Remember the 20% discount for cash

F. M. SOAR, Little River, Fla.

**The
truth—**

thus saving \$200 to \$300—
You get a truck with greater strength—fewer parts
to wear—less dead weight.
With less weight to move, you buy less gas, oil and
fewer tires.

One Florist's experience:

**The
proof—**

I have had my Stewart truck for six months and
can say that I am more than satisfied. It has done
heavy work every day and I haven't spent one cent
on repairs. It runs almost 14 miles per gallon of
gas with a load.

FLORIST AND NURSERYMAN

PANDANUS AND FERNS A SPECIALTY

LITTLE RIVER, FLA., Dec. 29 1921

Federal Horticultural Board,
Washington D. C.

Dear Sir:-

Yours of recent date
received. I do not issue
a catalogue but am
pleased to enclose a list
of sizes and prices on
Boston ferns and Pandanus.

Yours very truly,
F. M. Soar.

1881

[The following text is extremely faint and largely illegible due to the quality of the scan. It appears to be a list or index of botanical specimens, possibly including names of plants and their locations. Some words like "Plant" and "Mineral" are visible in the header, and "Vol. 1, No. 1, 1881" is visible below it. The main body of text consists of several lines of what might be specimen names and descriptions, but they are too faded to transcribe accurately.]
