- ✓ Pineapple Orange
- ✓ Valencia Orange
- ✓ Marsh Seedless Grapefruit

None On Sour Orange Stock

QUALITY

Lake Garfield Trees are the very best in every respect as Quality is our first consideration. The price is based on the cost of production plus a reasonable percentage of profit. We do not sacrifice quality in order to produce cheaper trees. In buying trees remember that there is as much difference in real first class trees and cheap trees as there is in a standard grade of hardware, for instance, and that sold by Ten-Cent stores.

PRICES

Oranges, Grapefruit, Lemons and Limes:

Caliper	Each	10	100	1000

LAKE GARFIELD NURSERIES CO.

BARTOW, FLORIDA

THE PROGRESSIVE NURSERY OF FLORIDA

WE SELL BY CALIPER ONLY

This means the diameter of the tree one inch above the bud, and assures the purchaser of trees uniform in size, while by the old method of grading by height as they stand in the nursery a shipment of trees might be very irregular in caliper which would mean a ragged appearing grove, as well as more work in applying fertilizer and other care, as they would be different in their requirements.
