancy Hulled. Extra recleaned seed, free from chaff. Bushel, 32 pounds.

Herd or Red Top Grass. Jersey and Western. Very popular for field use. Bushel, 10 pounds.

Hard Fescue. Thrives well in dry situations where many other grasses fail; 30 pounds to the acre. Bushel, 12 pounds.

Hungarian. Like German in growth, distinguished by brown color seed.

Italian Rye Grass. An annual; quick in maturing. Bushel, 22 pounds.

Meadow Fescue. English Blue Grass. An excellent grass for permanent pasture or hay. Bushel, 22 pounds.

Meadow Foxtail. An elegant pasture grass. Bushel, 7 pounds.

Millet, German or Golden. Best growth of all varieties; has, in consequence, a large sale; is a medium early forage plant, prolific in stalk and grain.

Millet, Common. Has a smaller seed head than German and does not produce as heavy a growth of forage.

Millet, Japanese. (Barnyard.) It yields an enormous crop of forage, which is greatly relished by stock. When cured, it makes an excellent hay.

Millet, Siberian. Grown largely in the Northwest, and is there considered better than any other. It yields a heavy crop of superior forage and seeds abundantly.

Natural Green Grass. Largely used on lawn and field. Bushel, 14 pounds.

Orchard Grass. For pasture, sowing under orchards or shady places. Bushel, 14 pounds.

Rhode Island Bent Grass. (*Agrostis Canina*.) Resembles Herd Grass, forming a fine turf, even on thin soils. Doing especially well in salt atmospheres. Sow 40 pounds to the acre. Bushel, 15 pounds.

Timothy Seed. Best grades, strictly recleaned. 45 pounds per bushel.

Wood Meadow Grass. Particularly adapted for pleasure grounds and lawns; will grow under trees where few other grasses can exist. Bushel, 14 pounds.

Quantity of Seed Requisite to Produce a Given Number of Plants and Sow an Acre

	Quantity per Acre
Artichoke, 1 oz. to 500 plants.....	6 oz.
Asparagus, 1 oz. to 800 plants.....	1 lb.
Asparagus Roots.....	1,000 to 7,250

CHAS. E. LANE, of Parksley, Va., says: "I have been using your Keystone Pigeon Food for about 2 years, and find it entirely satisfactory. It is free from dirt, the grain is sound and good, and always runs even, with about the proper proportions of each."

KEYSTONE FOODS

THE progressive poultryman may be compared to a manufacturer, with laying hens and growing stock for machines, the various grains and foodstuffs as the raw material and eggs and meat the finished product. Obviously, his profits will depend upon two things: the efficiency of his machines, and the use of raw material of the right kind. Both factors are equally important, and certain it is that the best machine cannot be made to produce good results on inferior or unsuitable raw material. Success or failure in poultry raising almost always lies in the difference between proper and improper feeding.

KEYSTONE CHICK FOOD

It is obvious that an organism made up of well-defined elements must require those elements to maintain health and promote growth. We have combined the elements necessary for a chick's growth in our Keystone Chick Food, which is a scientifically balanced ration, consisting of sound grains and carefully selected seeds. and which never varies in proportion or quality.

Keystone Chick Food should be fed until the chicks are six to eight weeks old, when they may be given our Keystone Developing Food.

ANALYSIS: Protein, 11 per cent.		Fat, 3 per cent.	Fiber, 3 per cent.

O.D.O. Chick Food

O.D.O. Baby Chick Food is specially prepared for starting Baby Chicks, Turkeys, Ducklings and Pheasants. It comprises a variety of nutritious foods, including butter milk and health preserving properties adapted to promote health, quick growth and strong development. A clean, wholesome food, most suitable for feeding during the critical period of first 10 days. It regulates and strengthens their fine tender digestive organs and aids in the prevention of fatal attack of bowel trouble.

Youngest of Keystone Family

KEYSTONE SCRATCHING FOOD

EXERCISE is essential to health; it aids digestion, promotes vigor and insures a large yield of fertile eggs. To induce a flock to exercise consistently, however, the hens must be compensated for their efforts. They should always be rewarded for their pains. Scatter Keystone Scratching Food in plenty of clean litter and watch the birds scratch and dig for it. It contains such an attractive variety of grains and seeds the fowl never tire of searching for it. This is one of our best sellers. Try it and you will use nothing else.

ANALYSIS: Protein, 11 per cent. | Fat, 3 per cent. | Fiber, 3 per cent.

	2,000 lb. lots.....	4.90 cwt.	6¼-lb. bags, each.....	.39

DANDY SCRATCHING FOOD

The same argument applies to this food as previously described for Keystone Chick Food. It is the best food for the money, and because it contains a slightly smaller content of protein, we are able to reduce the price.

ANALYSIS: Protein, 10½ per cent. | Fat, 3 per cent. | Fiber, 4 per cent.

	500 lbs.....	4.71 cwt.	1,000 lbs.....	4.68 cwt.
	2,000 lbs.....	4.65 cwt.	Including sacks.	

KEYSTONE MASH FOOD

Almost every poultryman admits that the use of dry mash is the most advanced method of feeding chickens. A heavy egg yield is an intensive process, and should be assisted in every way possible. The hen was endowed with a gizzard for grinding solid foods, but it is sometimes more economical to have a part of this mechanical work done by power mill-stones. Still another point in favor of dry mash feeding: where whole or broken grains are fed exclusively, it is more good luck than good management if some hens do not eat an excess of corn, others wheat, and others oats.

ANALYSIS: Protein, 13 per cent. | Fat, 3 per cent. | Fiber, 10 per cent

PRICES:	50 lbs.....	\$2.48	100 lb. lots.....	\$4.45
	500 lb. lots.....	4.41 cwt.	1,000 lb. lots.....	4.38 cwt.
		2,000 lb. lots.....	\$4.35 cwt.	

KEYSTONE DRY MASH

Protein constitutes the nitrogenous portion of the food, and is required to grow bone, muscle, feathers and eggs; keep the blood in healthy condition and repair waste tissues. Our Keystone Mash, a finely ground blend of grains and meat, is very high in protein, as will be seen by the analysis, and may be fed either wet or dry, as desired.

ANALYSIS: Protein, 14 per cent. | Fat, 4 per cent. | Fiber, 5 per cent.

PRICES:	50 lbs.....	\$2.48	100 lb. lots.....	\$4.45
	500 lb. lots.....	4.41 cwt.	1,000 lb. lots.....	4.38 cwt.
		2,000 lb. lots.....	\$4.35 cwt.	

KEYSTONE LAYING FOOD

The prime function of food is to support life—consequently any excess over the amount required for this purpose is turned into energy of one kind or another and with fowls it generally goes into eggs. Therefore, to secure a prolific egg yield it becomes necessary to feed the hen such a variety and quantity of foods as will supply her bodily needs and leave a surplus that will be turned into eggs. No single food forms a complete ration for poultry.

Keystone Laying Food is all that the name implies: a combination of grains, seeds, meats and green stuffs—nutritious and stimulating.

ANALYSIS: Protein, 18¾ per cent. | Fat, 4 per cent. | Fiber, 9 per cent.

PRICES:	50 lbs.....	\$2.43	100 lb. lots.....	\$4.35
	500 lb. lots.....	4.31 cwt.	1,000 lb. lots.....	4.28 cwt.
		2,000 lbs.....	\$4.25 cwt.

The increasing demand for Keystone Poultry Foods attests their popularity. Pure, clean, balanced rations made from the best grains obtainable; no variations in quality.

KEYSTONE FORCING FOOD

When your cockerels are ready for fattening, or you wish to put your poultry in prime condition for market so that they will command top prices, feed them for a couple of weeks on our Keystone Forcing Food and note the extraordinary results. Although it forces the flesh-forming tissues and produces well-rounded, fat and attractive broilers and roasters, this food is very easily digested; therefore, entails no ill results, likely to be experienced from other highly concentrated foods. Like our other foods it is always sold in sealed bags.

ANALYSIS: Protein, 14 per cent. Fat, 4 per cent. Fiber, 6 per cent.			
PRICES:	50 lbs.....	\$2.63	100 lb. lots.....\$4.75
	500 lb. lots.....	4.71 cwt.	1,000 lb. lots.....4.68 cwt.
		2,000 lb. lots.....	\$4.65 cwt.

KEYSTONE PIGEON FOOD

If you are not making money from your pigeons and your stock is of known reliability, you had better investigate your feed. Almost all of the failures in the squab business are attributed to careless, improper feeding. There is no economy in cheap, mildewed or partly spoiled grain; only trouble, sickness and mortality. Feed only the best; which is to say—feed Keystone brands. They are carefully balanced to meet the requirements of the birds, and never vary from an established prime quality. Pigeons fed upon our foods are sure to be prolific, and the squabs will develop quickly and become unusually large. These foods are sold only in sealed bags.

ANALYSIS: Protein, 13 per cent. Fat, 3 per cent. Fiber, 4 per cent.

	500 lbs.....	3.25 cwt.	1,000 lbs.....3.20 cwt.

KEYSTONE SALT CAT

This preparation is compounded from a reliable recipe, and contains those aromatic and tonic properties required by fancy and homing pigeons, pheasants, game fowls, etc. Try it once and you will never be without it. It is put in 1-pound bricks, carefully packed in pasteboard boxes.

PRICES:	Per Brick.....	\$0.20
	One dozen.....	2.25

FRED C. OHLEY, of Brookside Pigeon Lofts, Saugerties, N. Y., says: "We use Keystone grade Pigeon Feed exclusively. Squabs that weigh 10 to 12 lbs. to the dozen is the result. We invariably recommend its use to the many purchasers of our Breeding Carneaux."

KEYSTONE SPECIAL PREPARATIONS

KEYSTONE SPECIAL PREPARED POULTRY MEAT

A CONTROVERSY used to exist as to the relative merits of animal protein and vegetable protein; chemically they seemed to be the same. Under natural conditions the chicken will forage for bugs and other animal life; whereas when confined, or if large numbers of fowls are maintained on a comparatively small area, this animal sustenance is not available, and there is then a falling off in the egg yield, proving beyond a doubt that animal protein must be furnished. Keystone Special Prepared Poultry Meat makes up for this deficiency, and should be kept before the birds at all times, either in the dry mash or in separate hoppers. Allow us to send you a sample. We sell carloads.

KEYSTONE CRUSHED OYSTER SHELLS

GRIT to grind the feed, charcoal to keep it sweet, and oyster shells to supply lime for the eggs—this is a trilogy never to be overlooked. Our shells are dried by a patent hot air process, and not by direct fire which burns out most of the desirable elements. The shells are then ground and screened to three sizes—coarse, medium and fine—as recommended by leading poultry men, and are entirely free from dust, dirt or other foreign matter. Write for quotations on large lots.

	50 lbs.	100 lbs.	500 lbs.	2000 lbs.
PRICES: { Medium.....	\$0.68	\$1.20	\$1.15 cwt.	\$22.50 ton

{ Fine.....	.68	1.20	1.15 cwt.	22.50 ton

KEYSTONE CUT ALFALFA

Among green foods, alfalfa stands at the top. Our short cut alfalfa is the result of the first process of milling. All the stalks, leaves and blossoms are reduced to edible lengths. When used with the mash, short cut alfalfa is mixed dry with the other foods, and scalded or boiled with them. When fed in connection with dry grains, it should be scalded in a trough or other vessel and left for the fowls to eat at will.

PRICES: { 50 lb. bag.....	\$1.80	100 lb. bag.....	\$3.05

KEYSTONE MEALED ALFALFA

Used in the formation of Mash Food. Aids digestion and affords bulk to grain foods which are often too concentrated. Fine for young chicks.

PRICES: { 50 lbs.....	\$1.90	100 lbs.....	\$3.30
{ 500 lbs.....	3.28 cwt.	1,000 lbs.....	3.27 cwt.
	2,000 lb. lots.....		\$3.25 cwt.

KAPAILO WHITE CRYSTAL GRIT

Kapailo Grit produces greater strength and more eggs than do other grits. The reason is simple. Most grits are grits only. Kapailo Grit is the cleanest, whitest and sharpest grit money can buy, and it also contains a generous supply of those minerals that the laying hen needs so badly in the production of eggs, but seldom receives. It is a double-purpose grit. No. 1, Fine; No. 2, Medium; No. 3, Coarse.

PRICES: 50 lb. bags....	\$0.60	100 lb. bags....	\$1.05	Per ton.....	\$20.00
-------------------------	--------	------------------	--------	--------------	---------

MICA CRYSTAL GRIT

This grit is obtained from a friable rock of peculiar formation, and is especially well suited to poultry. The rotary, muscular action of the fowl's gizzard, working on the grit, causes it to break into small angular pieces and thereby increases its efficiency. Three sizes: Fine grade for chicks; Medium for pigeons; Regular or Coarse for fowls.

PRICES: 50 lb. bags....	\$0.75	100 lb. bags....	\$1.20	Per ton.....	\$23.50
-------------------------	--------	------------------	--------	--------------	---------

MAKA SHELL GRIT

As the name implies, this grit consists of small cubes of a rough, hard character, and is recommended for those who prefer a grit that will resist for a longer period of time the digestive secretions. They make splendid "molars," Three sizes: Extra Fine for chicks; Fine for pigeons; Coarse for fowls.

PRICES: 50 lb. bag....	\$0.75	100 lb. bag....	\$1.20	Per ton.....	\$19.00
------------------------	--------	-----------------	--------	--------------	---------

TABRO SPARK PLUGS ARE THE SPARKING PLUGS

SEE PAGE 37

*KEYSTONE EGG MAKER

TIME was when the 200-egg hen was looked upon as a dream. Today she is very much of a reality. In fact, the 300-egg hen has arrived. The difference between the "manure pile digger," who lays 60 eggs a year, and lays in the Spring when eggs are cheap, and the 200-egg hen, is directly attributable to increased food consumption. Maintain the hen's appetite so that she will eat large quantities of the right kind of food every day and she is bound to lay. She has got to lay or "bust."

Keystone Egg Maker is a compound of the most healthful ingredients, imported roots, herbs and barks, blended in the most exacting scientific manner, and guaranteed to make a perfect digestive tonic and stimulant. It regulates and purifies the fowls' blood and digestive organs, and in so doing sharpens and stimulates their appetites so that they crave large quantities of food; consequently, they are induced to lay. Just as the human desire for food becomes jaded and requires a

tonic, so it is with chickens, only more so; and by feeding a mash containing Keystone Egg Maker a flock of hens will be kept in the pink of condition.

Keystone Egg Maker is put up in 42-ounce cartons, which contains 150 feeds for 10 hens. PRICES: \$0.30 per package (Parcel Post, 7c extra); 12-pound bag, \$1.75; postpaid, \$1.92. 25-pound buckets, \$3.25; postpaid, \$3.55.

KEYSTONE LICE PAINT

This preparation positively kills red mites, which suck the blood of the fowl.

Keystone Lice Paint does effective work in ridding horses and cattle of lice, mites, etc. To kill lice on hogs, spray the bedding thoroughly with Keystone Lice Paint. Also coat the rubbing posts with the liquid.

PRICES: { 1 qt. cans, each..\$0.40 1 gal. cans, each....\$1.25
 { ½ gal. cans, each.. .75

KEYSTONE DISINFECTING FLUID

Germs breed rapidly in poultry houses and yards and disease is the result. If Keystone Disinfecting Fluid is used weekly, it will kill all germs and prevent the spread of disease. It will also cure some of the common ills of the fowls.

It is a powerful antiseptic, purifying and healing preparation, and one quart will make 50 quarts of the best kind of disinfectant. Use in poultry houses, stables, kennels and toilets.

PRICES: 1 quart.....\$0.75 ½ gallon.....\$1.25 1 gallon.....\$1.75

BLATCHFORD'S EGG MASH

This mash furnishes a great surplus of nourishment which goes to the formation of eggs; hens enjoy it, and are kept in the best of health. All the ingredients of Blatchford's Calf Meal are included in this mash, making it virtually a milk feed. It is fed dry, just as it comes in the bag.

25 lb. bags, each.....\$1.70 100 lb. bags, each....\$5.70

BLATCHFORD'S MAMMOTH MILK MASH

You can obtain the finest milk-fed broilers and roasters, without the trouble of feeding fresh milk, if you give your birds Blatchford's Milk Mash. It has for its base the well-known Blatchford's Calf Meal, and in addition, corn, oats, bone and barley meals, fish and beef scraps, middlings and powdered limestone. Feed it dry, just as it comes to you.

25 lb. bags, each.....\$1.90 100 lb. bags, each.....\$6.55

F. P. C. CHICK MANNA

For little chicks when first hatched: especially valuable for raising chicks in winter and early spring.

NOTE. All prices quoted are subject to market fluctuations and change in price without notice.

KEYSTONE LICE POWDER

LOUSY fowls are unprofitable, and no poultryman can expect to make money if his hens are bothered with lice and mites. Keystone Lice Powder is sure death to all insects on fowls, and will destroy lice on cattle and horses, ticks on sheep, and fleas on dogs. It is also excellent to use on plants and bushes as a protection against plant lice. Three sizes—5, 15 and 48 ounce boxes, the 5 and 15 ounce boxes equipped with patent sifter top.

PRICES:	5 oz. box.....	\$0.15; postpaid, \$0.20

The bottom, or spout part, screws on or off, and makes a large opening for filling. Just the thing for applying Keystone Lice Powder.

PRICES:	Large size.....	\$0.25; postpaid, \$0.30
	Small size.....	.35; postpaid, .40

MR. B. M. BEIDEMAN, Merchantville, N. J., says: "I have been handling your Pea Green Alfalfa Meal and consider it far superior to any which I have ever used."

*KEYSTONE ROUP CURE

Roup is the terror of the poultrymen, and yearly thousands of fowls are lost because of failure to treat the disease properly. Your flock may be saved by buying now a package of Keystone Roup Cure. Roup usually follows neglected colds. It is catarrhal in its nature, and first symptoms are frothiness and bubbles in the corners of the fowls' eyes, generally accompanied by sneezing and snuffles. The discharge always has a foul odor, which thickens and clogs the nostrils. The bird's head usually swells, the eyes bulge, and thick, slimy masses form in the mouth. We put it up in two sizes, the small size making 25 gallons of medicine, the large size 75 gallons.

PRICES: \$0.30 and \$0.60 per box; by parcel post, 5 cents extra.

FERSUL

An odorless disinfectant, deodorizer and antiseptic. Kills germs and is a tonic. Fersul makes the air sweet and clean; an effective remedy for germ diseases.

KEYSTONE GAPE CURE

*Keystone Gape Cure is in a powdered form and used by mixing with the soft food. The medicinal properties are quickly absorbed into the circulation, which, coming in contact with the worms, kill them at once.

PRICE: Per box, holding sufficient for treating several hundred feeds; \$0.60; by parcel post, 5 cents extra.

KEYSTONE CHOLERA CURE

*Cholera is one of the swiftest and most fatal diseases in the poultry yard, and is extremely contagious. Affected fowls should be separated at once and treated with Keystone Cholera Cure administered in the drinking water.

Each box contains directions for use.

PRICE: Each, \$0.60; by parcel post, 5 cents extra.

POULTRIOTONE FOR POULTRY

PRICES: 2 lb. pkg., \$0.50; postpaid, \$0.57 5 lb pkg., \$1.00; postpaid, \$1.10

STERLINGWORTH DIARRHOEA REMEDY FOR POULTRY

*A positive cure and preventive for Diarrhoea, including White Diarrhoea. This scourge has driven more poultrymen out of the business than any other disease.

PRICE: Per box, sufficient for several flocks, \$0.60; by parcel post, 5 cents extra.

STERLINGWORTH SULPHUR FUMIGATING CANDLES

Easy to light. Safe to use; sure in effect. These candles are the most satisfactory fumigating candles manufactured.

PRICES: Each, \$0.20; postpaid, \$0.25.

*RUST'S HAVENS' ROUP PILLS

For Roup, Catarrh, Colds, Pigeon Diseases, etc. Moderate size, and, therefore, easy to give to fowls.

PRICE: 50 pills in box, postpaid..\$0.25 112 pills in box, postpaid.....\$0.50

*“OCULUM”

Scientific Remedy and Preventive for Cholera, Roup, White Diarrhoea and Sore Head; also Cure for Gapes. For inoculating, use the small syringe that goes with each bottle. Two sizes—\$0.50 and \$1.00 a bottle. By parcel post—\$0.55 and \$1.05.

IDEAL ALUMINUM LEG BANDS

When ordering specify the size of band.

No. 2 for Pigeons.

No. 4 for Bantams.

Russian Sunflower Seed. (Large.) This makes a very excellent change of feed for poultry; they like and thrive on it. An egg producer. Market Price.

Russian Sunflower Seed. (Small.) Price: \$12.00 to \$13.00 per cwt.

Tobacco Stems. Excellent nesting material. Lice cannot live where extensively used. Pigeon growers can't afford to use anything else.

PRICE: \$1.30 to \$1.40 per cwt., in bales from 175 to 250 lbs.

Wheat Screenings. One of the finest feeds for poultry. Write for quotation Analysis: Protein, 12 per cent.; fat, 2 per cent.; fiber, 3 per cent.

Buckeye Incubators

THE unprecedented success which has followed the Buckeye for twenty-five years is primarily due to the invention of the Buckeye hot water system. Without this wonderful system of hot water heating, that perfect balance between the temperature, moisture and ventilation, which is so necessary to successful incubation, would be a physical impossibility. The ability to heat the egg chamber without cooking all the moisture out of the air is not only responsible for the abundant supply of natural moisture, but at the same time the soft radiated heat from the hot water tank provides an absolutely uniform temperature,

and permits the perfect ventilation of the egg chamber at the same time. Every Standard Buckeye Incubator is built under the direct supervision of the National Board of Insurance Underwriters and labeled with their stamp of approval. The approval of the Insurance Underwriters' Laboratories means that every machine is as near fireproof as human ingenuity can make it, and under this improved construction they have never had a single fire reported that was caused by a Buckeye Incubator. An absolutely fireproof incubator is a mighty big asset.

Buckeye Standard Brooders

The Standard Brooder has actually revolutionized the whole poultry industry by helping the breeders to raise a much larger percentage of their young stock with just about one-fourth of the labor.

For the big breeder it has been a veritable God-send, and in a large number of cases has turned money losing propositions into highly profitable plants, while for the smaller breeder it has been just as valuable through its ability to bring the young stock to quicker maturity and saving many valuable fowl that, under ordinary conditions, never would have survived.

Regardless of what they cost, there is no other brooder that compares with the Standard—that is the verdict of breeders who have tried them all.

Write for Descriptive Catalogue

CYPHERS COMPANY INCUBATORS

Made in 3 styles. Eight different sizes.

FOR the season of 1920 we offer our customers the Cyphers Incubator Company's complete line of Incubators. These *three styles* of high-class, guaranteed hatching machines, running through *eight different sizes*, represent all that is efficient, convenient and reliable in incubator construction.

MADE IN FOUR SIZES.

STANDARD CYPHERS INCUBATORS

These are machines that *for twenty years* have been recognized as the "Standard hatchers of the world." Tens upon tens of thousands of them have been sold, and are in successful use in every civilized country on the globe. They are used by more Government Experiment Stations, on more large, practical poultry plants, on more successful duck and egg farms, and by a larger number of foremost poultry breeders than all other makes combined. They are the last word to date in incubator building, not a penny being spared anywhere in their construction to make sure of their doing satisfactory work *in all climes, under widely different conditions*, in the hands of all sorts of people. They are built to hatch *and to last*. With ordinary care they should last an ordinary lifetime. Every Standard Cyphers Incubator is guaranteed by the manufacturers to do first-class work in the hands of every purchaser who will give it a fair trial.

Are built in four popular sizes and at prices as follows: 70 eggs, price complete, \$22.50; 144 eggs, price complete, \$34.20; 244 eggs, price complete, \$48.60; 390 eggs, price complete, \$54.90.

COLUMBIA HOT-AIR INCUBATORS

Are built to meet the widespread demand for large-capacity lamp-heated machines that can be sold at *surprisingly low prices* and yet be guaranteed to do high-class work. Have wooden cases, attractively finished in dark green, with brass trimmings and double walls. Seamless-bottom lamp bowls, best quality brass burners, zinc and steel standard Cyphers toggle-joint thermostat and *same regulating equipment as used on the highest priced machines*. Fume proof, draft heater, asbestos-covered and metal banded. Automatic in ventilation and embodies diffusive principle. Roomy chick nursery under egg trays.

Are made in two sizes: 140 eggs, price complete, \$24.00; 250 eggs, price complete \$33.60. *Fully guaranteed.*

MADE IN TWO SIZES.

SUPERIOR HOT-WATER INCUBATORS

These machines are exactly what the name says. They are heated by hot water instead of with hot air and are "superior" *in every detail*. The water boiler and tank (tubular) are of heavy-weight copper. Lamp has seamless bowl; burner is best on market. Incubator case *is of wood*, attractively finished in golden brown, with brass trimmings (hinges, buttons, etc.) and has *double walls*, with air space insulation. Are equipped with Standard Cyphers zinc and steel, toggle-joint thermostat and knife-edge regulator. Have *forced water circulation*, and are automatic in ventilation. Roomy chick nurseries.

Are built in two sizes: 65 eggs, price complete, \$15.60; 130 eggs, price complete, \$24.00.

MADE IN TWO SIZES.

NOTE: All transportation facilities are much congested causing slow deliveries—Order early to avoid these conditions.

STANDARD CYPHERS BROODERS

NO matter how many chicks you hatch, or how big, lively and hearty they are, you must have the right kind of brooding equipment to raise them successfully to market age or for use as layers and breeders.

The Standard Cyphers Brooders are fireproofed and insurable, and are the most durable, convenient and efficient outdoor brooders thus far invented. They are equipped with the Cyphers Adaptable Hover, which is self-ventilating and self-regulating—you can therefore depend upon an even, steady temperature in the hover and a lively, thrifty, growing lot of chicks. They are easily and quickly converted into colony coops for the growing chicks by simply taking out the hover, which is made removable for that purpose. Saves buying a coop for them.

PRICES: Style B, 3-Apartment Outdoor Brooder, \$36.00; Style C, 3-Apartment Outdoor Brooder (for cold climates), \$38.00.

THE PARADISE BROODER

We believe the Paradise One-Lamp Sectional Brooder to be the best indoor brooding device invented thus far as a practical, convenient and economical nursery for newly hatched chicks and ducklings. It embodies the correct principles of brooding chicks and ducklings by artificial means. Heat is furnished in the right way for growing chicks. Plenty of light gets into each section. Ventilation of all parts of this brooder is thorough. There is plenty of room for exercise. Fresh water is easily supplied to each flock of chicks.

Complete brooder has four sections, each section holding two separate flocks of fifty chicks. Total capacity, 400 chicks. Means for feeding and caring for chicks are very convenient and chicks are always under control of the operator. One large oil heater provides warmth.

PRICES: Base section, \$27.00. Additional sections (can be added as desired), each, \$19.00.

CYPHERS ADAPTABLE HOVER

The Cyphers Adaptable Hover is self-ventilating and self-regulating. It supplies a continuous flow of *fresh, pure, warmed* air under the hover, and at the same time maintains a steady, uniform heat. All the essentials of successful brooding of chicks are automatically provided. Thousands of poultry growers use this hover in raising big, strong flocks of chicks. It is "adaptable" to use in outdoor brooders, colony coops, portable houses, home-made brooder coops made from dry goods boxes,

piano boxes and organ cases, as well as indoors in large brooding houses. It is constructed entirely of non-combustible material, and bears the Fire Underwriters' inspected brooder label. Capacity, 100 newly hatched chicks, or 75 chicks that are ten days to six weeks old.

Price of Cyphers Adaptable Hover, \$16.75.

CYPHERS PORTABLE HOVER

Rated capacity, 100 newly hatched chicks, or 75 chicks that are ten days to six weeks old.

Price of Cyphers Portable Hover, \$16.75.

BOSTON DRY FOOD HOPPER

The best food-saving dry food hopper on the market. Fowls cannot scratch food out and waste it, yet food is always in sight. It cannot clog, is easy to fill, easy to keep clean. The Boston Hopper is rat proof; it saves your feed for the fowls. Made in four sizes.

PRICES: Large size, holds $\frac{1}{2}$ bushel, each, \$1.35; Small, for meat scrap, holds 1 peck, each, \$1.60; Long chicken size, holds 1 peck, each, \$1.50; Small chicken size, holds $\frac{1}{2}$ peck, each, \$1.25.

CYPHERS GRIT AND SHELL BOX

Made of best grade of galvanized iron. Has three compartments—for grit, oyster-shell and charcoal. Cover or lid on a slant prevents fowls roosting on the box and keeps contents clean. It is necessary in every well equipped poultry plant. Made in one size only.

PRICES: Each, \$1.05, 3 or more, \$1.00 each.

CYPHERS DRY FOOD HOPPER

This hopper is similar to the grit and shell box, but is larger and has two compartments, holding three quarts in one and six quarts in the other. The ideal hopper for meal scrap and dry mashes.

PRICE: Each, \$0.85.

CYPHERS SAFETY BROODER STOVE

Cyphers Safety Brooder Stove consists of a brass oil fount and a safety water pan of the same metal that holds nearly a quart of water and extends out over the entire surface of the oil bowl, thus placing a sheet of cold water an inch to an inch and a half in thickness between the oil in the oil fount and the flame. Widely used in heating home-made brooders.

PRICE: Each, \$2.50.

CYPHERS X-RAY EGG TESTER

Made to fit on an ordinary hand lamp. In a dark room the light will penetrate the shell and illuminate interior of egg.

PRICES: \$0.30; postpaid, \$0.35.

CYPHERS COMBINED FOOD AND WATER HOLDER

Convenient for watering or feeding chicks, fowls or ducks and for use of feeding mashes. Where this protected receptacle is used a saving of 15 to 25 per cent. in foodstuffs may be counted on. The guard lifts out of the pan, making the pan easy to clean. They are made of heavy galvanized iron, in three sizes.

PRICES: Small size, each, \$0.50; Medium size, each, \$0.65; Large size, each, \$0.90.

COMBINATION WATER FOUNTAIN AND FEEDER

Can be applied to any glass quart jar.

PRICES: Single, \$0.50 each; $\frac{1}{2}$ doz. lots, \$2.95 doz.; 1 doz. lots, \$5.75 doz.

NOTE: When ordering goods by Parcel Post be sure to include sufficient postage to avoid delay.

CYPHERS LICE-PROOF PERCH SUPPORTS

A BIG help in ridding your flock of lice and mites, and in keeping them away. The cup filled with oil stops the pests from crawling on to your fowls. A cup above oil cup keeps out dust and insures continuous protection. Are strongly made and easily put up with screws. Made in two styles—upright and wall for fastening to side walls.

PRICES: Upright, pair, \$0.55; six pair, \$3.30; Wall, pair, \$0.45; six pair, \$2.75.

CYPHERS KEEP CLEAN WALL FOUNTAIN

The construction of these fountains prevents the water from getting dirty and full of litter, yet allows fowls to drink water readily. They are very convenient to handle, and can be hung upon the wall above the floor, the back of the can being flat. They will not break by freezing.

PRICES: One gallon size, each \$0.85; two gallon size, each, \$1.10.

CYPHERS SEPARABLE WALL FOUNTAIN

A labor-saving wall fountain that can be separated, or opened, for cleaning and filling. Water keeps clean in this fountain. Made of heavy galvanized iron, in two sizes.

PRICES: 5 quart size, each \$1.00; 9 quart size, each \$1.40.

FOOD OR WATER CUP

Made of galvanized iron, strong and durable; holds one-half pint each, enough for all ordinary purposes. The wires can be bent to secure them to any style of coop.

PRICES: Two, \$0.35; postpaid, \$0.45. Per dozen (weight, 3 lbs.), \$1.00.

SANITARY CHICK SERVER

This Popular Chick Server is used extensively for supplying food and water to small chicks, both on range and confined in brooders, brooding houses, etc. Consists of two parts only, is easy to clean and keep clean. Made in one size only.

PRICE: Each, \$0.25.

CYPHERS LICE POWDER

It is carefully compounded and contains no carbolic acid or chemicals.

PRICES: { 15 oz. pkg. \$0.25; postpaid, \$0.31 100 oz. pkg. \$1.00; postpaid, \$1.12
48 oz. box .50; postpaid, .58

CYPHERS ROUP REMEDY

Full directions will be found in every package.

PRICES: { Large size pkg. \$1.00, postpaid

DOUBLE-QUICK GRAIN SPROUTER

The perpetual Poultry Silo grows green feed for poultry.

No. 2—½ bu. 50 to 75 hens... \$16.00
No. 3—1 bu. 100 to 150 hens... 24.00

No. 4—2 bu. 200 to 300 hens... \$32.00
No. 5—4 bu. 400 to 600 hens... 45.00

NORWICH AUTOMATIC EXERCISER AND FEEDER

THIS machine is as near perfection as human intelligence can make it. It consists of a hopper, to contain the feed, in the bottom of which is fitted an adjusting valve, which is set to allow such quantities of feed to escape as may be desired. Directly under the valve is located the deflector, upon which the feed falls and by it is scattered in a wide, even circle. As the fowl strikes the feed bar it sends a regulated shower of feed on the deflector and it is thus scattered.

TAYLOR BROS. GRAIN ELEVATOR AND WAREHOUSES, Coopers Pt., Camden

DIGESTER TANKAGE

HOG money is big money if your hogs are fed Digester Tankage. It will increase your hog profits one-third and reduce your feed bills accordingly. Corn and other farm grains are rich in carbo-hydrates and fats, but low in protein, which is absolutely essential to secure economical feeding results. There are several sources of protein, and Digester Tankage is by far the cheapest. For proof of this compare the analysis of Tankage with that of any other food.

Digester Tankage is a dark colored granular meal, made from clean, wholesome fresh meat trimmings taken only from Government Inspected animals. These trimmings are cooked for ten hours with live steam; and the product is then passed through a dryer, after which it is milled and screened and then packed in burlap sacks.

Digester Tankage matures a hog for market two or three months quicker than a corn diet. It grows hogs with more lean meat and less fat, hence top prices are secured. Brood sows fed Tankage will farrow strong healthy pigs, and fortify and strengthen them against the attacks of disease germs. Digester Tankage is strongly recommended by all leading Experiment Stations, Veterinarians and Breeders.

STERLINGWORTH FLY DRIVER AND GERM DEATH

Completely protects cattle and horses from all winged pests; it is non-poisonous and harmless; it does not burn or gum the coat. One quart mixed with water makes two gallons of fly driver. Can be applied with brush or sprayer. The No. 1 Cyclone Sprayer is recommended for the purpose.

PRICES: 1 qt. can.....\$0.60 2 qt. can.....\$1.00

TABLE AND DAIRY SALT

Buy salt from us and you will get the best at the lowest prices. The Wigwam ranks very high and we would be very glad to quote prices in any quantity.

Wigwam Brand is a high grade, granulated vacuum process salt, especially refined for dairy, cooking, baking and table use, is strictly pure, sparkles like a diamond, the result of perfect crystallization, makes a brine as clear as crystal and will not harden in any climate.

Ground Salt (coarse grain) is the first product of evaporators and is a coarser grain than Perfection Brand. It is preferred by packers for pickling meats, etc.

Agricultural Salt is grades that have become discolored or dirty. It is used for fertilizing and for any purpose where quality is not essential. (We do not guarantee the quality of Agricultural Salt.)

Mineral Salt is white, bright, sparkling and clear (almost chemically pure). Used for packing meats, freezing ice cream, refrigeration, charging ice machines, pickling, salting hides and skins, and feeding horses, cattle and sheep.

Turk's Island Salt. Genuine article.

DILLON'S UTILITY SALT

A conditioner for horses and stock. Relieves them of worms and tones up the system.

JERSEY BRAND POULTRY WIRE NETTING

FEW people realize what a vast difference there is in the quality of wire netting, and yet such is the case. And on a poultry farm where large quantities are used this factor becomes a very vital one. Cheap, inferior nettings soon rust out, and become a source of continual trouble and expense to the poultryman. Fence your plant with Jersey Netting and you have fenced it with the most durable. It is made of the best materials, heavily galvanized after it is woven, and guaranteed to be straight and free from any defects. We carry a large supply of this fencing in stock. Each roll contains 150 lineal feet. Following prices are for full roll lots.

Inoculate your Alfalfa, Clovers, Cow Peas, Soy Beans, Vetches and all other Legume Crops with

Mulford Cultures

FOR LEGUMES

Small Cost
Easy to Use

Large Return
No Labor Expense

Uninoculated ALFALFA Inoculated
Photographed on same scale. Plant on left not inoculated—Plant on right inoculated with Mulford Culture for Alfalfa. All other conditions identical.

THE CONTRAST SPEAKS FOR ITSELF

Mulford Cultures contain pure, tested strains of active, vigorous nitrogen-fixing bacteria, for inoculating seeds of legumes or soil.

Mulford Cultures are scientifically prepared and tested with the utmost care and skill. Enormous numbers of these very valuable and desirable bacteria are thus available to you in every package of Mulford Culture and may readily be applied to your seed. The sealed bottle insures purity.

Legumes offer the best-known means of maintaining soil fertility and rejuvenating over-cropped and worn-out fields. They add both humus and nitrogen to your soil and thus increase your yield of wheat, cotton, corn and other non-legume crops.

The U. S. Department of Agriculture and many State Agricultural Experiment Stations recommended inoculation of legumes with nitrogen-fixing bacteria to induce a prompt "catch" and increase your yield.

Mulford Cultures are prepared for

ALFALFA (Lucerne)	COW PEAS	GARDEN BEANS
CRIMSON CLOVER	SOY BEANS	GARDEN PEAS
SWEET CLOVER	PEANUTS	LIMA BEANS
RED CLOVER	VETCH	LESPEDEZA
ALSIKE CLOVER	VELVET BEANS	BEGGAR WEED
BURR CLOVER	SWEET PEAS	AND OTHERS

Always specify on your order what crop you want to inoculate, as there is a different strain of bacteria for each legume.

SELECTED SEEDS

OUR potatoes are grown expressly for seed purposes in Aroostook County, Maine; carefully selected, and the equal of any seed potatoes on the market. They are put up in barrel sacks of $2\frac{3}{4}$ bushels or 165 pounds in a sack.

We cannot quote prices in this catalogue for the reason that the value of Potatoes fluctuates constantly. Customers entrusting us with their orders, however, may feel assured that they will be charged the lowest possible price

for strictly Maine grown seed. Write us for quotations on carload lots or less.

Houlton Early Rose. (The standard early and reliable variety).

Irish Cobbler. (Good keepers, vigorous and popular).

Early Ohio. (Old time favorite, matures early).

Beauty of Hebrons. (Very early and productive).

Green Mountains. (Big cropper, splendid cooker).

Early Northers. (Claimed best yielder of Rose family).

New Queen. (Resembles Hebrons, matures 7 to 10 days earlier).

Gold Coin. (Hardy, very productive).

Bliss Triumph. (Extra early variety, medium size).

MR. J. R. HAINES, Mgr. Davis' Camden and Phila. Express, says:—"The Squeegie Diamond Tires, purchased sometimes ago, for their touring car, and trucks, have given good service and he is satisfied Diamonds are the Standard Tires for 1920."

A Hint To The WISE

Wise dairymen are right now looking for a ration that will increase their profits and improve the health and vigor of their herds. Do you know that you can maintain the flow your cows had on June pastures and make your milk profits increase instead of decrease this Winter—that you can avoid the disagreeable bother and waste of time in mixing feeds at home to suit your needs? Here's the ration that will do these things:

Larro-feed

The Ready
Ration for
Dairy Cows

Larro-feed is the new complete ready-to-feed dairy ration—a highly palatable, nutritious feed that tempts the appetite and fills the milkpail. Your cows will eat it greedily and respond with a more liberal flow of milk profits for you.

Arrange now for what you will need later, with this understanding—that you can feed two sacks (200 lbs.) at our risk. Watch results for two weeks, especially the second week, then, if you are not pleased, return the unused sacks and get your money back in full.

GUARANTEED ANALYSIS

In selecting a car you usually use every precaution to secure the one that you believe will give you the best service at the least expense. But it matters very little whether your car cost \$1000.00 or \$5000.00, if your plugs go wrong your car naturally stops and usually at a critical time. Then why is it not just as important to secure a plug that will keep your car buzzing along day after day without any signs of weakness or mis-fire. Our past experience in handling plugs has made us cautious, and in adopting the **TABRO PLUG** we have fully tested every part, including porcelain, grade of steel and all material used in the construction, which has convinced us we have the right plug for every make of car at a very moderate price, with the following guarantee.

Guarantee

TABRO Spark Plugs are made of only the highest quality materials and are carefully hand assembled. We guarantee them as to workmanship and material used.

CEMENTLESS PATCHES

TAYLOR BROTHERS Wholesale Distributors **Camden, N. J.**

Peerless Starting System

With Battery \$19

The Best Small Investment a Ford Owner Ever Made

The PEERLESS STARTER can save you a whole lot of things—among them—
MONEY, TIME, TROUBLE AND EMBARRASSMENT

The PEERLESS STARTER will give you
SAFETY, EFFICIENCY, ECONOMY AND SATISFACTION

MR. FORD OWNER:

First:—To avoid conscription into that vast army of thousands, who have been injured in cranking—by their familiar “handshake” with their “Little Ford.”

Second:—To save high-priced gas and oil. Why let your engine run when your car is standing? Why let your car work for Rockefeller, when it is loafing for you?

ALL YOURS FOR \$19.00, COMPLETE WITH BATTERY

Your First Glance at a PEERLESS FORD STARTER

will prompt the question—Where have I seen that Starter before? You have seen Starters that in outward form and general appearance resembled the PEERLESS—but right there all similarity ends. It is so simple and compact in construction that it can be sold to Ford owners at the very low price of

\$19 With Battery \$19

TAYLOR BROTHERS, Distributors

M-AND-O SPARK PLUG TESTERS

Enables you to test the spark of each plug
without removing.

AUTOMOBILE TOW LINES

Excelsior Automobile Tow Lines for pleasure cars

Price \$5.30 each

Truck line, \$10.75 each

Every car should carry a tow line in case of
emergency—these lines are very strong—will last
a lifetime.

Mail in your order

S. W. Auto Soap is a pure Linseed Oil Soap for cleaning Automobiles and keeping the finish in good condition. It contains no free alkali which will ruin the varnish finish.

It will remove all dirt, dust, mud, etc., and the original finish will be brought out, without leaving the surface dull or smeary, as in the case of many Automobile Soaps.

Linseed Oil is the life of all Varnish, therefore, Automobile Soap builds up the finish, and keeps the car out of the paint shop. One-half pint of Automobile Soap should be used to one pail of water.

It is put up in 1 lb., 37c; 5 lb., 32c lb.; 10 lb., 30c lb.; 25 lb., 27c lb., and 50 lb., 26c cans.

OUTLOOK WINDSHIELD CLEANER \$2.00

Don't wait until "tomorrow" to make your car safe! Go to your dealer TODAY or fill out the coupon NOW and put an Outlook on your car! Every day you drive in stormy weather without an Outlook you take *desperate chances*—you risk your own life and the lives of *your passengers*—you gamble on your luck not to maim or kill others, destroy property or wreck your own and other cars. *Some day*—if you persist in driving without an Outlook—you *most certainly will get into trouble!*

Outlook, the Cheapest and Best Insurance!

No driver is so careful or so lucky that he won't have an accident sooner or later *if he can't see where he's going!* Clear vision is the only insurance that insures. With an Outlook on your car you can drive safely 365 days a year. Snow, sleet, mist, rain or fog won't bother you. No matter how it storms, Outlook will keep your windshield free and your vision clear.

Is Your Life Worth \$2.00?

Easy to Put On

The Outlook "Regular" clamps over the top of the windshield. Anyone can put it on in ten minutes and a screwdriver is the only tool required. The rubber roller keeps the tension even and the wiper firmly held against the glass. Special models for closed cars fasten through the glass or through the windshield frame.

GASTINE America's Standard Carbon Remover

Removes Carbon—"Gastine" will keep your cylinders, valves, pistons, spark plugs, etc., "as clean as a whistle"—absolutely free from carbon deposits.

Increases Power—"Gastine" gives an increase of 30 per cent. in power and speed on the hills and on the level by giving at all times a perfect mixture that flows freely and constantly with every touch of the throttle.

Saves Gasoline—"Gastine" will positively give you at least "one-third more mileage" from your gasoline, as the concentrated oils used enable the user to allow a little more air to enter the carburetor, a proof that you are getting more miles to the gallon.

Guarantee

"GASTINE" is absolutely non-injurious to the finest motors; will not clog the feed pipe, and is sold with an absolute guarantee that your money will be cheerfully refunded if "GASTINE" does not meet every claim made for it.

Packed in cartons of 1 doz. packets of 100 tablets.

Price, 1 doz., \$11.00; less quantities, \$1.00 each.

WHISTLER

"IT WHISTLES WHEN IT'S HAD ENOUGH"

FABRIC		CORD	
Size	Inflation	Size	Inflation

4½"	80 lbs.	4½"	70 lbs.
5"	90 lbs.	5"	80 lbs.

Equip your car with a set of 4 Whistlers, set them for proper inflation. They whistle when they get enough.

Price, set of 4, \$4.00

Designed to do away with that wonder-if-it's-enough feeling while pumping up tires.

Do not be deceived by the tire gauges usually offered for sale at \$1.50 up.

You can work in the dark with Whistlers.

MAGIC Jr. 5-MINUTE VULCANIZER

Packed with one half dozen assorted patches, round and oblong, wrapped in wax paper. Fits all makes of patches—SIMPLE—SAFE—SURE!

Important Notice

INLAND

1 PIECE PISTON RING

Price, complete set of five wheels, with four inner hubs, four hub-caps, hub-cap wrench, etc., in choice of colors—black, white, cream, green, red, blue, and khaki, for Ford Cars. \$70

Same equipment for Chevrolet 490 and Overland Four. \$80
Prices for other cars on request.

THE WHEEL THAT WON'T COME OFF

The secret of the perfect safety of the Stewart Wheel is in the reverse taper construction of the parts of the hub. After the wheel is slipped on it must be turned enough to bring the tapers into proper contact before the steel wedges of the hub-cap can be applied. Once they are in place, the wheel positively cannot come off by accident. This taper construction bears all the strain that in most other wire wheels is thrown directly against a frail hub-cap.

The beauty of the Stewart Wheel adds distinction and attractiveness to your car. The resilient steel spokes take up all the road shocks and give you greater comfort in riding.

DOLPHIN MAGNETO WRENCHES

These are put up in neat roll packages of 1 dozen, wrenches to fit every magneto. Price, full set, \$1.50; every auto owner should carry a set. Order now.

FARM TRACTORS

STAR WATER BOWLS

INCREASE THE MILK FLOW

Everyone knows that the more water a cow drinks the more milk she will yield; milk is about 87 per cent. water. But many dairymen do not know how much MORE milk a cow will yield when she can drink all the water she wants, exactly WHEN SHE WANTS IT.

PRICE: Each.....\$4.10

KEYSTONE RUBBER ROOFING

JUST as a chain is no stronger than its weakest link, the security of a building is no greater than the integrity of its roof. Keystone Rubber Roofing is the choice of careful buyers who insist upon attractiveness, fire-resisting qualities and absolute weather protection at the minimum cost per year of service. It is made from the best, heavy tough felt fabric, saturated and coated with a flexible waterproof gum, and retains its life and flexibility for many years. We sell enormous quantities of Keystone Rubber Roofing, and are therefore able to quote the lowest possible prices. Samples will be sent upon request. Satisfaction guaranteed.

BERRY CRATES AND BASKETS

THE progressive farmer and fruit grower realizes the importance of shipping his products in strong, well made, attractive carriers, and that if he does not do so he cannot expect top prices. We carry a full line of berry crates, baskets and carriers of standard make, the best obtainable, and will be glad to quote prices on carload lots or less. Let us know your requirements.

BERRY BASKETS

Standard quarts; oval pints. Thirty-two-quart berry crates. Dividers for crates.

BASKETS

Five-eighths bushel; six brace.
Half bushel; six brace.
Half bushel peach; best quality.
Hampers; best quality.

THE FARMERS' FAVORITE COOKER

It pays to use a cooker. A warm meal once a day for the cows will show surprising results in the milk pail. Hogs will respond much quicker if fed cooked feed. Poultry must have warm food for best results.

Capacity	Size Boiler	Length Fire Box	List
No. 1 25 gal.	22 x 22 x 12.	24 in.	\$18.60

MYERS' COMPRESSED AIR SPRAYER

One of the special features of this sprayer is the nozzle by means of which the spray can be adjusted from a broad fine spray to a long distance spray throwing water 25 feet so that the tops of ordinary trees can be easily reached. This nozzle is adjusted by simply opening or closing the hand.

You will be more than pleased with this Pump which comes in one size only for spraying trees, gardens, flowers and plants.

Fig. 1862

No. 296, Myers' Pneumatic Sprayer complete with hose and long distance nozzle.....Price \$8.95

Pipe Extension for use with the No. 296 will be furnished at a small additional cost when desired.....Price \$0.50

LOWELL FOUNTAIN COMPRESSED AIR SPRAYER

Does not require constant pumping. Has an Automatic Thumb Lever Valve. Most practical for Orchard, Field and Garden Work.

Capacity 3 gallons. PRICE: \$6.50.

No. 333 CYCLONE SPRAYER

With quart tank underneath, double seamed heads, stationary tube; dimensions of cylinder, 13-4 x 8 inches; throws spray fine as mist; uses about one-tenth of liquid that many other pumps do, and is a satisfactory sprayer in every way; no danger of getting out of order. PRICE: Each, \$0.50.

LITTLE WONDER TORNADO SPRAYER

PRICE: Each.....\$0.40

MYERS' BUCKET SPRAY PUMP

Brass cylinder, not liable to corrode with acids; also foot rest to steady it with clamp to fasten to side of bucket. This is an easy working pump, as the forcing is done on the downward stroke. Will throw a stream fifty feet. PRICE: Each, \$5.70.

STANDARD SPRAYER, entirely different from any other sprayer. It is made of brass, completely finished, fitted with nozzles for spraying trees, shrubbery, and also extra nozzle for whitewashing. PRICE: \$6.00.

THE "NORCROSS" HAND GARDEN CULTIVATOR

Its work equals that of the highest priced wheel plow on the market; sells to those who have a small home garden. Made of first-class material, shovels forged from the steel prongs, every part being detachable. It works between rows, or the center shovel can be removed and the row straddled. It pulls the weeds, pulverizes the soil, is light, durable and easy to operate.

ESTABLISHED 1865

FIFTY-FIVE YEARS OF PROGRESS

ENTERING the 55th year as a business house, we desire most cordially to express our gratitude to our friends who have assisted us so materially in building up one of the LEADING FARMERS' SUPPLY ESTABLISHMENTS, comparing favorably with other like establishments, in the East. It has been a pleasure for us to record its gradual growth from a humble beginning to its present dimensions, built through your confidence and increased demands on us from year to year. Have at your disposal and for the purpose of being able to supply your requirements promptly, an elevator and warehouse at Cooper's Point, with a capacity of over 60,000 bushels of grain and upwards to 2000 tons of sacked feed, also contains a grinding department. The railroad sidings of this elevator will accommodate 20 freight cars. Might also say this is the HOME of the well known brand of the KEYSTONE PIGEON AND POULTRY FOODS.

Our Salesrooms and offices are located at Front & Market Sts. where we have a five story building. The first floor is utilized as a salesroom, the second floor for our general offices and the third, fourth and fifth floors for storing large stocks of agricultural tools and implements, farm and garden seeds. Also nearby are several spacious warehouses for storage purposes.

These facilities, also the wide assortment and large stocks are for your benefit. While striving to give real service, should we not measure up to your satisfaction, would greatly appreciate your criticism as a friendly act.

TAYLOR BROTHERS

Front and Market Streets - - - - - Camden, N. J.
