ORNAMENTAL DEPARTMENT

Note 1. The size mentioned after each variety is that considered proper for first-class, suitable for transplanting.

The size varies according to the habit of growth of the varieties mentioned, as, of course, some trees when fully grown, are smaller than others, but equally as good.

Note 2. We divide the ornamental trees into two classes:— Those suitable for street planting—Class a. Those suitable for lawns—Class b (Those that can be used for either are marked a and b.)

Alder, European, 6 to 8 ft.—b
 Birch, purple, 6 to 7 ft.—b
 Catalpa, very fine, 7 to 9 ft.—b
 Cherry, double flowering, 4 to 5 ft.—b
 Chestnut, American Sweet, 6 to 7 ft.—b
 Chestnut, Spanish, 4 to 5 ft.—b
 Elm, English, 7 to 8 ft.—b
 Elm, Scotch, 7 to 8 ft.—a and b
 Linden, European, 8 to 9 ft.—a and b
 Maple, Sugar or Rock, fine for shade—a
 Maple, Norway, quick growth—a
 Mountain Ash, European, 7 to 8 ft.—b
 Mountain Ash, American, 7 to 8 ft.—b
 Magnolia, Specioica, 3 to 4 ft.—b
 Magnolia, Soulandeana, 3 to 4 ft.—b
 Peach, Bloodleaf, 3 to 4 ft.—b
 Pissardi, very fine ornament, 4 to 5 ft.—b
 Poplar, Carolina, fine for shade, 8 to 10 ft.—a and b
 Walnut, English, 5 to 6 ft.—b

Weeping Trees

Ash, European, weeping, 5 to 6 ft.—b
 Birch, cutleaved, weeping, 6 to 7 ft.—b
 Elm, Camperdown, weeping, 6 to 7 ft.—b
 Mountain Ash, weeping, 5 to 6 ft.—b
 Mulberry, Teas, weeping, the finest tree known—b
 Willow Kilmarnock, weeping, 5 to 6 ft.—b
 Willow, Bablonica, or Common Weeping, 7 to 8 ft.

:: :: **THIS IS A LIST OF WHAT WE GROW** :: ::

Hedging for Defense

Honey Locust, 2 yr., 18 to 24 in.	Japan Quince, 15 to 18 in.
Osage Orange, 15 to 18 in.	Privet California, 18 to 24 in.

Shrubs

Upright, clean, bright stock. Strictly prime.

Note—The size mentioned after each variety is that considered as proper to first-class plants, suitable for transplanting. The size varies according to the habit of growth of the varieties mentioned, as of course some plants when fully grown are smaller than others, but just as good.

Sweet-Scented Shrub, 2 to 3 ft.	Japan Quince, 2 to 3 ft.
Barberry Purple, 2 to 3 ft.	Snowballs, Japan, 2 to 3 ft.
Elder Golden, 2 to 3 ft.	Syringa Golden, 2 to 3 ft.
Honeysuckle, red and white, 2 to 3 ft.	Weigelia Rosa, 2 to 3 ft.
Hydrangea Panisculta, 2 to 3 ft.	Weigelia, white, 2 to 3 ft.

Climbing Shrubs

Ampelopsis, Kritchii, or Japan Ivy	Honeysuckle, Hall's Japan
Honeysuckle, Scarlet Trumpet	Wisteria Purple

Clematis

Strong, Two Year Plants

Duchess of Edinburg, white	Henry II.
Jackmanii Purple	Kermesina Red
Madam Ed. Andre, red	Pamculala

Evergreens

Arborvitae, American, pyramidal form, 2 to 3 ft.
 Austrian Pine, 2 to 3 ft.
 Colorado Blue Spruce, 18 to 24 in.
 Irish Juniper, fine pyramidal form, 2 to 3 ft.
 Norway Spruce, 3 to 4 ft.
 Balsam Fir, 3 to 4 ft.

N. B.—We cannot agree to replace Evergreens free. We will replace them at half price, unless where we furnish large lots to Cemeteries or Parks, and superintend the planting. In these cases we insure the trees to grow.

Roses

We wish to state to our patrons that we do not grow Roses, but we can furnish any variety. We procure them from a reliable firm and send out strong, two-year plants and they are in every respect much better than the ones so freely advertised and sent out by mail, that are small, tender shoots, started in a greenhouse and sent out before they have established growth and constitution to stand the shock of transplanting.
