BUSINESS TERMS AND SUGGESTIONS

(READ BEFORE ORDERING)

Order Early. Since in our section, practically an entire year's nursery business must be handled during six weeks in the spring, congestion in our Order and Shipping Department is at that time very heavy. To enable us to give the best attention to your orders, we ask that you co-operate by ordering early.

Prices. As listed are F. O. B. St. Paul. NO CHARGE FOR PACKING.

Terms. Cash must accompany order as we do not ship C. O. D. unless remittance has been made to guarantee acceptance.

Shipping Instructions. Please advise when ordering if you want goods shipped by express or freight, giving best route for quick delivery. When not otherwise instructed, we will use our best judgment. All goods are at purchaser's risk after they are delivered to the forwarding company from whom we hold a receipt for the shipment in good condition. Claims for damage while in transit must be made to the transportation company who is directly responsible.

Replacement Offer. While we can not hold ourselves responsible for the outcome of any plantings, yet we will agree to replace at one-half of the current "each" price, any nursery stock purchased from us that fails to grow the first season after being properly planted and cared for. This offer is made with the understanding that the account be promptly paid in full when due. Any labor involved in planting such replace orders is to be charged in full to the customer.
