To Our Many Old Friends, and New Customers!

We have issued this little catalogue in the hope that we could help you keep your garden working for you all summer.

Many home gardeners overlook the value of planting vegetable seeds as long as there is a chance of the crop maturing before frost. Get all you can by replanting as soon as any space is made available.

In this catalogue we have gone to great pains to give you complete information as to how late you may be safe in planting various crops. We will feel amply rewarded for our efforts if only you will make use of this information, which will be found under each heading.

Outlining Our Service to You

CORRESPONDENCE DEPARTMENT

The accompanying photograph shows our correspondence department composed of expert seedsmen whose duty it is to be of service to you. We wish to impress upon you the fact that this department exists solely for your interest and benefit. We certainly hope that our friends and customers will feel at liberty to call upon us in solving any of their problems in the care of the garden.

Through our mail order service department we are equipped to take care of all out-of-town customers in the shortest possible time. Mail orders sent us will go forward to you the same day as received by us. May we not at this time again call your attention to our list of free "Leaflets Which Tell You How."

MAIL ORDER SERVICE

RETAIL STORE

Our retail store located on Chambers Street convenient to all subways, Hudson Terminal and Erie Railroad affords our commuting friends every opportunity to drop in and get acquainted. While of course we are desirous of selling seeds, you will find our sales-folk most anxious to offer suggestions or any help which might be of assistance to you in the care and cultivation of home gardens.

FOR nearly two score years we have had the pleasure and privilege to supply seeds, plants, and bulbs to some of the country's most discriminating, private, and professional gardeners.

Each successive year has seen us make further attempts to improve both the quality of each product and the fashion in which it is handled.

Seed Warranty

We are making every effort, both for our own and customers' interest, to supply only the best seeds obtainable.

There are a great many causes beyond our control, such as weather and soil conditions, too deep or too shallow planting, which makes it impossible for us to guarantee success.

We have, therefore, adopted the non-warranty clause which is used the world over by seedsmen, as follows:

NON-WARRANTY—Weeber & Don give no warranty, express or implied, as to description, quality, productiveness or any other matter of any seed, bulbs or plants they send out, and they will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms they are at once to be returned.—W. & D.

Table of Parcel Postal Rates

SEEDS. BULBS, ROOTS and PLANTS weighing less than 8 oz. have a flat rate of 2 oz. for one cent to any point in the United States. Other goods may be mailed for one cent an ounce if under 4 oz.

For packages of greater weight, the rates are as given below. Add up total weight of goods on which you pay charges and include postage according to Zone Rates below. If in doubt, consult postmaster.

Weight Limit.—The weight limit within the 1st, 2nd and 3rd zones is now 70 lb. and within all other zones 50 lb. For packages in excess of 50 lb. in weight the express rates are much lower. The charge by express is the same collect or prepaid.

STRAWBERRIES

Four New Strawberries

The New Hybrid Strawberry,

BUCKBEE.

It produces enormous glossy red berries, which are round in shape and similar to Chesapeake, from which it originated. The abundant foliage affords ample protection from the scorching sun during intense heat. Price per doz. \$4.00; 25 for \$7.50; 50 for \$13.50; 100 for \$25.00.

New Black Strawberry,

KEAVITT'S JUBILEE. . .

One of the most prolific varieties introduced. Very large dark red luscious berries of exquisite flavor.

Price per doz. \$2.50; 25 for \$4.50; 50 for \$8.00; 100 for \$15.00.

BEAL

Under normal conditions, plants set out make a growth of 14 inches in height, with berries that measure 3 inches in a straight line passing through the center of the berry.

Plants per doz. \$1.75; 25 for \$3.00; 50 for \$5.50; 100 for \$10.00.

CALIFORNIA

This new variety is considered larger and more productive than all other strawberries.

Price per doz. \$6.50; 25 for \$12.50; 50 for \$22.50; 100 for \$40.00.
