I have only room for the following Testimonials. I could fill pages.

Best Eating Potato—Immensely Productive.

"I selected the earliest and best of 30 Seedlings grown from your seed, planted them alongside Early Ohio, Early Rose, and Beauty of Hebron. They are now—July 12—fully ripe, while all the others are green. Are immensely productive—the best eating potato I have. I expect to have 200 bushels." Jessie Green, La Salle Co., Ill.

From the Nebraska Experiment Station.

"Mr. A. T. Cook, My dear Sir: Your Potato Seeds gave very interesting results. I had thirteen different types—white, purple, pink, etc., two to 50 in a hill. Size from half inch to three and a half inches in diameter. I look forward with interest to the growing of these tubers next year. Geo. W. Hood, Prof. of Horticulture."

Seven Seedlings of Rare Value.

"I have a magnificent Seedling Potato grown from your Hybridized Seed, and have raised over 400 bushels. A prominent seedsman wants to introduce them and is trying to buy me out. I have six other seedlings that are more than good. E. A. Goodspeed, Onon. Co., N.Y."

From J. A. Smith, Palermo, Ont., Canada.

"I am delighted with the big crop grown from your Potato Seed. They are much larger than I expected. One plant produced 36 fine tubers—some measuring 8 inches around. Next year they should be enormous. I thank you very much."

50 Hills From a Single Packet of Seed.

"I raised 50 hills of Seedling Potatoes from one packet of seed. Some early—some late—many kinds, colors and shapes; 94 potatoes in one hill—one measured 7 inches around. Mary Skinner, Grant Co., O."

From the Kentucky Experiment Station.

"We planted your Potato Seeds last spring and got a large assortment of all sorts, colors and sizes, as is usual with such seed. We saved a lot of the most promising ones to plant the coming season. C. C. Mathews, Horticulturist."

F. A. McDonald, Cavalier Co., No. Dak., writes—

"The packet of Hybridized Potato Seeds brought splendid results. No two hills were alike. Some were white, some yellow, some red, etc. One plant bore 276 potatoes—some large as hen's eggs. Two remarkable freaks appeared. One ran like a cucumber vine, the other produced beautiful red potatoes—exactly the shape of a banana. I await future developments with great interest."

From Wm. Johnson, Jackson Co., Ill.

"Your Potato Seeds brought remarkable results. Some hills are beautiful pink—large and long; some look like the old Peachblow; some large, white, purple eyes; some round, red, 30 to 50 in a hill; some pale blue; some white, flat, 3 inches long; two hills black potatoes, etc., etc. I never saw so many kinds, colors and shapes."

45 Pounds New Seedling Potatoes

From Thomas Lucas, Guernsey Co., Ohio: "Dear Mr. Cook, I grew 45 pounds of Seedling Potatoes from one packet of your seed. They are certainly great. I expect some of them to do wonders next year."

Worth Their Weight in Gold.

Mr. C. E. Flint of Washington writes: "Your Potato Seeds are worth their weight in gold. I had a grand assortment. I grew over 50 varieties from one packet. They are the finest I ever saw, and I expect to make a lot of money out of them."
