UNITED STATES DEPARTMENT OF AGRICULTURE
Bureau of Entomology and Plant Quarantine
Washington, D. C.

December 2, 1940

B. E. P. Q. 404, Revised, Supplement No. 2.

PLANT-QUARANTINE IMPORT RESTRICTIONS

OF

BRITISH INDIA

Notification of the Department of Education, Health and
Lands, No. F. 30-8/37, dated under Agriculture, at Simla, June 7, 1940.

Prescribed Form of Certificate

"I. (i) (2) The certificate shall be in the form prescribed in the Third Schedule or in a form as near thereto as may be and supplying all the information called for in that form."

This paragraph modifies article 5 on page 6 of B. E. P. Q. 404, Revised, and apparently permits the use of the Export Certificate, Form EQ-375, when the information required in the prescribed certificate as shown on page 9 is incorporated in Form EQ-375.

Several revisions in terminology have been adopted in paragraphs (ii), (iii), and (iv) of the above Notification. In accordance with these changes, in article 7, on page 6 of B. E. P. Q. 404, Revised, Dothidiella ulei should be inserted before Melanogermosis ulei, in article 9 (2) on page 7, "aleurodes" should be changed to read "white flies", and Ceratostomella paradoxa, as a synonym for Thielaviopsis paradoxa, should be inserted after "pineapple disease."

On page 7, article 8, insert the words "except from Burma" after the words "British India" in line three. (Notification No. F. 43-15/40-A, August 14, 1940.)

Chief, Bureau of Entomology and Plant Quarantine.
