Price List for Fall 1921 and Spring 1922

We invite those contemplating purchasing trees and shrubs to visit our grounds and see with what care we grow our trees and shrubs. We give them the best fertilizing, pruning, cultivation, transplanting, etc. This puts the pep into them and makes them the most satisfactory stock for your needs.

Downers Grove is a suburb of Chicago, 21 miles out on the C. B. & Q. R. R. It is quickly and conveniently reached, there being about 40 trains each way per day.

The nurseries are one mile north of the depot at the corner of Highland and Ogden Aves. They can also be easily reached by auto. Visitors are always welcome.

We carry a general line of Shade, Fruit, Evergreen and Ornamental Trees, Shrubs and Vines that our observation and experience shows are generally hardy and adapted to this climate.

Prices listed herein include the packing and delivery to express or railroad company. During the spring and

fall seasons we make frequent deliveries to the surrounding suburbs west of the city; deliveries at these times are made without extra cost to our customers.
