METZNER'S GLADIOLI

OUR SEEDLING VARIETIES
AWARDED

The Grand Prize

PANAMA PACIFIC INTERNATIONAL
EXPOSITION
(World's Fair 1915)

We Still Lead

Every variety of our Grand Prize Strain which we offer is an original production at our gardens, Mountain View, California.

We hybridize and cross and by our process of selection and elimination aim to produce the highest type of Gladiolus, both in form and color.

Our Grand Prize Strain has not been weakened by any outside inferior blood.

We are constantly improving and building up the weaker types in habit, and the color tints of the strong where they lack this quality.

We endeavor to confine our description of color and size of flower within truthful bounds.

We neither stretch the petals nor the imagination in an effort to attain size of flower.

We feel assured that our Grand Prize Strain will invariably produce, under ordinary cultural conditions, flowers and spikes fully equal to any in cultivation.

Size without beauty does not satisfy.

Size and beauty combined is a worthy achievement. This is our objective.

Colors are hard to describe; color fancy is individual. We offer some varieties that we do not particularly admire, yet they meet with great favor elsewhere.

Some varieties with limited descriptions will prove wonderful gems in color.

We hope you will try many or all of our varieties, culling out those you do not admire.

You will have great pleasure in awaiting their bloom, and some flower lover would appreciate those you reject.

Your patronage stimulates us to reach a still higher standard of perfection in that grand and beautiful flower for the masses—THE GLADIOLUS.

Select Assortments

Our assortments are planned to permit a trial of various varieties at a nominal investment. During the season we will announce through the medium of **THE FLOWER GROWER**, published at Calcium, New York, some very choice unlisted *Gladiolus* for trial purposes, at a fraction of their intrinsic value.

These assortments will be limited in quantity. We urge you to place your orders quickly.

The sale price of one corm will frequently be more than the total value of the assortment offered.

BULBLETS—None for sale this season.

SEED—We can offer a limited quantity of *Gladiolus* seed, superior in quality, and sure to produce some grand flowers. Price, per packet, 50 cents.

OTHER SEED—For our local trade we grow some choice *Geraniums*, *Gerbera* (Transvaal Daisies), Giant *Petunias*, *Gaillardias* and *Dahlias*. We have a limited quantity of hand hybridized seed of our own creations of these plants, which we will offer at 25 cents per packet.

No such seed is to be had at seed stores. You will be pleased with the results.

Gladioli to suit every taste and purse.

High grade novelties at reasonable prices.

Giants in size, combined with refinement in color.

Marvelous color combinations.

All original (Mountain View, California) productions.

METZNER FLORAL COMPANY

Mountain View, California

Information

We prepay all postal charges at prices quoted in this catalogue.

Orders are entered in rotation as received, subject to shipment at date you desire.

Our stock in many varieties is still very limited and we reserve the right to withdraw them from sale without notice. This is absolutely necessary for future business.

We suggest granting us the privilege of substitution, or you can indicate alternate preference. We will treat you well.

If, for any reason, you are not entirely satisfied with your purchase, and you write us in reference to the matter, we will be glad to adjust the complaint to your satisfaction.

We use every reasonable precaution to keep our stock absolutely true to variety; accidentally, at times, corms may be misplaced in handling. If the variety does not agree with your selection, we will gladly replace such errors with the correct variety, without further cost.

TERMS, CASH—Amounts under \$5.00 should be remitted by post office or express money orders.

Write your name and address plainly.

METZNER FLORAL COMPANY

Mountain View, California
