SPRING 1921

TRADE LIST

CUSTOMERS are requested to state the mode of conveyance by which they desire their trees forwarded. When no route is named, we forward to the best of our judgment, without liability for error or delay.

RESPONSIBILITY.—After goods are placed on board cars here, we assume no responsibility for their safe or prompt delivery, or any injury caused by delay in delivery by the transportation company.

ALL CLAIMS must be made upon receipt of goods.

TERMS CASH, on or before delivery, to express or railroad agents unless by special arrangement.

Two hundred and fifty, twenty-five or five of any one variety will be furnished by the thousand, hundred and ten rates, respectively, but single plants of one or more varieties will not be sold at less than 20 cents each, except Vines and Herbaceous Plants, the minimum price of which will be 15 cents each.

PACKING CHARGED EXTRA, but only sufficient to cover cost of time and material consumed in the work. When sending cash with order, add fifteen per cent. to the amount of the bill to cover packing charges.

POST OFFICE ORDERS payable at Dresher P. O., Montgomery County, Penna.

WESTERN UNION TELEGRAPH, AMBLER, PA. Use Nurserymen's Telegraphic Code or "A B C" Code, 4th edition.

VISITORS are always welcome and should take train at the Reading Terminal, 12th and Market Streets, Philadelphia, for **Camp Hill Station**, or at Broad Street Station, Pennsylvania R. R., for **Fort Hill Station**. Be sure that the train stops at these stations.

NOTICE.—It is necessary that you should **TELEPHONE** us (Bell Phone, Ambler 226-W; Keystone Phone, Jenkintown 652-Y), in advance of your coming, so that we can send an automobile to the station for you. Our office is $2\frac{1}{2}$ miles from either station.

CERTIFICATE OF INSPECTION

Our nurseries are inspected several times each year, by inspectors of the Entomological Division of the Department of Agriculture of the State of Pennsylvania, and are free from insect pests and diseases. A certificate of the Department is attached to all shipments, and will also be furnished to customers if desired.

POT GROWN**Roses, Hybrid Wichuriana, Ramblers, Etc.**

Few people realize the great advantages in planting pot grown roses instead of field grown and especially so in the fall. The pot grown plants being well established and heavily rooted in the pots and the ball of earth being shipped intact there is far less danger of loss in transplanting than with field grown plants. In setting out field grown plants the plants must be cut to the ground whereas when pot grown plants are used it is necessary to but trim back the long straggling shoots. The ball of earth on a pot grown plant carries the plant through the winter, whereas a field grown plant, having no earth about the roots when shipped, is more likely to perish. The cost of a pot grown plant is very little more than that of a field grown.

Hardy Herbaceous Perennials

The herbaceous plants offered in this list are all strong, field grown clumps, they are not small divisions such as offered by most nurserymen. In such plants that are of a character as to make them readily divisible it would be possible to divide our plants into from two to four plants of the sizes usually offered for sale. This fact should be given careful consideration when comparing our prices with others. It is a recognized fact that these strong field grown clumps give far better results than divided or small pot grown plants.

July to September, etc., indicates the period of flowering.

PRICES: Five plants sold at the rate quoted per ten, twenty-five at the hundred rate. Cost of box and packing additional.

When cash is sent with order include 15 per cent of the amount of the purchase price to cover cost of box and packing.

HIBISCUS

CHILDREN'S FLOWER MISSION,
CLEVELAND, OHIO.

FEB 28 1921

MEEHAN'S

NEW MARVEL HIBISCUS

"Mallow Marvels"

THERE is an ever increasing demand for Hardy Flowering Plants that will bloom freely, will soon establish themselves, and require little further attention. Meehan's Mallow Marvels are the most desirable acquisitions along this line that have been introduced in recent years. They form large bush-like plants or clumps 5 to 6 feet high and 3 to 4 feet across, blooming profusely from July to late fall. When well-grown they produce immense flowers 6 to 7 inches across. Perfectly hardy throughout the United States, succeeding best if planted in rich, deep, rather moist soil. The first severe freeze in autumn will kill the tops to the ground, when they should be cut off and removed. New shoots spring forth from the roots in increasing numbers each spring, requiring little care, and increasing in size and beauty from year to year.

The plants we offer are strong, one year old, dormant, field-grown roots, guaranteed to grow and bloom this year. We grew them from carefully hybridized seed, from the finest strain in America. Sixty percent or more will produce brilliant crimson flowers like the illustration, but we cannot guarantee the color of each plant. Many plants will produce splendid large flowers in colors ranging from blush-white to deep rose-pink, equal in beauty to the brilliant crimson. All plants carefully packed and guaranteed to grow.

PRICE:

One Plant 20 cents, Three Plants 50 cents,
Twelve Plants for \$1.50.

*A dozen plants will make a beautiful and attractive
6 ft. circular bed for the school yard or home grounds.*

JANUARY 1st, 1921

PRICE LIST

**NATURAL and COLORED
RAFFIA
NU-REED, Etc.**

“A A WESTCOAST”

The very best Raffia obtainable. It is well worth the difference in price.

For use in schools, kindergartens, and institutions, and in making baskets it is used almost exclusively.

Prices per lb.		Prices per lb.

Colored or Natural Raffia put up in 1 lb. bundles at 3c per lb. In $\frac{1}{2}$ lb. bundles at 5c per lb. In $\frac{1}{4}$ lb. bundles at 8c per lb. extra.

Postage charged at Parcel Post rates.

Allow one pound extra for wrapping. Add insurance if wanted, as we will not be responsible for the non-delivery of packages not insured.

Color card mailed on application.

Prices subject to change without notice.

NU-REED

The best substitute for the genuine German reed on the market. It is made of a strong fibre paper tightly twisted on a wire core. Teachers of Schools and Kindergartens find it even more satisfactory than the genuine article.

Every inch can be used, as it comes in continuous rolls and can be cut in any lengths.

Wholesale Nurserymen

Dresher P. O., — — — Penna.

Avenue of Yellow Twigged Linden (*Tilia dasystyla*) planted Fall 1911 on Kenwood Place, East Orange, N. J.

These trees were supplied from our nurseries. Not a single tree failed to grow.

The Yellow Twigged, White Leaved and European Linden are exceptionally adapted for street and avenue planting. See page 9 for sizes and prices.
