EIGHTH ANNUAL PRICE LIST SPRING, 1921

ALMON S. SAWYER

Mentor, Ohio

Mentor Telephone, No. 39 J2

Orders. Orders should be sent as soon after receiving this price-list as possible. It will help us in making prompt delivery at planting time.

Terms. One quarter the amount when order is sent, balance before shipment is made. No order will be filled until we receive full amount no matter what your financial standing.

Claims. Claims, if any, must be made immediately upon receipt of stock. No attention will be given claims, received after stock has been in purchaser's hands long enough that through neglect it may have perished.

True to Name. While we use every precaution to have all stock true to name, (and we believe we come as near doing this as anyone in the business) and upon proper proof will replace any stock proving otherwise, it is understood and agreed that we will not be held responsible any farther than this.

Location. We are located on the Cleveland-Buffalo highway one mile east of Mentor village. On Electric R. R. between Stop 65 and 66.

Reference. As to our reliability write the Cleveland Trust Company, Painesville, Ohio, enclosing a two cent stamp for reply.

Remarks. Our stock of Strawberry plants is not as large as last season, and owing to increased growing cost we are compelled to advance prices. Another thing we discovered last season, was that the fruit paid us 30% more than the plants at the prices we sold plants at last season. We have quite a complete line of Cane Fruit plants and fruit trees, but we want to impress upon you to order early as stock in all sections is very scarce and high and after our stock is exhausted, we will probably have to advance prices on any stock we may secure from outside sources.

We have tried to arrange prices so as to be fair to both large and small purchasers. It costs us much more to assemble an order of 500 Strawberry plants of 5 different sorts than it does an order of 500 plants of one sort, or an order of 100 trees of several different sorts. So an order of 500 plants of 4 or 5 different sorts must be figured at 100 rates or an order of 5 trees of 5 different sorts at each rate or of 100 trees of 5 sorts at 10 rates, etc.

CERTIFICATE OF INSPECTION

No. 192

Columbus, Ohio, August 25, 1920

THIS IS TO CERTIFY, That the nursery stock for sale by ALMON S. SAWYER, of Mentor, County of Lake, State of Ohio, consisting of General Nursery Stock has been inspected by a duly authorized inspector, in compliance with Section 1126, General Code, and has been found apparently free from dangerously injurious insects and plant diseases. This certificate granted under the provisions of Section 1135, General Code, is invalid after September 15, 1921, and may be revoked earlier for cause.

Strawberries

Strawberry plants should always be shipped by Mail or Express. We will assume no risk on plants shipped by Freight.

Per for perfect, Imp. for imperfect blossoms. An imperfect blossoming variety must be planted near some perfect blossoming variety for purposes of pollenization.

First Quality, Per.—Our sales of this variety are increasing each year. A vigorous grower, berries are of best quality, fast becoming a standard sort.

Glen Mary, Imp.—On very heavy clay this is undoubtedly the leading market sort. Is not adapted to as great a variety of soils as Sample, but will outyield Sample on clay. On our light soil here Glen Mary is a failure. The yield is good but berries are knotty and green tipped. Late.

Gandy, Imp.—Succeeds only on moist heavy land. Late.

Parson's Beauty, Per.—A standard sort, heavy yielder of large berries, which are not firm enough for distant marketing. About as good as any to plant with Sample. Late.

Sample, Imp.—The leading market berry of this vicinity. Of fair quality, firm enough to stand shipment. Large berries. We sell more plants of Sample than any other with Glen Mary a close second.

Sen. Dunlap, Per.—A very popular standard sort in some sections. A good canner. Mid-season.

Wm. Belt, Per.—Succeeds well on light land. One of our favorites. Late.

In addition to the above we have the following in Hundred lots:—**Brandywine, Marshall, Uncle Jim, Perfect. Haverland, Bubach, Imperfect.**

Prices of above varieties, packed for shipment F. O. B. Mentor

Per 25	.50	Per 100	\$1.00	Per 1000	\$7.00

-----------	-----	---------------------	-----	----------	--------

We have a very limited supply of **Progressive, Fall-bearing** at \$2.00 per 100.

When stock is ordered by parcel post money must be advanced for postage. Ask your postmaster what the rate is from your office to Mentor and you can figure out the amount to send for postage. Where plants are wanted by parcel post figure weights as follows:

100 Strawberry plants 4 lbs. 100 Blackberry plants 10 lbs. 100 Raspberry plants 15 lbs.
100 Currant plants 15 lbs. 100 Grape vines 15 lbs. 100 Asparagus roots 5 lbs.

Special Notice

Owing to unsettled conditions in the transportation business, we cannot assume any risk after stock leaves our hands, so any damage through delays in transportation must be collected from transportation companies by purchasers.
