HYACINTH

TULIPS

Our Potted Holland Bulbs

will grow and bring forth their beautiful richly colored flowers in any ordinary living room, office or store, without any particular attention except to water as directed on package.

They are selected sure blooming bulbs of best named varieties of Hyacinths, Tulips, Narcissus and Trumpet Daffodils. These bulbs are potted in clean moss fibre in non-breakable pots and are rooted and have top growth started. They are wrapped and packed one pot in a neat servicable Jardiniere carton ready for over the counter trade without wrapping or tying.

The whole plan is not to try and sell the plants when in full bloom as they are then a perishable product, but to sell them just as they are when they reach you all rooted and with top growth started. This gives your customers the pleasure of watching the bulbs grow and develop their

beautiful fragrant flowers in their own homes.

The season for shipping and sale of these Potted Bulbs continues up to Easter time. They retail at 25 cents each the country over. Our price to you is at rate of \$14.40 a gross, with express charge guaranteed not to exceed \$1.50 a gross to all Iowa points. Not over \$2.00 to Ill., Wis., Minn., S. Dak., Nebr., Kans., Mo. Not over \$3.00 to N. Dak., Mont., Wyo., Colo., Okla., Ark., all Eastern, New England and South Eastern states. Not over \$4.00 to Idaho, Nev., Utah, New Mex. and Texas, and not over \$6.00 a gross to Oregon, Wash. and Calif.

Terms, 30 days net, 2 per cent 10 days.
