All bulbs listed above, are prepaid in the U. S. and Canada. 12 bulbs will be sold at price of 10 or ½ doz. same rate.

For wholesale buyers, we issue a trade list, free on application. It contains a SPECIAL offer of 10% extra stock.

All bulbs listed are young bulbs one or two years from bulblets, they are "deep conical bulbs," which we term, "High Crown" young bulbs, as we do not cater to "cut flower trade" we never have bulbs that are 3 or 4 years old in stock, for sale to our customers. We sincerely believe that these young bulbs will give you the finest bloom, and the greatest increase in bulblets.

We receive many flattering testimonials, which are sent voluntarily, we will add but one as a fair sample.

Friend H.

Received bulbs all O.K. Thanks for extras. Have received bulbs from 9 different growers this year, but yours were the finest. In fact in 15 years experience, I never received such fine stock as yours. I congratulate you on being able to grow such fine bulbs, and congratulate myself on having discovered you.

Yours Gladly
