PEONY PRICE LIST

Franklin Nursery

Fall of 1922 and Spring of 1923

200 WEST FIFTY-EIGHTH STREET

MINNEAPOLIS, MINN.

In presenting this price list governing prices for the fall of 1922 and spring of 1923, we are pleased to make a large number of reductions in prices. There are also a few slight increases due to scarcity of stock.

PRICES quoted in this list cancel all previous quotations, either by letter or in printed lists, and are subject to change without notice. A dozen plants of one variety will be furnished at ten times the price of one; six plants will be furnished at dozen rates.

TERMS. Cash with order. Post office money order, express order or bank draft payable to Franklin Nursery will be accepted.

ORDERS should be sent in as early as possible as stock of some of the rarest varieties is limited. All orders accepted subject to stock being unsold when order is received. We make no substitutions unless instructed to do so. If stock of variety ordered is exhausted we will return remittance or apply it on some other variety as customer may direct.

C. O. D. ORDERS must be accompanied by at least one-half of the amount of order in cash.

SHIPMENTS will be forwarded by Express or insured Parcel Post as seem most advisable unless specific shipping instructions are received from purchaser. If desired by Parcel Post add 20c for each root ordered under three, or 15c a root for any over three. Digging and packing will commence about September 1st and continue throughout the fall months.

COMPLAINTS will receive careful attention if made promptly upon receipt of goods. If due to any fault of ours we will willingly rectify same at once. Every care will be exercised to see that goods are properly packed and labeled. If goods are received in a damaged condition, see that Express Agent makes proper notation of damage on paid express receipt. This will greatly expedite the collection of claim.

PLANTING DIRECTIONS will be furnished with each shipment.

FRANKLIN NURSERY

SIZE OF ROOT. Owing to a popular demand that has been created during the past few years for the small one eye divisions, and to make it possible for our customers and prospective customers to obtain roots of the more expensive and rare varieties at a nominal cost, we have decided to quote prices on these small divisions. We do not encourage the planting of these small divisions if the best results are to be obtained or quick returns expected. Where one is willing to wait until the plant becomes established or take a chance on its doing so, it is possible to secure a collection of the finest peonies at a very nominal cost, but in this day and age quick results are what we most desire, and this can only be obtained by planting good, strong, healthy divisions of from three to five eyes.

The descriptions of the varieties marked with a star (*) do not appear in our general catalogue and will be found described immediately following the price list on this sheet. Kindly see that this list is used in making up your order as these prices cancel all previous quotations.

Recent Additions to Our Descriptive Catalog

9.0 **A. P. SAUNDERS** (ThurLOW 1919) Large flesh white flowers changing to nearly pure white in center. Guard petals sometimes marked carmine. Petals long and curved giving magnolia bloom effect, except center petals which form a ball until flower is well developed.

8.4 **ALMA** (Shaylor) Pale pink petals enclosing a mass of incurved yellow petaloids. Single. Very distinct.

8.7 **BRAND'S MAGNIFICENT** (Brand 1918) Plant medium height, midseason, profuse bloomer. Semi-rose type. Color deep, dark red with bluish cast.

EDITH FOREST (Wheeler) Rose type. Very full and double. Color bright pink. Strong grower. Fine form, exceedingly free bloomer. Fragrant, midseason variety.

9.4 **EDWIN C. SHAW** (ThurLOW 1919) Clear rose, slightly lighter at tips of petals. Outer petals broad and imbricated and extreme center petals much shorter. Midseason variety.

9.0 **JAMES BOYD** (ThurLOW 1919) Flesh changing to nearly white, tinted at base of petals with yellowish salmon. Guard petals sometimes touched with carmine and green. Petals notched at tips, giving fringed effect. Fragrant, late.

8.4 **KING OF ENGLAND** (Kelway) Rich shade of carmine, the long stamens self color edged golden. Brilliant variety.

FRANKLIN NURSERY

KAMENO KEROGAMA (Dessert 1913) Large single flower. Guard petals lively crimson carmine. Big central tuft of filamentous golden yellow streaked with carmine. Originators description.

7.0 LITTLE SWEETHEART (Brand 1907) Small, typical bomb type with prominent recurved guard petals of delicate salmon pink. Dwarf, early mid-season type.

L'ESPERENCE (Calot 1865) Medium size flower. Color pink. Strong grower and good habit. Early.

9.3 MRS. C. S. MINOT (Minot 1914) Rather dwarf plant with stiff stems and dark green foliage. Very large flowers, finely formed with guard petals. Guard petals pale shell pink, center of creamy white with golden lights at base of petals. Late.

SILVIA (Saunders) Light pink, semi-double, lighter towards the center. A very finished and decorative variety. A great bloomer. Rather dwarf and early. One of the very good new introductions.

8.8 PRIDE OF ESSEX (ThurLOW 1916) Exceptionally broad petals of deep flesh pink making a very large flower of good form. Stems long and stiff. Midseason. A very desirable variety.

9.7 T. C. THURLOW (ThurLOW 1919) Salmon flesh changing to white. Guard petals broad and collar of narrower petals or broad petaloids tinted and edged yellow, giving a delicate coloring. The extreme center is made up of short yellow petaloids surrounded by a ring of cup shaped petals edged yellow. Midseason.

Kindly see that this price list is made a part of our descriptive catalogue, of which our records show you have a copy.
