Pigeon Nests

Our pigeon nests, illustrated, are the most sanitary in use, being constructed of pressed fibre. They are very light and durable.

"Fibrotta" Nests protect the eggs and squabs, and help to increase the hatch. "Fibrotta" is made from wood pulp and

is a non-conductor of heat and cold. Protects eggs from breaking and chilling. Wood gets filthy and vermin laden in a very short time. Iron or earthenware is cold and bad for the birds. Hole in bottom for fastening Nest securely to board. Price 35c.

All prices F. O. B. Birmingham and subject to change without notice.

Putnam Brooder Lamps and Putnam Stove

For Oat Sprouters

The famous Putnam Stove for the Oat Sprouter or for keeping the chill from the drinking water of fowls is admirably suited for either of these purposes.

This lamp will burn A MONTH with one filling and needs but 3 pints of oil. No attention is necessary, except for refilling, and the wicks never have to be trimmed.

Directions for making a home-made Oat Sprouter will be furnished, with full description, free of charge. The price of the Little Putnam Stove is but \$2.00, prepaid to you.

Prepaid from factory, or can ship from stock.

This is a very ingenious nest that will find just what hens are producing eggs and detecting the "boarders." The hen that is eating your food and not producing eggs is a dead loss. Why not find her out? Write for prices in quantities.

Pratts

PREPARATIONS

An Every-Day Poultry Necessity

What is **Pratts Poultry Regulator**? — A reliable tonic and conditioner for poultry of all kinds and ages. An aid to nature in preserving health. Not a food.

What does it contain? — Roots, herbs, spices, mineral substances, etc. Each ingredient performs a certain duty. The combination spells "health insurance."

What does it do? — **Pratts Poultry Regulator** helps make and keep poultry healthy, vigorous and productive; shorten the molt, sharpen the appetite, improve digestion and circulation, hasten growth and increase egg-production. It saves feed by preventing waste due to poor digestion. It prevents many disorders by keeping the birds in condition to resist the common ailments.

Has it been fully tested? — Yes! In general use for nearly fifty years. The original poultry conditioner. Imitated, but unequalled.

Does it give general satisfaction? — Positively! Satisfaction guaranteed or money refunded. Test it at our risk. Increased egg production will prove that "Pratts make hens lay."

Pails: 12½ lb., \$2.25; 25 lb., \$3.75. Cartons, 25c, 50c, \$1.10.

Pratts Special Compound

For simple bowel complaints sometimes mistakenly confused with "cholera." Also for the relief of indigestion, sour crop and dysentery.

Small, 30c; large, 60c.

Pratts Scaly Leg Ointment

This ailment not only impairs the vitality of the birds, but also ruins their appearance. **Pratts** remedy will keep the legs clean and in good condition.

Small, 25c; large, 50c.

All prices F. O. B. Birmingham and subject to change without notice.

Pratts Sore-head Chicken Pox Preparation

Don't risk having your entire flock ruined. Keep a package on hand for immediate use when this ailment is first noticed. 25c.

Pratts Bronchitis Tablets

A quick and effective treatment for a trouble that should be promptly checked. 50c.

The Famous Pratt Feeds

Pratts Buttermilk Baby Chick Food

is a correctly compounded and carefully blended food product containing in proper form and correct proportions the food elements required to nourish the whole body, to help grow muscle, bone and feather. Every ingredient used is of high quality. Cheaper materials would reduce manufacturing costs, but the results would be disastrous to our customers. We have always used and will continue to use nothing but the best. There can be no compromise.

Not only is Pratts Buttermilk Baby Chick Food scientific in composition, but it is right in mechanical condition also. It is ground very fine, to a great degree mechanically pre-digested, so the chicks can eat it freely and digest and assimilate it quickly. The chicks it **saves**—chicks lost under other feeding methods—usually pay the entire cost of Pratts Baby Chick Food for the whole flock. And the superior quality of every chick in the flock is an **added profit**.

You can buy substitutes and imitations at slightly lower cost than the genuine Pratts. But in **results**, as measured by **number** and **quality** of chicks reared, Pratts Buttermilk Baby Chick Food is

The Most Economical Food

"Your Money Back If You Are Not Satisfied"

Sizes: 14 lb., \$1.25; 25 lb., \$2.25; 50 lb., \$3.75; 100 lb., \$7.00. F. O. B. Birmingham.

We carry a complete line of Practical Books on Poultry Culture, among which we will mention such books as the "Call of the Hen," "Practical Backyard Poultry Culture," "Commercial Poultry Culture," "Making the Backyard Pay," and many other practical books along these lines. We cannot illustrate one-tenth of the many useful things we carry for the Poultry Fancier and will be glad in view of this fact, if you will write us for any item you do not see illustrated in our catalog.

We make shipment the day order is received.

Pratts Roup Tablets or Powder

A wonderful aid in treatment of roup, colds, canker, catarrh and similar diseases.

Small size, 30c; large, 60c.

Pratts White Diarrhoea Tablets

A powerful internal antiseptic. A valuable help in preventing the heavy chick losses usually experienced.

Price, 50 cents. Not prepaid.

Pratts Animal Regulator

This is the original and pioneer Stock Regulator and Tonic of America. Has been used for half a century by owners of horses, cattle, sheep and hogs, as a general tonic and conditioner. It will be found a wonderful aid in building up run-down live stock. It sharpens the appetite, improves digestion, makes live stock thrifty and its intelligent use saves money for the wise stock owner.

Cartons, small, 25c; large, 50c. Pails, 12½ lb., \$1.50; 25 lbs., \$2.75.

Pratts Condition Tablets

An easy and effective remedy for "run-down" birds. Keeps show birds in condition and prevents many common ailments. Box, 50c.

Pratts Gape Remedy

For prompt relief. Better still, use as a preventive the first four weeks and your chicks will rarely be troubled with gape-worms. 50c.

All prices F. O. B. Birmingham and subject to change without notice.

The Original "Baby Food for Baby Chicks"

Pratts Baby Chick Food, perfected through years of painstaking work and at great expense, raises most every worth-while chick. Not only does it prevent many deaths, but it gives the chicks that strong start which makes it a simple matter to carry them to profitable maturity.

Pratts is the original "baby food for baby chicks." It is original with us, unique in composition and manufacturing process, different from and vastly superior to any other special food for baby chicks. Of course, the great success of Pratt's Baby Chick Food has caused other manufacturers to offer imitations and substitutes. But, like all substitutes, these are inferior to the genuine article. Small, 30c; large, 60c.

Here's a Sure Way to Make Hens Lay

AND IT COSTS NOTHING TO TRY

Don Sung (Chinese for egg laying) is a new scientific discovery for hens that stimulates the egg-laying organs and makes the hen healthy and vigorous. As a result, she lays regularly in any season.

Don Sung is easily given in the feed, and costs nothing to try. It doesn't force or hurt the hen in any way. In fact it makes her healthier. It is used by thousands of successful poultry raisers, the world over.

**TRY THIS TEST AT
OUR RISK**

Take ten hens, separate them from the others and give them Don Sung for one month. Then figure your egg yield. If you don't find that Don Sung has paid for itself and paid you a good profit besides, your money will be refunded without question or argument. A 50-cent package will handle this test.

Certainly this is fair enough. If your hens lay more, you are ahead. If they don't lay, you get your money back. We will take all the risk—we simply ask of you the opportunity to prove our claims. Get Don Sung for your hens today and start them laying. It will pay you. Not prepaid.

Price 50 cents.

Large size, \$1—Holds 3 times the 50c size.

Special size, \$5—Holds 6 times the \$1 size.

Conkey's Buttermilk Starting Feed Raises Husky Chicks

GUARANTEED ANALYSIS

Crude Protein 12% Crude Fibre 4% Crude Fat 3%
Nitrogen Free Extract 56% Carbohydrates 60%

This superior chick feed was the first commercial poultry feed containing buttermilk—that is why we call it the only **ORIGINAL** buttermilk starting feed.

Conkey's did not "just happen"—it is a scientifically-balanced feed as clean and wholesome and as conscientiously prepared as "infant food." Selected, plump grains, ground to proper fineness, are combined with other ingredients so as to make the feed readily digestible, palatable and nutritious. **TASTE** it, **SMELL** it, that's the way to judge a chick feed.

Conkey's carries buttermilk in just the right proportion as an aid in prevention of bowel troubles, White Diarrhea, "leg weakness," etc. The buttermilk is fresh, concentrated buttermilk, blended with the other ingredients by the **ORIGINAL** process in such a way as to preserve the appetizing, tonic, and other properties of the newly-churned product.

However, it is not the buttermilk nor the other ingredients alone that causes people to declare that their chicks grow twice as fast on Conkey's. It is not the buttermilk alone that protects the chicks from disease during the first critical eight weeks. The secret is in the combination of these materials by the Conkey method—the balancing of the ration, as Conkey alone knows how.

10c per lb.; 100 lbs., \$7.50. Not prepaid.

FEED IT FIRST 8 WEEKS

Conkey's is all the chicks need the first eight weeks except greens, charcoal, grit, clean water and some fine scratch grains in the litter for exercise. Give grit and water from the start. During the second week add green stuff and in the fourth week finely cracked chick grains, like **Conkey's Chick Grains**.

Whether you have a large commercial flock or only a few hens in your back yard, you'll be sure to get more eggs with less feed when you feed your laying hens

Prosperity Buttermilk Mash

Buttermilk has always been good for laying hens, and now that it is manufactured in dried form, the Edgar-Morgan Company puts it into their Prosperity Buttermilk Mash, which has always been known as the best egg-making feed.

Prosperity Buttermilk Mash makes moulting hens lay quicker and keeps them laying throughout the winter season. In feeding Prosperity Buttermilk Mash, you should also feed Manna Scratch Feed.

The Edgar-Morgan factory in Memphis is one of the most completely equipped feed mills in the world. This well known concern makes high grade feeds—always the best possible value for the price you pay.

8½-lb. bags, 50c; 100-lb. bags, \$4.25.

Prosperity Growing Mash

Prosperity Growing Mash for Chicks is just what its name signifies. It is prepared with Buttermilk also and is to the chicks what Prosperity Buttermilk Mash is to the larger birds. The buttermilk tones them up and prevents white diarrhoea. A trial will more than convince you.

8-1/3 lbs., 50c; 100 lbs., \$4.25.

Avicol

AVICOL is a mild oxidizing agent to be used in the drinking water of Chickens, Pigeons and Turkeys. It will prevent Cholera, White Diarrhoea, Blackhead, etc. As a preventative it is unequalled. A large sized package, enough for several months, is but fifty cents.

We make shipment the day order is received.

Licene

For killing body lice on chickens. Price, 70 cents a tube. Prepaid. 100% guarantee.

Pipene

For Roup (cold) in chickens. Price, 70 cents, prepaid. 100% guarantee.

If PIPENE does not completely cure a fowl of ROUP in one application (unless the bird is half dead it will require additional treatment) or if it does not give the utmost satisfaction—YOU ARE THE JUDGE—we will refund your money if you notify us (or our agent) within one month after receiving PIPENE and no question will be asked.

Lee's Lice Killer

Lee's Lice Killer should properly be called "Lice and Mite Killer," as it does both, and also kills bed bugs, scaly leg mites and other insects affecting poultry or hogs.

It kills both by vapor and by contact. It gives double service. Painted on the roosts, it kills insects with which it comes in contact, and the vapor arising from it kills lice on the bodies of the chickens as they roost over it at night, also the insect causing scaly leg.

For hogs it is sprinkled or sprayed on bedding or on rubbing posts.

Fer-Sul

FER-SUL is an odorless Deodorizer, Antiseptic and Tonic. Kills most bacteria and germs when brought in contact with them, and neutralizes most putrescent odors. Kills certain weaker forms of vermin, such as small worms and parasites.

This preparation consists of Iron, Sulphur and Oxygen in solution. With nitrogenous matter in decomposition forms Sulphate of Ammonia and makes available fertilizer material.

Use liberally in barns, stables, pigsties, chicken-coops, etc.

Pints, 75 cts.; Quarts, \$1.25; Gallons, \$3.50. Express collect.

International Poultry Preparations

Will "Fill Up Your Egg Baskets"

Poultry Food Tonic

A purely medicinal preparation which gives the most astonishing results. Its use will greatly help increase the egg production of any flock by invigorating the egg producing organs. It helps prevent disease in poultry by regulating the blood, liver, and digestive organs. It assists in the growth of young chicks, insuring strong bone, muscle, abundant plumage, and a large fowl. One extra egg in two months will pay the cost of using International Poultry Food Tonic. Put up in 1½-pound, 3-pound and 6-pound packages, and 25-pound pails and bags.

Small package, 30c; Large package 60c; 12½-lb. pail, \$2.50.
