CODE OF ETHICS OF ILLINOIS STATE NURSERYMEN'S ASSOCIATION

First—To consider my vocation worthy, as affording me distinct opportunity to serve society.

Second—To improve myself, increase my efficiency and enlarge my service, and by so doing attest my faith in the nursery business.

Third—To realize that I am a Nurseryman and a business man and ambitious to succeed; but that I am first an ethical man, and wish no success that is not founded on the highest justice and morality.

Fourth—To hold that the exchange of my goods, my service, my ideas for profit is legitimate and ethical; and that it shall be my aim that all parties in the exchange are benefited thereby.

Fifth—To use my best endeavors to elevate the standards of the vocation in which I am engaged.
