FALL PLANTING BOOK *for 1922*

from the
Sign of the Tree

Dreams—day dreams, what a thing of joy they are!

Dreams that plant roses where only weeds now grow.

Dreams that plant flowering shrubs to fill Spring's joyous cup almost to o'erflowing.

Dreams that see young saplings planted now, become shapely shade trees, cooling the stoop and a sun shelter for the kiddies to romp under.

This Ten Ten Fall Book is chuck full of "the stuff of which just such dreams are made."

It is the mystic wand that can make your dreams come true.

By All Means Plant All You Can This Fall

DO it because it's the time of times to do it. You know how it is every season, when all of a sudden Spring pops out from around the corner, and everybody is so busy overnight they hardly know whether they are afoot or horseback.

Sometimes you get your planting done.

Sometimes you don't.

All too often before being transplanted some things have started to grow and they resent being disturbed and act sulky all Summer. In spite of all you do, you can't jolly them out of it.

This Fall, however, you can plant things right, by planting them up to the ground's freezing. Plant anything and everything from roses to evergreens.

What you plant this Fall will have an ample chance for the soil to get all snugged around the roots and rootlets, so that next Spring they will be ready to start right in growing, and no transplanting setbacks.

By all means plant all you can this Fall.

Shipping Times

If you want your order shipped at any special time don't fail to say so. Otherwise we will ship it at the time we consider best.

The frequency of rains this Summer has induced a wonderful sturdy growth.

It is your opportunity to get exceptionally choice selections.

Bulbs for Forcing

Narcissi Paper White Grandiflora

This is one of the most satisfactory of all bulbs for growing in the house. The bulbs can be grown in either pebbles and water or in soil the same as other bulbs.

After potting, allow the roots to develop in a cool room for a week or ten days and then place in a light window in a warm room.

The bulbs will produce flowers quickly and can be had in flower before Christmas.

For a succession of flowers during the winter secure extra bulbs and store them in a cool place starting a new bowl every week or ten days.

Mammoth Bulbs. 10 bulbs, 60c; 100 bulbs, \$5.00.

Chinese Sacred Narcissi

These are best grown in pebbles and water. Bear a profusion of white fragrant flowers with yellow cups. Will bloom in about six weeks from time of planting.

30c each; \$2.75 per 10.

Freesia Purity

Fragrant pure white flowers produced on long stems. 10 bulbs, 50c; 100 bulbs, \$3.00; 1,000 bulbs, \$27.50.

Lily of the Valley

Our strain of German Lily of the Valley cannot be surpassed by any. We are one of the largest growers forcing Valley in this country and are certain of the quality of the pips supplied.

Cold Storage Pips. \$6.00 per 100; \$26.00 per 500; \$50.00 per 1,000.

Miniature or Dutch Roman Hyacinths

The "Miniatures" are younger, smaller-sized bulbs than the Exhibition size. They are particularly desirable for forcing, as they come into bloom more quickly and the flower stalks are not so stiff or thickly set with flowerets—thus being more graceful in appearance when grown in pots or bulb pans. Can be supplied in red, pink, white, light and dark blue, and all colors mixed.

60c per 10; \$4.50 per 100.

Tulips

Of all Spring flowering bulbs none can compare with Tulips for color—they range from bright flashing scarlets through soft pinks and sunshiny yellows to lavenders and deep blues.

Tulips light up the garden from April to June as nothing else can, and a garden devoid of some of them lacks an essential.

Make Tulips Fit in the Garden

Plant Tulips with a thought to their relation to the rest of the garden—use late types in the hardy border to start it off with a blaze of color, plant them with evergreens or along walks—use them in groups, that is, from 10 to 25 of a variety in one planting, so that by using another variety of contrasting color near them the effect will be lifted above the commonplace.

Plant some early Tulips in beds in the flower garden. They are through flowering in plenty of time to allow time for the plants—in this way you get more out of your garden.

Early Tulips should be planted 4 to 5 inches apart and 4 to 6 inches deep in prepared beds. Darwins and other later-flowering types should be planted 6 inches apart and 6 inches deep.

Bone Meal is the best and safest fertilizer to use for Tulips.

Tulips

Darwin Tulips

Of all Tulips flowering during May the Darwins are the best for planting in the home grounds. The colors seem to be ones which appeal particularly to all gardeners and the effects made possible by combining two or more kinds are unlimited.

Try some if you are unacquainted with them and you will be astounded, as many were when they first made their acquaintance.

Each bulb produces a flower on a tall strong stem usually averaging in height from 18 to 36 inches.

Ten Pink, Rose and Red Darwin Tulips

One each of the following ten varieties, \$0.69

Five each of the following ten varieties, 2.98

Ten each of the following ten varieties, 5.89

25 each of the following ten varieties, 12.00

The following Ten Set contains the ones we consider the best of the numerous varieties in these shades.

Those listed will give satisfaction, and the prices are very low considering the quality of bulbs supplied.

	Ten	Hundred
Baronne de la Tonnaye. Bright rose shaded blush. A faultless variety for bedding	\$0.55	\$4.00
Clara Butt. Soft salmon rose. Medium-sized flower of good form. A variety that is always satisfactory. Used both for bedding and forcing.....	.50	3.75
Flamingo. Delicate rosy flesh. Pointed flower	.70	5.50
Glow. Brilliant vermilion scarlet, with white and blue base.....	.65	5.25
Isis. A showy variety with bright crimson scarlet flowers. Blue base. Tall strong stems.....	.65	5.00
Mr. Farncombe Sanders. Beautiful scarlet with clear white base. Large flower of perfect shape. Fine for bedding or forcing.....	.70	5.50
Pride of Haarlem. Brilliant rose. Large flower on tall strong stem. Good forcer.....	.60	4.50
Psyche. Soft rose, inside silvery rose. One of the best delicate pinks in the Darwin class.....	.60	4.50
Prince of the Netherlands. Large flower of deep cerise rose, margined pink. Pale blue center.....	1.05	9.00
Suzon. Soft buff rose, inside a deeper shade of rose, blue base.....	.60	4.50

Tulips

Ten Darwin Tulips

Lilac, Violet and Odd Shades

One each of the following ten varieties..\$0.75

Five each of the following ten varieties.. 3.15

Ten each of the following ten varieties.. 5.98

25 each of the following ten varieties..13.50

The following varieties contain the most artistic shadings found among the Darwins. When used in plantings with suitable varieties from the opposite page, they both benefit and seem to outdo one another in adding to the combined beauty.

Use the lighter shades in front of shrubbery that flower during May and create an effect quite out of the ordinary for beauty.

	Ten	Hundred
Euterpe. Bright rosy lilac, lighter at the edge. A conspicuous variety when planted alone.....	\$0.65	\$5.00
La Tulipe Noire. The nearest of all to black. Very large flower with a velvety sheen. Formerly offered at a very high price, but now within the reach of all.....	.60	4.50
Marconi. Large purple violet, white base. Enormous flower.....	.65	5.00
Mrs. Potter Palmer. Rich glowing purple. Fine large flower.....	.65	5.00
Philippe de Commines. Velvety purplish maroon.....	.65	5.00
Rev. Ewbank. Vivid heliotrope, lighter toward the edge. White base.....	.60	4.50
Valentine. Soft violet purple, blue center	.90	7.50
Wally Moes. Soft silvery heliotrope, inside dark lavender, flushed rose. Beautiful flower on tall strong stem..	.90	7.50
White Queen (La Candeur). Clear white, tinged pink.....	.60	4.50
Wm. Copeland. Lilac rose. A medium-sized flower. The best variety for forcing under glass.....	.70	5.50

Finest Mixture of Darwin Tulips

The flowers from this mixture are large and form a wide range of desirable colors, including charming pinks, bright crimsons, soft lavenders and deep blues.

The flower stems vary from 18 inches to fully 3 feet in height.

25 bulbs.....	\$0.85
100 bulbs.....	2.95
500 bulbs.....	13.50

Tulips

Color Range Set of Breeder Tulips

One each of the following ten varieties..\$0.79

Five each of the following ten varieties.. 3.40

Ten each of the following ten varieties.. 6.25

25 each of the following ten varieties..14.00

These ten varieties are carefully selected from among the most popular of the Breeders.

The Breeders are similar to the Darwins in size and height, but differ a great deal in color.

Desirable shades such as terra cotta, buff, mahogany and browns are here found. They are sometimes referred to as "pastel shades."

	Ten	Hundred
Apricot. Dull bronze orange, yellow base. Large flower.....	\$0.70	\$5.50
Bronze Queen. Soft buff, inside tinged apricot	.65	5.00
Cardinal Manning. A fine large flower of a curious shade of mauve rose which changes to a pure orange at the edge of the petals. A true pastel shade	.65	4.50
Feu Ardent. Brilliant mahogany red. Extra large, cup-shaped flower.....	.90	7.50
Godet Parfait. Deep purple violet with white base. One of the best Breeders	.95	8.00
Golden Bronze. Old gold outside, deep golden bronze inside. Yellow base...	.90	7.50
Prince of Orange. Large fine variety of terra cotta, edged orange.....	.65	5.00
Sabrina. Coffee brown, edged light brown. Yellow base.....	.70	5.50
Sunrise (Jaune d'Oeuf). Golden, outside petals shaded apricot. Large flower on a tall strong stem.....	.60	4.50
Yellow Perfection. Bronze yellow, shaded deep golden.....	.65	5.00

Mixture of Breeder Tulips

A well-balanced mixture containing a wide range of the desirable pastel shades found in this class.

25 bulbs.....	\$0.95
100 bulbs.....	3.50
500 bulbs.....	17.00

Tulips

Ten Set of Cottage Tulips

One each of the following ten varieties..\$0.63

Ten each of the following ten varieties.. 4.98

25 each of the following ten varieties.. 9.00

This type contains the charming pure yellows and whites lacking in the other late flowering types and for that reason is invaluable for combining in working out color schemes.

The Cottage Tulips have always been used and admired for their beautiful clear shades and in some varieties their dainty reflexed petals which give the flowers such a distinctive shape.

	Ten	Hundred
Fairy Queen. Rosy heliotrope, margined amber yellow. Long graceful stem.	\$0.50	\$3.50
Gesneriana Spathulata. Dazzling scarlet with blue base. Flowers are large and last a long time.....	.60	4.50
Inglescombe Pink. Soft rose, flushed salmon, turning deeper as the age of the flower progresses.....	.55	4.25
Inglescombe Yellow (The Yellow Darwin). Goblet-shaped flower of glossy canary yellow. The best yellow Tulip to plant with Darwins..	.45	3.00
John Ruskin. One of the most beautiful of all Tulips. A blending of apricot rose and mauve with a pale yellow edge. This variety does not combine well with other varieties and is at its best when planted alone—except that it may be used with Picotee in which case the beauty is magnified	.60	4.75
La Merveille. Enormous flower of orange scarlet, flushed rose. Yellow center. Sweet scented.....	.55	4.00
Mrs. Moon. Deep golden yellow, recurved petals. Fine large flower on a strong stem.....	.65	5.00
Orange King. Bright deep orange, shaded rose. A brilliant color. Sweet scented.	.55	4.00
Picotee. White, bordered soft pink. Recurved petals.....	.50	3.50
The Fawn. Pale rosy fawn changing to blush rose. A delicate and pleasing color	.55	4.00

Mixture of Cottage Tulips

A mixture that will please the most particular. The colors are carefully selected to give a good display and as wide a range of color as possible.

25 bulbs, \$0.85; 100 bulbs, \$2.75; 500 bulbs, \$13.00

Tulips

Ten Set of Single Early Tulips

One each of the following ten varieties
(10 bulbs)..... \$0.63

Five each of the following ten varieties
(50 bulbs)..... 2.69

Ten each of the following ten varieties
(100 bulbs)..... 4.98

25 each of the following ten varieties
(250 bulbs)..... 9.98

These Tulips are the earliest of all to flower and are of value for early bedding in the garden. As soon as they are through flowering, the bulbs can be lifted in time to use the beds for summer bedding plants.

And this type of Tulips is the easiest of all to force and the earliest.

All you have to do to have flowers in the house is to pot up the bulbs early in the Fall, store the pots in a cold frame until the roots have thoroughly developed—then bring into the warmth and light as you want them.

	Ten	Hundred
Belle Alliance. Large scarlet flower....	\$0.55	\$4.00
Keizerkroon. Scarlet red with broad yellow margin. Very large flower. One of the most popular of all.....	.60	4.50
Lady Boreel. Snow white. Well formed flower.....	.60	4.50
Mon Tresor. Fine pure yellow. One of the best for early forcing.....	.55	4.00
Pink Beauty. Glowing cherry rose with white flush outside.....	.70	5.50
Prince of Austria. Rich orange red. Fine form and tall stiff stem.....	.55	4.00
Proserpine. Satiny carmine rose.....	.75	6.00
Rising Sun. Deep golden yellow. Large flower. The best early yellow.....	.75	6.00
Vermilion Brilliant. Dazzling vermilion scarlet. The most brilliantly colored of all early Tulips.....	.70	5.50
Wouverman. Rich claret purple.....	.55	4.00

Mixture of Single Early Tulips

This is our best mixture of early Tulips for bedding and can be used where a lower priced bulb is wanted.

Never use mixed Tulips for growing in pots as the results will not be satisfactory.

25 bulbs, \$0.85; 100 bulbs, \$2.75.

Tulips

Ten Set of Double Early Tulips

One each of the following ten varieties (10 bulbs).....	\$0.65
Five each of the following ten varieties (50 bulbs).....	2.75
Ten each of the following ten varieties (100 bulbs).....	4.98
25 each of the following ten varieties (250 bulbs).....	10.98

The double Tulips are a most striking sight when in flower with their massive Peony-like flowers.

They can be forced as easily as the Single Early varieties, but it is not good to force them too early.

This type flowers outdoors about the same time as the Single Earlies, and on account of their large flowers and bright colors is of great value.

	Ten	Hundred
Boule de Neige. Fine, large pure white flower on a strong stem.....	\$0.60	\$4.50
Couronne D'Or. Golden yellow, shaded orange	.60	4.50
El Toreador. Reddish orange, striped and margined yellow. A peculiar and beautiful color. Quite distinct.....	.85	7.00
Gloria Solis. Scarlet red, bordered yellow	.60	4.50
Golden King. Fine soft yellow.....	.85	7.00
Murillo. White, shaded delicate rose pink. The most widely used double Tulip.	.45	3.25
Queen Emma. Deep cherry rose.....	.60	4.75
Rubra Maxima. Bright deep red.....	.50	3.50
Titian. Scarlet with narrow yellow edge	.55	4.00
Vuurbaak. Fiery scarlet, tinged orange. Large flower.....	.70	5.50

Mixture of Double Early Tulips

Contains a good selection of bright colors blooming at the same time. Do not use for forcing.

25 bulbs.....	\$0.85
100 bulbs.....	2.75
500 bulbs.....	13.00

Narcissi

Trumpet and Double Daffodils

One each of the following ten varieties..\$1.10

Five each of the following ten varieties.. 4.60

Ten each of the following ten varieties.. 8.98

25 each of the following ten varieties..19.00

The following set contains those large trumpet-shaped Daffodils so much admired in the florist's window during the winter. They can be had in quantities in your garden next spring by planting bulbs from the following selection this fall, and the flowers will last longer, too, if raised outdoors.

The three doubles offered are the best of this class, and when in bloom yield quantities of massive flowers which keep exceptionally well when cut.

	Ten	Hundred
Emperor. One of the finest trumpet Daffodils. Deep primrose perianth, rich yellow trumpet. Mammoth Mother bulbs.....	\$0.90	\$7.50
Empress. A popular bicolor variety. White perianth and deep yellow trumpet. Double-Nosed Bulbs.....	.85	7.00
Glorify of Leiden. Trumpet and perianth yellow. One of the largest of the trumpet class	.90	7.50
Golden Spur. A popular variety for early forcing or outdoors. Entire flower is deep rich golden yellow. Long trumpet with broad open mouth.	.90	7.50
Orange Phoenix (Eggs and Bacon). Double white with orange at center of the flower.....	.70	5.50
Princes. Perianth sulphur, trumpet yellow. Excellent for indoors or in the garden.....	.70	5.50
Silver or Sulphur Phoenix. Large double white flower with sulphur center	.70	5.50
Van Waveren's Giant. The largest of all trumpet Daffodils. A glorious and magnificent flower, lasting in bloom longer than any other variety. The perianth is primrose with a bright yellow trumpet. Mother bulbs.....	1.95	18.00
Victoria. Broad creamy white perianth, clear, rich yellow, fluted trumpet. Large flowers. Double nose bulbs..	.90	7.50
Von Sion (Double Yellow Daffodil). Large double yellow flowers. Fine for forcing or for outdoor planting. Mammoth Mother bulbs.....	.90	7.50

Narcissi

Ten Small Flowered Narcissi

One each of the following ten varieties
(10 bulbs)..... \$0.69

Five each of the following ten varieties
(50 bulbs)..... 3.15

Ten each of the following ten varieties
(100 bulbs)..... 4.98

25 each of the following ten varieties
(250 bulbs)..... 11.25

For naturalizing the small flowered types are of inestimable value, and on account of the reasonable price can be used in large quantities.

Small flowered varieties are the ones with the small cups, mostly margined scarlet. They are very dainty and graceful, filling a particular place in the garden.

	Ten	Hundred
Barrii Conspicuus. Large perianth of soft yellow, short yellow cup—edged bright orange scarlet. Strong grower	\$0.60	\$4.50
Barrii Firebrand. Perianth creamy white, shaded lemon at the base, fiery red cup. New and distinct.....	.90	7.50
Incomparabilis Lucifer. Large white perianth, cup glowing orange red....	.70	5.50
Incomparabilis Sir Watkin. Perianth sulphur yellow, cup yellow, tinged orange scarlet. Mammoth Double Nosed Bulbs.....	.90	7.50
Leedsii Mrs. Langtry. Broad white perianth, large white cup, edged bright yellow	.55	4.00
Leedsii White Lady. A handsome variety with broad perianth of perfect form. Dainty cup prettily crinkled and of a beautiful pale canary shade.....	.75	6.00
Poeticus (Pheasant's Eye). Pure white perianth, cup deep orange red.....	.55	4.00
Poeticus Orantus. Blooms earlier than the above and is a good forcing variety. Perianth pure white, yellow cup, margined scarlet.....	.55	4.00
Poetaz Aspasia. Perianth pure white, cup yellow, slightly edged red, 4 or 5 flowers on a stem.....	.75	6.20
Jonquils Campernelle. Golden yellow, fragrant and free flowering.....	.45	3.30

Hyacinths

Ten Set of Exhibition Hyacinths

One each of the following ten varieties..\$1.79

Five each of the following ten varieties.. 7.89

Ten each of the following ten varieties..15.60

The bulbs offered are the top quality of hyacinths carefully selected as the very cream of the stocks by our grower in Holland who is a specialist in these bulbs.

You can't go wrong in forcing these fine varieties and if proper care is given the flowers will be glorious.

For forcing pot up in good garden soil, using plenty of drainage. The top of the bulb should be just covered with soil, and after watering thoroughly place the pot in a cool dark place where the bulbs will not be likely to freeze.

Do not allow the soil to dry out, but water as needed. Keep dark so that the tops will not begin to grow until the roots are thoroughly established.

In about eight weeks the bulbs are ready for forcing and can then be placed in a warm light room where they will quickly come into flower.

If the bulbs are allowed to remain in the dark an extra two weeks, less difficulty will be had in forcing and the flowers will be much stronger.

La Victoire. Bright rosy crimson.

Queen of the Pinks. Brilliant pink with flame effect.

King of the Blues. Dark blue.

La Grandesse. Pure white.

L'Innocence. Pure white.

Bismarck. Sky blue. Best blue for early forcing.

City of Haarlem. Single pure golden yellow.

Queen of the Blues. Light blue.

Lady Derby. Rose pink.

Grand Maitre. Immense loose spikes of deep lavender blue.

Prices of the above: 20c each; \$1.75 per 10;
\$15.00 per 100.

Special Bedding Hyacinths

For planting outdoors we have these special-sized bulbs. These are comparatively inexpensive and are ideal when a bed is wanted of several colors.

Can be supplied in the following colors: Bright red, pink, white, light blue, dark blue and all colors mixed.

Prices of the above, 85c per 10; \$7.00 per 100.

Crocus

Set of Crocus 25 each of the 5 varieties
(125 bulbs)..... \$2.89

Set of Crocus 100 each of the 5 varieties
(500 bulbs)..... 9.50

Wasn't it Thoreau who said, "No mortal is alert enough to be awake at the first dawn of Spring"?

Some say it's on the morn when the pussywillows first push their fuzzy noses through their green enfoldments. Others insist it starts with the first cheer gurgling note of the robin.

Still others, that until the plebian skunk's cabbage has elbowed its way out of its mucky bed, that Spring still undecided is flirting with Winter.

But as for me, there is no doubt at all about the exact date. It is when the first sturdy-hearted crocus pushes its first frost-defying blossoms out of the soil.

That day, and that very day, Spring is just on the threshold. By the next morning she has stepped over into your garden and mine. You know so well the joyous happenings that fleetly follow.

Oh, you gay-hearted little crocuses, surely no garden or grounds can be complete without you. Hundreds—yes thousands—of your cheer chinking blooms.

	25	100	1000
King of the Blues. Very large purple	\$0.60	\$2.00	\$18.00
King of the Whites. Fine pure white	.60	2.00	18.00
King of the Yellows. The best yellow. Mammoth bulbs.....	.70	2.25	20.00
Purplea Grandiflora. Largest purple	.70	2.25	20.00
Sir Walter Scott. White, striped purple	.60	2.00	18.00

Mixed Crocuses

For naturalizing where a large quantity is wanted at a reasonable price we have offered this mixture.

The bulbs are smaller than those supplied in the above named kinds.

25 bulbs, 35c; 100 bulbs, \$1.00; 500 bulbs, \$7.50.

Complete Dutch Bulb Garden

Make your garden gay next spring with Daffodils, Tulips, Hyacinths and Crocuses. They are the true spring flowers that light up the landscape as nothing else can during April, May and early June.

At the first signs of winter breaking up, you will have the Crocuses to herald spring's coming—then the Daffodils with their wealth of golden shades and cheerily nodding flowers and the early Tulips in their rich flashing colors and finally the majestic Darwin Tulips, which complete the spring pageant of color.

We have combined all of these desirable things in a group which we have called our Dutch Bulb Garden, so that by one planting you can have all of the various types represented in your garden.

The varieties are selected for their hardiness and all will stand the severe winters of any part of the United States.

Everything listed can be planted safely until the ground freezes.

Complete Dutch Bulb Garden

No. 1 — 100 bulbs, 10 different kinds. \$4.98

No. 2 — 250 bulbs, 20 different kinds. 11.98

No. 3 — 500 bulbs, 25 different kinds. 19.98

No. 4 — 1000 bulbs, 40 different kinds. 37.75

If wanted by Parcel Post, add 10% to above prices.

Bulbs for Indoors

As joy giving as are the outdoor bulb blooms, there can never be quite the mystery, quite the magic that making them bloom indoors gives. They have a delightful way of making you feel you have personally pulled off a rather difficult and clever thing.

But what matter if they are about the easiest thing to grow, as long as one has a plentiful supply of flowers in the house during the winter? Our set of bulbs for indoors contains the easiest of all sorts to force, and has a good number of Daffodils, Hyacinths, Tulips, and Freesias, for growing in pots or pans. There is also enough Paper White Narcissi for growing in pebbles and water to allow for at least two bowls of these delightfully fragrant flowers.

Complete Set for Pots and Pans

Set A. 100 bulbs, 12 different kinds.....\$4.98

Set B. 250 bulbs, 25 different kinds.....11.98

Set C. 500 bulbs, 30 different kinds.....19.98

The above prices are for express shipments only. Add 10 per cent to the amount of order if you want them sent by Parcel Post.

Perennials for Fall Planting

ALL the Hardy Perennials offered in this list have been selected on account of their adaptability for Fall planting.

We strongly recommend Fall planting especially of Peonies, German Iris and other early-flowering perennials for the reasons that they can be shipped much more safely in the Fall, and when planted at this time they are well established by Spring and consequently flower much better the first year than do late Spring plantings.

After the ground is thoroughly frozen, it is advisable to protect the plants with a covering of loose material such as leaves, straw or salt hay, which should be removed as soon as frost is out of the ground.

Rockery plants with few exceptions can be planted in the Fall with safety.

Our collection of Rockery plants is one of the largest in the country and contains many choice varieties not to be had elsewhere. Many of these are not in our catalog, but we shall be glad at any time to send a list of these rare varieties to anyone interested.

The prices quoted include packing, but not express charges.

The price per ten is for 10 plants of one variety.

Five plants of the same variety can be ordered at the same rate.

Special Surprise Set of Hardy Plants

10 Plants of ten varieties.....	\$1.50
50 Plants of ten varieties.....	7.00
100 Plants of ten varieties.....	12.50
100 Plants of 20 varieties.....	14.00

Included in this set are only reliable standard varieties of well-known hardy perennials we can highly recommend, and which we offer at an unusually low price for extra strong plants.

The reason is, that, growing as we do many hundreds of varieties of perennials, there is a tendency to become overstocked on some sorts. So instead of disposing of this surplus through our wholesale trade as we usually do, we have decided this season to give our retail customers the advantage in this Special Surprise Set.

The list is sufficiently large to allow quite some selection; so if you when ordering will give us some idea of your preference in regard to color, season of bloom, height, etc., we will make our selection accordingly.

Each plant will be labeled and true to name, and we know this Set will be a real surprise to you.

Ten Hollyhocks

Ten Set: One each of the following..	\$2.50
Ten Ten Sets (100 plants).....	20.00

Old-fashioned, but indispensable. Of course, you want plenty of Hollyhocks—against the house, or the garage, or any tall wall. What other flower can take their place? These are all choice selected strains.

A few plants set where the flowers will have a chance to show against the house or at the back of flower beds, will "tone up" the entire place. These are strong, husky, healthy roots that planted this fall will make an early showing next spring.

Apple Blossom. Double.	Crimson. Double.
Yellow. Double.	Pink. Single.
Rose. Double.	Salmon. Double.
Red. Double.	Maroon. Double.
White. Double.	White. Single.

Any of the above ten Hollyhocks, 30c each; \$2.00 per 10.

Ten Herbaceous Peonies

Ten Set: One each of the following.. \$9.00

Ten Ten Sets (100 plants)..... 80.00

The simple requirements of the Peony, its usefulness for garden decoration, its value for cutting, combined with its extreme hardiness, give it a place of greatest importance among hardy plants. All that is required for its successful culture is a deep soil moderately enriched with manure. The best time for planting is during September and October, and care should be taken not to plant too deep. The eyes should be covered only by two or three inches of soil.

The list offered here has been selected to give as great a diversity of color as possible combined with an extended flowering period and variety of type.

Agida. Dark red. Double.

Albatre. Milk white, shaded ivory. One of the best whites.

Albert Crousse. Pale pink, large compact flowers.

Canari. White, pale pink tint, amber center.

Edulis Superba. Bright mauve pink.

Euphemia. Pale lilac rose, fragrant.

Festiva Maxima. Large globular flowers, pure white, flecked crimson.

L. Eclante. Brilliant red. Double. Strong grower.

Marshall MacMahon. Good dark red. Double.

Queen Alexandra. Japanese type, cup-shaped flowers. Pure white, yellow center.

Any of the above Peonies, \$1.00 each; \$8.50 per 10.

Mixed Peonies

We have a large collection of mixed varieties adapted for cutting which we can offer at a very low price. The flowers are of good size and color.

Do not confuse this offer with a surplus lot of plants, for they are all choice varieties and have flowered well in our nursery.

Special Price: 50c each; \$4.50 per 10.

Iris

Of all the beautiful flowers the spring brings us, none are more charming either in the garden or for cutting for indoor decoration than the Iris. Their range of color is simply marvelous, probably not exceeded by any other family of plants.

Our collection includes the best of the older reliable varieties as well as the cream of the newer introductions.

They are as hardy and disease-resisting as the Peonies, and go on thriving and multiplying year after year. They require no attention except an occasional lifting and dividing of the roots. This can be done best during August and September; and the division can be replanted at once. If they are allowed to remain too long without dividing, they will eventually begin to crowd.

Iris planted this fall will bloom abundantly next spring.

Succession Set of Irises

Ten Set: One each of the following.. \$2.50

Ten Ten Set (100 plants)..... 20.00

By planting this set a continuous succession of gorgeous flowers can be had from April when the Iris *pumila* flowers until July when the Japanese varieties are in their full glory.

To obtain the best effect from this set we strongly recommend planting in liberal quantities owing to the fact that there will never be more than two varieties at their best at the same time.

In the following descriptions S. denotes the erect petals or standards, F. denotes the lower petals or falls.

Pumila. S. violet-blue. F. deep violet-purple.

Pumila the Bride. S. and F. white.

Intermedia Gerda. S. creamy yellow. F. darker yellow.

Intermedia Helge. S. and F. lemon yellow.

Germanica florentina. S. and F. white faintly flushed lavender.

Germanica Gracchus. S. pale yellow. F. crimson reticulated white.

Sibirica. Blue.

Sibirica Snow Queen. Snow white.

Japanese Thalia. White, penciled violet—double.

Japanese Tortoise. Violet blue—single.

Any of the above ten Irises, 30c each; \$2.00 per 10.

Ten Set of Japanese Irises

Ten Set: One each of the following.. \$3.25

Ten Ten Sets (100 plant)..... 26.25

These are the last of the Irises to flower and are the most gorgeous of all. From the middle of June until the middle of July their enormous flowers, sometimes one foot in diameter, of almost every color and combination of colors form the most conspicuous feature of the garden. Japanese Irises prefer a moist situation, but excellent results can be obtained in ordinary soil if copiously watered during the season of growth.

Anne Boelyn. Yellow, striped dark blue.

Helen von Siebold. Red amaranth, white center.
Single.

Mahogany. Deep mahogany red. Double.

Mirage. Delicate pink, veined purple. Single.

Mount Hood. Deep blue with prominent yellow veins.
Double.

Oriole. Purplish crimson, veined clear purple. Double.

Othello. Very dark blue. Double.

Peacock. Nine large overlapping petals, violet purple,
veined white.

Prince C. de Rohan. Dark purplish blue. Double.

Sherwood. Three large overlapping petals, pearly
white, deeply edged with bright rose.

**Any of the above ten Japanese Irises, 35c each; \$3.00
per 10.**

Mixed Japanese Iris

We have a large quantity of mixed Japanese Iris growing in our Nursery, and for Fall delivery can offer this at the following attractive prices.

This mixture will contain all of the desirable shades—blues, violets, purples, whites, reddish shades and most of them beautifully veined.

If you have never had any of these majestic Irises, try a few from this mixture, and we believe you will be amply repaid.

Price, \$1.50 per 10; \$12.00 per 100.

Ten Strike Set of German Irises

Ten Set: One each of the following.. \$3.75

Ten Ten Sets (100 plants)..... 32.50

This set contains ten of the most beautiful varieties of recent introduction by the world's most prominent growers, which will prove to be a great improvement on the older varieties. German Irises succeed best in sun-flooded soil that is not too rich. The clumps should be lifted and divided every three years. In planting allow about one foot each way between the plants.

In the following descriptions S. denotes the erect petals or standards. F. denotes the lower petals or falls.

Caprice. S. and F. reddish purple.

Fro. S. deep gold. F. chestnut brown.

Her Majesty. S. rose pink. F. bright crimson.

Iris King. S. lemon yellow. F. narrow, edged with yellow.

Lohengrin. S. and F. cattleya pink.

Mithras. S. light yellow. F. wine-red with margin of deep yellow.

Mrs. Sherwin Wright. S. and F. rich golden-yellow.

Niebelungen. S. fawn yellow. F. violet purple with fawn margin.

Princess Victoria Louise. S. primrose yellow. F. reddish purple with narrow primrose margin.

Rhein Nixe. S. white. F. violet blue with narrow white margin.

Any of the above Irises, 40c each; \$3.50 per 10.

German Iris

Named Varieties Our Selection

Where large quantities of German Iris are required, we can offer named varieties at a special price, providing the selection is left entirely to us.

The varieties included will all be from our large collection, and we can be depended upon to supply a good range of colors. We will endeavor to select varieties which we believe will appeal mostly to the amateur.

\$1.25 per 10; \$10.00 per 100.

Ten Set of Standard German Irises

Ten Set: One each of the following.. \$1.75

Ten Ten Sets (100 plants)..... 14.50

This set comprises standard varieties of greatest merit, and in spite of the many beautiful newer introductions still retain their popularity.

The prices quoted in this and all other sets of Irises are for strong flowering plants.

Albert Victor. S. soft blue. F. lavender.

Aurea. S. and F. chrome yellow.

Ciengalti. S. lavender blue. F. violet blue.

Brionense. S. and F. pale violet.

Leopold. S. bronze. F. purple.

Mr. Gladstone. S. white, flaked violet. F. purple.

Mme. Pacquette. S. and F. rosy claret.

Mme. Chereau. S. and F. white fringed with azure blue.

Maori King. S. golden yellow. F. velvety crimson, margined gold.

Queen of May. S. and F. rose pink.

Any of the above Irises, 20c each; \$1.50 per 10.

Iris Pumila

Iris pumila and its varieties are the earliest of the Irises to flower. Being only about 9 inches in height, they are well adapted for the front of borders and for rock gardens.

Pumila. Violet blue.

Pumila Excelsa. Yellow.

Pumila Purple King. Deep purple.

Pumila the Bride. White.

20c each; \$1.50 per 10 of any one variety.

Ten Set Phloxes

Ten Set: One each of the following.. \$2.50

Ten Ten Sets (100 plants)..... 20.00

Its beauty gives the phlox a place of first importance among perennials, and its decorative effects make it a necessity in the herbaceous border. When so used it must be planted in masses proportional to size of the border.

Phloxes will thrive almost anywhere if the soil is deep and well manured. They must, however, have plenty of water throughout their season of growth.

Beginning to flower in early July, they will continue to bloom until October if the flower spikes are removed immediately after blooming.

The following set, carefully selected from the best, recently introduced varieties, will be found superior to the older varieties.

Albion. White, with faint red eye.

Antonin Mercie. Large trusses of delicate lilac flowers with white centers.

Aquilon. Crimson purple.

Bridesmaid. White flowers with rosy crimson eye.

Diadem. Large, pyramidal trusses of pure white flowers—dwarf.

Elizabeth Campbell. Brilliant salmon pink with a darker pink eye.

Gen. Chanzy. Orange scarlet, purple eye.

Hanny Pfeleiderer. White with carmine center.

Mrs. Jenkins. Very fine white, robust grower and free bloomer.

Wanadis. White and violet.

Any of the above ten Phloxes, 30c each; \$2.00 per 10.

Ten Set Hardy Asters

Ten Set: One each of the following.. \$2.50

Ten Ten Sets (100 plants)..... 20.00

One of the most beautiful flowers native to North America is the Aster.

And it is this wild genus that has been so largely used in Europe for hybridizing with the resulting varieties that are a great improvement on the roadside and swamp starworts so common in this country.

Their great variety of colors, size of flowers, height, time of flowering and extreme hardiness make the starwort most desirable for garden decorations.

Amellus Perry's Favorite. Good pink. 2½ feet, August-September.

Amethystinus. A much branched species, being covered in October with small amethyst-blue flowers 4-5 feet.

Climax. The flowers are of an exquisite shade of pale mauve with full golden yellow centers. 5-6 feet. September-October.

Feltham Blue. Large, clear blue flowers. 4 feet. September.

Ten Asters (continued)

- Lil Fardel.** Clear pink. 4 feet. September.
Mrs. S. T. Wright. Distinct shade of purple. 4 feet. September-October.
Perry's Pink. Glistening reddish pink. 3 feet. September-October.
Tarticus. Large violet blue flowers. 5-6 feet. October.
St. Egwyn. Forms a compact, symmetrical bush, 2½ feet in height and is entirely covered during September with large clear pink flowers. September.
White Climax. A beautiful white variety. Valuable for cutting. 5-6 feet. September-October.
 Any of the above 10 Asters, 30c each; \$2.00 per 10.

Ten of the First Plants to Flower in Spring

Ten Set: One each of the following.. \$2.50
Ten Ten Sets (100 plants)..... 20.00

You know how you love the spring's very very first flowers. How you watch for them in the fields, and in your neighbor's garden as well as in your own.

In this little ten set we have put together ten of the very first flowers in bloom in the spring. No matter how your gardens are arranged or how full they may be already, you can surely find room for these advance heralds of the glad flowers.

Gold Dust (*Alyssum saxatile*). Profusion of small yellow flowers. 1 foot.

Thrift (*Armeria maritima Lauchiana*). Globular heads of bright rose flowers on slender stems. 6 to 9 inches.

Rock Cress (*Arabis Alpina*). Pure white flowers. 9 inches.

Purple Rock Cress (*Aubretia deltoidea*). Lavender purple. 6 inches.

Squirrel Corn (*Dicentra formosa*). Fern-like foliage, pink heart-shaped flower. 1 foot.

Candytuft (*Iberis sempervirens*). A much branched spreading plant, bearing flat heads of snow white flowers. 1 foot.

Dwarf Yellow Flag (*Iris pumila Excelsa*). Rich clear yellow. 1 foot.

Dwarf Blue Flag (*Iris pumila*). Deep violet flowers. 1 foot.

Moss Pink (*Phlox subulata grandiflora*). Beautiful soft pink. 6 inches.

Speedwell (*Veronica rupestris*). Prostrate habit. Bright blue flowers. 6 inches.

Any of the above ten plants, 30c each; \$2.00 per 10.

Home Decoration

Ten Set: One each of the following.. \$2.50

Ten Ten Sets (100 plants)..... 20.00

This set of free flowering plants have been selected for their general adaptability to any form of floral arrangement. They will provide a supply of flowers in varying colors, from June until October. All are easy of culture, requiring nothing but planting in ordinary soil. However, the better they are treated with manure and fertilizers, the better will be their results. You are assured of flowers for house decoration when you plant this set.

Sneezewort (*Achillea Ptarmica*, *The Pearl*). Pure white pompon-like flowers borne in branching heads on erect stems. 2 feet. June-August.

Baby's Breath (*Gypsophila paniculata*). Clouds of small white flowers invaluable for cutting. 2-3 feet. July-August.

Starwort (*Aster Climax*). Flowers beautiful pale mauve with golden centers. 5-6 feet. September-October.

Tickseed (*Coreopsis grandiflora*). An extremely free flowering plant bearing large golden-yellow flowers on long slender stems. 2½ feet. June-October.

Shasta Daisy (*Chrysanthemum maximum*). Large white flowers on stout stems. 2½ feet. June-September.

False Dragonshead (*Physostegia virginica*). Spikes of soft pink flowers. 3-4 feet. June-July.

Fleabane (*Erigeron Quakeress*). Mauve flowers on branching stems. A continuous bloomer. 2 feet. June-October.

Blanket Flower (*Gaillardia grandiflora*). Colors range from old gold to crimson. 1½-2 feet. From June-October.

Beard Tongue (*Pentstemon Digitalis*). White, tubular flowers with purple throat. 2-3 feet. June-July.

Cornflower Aster (*Stokesia cyanea alba*). Large white flowers. 1½ feet. June-October.

Any of the above 10 plants for home decoration, 30c each; \$2.00 per 10.

Ten Hardy Heather

Ten Set: One each of the following.. \$3.50

Ten Ten Sets (100 plants)..... 28.00

Aside from its beauty, it is especially desirable because of its easy adaptability. It will thrive in any good soil, though it prefers one of peaty nature.

It likes, too, a half shady location and may be planted with excellent effect either in beds by itself, with rhododendrons, or in front of a shrubbery border.

During that dry weather it will benefit by watering. And a slight covering of hay or litter is advisable for protection against the sudden changes of our winter weather. For, though hardy, it ought not to be neglected.

Common Heather (*Calluna vulgaris*). Pink. 1-1½ feet. July-August. 35c each; \$3.00 per 10.

Common White Heather (*Calluna vulgaris alba*). White. 1½ feet. July-August. 35c each; \$3.00 per 10.

Golden Heather (*Calluna vulgaris aurea*). Bright golden-yellow foliage and pink flowers. 1-1½ feet. June-July. 45c each; \$4.00 per 10.

***Calluna vulgaris monstrosa*.** A strong growing variety with pale pink flowers. 2 feet. July-August. 45c each; \$4.00 per 10.

Crawford's Heath (*Erica Mackii plena*). A prostrate grower, bearing double rose-pink flowers from July to October. 45c each; \$4.00 per 10.

Mediterranean Heath (*Erica mediterranea hybrida*). Rosy-pink. 1 foot. March-May. 45c each; \$4.00 per 10.

Corsican Heath (*Erica Stricta*). Pink. 1-2 feet. July-September. 45c each; \$4.00 per 10.

Irish Heath (*Menziesia polifolia*). Glossy, dark green leaves and spikes of large drooping purple bells. 1½ feet. July-October. 45c each; \$4.00 per 10.

White Irish Heath (*Menziesia polifolia alba*). A white variety of the above. 45c each; \$4.00 per 10.

Bruckenthalia spiculifolia. A dainty health-like plant, bearing compact heads of pink flowers. 1 foot. June-July. 45c each; \$4.00 per 10.

Hardy Lilies for Fall Planting

The uses of the Lilies are manifold. They can be grown in beds by themselves with great effectiveness. They can be used in mixed herbaceous borders with entire success because of their varying heights, many colors and different flowering periods. Certain Lilies can be grown among shrubbery most satisfactorily.

This list of Lilies will present no difficulties in cultivation in ordinary soil. It would be well, however, to mulch them with barnyard manure in the Fall.

	Each	Ten
Golden-Rayed Lily of Japan (<i>Lilium auratum</i>). Large white flowers, spotted reddish-brown with broad bands of gold down the center of each petal. 3-4 feet. July-August...	\$0.55	\$5.00
Canadian Lily (<i>Lilium canadense</i>). Grows from 2 to 4 feet high and bears on slender stems terminal clusters of drooping flowers, orange, spotted with brown. July.....	.25	2.00
Madonna Lily (<i>Lilium candidum</i>). White. 3 feet. June-July. One of the most beautiful of all. We can supply this lily in pot grown plants for late planting.....	.35	3.00
<i>Lilium Regale (L. myriophyllum)</i>. A new Chinese Lily. The center of the flower is flushed with yellow, shading to white at the outer edges, and externally the flowers are streaked with brown and shade to pink at the tips. 3-4 feet. July.....	1.00	9.00
<i>Lilium speciosum album</i>. White. 2-3 feet. August-September.....	.40	3.50
<i>Lilium speciosum rubrum</i>. White, spotted rosy crimson. 2-3 feet.....	.40	3.50
Swamp Lily (<i>Lilium superbum</i>). Graceful stems. 5-6 feet, terminating in a pyramid of bright orange-crimson flowers. July-August.....	.30	2.50
<i>Lilium tenuifolium</i>. Slender stems, bright scarlet turban-shaped flowers. 1 foot. June.....	.25	2.00
Tiger Lily (<i>Lilium tigrinum</i>). Orange, spotted black. 3-4 feet. July-August.....	.30	2.50
<i>Lilium umbellatum</i>. Orange scarlet flowers. Stout stems. 3-4 feet. June-July	.30	2.50

Trees · Shrubs · Vines · Roses Fruits and Such Like

GO back to some old familiar place, that you haven't been to in ten years or so, and the first thing you notice is "how things have grown."

The shrubs are thick and sturdy. The vines have literally claimed they own the walls they clamber.

The trees have spread out their arms and taken characterful shapes varying with the kind.

You wish your ground had such singing pines; such shapely lindens; such shade sheltering maples.

You wish your shrubs snuggled as contentedly against your foundations and softened as pleasingly the angular parts of your grounds.

You ask, "Why is it I can't have such results?" If it is me you are asking the question, more than likely my answer will be:

"The trouble with you is, you haven't figured Time in on your reckonings. None of these things you so admire just happened to happen. If you had begun ten years back and done what these people did, you could doubtless have a like result.

"Happily for you, there is a ready remedy, and that is: Start now. Do this very Fall the various bits of planting you have been intending to do. You know there is *no time like the Fall* for such work.

"Don't allow any of your good intentioned, but wrongly informed, friends convince you to put it off till Spring. Listen to us this time, and see if our way doesn't win out best in both the short and the long run."

Ten Flowering Shrubs for Foundation Planting

Ten Set: One each of the following... \$5.95

This list has been arranged especially for those who contemplate screening the bare concrete or latticed foundations of their houses, yet who do not wish to use evergreens for the purposes.

These shrubs are comparatively easy of culture, and will remain of compact form, provided they are trimmed and the old wood cut out when necessary.

This selection of shrubs has been brought together to give as wide a range of color as possible, ranging from pure white to yellow and pink, some of which are very fragrant.

Deutzia Lemoinei. Its graceful arching branches are covered with white flowers during early Summer. 2 feet, 50c each; 3 feet, \$1.00 each.

Forsythia intermedia (Golden Bell). Drooping foliage bearing a great profusion of yellow flowers. 3-4 feet, 50c each; 4-5 feet, 75c each.

Hydrangea arborescens. Splendid variety, producing pure white flowers. 2-3 feet. 75c each.

Philadelphus grandiflorus (Mock Orange). A fine variety bearing fragrant pure white flowers. 3-4 feet. 50c each; 4-5 feet 75c each.

Deutzia gracilis. Forms a round compact bush covered with white flowers during June. 12-14 inches, 50c each; 16-18 inches, 75c each.

Exochorda grandiflorus (Pearl Bush). An uncommon bush producing numerous white flowers in May. 2-3 feet. 75c each.

Symphoricarpus vulgaris (Snowberry). Bright scarlet berries appear in the Fall along the pendulous branches, making it a very attractive bush often called the coral berry. 2-3 feet. 75c each.

Symphoricarpus racemosus (Coral Berry). A very dense growing shrub, splendid for massing around the porch. Bearing creamy-white flowers 2-3 feet. 50c each.

Clethra alnifolia (Sweet Pepper Bush). Beautiful native plant, bearing in July to September trusses of fragrant white flowers. Good for partial shade. 2-3 feet. 75c each.

Spiraea Anthony Waterer. One of the freest flowering of all shrubs, being constantly in bloom from June till frost. Crimson flowers. 1½-2 feet. 75c each.

Ten Shrubs for Hedges and Boundary Planting

Ten Set: One each of the following.. \$3.98

Hedges are more universally used than any other class of stock. Those listed below are adapted for almost all kinds of hedges. For formal treatment, we would recommend the California Privet and the Japanese Barberry. The California Privet to keep within bounds, needs shearing throughout the Summer. Japanese Barberry can also be sheared, but if allowed to grow naturally and sheared only when it is too large, is very beautiful on account of its graceful habit and the profusion of red berries in the Fall.

The flowering varieties, such as Roses, it is safer to plant away from the street, as there is always the danger of the public picking the flowers when the plants are at their best.

Japanese Barberry (*Berberis thunbergii*). For a dense hedge, nothing could be used to a better advantage, foliage turning to a beautiful red, yellow and carmine combination in the Fall. 15-18 inches. 35c each; \$3.00 per 10; \$25.00 per 100.

California Privet. 2 feet, 20c each; \$1.25 per 10; \$8.00 per 100. 3 feet, 25c each; \$1.50 per 10; \$12.00 per 100.

Amoor River Privet. Tall growing variety, exceptionally hardy, will live where California Privet cannot be used. Bushy plants. 2 feet, 35c each; \$3.00 per 10; \$25.00 per 100.

Rose Gruss an Teplitz. A very vigorous free growing Hybrid Tea rose, producing red flowers most freely. 75c each; \$7.00 per 10; \$60.00 per 100.

Rose of Sharon (*Althea*). Large showy flowers of various shades and colors, white, pink and carmine. Vigorous grower. 2-3 feet. 60c each; \$5.00 per 10; \$45.00 per 100.

Rosa multiflora. Numerous small white flowers $\frac{1}{2}$ inch across in clusters. Very compact grower, small foliage, when full established makes an almost impenetrable hedge. 1 year old. 20c each; \$1.50 per 10; \$10.00 per 100.

Lilac (*Syringa vulgaris*). The old-fashioned lilac. Single purple flowers. 18-24 inches. 35c each; \$3.00 per 10; \$25.00 per 100.

Deutzia Pride of Rochester. Makes a wonderful background and is perfectly hardy. 2-3 feet. 50c each; \$4.50 per 10; \$40.00 per 100.

Hydrangea paniculata grandiflora. A splendid "dividing line" shrub for a city lot, planted 3 feet apart, will make a magnificent show in one year. 18-24 inches. 60c each; \$5.50 per 10; \$50.00 per 100.

Rosa Rugosa. Single red rose. 18 inches. 55c each; \$5.00 per 10; \$45.00 per 100.

Ten Hardy Climbers for Pergolas, Trellises or Walls

Ten Set: One each of the following... \$4.15

The subject of this list is self-explanatory. Then too, everyone has a well formed idea as to how he or she may best use hardy climbers.

We recommend, however, certain of these climbers for specific uses around the garden.

For example: To give seclusion to the tennis court and porch, plant Japanese Clematis, climbing Honeysuckle, Polygonum and Chinese Wistaria. Bare walls, Boston Ivy and Euonymus; for trellises, False Bitter Sweet, Akebia and Virginia Creeper.

When a wide range of flowering period is desired, it is often customary to combine two or more varieties, thereby extending the flowering period. A good combination is the Chinese Wistaria and Japanese Clematis, or the Virginia Creeper and Polygonum baldschuanicum.

False Bitter Sweet (*Celastrus scandens*). A very hardy climber, often attaining 20 feet in height, produces racemes of orange flowers, crimson seed, foliage oval and shiny. 50c each; \$4.50 per 10.

Akebia quinata. A most charming climber, graceful and handsome. Fragrant chocolate-colored flowers in June. 6 inch pots. \$1.00 each; \$9.00 per 10.

Boston Ivy (*Ampelopsis Veitchii*). A very fine climber, rapid growth, clinging habit. 2 yr. old, 50c; \$4.50 per 10.

Virginia Creeper (*Ampelopsis quinquefolia*). Also called the Five-Fingered Ivy. Leaves deeply cut and turning to deep crimson in Fall. 50c each; \$4.50 per 10.

Japanese Clematis (*Clematis paniculata*). Japanese variety, bearing small white flowers in late Summer; deliciously fragrant. 50c each; \$4.00 per 10.

Euonymus radicans. A very fine creeping plant, evergreen, splendid for walls. 40c each; \$3.50 per ten.

Lycium barbatum. Has long flat leaves, shiny green, and arching branches; grows vigorously. Light purple flowers in June and July. 50c each; \$4.50 per 10.

Climbing Japanese Honeysuckle (*Lonicera Halleana*). Of rapid growth, produces fragrant yellow blossoms. 35c each; \$3.00 per 10.

Polygonum baldschuanicum. Without doubt one of the most valuable of climbers. Produces clusters of fragrant creamy flowers during Summer and Fall. Of very rapid growth. \$1.00 each; \$7.50 per 10.

Chinese Wistaria (*Wistaria chinensis*). The blue variety which bears handsome racemes of blue flowers in May-June. 50c each; \$4.50 per 10. Specimen 6-8 feet. \$10.00 each.

Ten Evergreen Flowering Shrubs

Ten Set: One each of the following.. \$17.50

A good foundation planting is about the greatest asset that a house can have, and the list we are here offering will give you an evergreen effect the year round, flowers two or three months of the year, or in other words it is working for you 365 days a year. In return for this service, be sure that you do not plant under the eaves of the house where they cannot get water. However, if they should be planted in such a position, water often and plentifully.

They all like leafmold and an application of leafmold dug into the soil before planting is the most beneficial thing you can do. In the winter time a covering of leaves is also very good.

If in doubt as to how to arrange your planting, give us an outline of your planting area and we will be glad to submit an idea as to how they should be located.

Mountain Laurel (*Kalmia latifolia*). Should be planted in well-drained soil. Shiny dark green foliage producing in June large trusses of delightful pink cup-shaped flowers. 1½ feet, \$1.25; 2 feet, \$1.75 each; 2-2½ feet, \$3.00 each.

Great Laurel (*Rhododendron maximum*). Native east of the Allegheny Mountains. Enormous trusses of bloom, soft rose-lilac. 2 feet, \$2.25 each; 2½ feet, \$3.50 each.

Japanese Holly (*Ilex crenata*). Bushy in habit, foliage resembling that of Boxwood; very fine for massing with Evergreen planting. Also makes a very fine hedge. 15 inches, \$1.50 each; 18 inches, \$2.00 each.

Azalea Hinodigiri. A profuse bloomer, flowers carmine-pink. Fine plants. 12-14 inches, \$2.50 each; 16 inches, \$3.50 each.

Azalea Amoena. Produces scarlet red flowers in Spring; bronzy foliage, 12 inches, \$1.50 each; 15 inches, \$2.00 each.

Andromeda Japonica (Lily of the Valley Shrub). A strong growing shrub, producing racemes of pure white flowers resembling Lily of the Valley. 15-18 inches. \$2.50 each.

Azalea indica alba. Foliage light green, flowers pure white. Splendid plants. 12-16 inches, \$1.50 each; 2½-3 feet, \$7.50 each;

Hybrid Rhododendron. Customer's selection.

Red varieties 2 feet.. \$5.00 each; \$45.00 per 10.

White varieties 2 feet.. 5.00 each; 45.00 per 10.

Purple varieties 2 feet.. 5.00 each; 45.00 per 10.

Leucothoe Catesbaei (Andromeda). Valuable, low-growing shrub, waxy white flowers; leaves turn to a rich bronze in Fall. 12 inches, 75c each; 18 inches, \$1.25 each.

Chinese Quince Berry (*Cotoneaster horizontalis*). A low-growing shrub, horizontal branches covered with deep red berries in the Fall. 14-16 inches, \$1.00 each.

Ten Set Hybrid Rhododendrons

Ten Set: One each of the following

2-2½ foot size.....\$46.00

These charming evergreen shrubs are being used more every year, and the hardy hybrids with their improved color and sturdy constitution are becoming better known. Rhododendrons prefer a cool partly shaded position and soil rich in humus. They can be safely planted in Spring and in August, September and October.

They are very effective when planted in masses and also when planted in connection with evergreens and shrubs for foundation planting, care being taken in mass planting to blend the different colors harmoniously. The following list contains hardy varieties and the most suitable ones for this climate.

Album elegans. A tall growing variety, suitable for the background. The buds are lilac-pink, but the flowers when fully open are white. 2½-3 feet, \$5.00 each, \$45.00 per 10; 3½-4 feet, \$6.50 each, \$60.00 per 10; 4-5 feet, \$14.00 each, \$120.00 per 10.

Album grandiflorum. A strong growing variety with good foliage. Delicate pink, fading as the flowers open. 2-2½ feet, \$5.00 each, \$45.00 per 10; 3-3½ feet, \$8.00 each, \$75.00 per 10.

C. S. Sargent. A very fine variety, with rich crimson flowers. Free bloomer with large leaves. 2 feet, \$5.00 each, \$45.00 per 10; 3-3½ feet, \$11.00 each; \$100.00 per 10.

Catawbiense grandiflora. This has the same hardy constitution and free growth as the native species, but the flowers are much improved in size and color, being a rich rosy purple. 2½ feet, \$5.00 each, \$45.00 per 10; 3½ feet, \$8.00 each, \$75.00 per 10; 3½-4 feet, \$11.00 each; \$100.00 per 10.

Delicatissimum. A late variety, with a slight tinge of pink. 2 feet, \$5.00 each, \$45.00 per 10; 4 feet, \$11.00 each, \$100.00 per 10; 3 feet, \$8.00 each, \$75.00 per 10.

F. D. Goodman. Dark crimson. 2 feet, \$5.00 each, \$45.00 per 10; 3 feet, \$6.50 each, \$60.00 per 10; 3-3½ feet, \$8.00 each, \$75.00 per 10; 3½-4 feet, \$11.00 each, \$100.00 per 10; 4-4½ feet, \$14.00 each, \$120.00 per 10.

Giganteum. Early variety, with cherry-red flowers; tall grower. 2 feet, \$5.00 each, \$45.00 per 10; 3-4 feet, \$7.50 each, \$70.00 per 10.

Ignatus Sargent. A very fine variety with bright red flowers of large size. The foliage and habit are both good. 2 feet, \$5.00 each, \$45.00 per 10; 2½-3 feet, \$8.00 each, \$75.00 per 10.

Old Port. The flowers are very beautiful plum color. 2½-3 feet, \$6.50 each, \$60.00 per 10; 3-3½ feet, \$8.00 each, \$75.00 per 10.

Parsons gloriosum. Large pinkish lilac flowers and large foliage. 2 feet, \$5.00 each, \$45.00 per 10; 2½-3 feet, \$7.50 each, \$70.00 per 10; 4-4½ feet, \$11.00 each, \$100.00 per 10.

Flowering Evergreen Shrubs

In this section Rhododendrons and Azaleas rank first in importance. All evergreen flowering shrubs succeed in a moist position rich in leafmold or humus in some form. Before planting the ground must be dug deep; do not add manure unless it is very old and well decayed.

Azalea amoena (Pink Japanese Evergreen Azalea). 12 inches, \$1.50 each; 15 inches, \$2.00 each; 18 inches, \$3.50 each.

balsaminaeflora. fl. pl. 12 inches, \$3.50 each; 16 inches, \$5.00 each.

Hinodigiri (Red Japanese Evergreen Azalea). 12-14 inches, \$2.50 each; 16 inches, \$3.50 each.

indica alba (Hardy Indian Azalea). 12-16 inches, \$1.50 each; 2½-3 feet, \$7.50 each.

Kaempferi. 18 inches, \$3.00 each; 2 feet, \$5.00 each.

Cotoneaster horizontalis. 14-16 inches, \$1.00 each.

Euonymus Carrieri. 15 inches, 75c each; 18 inches, \$1.25 each.

Ilex Crenata (Japanese Holly). 15 inches, \$1.50 each; 18 inches, \$2.00 each; 2 feet, \$3.00 each; 3 feet, \$5.00 each.

Crenata Fortunei. 15 inches, \$1.50 each; 18 inches, \$2.00 each; 2 feet, \$3.00 each; 3 feet, \$5.00 each.

Kalmia latifolia (Mountain Laurel). 1½ feet, \$1.25 each; 2 feet, \$1.75 each; 2-2½ feet, \$3.00 each; 2½-3 feet, \$4.00 each; 3-4 feet, \$4.50 each.

Leucothoe Catesbaei (Andromeda). 12 inches, 75c each; 1½ feet, \$1.25 each; 2-2½ feet, \$3.50 each.

Pieris (Andromeda Japonica). 12-16 inches, \$1.75 each. 2-2½ feet, \$3.50 each.

Pyracantha coccinea Lalandii (Evergreen Thorn). 18 inches, \$1.50 each; 2 feet, \$2.50 each; 2 feet, \$3.00 each.

Rhododendron arbutifolium (punctatum). 16-18 inches, \$4.00 each; 2-2½ feet, \$5.50 each.

carolinianum. 16-18 inches, \$2.75 each; 2-3 feet, \$4.20 each; 3-4 feet, \$7.00 each.

Praecox. 2-2½ feet, \$5.00 each.

Wilsoni. 2-2½ feet, \$5.50 each; 2½-3 feet, \$8.00 each; 3-4 feet, \$11.00 each.

Rhododendron Hybrids. See Ten Set, Page 32.

Rhododendron Maximum. 2 feet, \$2.25 each; 2½ feet, \$3.50 each; 3 feet, \$5.00 each; 4 feet, \$8.00 each; 6-6½ feet, \$11.00 each; 6-6½ feet. (specimens) \$40.00 each.

Rhododendron Specimens. 4½-6½ feet, \$45.00-\$75.00 each. These include Catawbiense, Maximum, and Hybrid Seedlings. The Seedlings have been marked for color. List on application.

Viburnum rhytidophyllum. 2-2½ feet, \$2.00 each.

Evergreens and Conifers

Abies concolor (White Fir). 3-3½ feet, \$5.00 each.

Abies homolepis brachyphylla (umbellata). 2½ feet, \$3.00 each; 3 feet, \$3.50 each; 5-6 feet, \$10.00 each.

Abies Pseudotsuga Douglasii (Douglas Fir). 3-3½ feet, \$5.00 each.

2 feet.....	36-38 inches.....	\$35.00

Cedrus Atlantica glauca (Mt. Atlas Silver Cedar). 12-15 inches, \$1.00 each.

Cryptomeria Lobbi (Japanese Cedar). 14-16 inches, \$1.00 each.

Juniperus Chinensis Fortunei. 14 inches, \$1.00 each; 18 inches, \$1.50 each; 24 inches, \$2.50 each; 2½ feet, \$3.50 each; 3 feet, \$5.00 each.

Juniperus Chinensis Japonica. 12 inches, \$1.00 each; 2 feet, \$3.50 each; 3 feet, \$5.00 each.

Juniperus Chinensis Pfitzeriana (Pfitzer's Juniper). 18 inches, \$3.00 each; 2 feet, \$5.00 each; 2½-3 feet, \$7.50 each. Specimens 5-6 feet, \$25.00 each.

Juniperus Chinensis procumbens. 3-4 feet, \$3.50 each.

Juniperus Chinensis hibernica (Irish Juniper). 16 inches, \$1.00 each; 18 inches, \$1.50 each.

Evergreens and Conifers

- Juniperus Canadensis aurea.** 12 inches, \$1.50 each; 16 inches, \$2.00 each.
- Juniperus excelsa stricta (Greek Juniper).** 12 inches, \$1.50 each; 16 inches, \$2.00 each.
- Juniperus horizontalis.** 12 inches, \$1.00 each; 18 inches, \$2.00 each; 24 inches, \$3.00 each.
- Juniperus Sabina.** 12 inches, \$1.00 each; 16 inches, \$1.50 each.
- Juniperus Sabina tamariscifolia.** 12 inches, \$1.00 each; 16 inches, \$2.00 each; 18 inches, \$3.00 each.
- Juniperus Virginiana Cannartii.** 3 feet, \$4.00 each; 4 feet, \$5.00 each; 5 feet, \$7.50 each.
- Juniperus Virginiana Burki.** 3 feet, \$4.50 each; 4 feet, \$6.00 each.
- Juniperus Virginiana glauca (Blue Cedar).** 3 feet, \$4.50 each; 4 feet, \$6.00 each; 6 feet, \$10.00 each.
- Juniperus Virginiana globosa.** 18 inches, \$2.50 each; 2 feet, \$3.50 each.
- Juniperus Virginiana Schottii.** 3 feet, \$3.00 each; 4 feet, \$4.00 each; 5 feet, \$6.00 each; 6-7 feet, \$10.00 each.
- Juniperus Virginiana tripartita (Shrubby Juniper).** 16 inches, \$1.00 each; 18 inches, \$1.50 each.
- Larix leptolepis Kaempferi (Japanese Larch).** 8 feet, \$6.00 each; 10 feet, \$10.00 each; 12-14 feet, \$15.00 each.
- Picea excelsa (Norway Spruce).** 18 inches, \$1.50 each; 24 inches, \$2.00 each; 5½-6 feet, \$6.00 each.
- Picea excelsa Gregoryana.** 12 inches, \$3.00 each; 16 inches, \$4.00 each; 18 inches, \$5.00 each.
- Picea excelsa pumila (Dwarf Spruce).** 12 inches, \$3.50 each; 16 inches, \$5.00 each.
- Picea excelsa pygmaea.** 12 inches, \$3.50 each.
- Picea orientalis compacta.** 18 inches, \$3.00 each; 2 feet, \$5.00 each.
- Picea polita (Tiger Tail Spruce).** 4 feet, \$7.50 each; 6 feet, \$12.00 each.
- Picea pungens glauca (Colorado Blue Spruce).** 18 inches, \$2.50 each; 24 inches, \$3.50 each.
- Picea pungens glauca Kosteri (Koster's Blue Spruce).** 24 inches, \$7.00 each; 30 inches, \$10.00 each. Specimens up to 20 feet, \$6.00 per foot.
- Pinus austriaca (Austrian Pine).** 2½ feet, \$3.00 each; 3 feet, \$3.50 each; 4 feet, \$5.00 each; 5-6 feet, \$7.50 each.
- Pinus Cembra (Swiss Stone Pine).** 2 feet, \$3.50 each.
- Pinus densiflora.** 5-6 feet, \$7.50 each.
- Pinus densiflora tabuliformis Tanyosho.** 6 inches, \$1.00 each. Specimens 4-5 feet spread, \$20.00 each.

Evergreens and Conifers

- Pinus Montana Mughus (Mugho Pine).** 18 inches, \$3.00 each; 24 inches, \$4.50 each.
- Pinus resinosa (Red Pine).** 3 feet, \$2.00 each; 4-5 feet, \$5.00 each; 6 feet, \$7.00 each.
- Retinospora flifera.** 18 inches, \$2.50 each; 2 feet, \$3.50 each; 3 feet, \$5.00 each; 6 feet, \$15.00 each.
- Retinospora flifera aurea.** 18 inches, \$3.00 each; 2 feet, \$5.00 each.
- Retinospora obtusa aurea nova.** 12 inches, \$1.50 each; 18 inches, \$2.50 each.
- Retinospora obtusa Crippsi (Yellow Cypress).** 18-20 inches, \$3.50 each; 2-2½ feet, \$5.00 each.
- Retinospora obtusa gracilis.** 12 inches, \$1.50 each; 18-20 inches, \$3.50 each; 2-2½ feet, \$5.00 each.
- Retinospora obtusa nana compacta (Dwarf Cypress).** 6 inches, \$1.50 each; 12 inches, \$3.00 each; 14 inches, \$4.00 each; 16 inches, \$5.00 each; 18 inches, \$7.50 each.
- Retinospora pisifera (Pea Fruited Cypress).** 2 feet, \$2.50 each; 3 feet, \$3.50 each.
- Retinospora pisifera aurea (Golden Pea Fruited Cypress).** 2 feet, \$2.50 each; 3 feet, \$3.50 each.
- Retinospora plumosa (Plumed Cypress).** 12 inches, 75c each; 14 inches, \$1.00 each; 16 inches, \$1.50 each; 18 inches, \$2.00 each; 2 feet, \$2.50 each.
- Retinospora plumosa aurea (Yellow Cypress).** 12 inches, 75c each; 14 inches, \$1.00 each; 16 inches, \$1.50 each; 18 inches, \$2.00 each; 2 feet, \$2.50 each.
- Retinospora plumosa sulphurea.** 6 inches, 75c each; 8 inches, \$1.00 each; 12 inches, \$1.50 each; 16 inches, \$2.00 each.
- Retinospora squarrosa Veitchii.** 12 inches, \$1.00 each; 18 inches, \$2.00 each.
- Taxus baccata fastigiata hibernica (Irish Yew).** 2 feet, \$5.00 each; 3 feet, \$7.50 each.
- Taxus baccata Ouverandii.** Globe shape. 2½-3 feet, 1 foot stem, \$10.00 each.
- Taxus baccata repandens (Spreading English Yew).** 16 inches, \$2.50 each; 18 inches, \$3.00 each.
- Taxus Canadensis (Canadian Yew).** 1½-2 feet, \$2.50 each; 2½ feet, \$3.50 each; 3 feet, \$5.00 each; 4 feet, \$8.00 each.
- Taxus cuspidata capitata (Pyramidal form).** 1½ feet, \$2.00 each; 2 feet, \$3.00 each; 2½ feet, \$4.00 each; 3 feet, \$6.00 each; 3½ feet, \$8.00 each; 4 feet, \$12.00 each; 5 feet, \$18.00 each.
- Taxus cuspidata (Spreading form).** 1½ feet wide, \$2.00 each; 2 feet wide, \$3.00 each; 2½ feet, \$4.00 each; 3 feet wide, \$6.00 each; 3½ feet, \$8.00 each; 4 feet wide, \$12.00 each; 5 feet wide, \$15.00 each.
- Taxus cuspidata brevifolia (Dwarf Japanese Yew).** 12 inches, \$1.50 each; 16 inches, \$2.50 each; 18 inches, \$3.50 each; 20 inches, \$4.00 each; 2 feet, \$5.00 each; 2½ feet, \$7.50 each; 3 feet, \$12.00 each; 3½ feet, \$15.00 each.

Evergreens and Conifers

- Thuya occidentalis (American Arborvitae).** 3-4 feet, \$3.50 each.
- Thuya occidentalis Columbia.** 18 inches, \$1.50 each; 2 feet, \$2.50 each.
- Thuya occidentalis elegantissima.** 12 inches, \$1.00 each; 16 inches, \$1.50 each; 18 inches, \$2.00 each; 2 feet, \$2.50 each.
- Thuya occidentalis globosa (Globe Arborvitae).** 10 inches, \$1.00 each; 12 inches, \$1.50 each; 16 inches, \$2.00 each; 2 feet, \$3.50 each.
- Thuya occidentalis Hoveyi (Hovey's Arborvitae).** 12 inches, \$1.00 each; 15 inches, \$1.50 each; 18 inches, \$2.00 each; 2 feet, \$3.50 each.
- Thuya occidentalis (Little Gem).** 10 inches, \$1.50 each; 12 inches, \$2.00 each; 16 inches, \$3.00 each.
- Thuya occidentalis lutea (Peabody).** 12 inches, \$1.00 each; 16 inches, \$1.50 each; 18 inches, \$2.00 each.
- Thuya occidentalis Rosenthali.** 12 inches, \$1.00 each; 16 inches, \$1.50 each; 18 inches, \$2.50 each.
- Thuya occidentalis Spaethii.** 16 inches, \$2.50 each; 18 inches, \$3.50 each.
- Thuya occidentalis Stricta.** 12 inches, \$1.00 each; 15 inches, \$1.50 each.
- Thuya occidentalis Vervaeneana.** 12 inches, \$1.00 each; 15 inches, \$1.50 each; 18 inches, \$2.00 each.
- Thuya occidentalis Wareana (Siberica).** 12 inches, \$1.00 each; 15 inches, \$1.50 each; 18 inches, \$2.00 each.
- Thuya occidentalis Wareana lutescens.** 12 inches, \$1.00 each; 15 inches, \$1.50 each.
- Thuya Standishii.** 12 inches, \$1.00 each; 18 inches, \$2.00 each; 2 feet, \$2.50 each; 3 feet, \$3.50 each.
- Tsuga canadensis (American Hemlock).** 1½-2 feet, \$1.50 each; 3 feet, \$3.50 each; 4 feet, \$5.00 each; 5 feet, \$6.50 each; 6 feet, \$7.50 each; 7 feet, \$10.00 each; specimen, 7 feet, \$15.00 each.
- Tsuga canadensis Sargentii pendula (Sargent's Weeping Hemlock).** 2 feet, \$3.50 each; 2½-3 feet, \$7.50 each.
- Tsuga diversifolia.** 12 inches, \$1.00 each; 16 inches, \$1.50 each; 18 inches, \$2.00 each; 2 feet, \$3.50 each; 3 feet, \$5.00 each.

Deciduous Flowering Shrubs

Shrubs as a rule are very hardy and easily grown, but to get the best results it is necessary that the ground is well prepared and manured before they are planted. Once established they require little attention. Pruning of deciduous shrubs, with the exception of the late-flowering varieties, should be done immediately after flowering. To get the best effects from shrub plantings they must not be mixed indiscriminately, but the different varieties should be planted in informal groups. These groups should be arranged to give the right color combinations and also continuance of bloom along the length of the border.

Althea (Rose of Sharon). in var. 3-4 feet, 75c each.

Amelchier canadensis. 2-3 feet, 50c each.

Aralia Spinosa. 4-5 feet, \$1.00 each; 5-6 feet, \$1.50 each.

Azalea arborescens (Fragrant White Azalea). 2 feet, \$3.50 each; 3 feet, \$6.00 each.

ledifolia narcissiflorum (Yodogawa). 18 inches, \$2.50 each; 2 feet, \$3.50 each.

Mollis (Yellow). 14 inches, \$1.50 each; 16 inches, \$2.50 each; 18 inches, \$3.00 each.

Nudiflora. 2 feet, \$3.00 each.

pontica. Mixed. 2 feet, \$5.00 each.

Vaseyi (Southern Azalea). 2 feet, \$5.00 each.

Viscosa (White Azalea). 2 feet, \$3.50 each.

Baccharis halimifolia. 2 feet, 50c each.

Berberis ilicifolia (Holly leaved Barberry). 2-3 feet, \$1.50 each.

Thunbergii (Japanese Barberry). 15-18 inches, 35c each.

Calycanthus floridus (Sweet Shrub). 2 feet, 75c each.

Chionanthus virginica (White Fringe). 2-3 feet, \$1.00 each.

Clethra alnifolia (Sweet Pepper Bush). 2-3 feet, 75c each.

Colutea arborescens. 2-3 feet, 50c each.

Cornus alba siberica (Siberian Dogwood). 2-3 feet, 50c each.

stolonifera. 2-3 feet, 50c each.

Crataegus oxycantha (Paul's Scarlet). 4 feet, \$3.00 each.

Deutzia gracilis (Dwarf Deutzia). 12-14 inches, 50c each; 16-18 inches, 75c each.

gracilis rosea. 2 feet, 75c each.

Lemoinei. 2 feet, 75c each; 3 feet, \$1.00 each.

Pride of Rochester. 2-3 feet, 50c each; 3-4 feet, 75c each.

Enkianthus campanulatus (Japanese Bell Flower Tree). 3 feet, \$1.00 each; 4 feet, \$1.50 each.

Deciduous Flowering Shrubs

- Euonymus alatus* (Cork Barked *Euonymus*). 2-3 feet, \$1.50 each; 6 feet, \$7.50 each.
- Exochorda grandiflora* (Pearl Bush). 2-3 feet, 75c each.
- Forsythia intermedia* (Golden Bell). 3-4 feet, 50c each; 4-5 feet, 75c each.
- suspensa* (Drooping Bell). 3-4 feet, 50c each; 4-5 feet, 75c each.
- Viridissima*. 3-4 feet, 50c each; 4-5 feet, 75c each.
- Hydrangea arborescens grandiflora* (Hills of Snow). 2-3 feet, 75c each.
- paniculata* (Fall Flowering *Hydrangea*). 2 feet, 75c each; 3 feet, \$1.00 each.
- Hypericum aureum* (St. John's Wort). 2 feet, 75c each.
- Lespedeza Sieboldii* (*Desmodium penduliflorum*). 2-3 feet, 75c each.
- Ligustrum amurense* (Amoor River Privet). 2 feet, 35c each.
- ovalifolium* (California Privet). 2 feet, \$8.00 per 100; 3 feet, \$12.00 per 100.
- ovalifolium aurea marginatum*. 16 inches, 25c each.
- regelianum* (Regel's Privet). 1½-2 feet, 35c each.
- Lonicera tartarica* (Tartarian Honeysuckle). 2-3 feet, 50c each.
- pileata*. 12-16 inches, \$1.00 each.
- Magnolia Soulangeana*. 6 feet, \$15.00 each; 7-8 feet, \$20.00 each; 8-10 feet, \$30.00 each.
- Lennei*. 5-6 feet, \$18.00 each.
- Stellata* (Halleana). 2-3 feet, \$7.50 each; 3-4 feet, \$12.00 each.
- Malus angustifolia*. 4-5 feet, \$3.50 each.
- atrosanguinea*. 6-8 feet, \$20.00 each; 8-10 feet, \$30.00 each.
- floribunda*. Standard. 6 foot stem, \$7.50-\$30.00 each.
- floribunda*. 4-5 feet, \$2.00 each; 6-7 feet, \$10.00 each; 8-10 feet, \$15.00-\$25.00 each.
- Niedzwetzkyana*. 4-5 feet, \$2.00 each.
- Parkmanii*. 6 feet, \$15.00 each; 8 feet, \$20.00 each.
- Scheideckeri*. Standard. 6 foot stem, \$7.50 each.
- Scheideckeri*. 4-5 feet, \$2.00 each; 8 feet, \$15.00 each; 10 feet, \$20.00 each; 12 feet, \$25.00 each.
- Myrica cerifera* (Bayberry). 2-3 feet, 75c each.
- Opulaster opulifolius* (*Spirea opulifolia*). 3-4 feet, 50c each; 4-5 feet, 75c each.
- opulifolius aureus*. 3-4 feet, 10c each; 4-5 feet, 75c each.
- Philadelphus grandiflorus*. 3-4 feet, 50c each; 4-5 feet, 75c each; 5-6 feet, \$1.50 each.
- Lemoinei*. 2-3 feet, 75c each.

Deciduous Flowering Shrubs

Prunus persica rubra plena. 2-3 feet, \$1.00 each.
triloba. 3-4 feet, \$1.50 each.

Rhodotypos kerrioides (White Kerria). 2-3 feet, 75c each.

Rhus cotinus (Smoke Bush). 2-3 feet, \$1.00 each.
typhina laciniata (Staghorn Sumac). 3-4 feet, 75c each; 4-5 feet, \$1.00 each.

Ribes aurea. 2-3 feet, 50c each; 3-4 feet, 75c each.

Roses. With each copy of our catalog we are enclosing a special list of Roses for Fall planting. If you have not received your copy, advise us and we will send another.

Rubus odoratus (Flowering Raspberry). 2-3 feet, 50c each.

Sambucus canadensis (Elderberry). 2-3 feet, 50c each; 3-4 feet, 75c each.

canadensis aurea (Golden Elder). 2-3 feet, 75c each.

Spirea Billardii. 3-4 feet, 50c each; 4-5 feet, 75c each.

Anthony Waterer. 1½-2 feet, 75c each.

collosa. 2 feet, 75c each.

Thunbergii. 2 feet, 75c each.

Van Houttei. 2-3 feet, 75c each.

Stephanandra flexuosa (Lace Shrub). 2-3 feet, 75c each.

Symphoricarpos racemosus (Snowberry). 2-3 feet, 75c each.

vulgaris (Coral Berry). 2-3 feet, 50c each.

Syringa (Lilac). Chas. X. 2 feet, \$1.50 each; 4 feet, \$5.00 each. Specimen 6-7 feet, \$12.00 each.

Marie Le Graye. 2 feet, \$1.50 each; 4 feet, \$5.00 each. Specimen 6-7 feet, \$12.00 each.

Mme. Lemoine. 2 feet, \$1.50 each; 4 feet, \$5.00 each.

Bres. Grevy. 2 feet, \$1.50 each; 4 feet, \$5.00 each. Specimen 6-7 feet, \$12.00 each.

Souv. de Louis Spaeth. 2 feet, \$1.50 each; 4 feet, \$5.00 each.

Villosa. 2 feet, \$1.50 each; 3-4 feet, \$3.50 each.

vulgaris. 2 feet, 50c each; 3 feet, 75c each; 4 feet, \$1.50 each.

Viburnum nana (Dwarf Viburnum). 12-16 inches, 75c each.

opulus (High Bush Cranberry). 2-3 feet, 75c each.

tomentosum (Single Jap. Snowball). 2-3 feet, 75c each.

Weigelia amabilis folis var. 2-3 feet, 75c each.

Eva Rathke. 2-3 feet, 75c each.

rosea. 2-3 feet, 75c each.

Zanthorhiza apiifolia. 16-18 inches, 75c each.

Deciduous Ornamental Trees

Deciduous trees are ready for planting as soon as the wood is thoroughly ripened. Care should be taken in planting trees as on it will depend the degree of success achieved. The ground should be well prepared and the hole dug large enough to spread the roots in a natural way. Fill in with fine fresh soil firmly pressed down.

Acer dasycarpum (Silver Maple). 14-16 feet, \$5.00 each.

dasycarpum Wieri laciniatum (Cut leaf Silver Weeping Maple). 12-14 feet, \$3.50 each.

platanoides (Norway Maple). 12 feet, \$2.50; 14 feet, \$5.00 each; 16 feet, \$10.00 each; 18 feet, \$20.00 each.

platanoides globosum (Globe Norway Maple). 6 year heads, \$5.00 each; 7 year heads, \$7.50 each.

platanoides rubrum (platanoides Reitenbachii). 16 feet, \$10.00 each.

platanoides Schwedlerii (Red leaf Maple). 12-14 feet, \$4.00 each.

saccharinum (Sugar Maple). 14 feet, \$3.50 each.

palmatum (polymorphum). (Japanese Maple). 3 feet, \$3.50 each.

palmatum atropurpureum (Blood leaved Japanese Maple). 2-2½ feet, \$5.00 each.

palmatum atropurpureum dissectum. 2 feet, \$5.00 each.

palmatum dissectum. 2 feet, \$5.00 each.

Betula alba laciniata (Cut leaf White Birch). 8-10 feet, \$2.50 each.

Catalpa Bungei (Umbrella tree). 5½-6 feet, \$3.00 each.

Cercis canadensis (Judas Tree). 4-5 feet, \$2.00 each; 5-6 feet, \$3.00 each.

Cercidiphyllum japonicum (Kadsura Tree). 10-12 feet, \$10.00 each.

Cornus florida (White Flowering Dogwood). 4-5 feet, \$1.50 each; 6 feet, \$3.00 each.

florida rubra (Red Flowering Dogwood). 5 feet, \$7.50 each; 6 feet, \$10.00 each.

Fagus sylvatica (European Beech). 4-5 feet, \$4.50 each; 5-6 feet, \$5.00 each.

sylvatica purpurea (Purple Beech). 8-10 feet, \$8.00 each; 10-12 feet, \$10.00 each.

sylvatica Riversii. 6-7 feet, \$10.00 each.

Deciduous Ornamental Trees

Fraxinus Americana (White Ash). 12 feet, \$3.00 each.

Ginkgo biloba (Salisburia adiantifolia). (Maidenhair Tree). 6-8 feet, \$1.50 each; 8-10 feet, \$2.50 each.

Koelreuteria paniculata (Varnish Tree). 7-8 feet, \$3.00 each.

Morus alba pendula (Weeping Mulberry). 3 year heads, \$4.00 each; 4 year heads, \$5.00 each.

Platanus orientalis (Oriental Plane). 12 feet, \$2.00 each; 14 feet, \$2.50 each; 16 feet, \$5.00 each.

Populus fastigata (Lombardy Poplar). 10-12 feet, \$1.50 each.

Prunus (Cerasus) avium pendula. 5 foot stem, 6 year heads, \$10.00 each.

Wateriana. 10-12 feet, \$15.00 each.

Veitchii. 10-12 feet, \$15.00 each.

Quercus alba (White Oak). 14 feet, \$3.50 each; 16 feet, \$6.00 each.

Robinia hispida rosea. 4 feet, 75c each.

pseudacacia. 6-7 feet, \$1.50 each; 8-10 feet, \$2.50 each.

Salix babylonica (Weeping Willow). 8 feet, \$1.50 each; 10-12 feet, \$3.50 each.

caprea (Pussy Willow). 4 feet, 50c each.

Sorbus aucuparia (European Mountain Ash). 7-8 feet, \$2.50 each; 12 feet, \$5.00 each.

Tilia Americana (American Linden). 12-14 feet, \$5.00 each.

platphyllus (Long leaved Linden). 12 feet, \$3.50 each; 14 feet, \$5.00 each.

rubra (Europea). 12-14 feet, \$7.50 each; 14-16 feet, \$15.00 each.

Ulmus Americana (American Elm). 12 feet, \$3.00 each; 14 feet, \$5.00 each.

montana pendula. 5 foot stem, 5 year heads, \$6.00 each; 9 foot stem, 10 year heads, \$15.00 each.

Tufa Rock

Tufa Rock is of a coarse, limestone formation. It is very light and, therefore, very easy to handle and being porous it adapts itself very well for rockeries, either in the conservatory or out of doors. The color tones down very quickly due to the fact that mosses and other things grow on it very quickly.

Price F.O.B. our nursery: 100 lbs., \$2.00; 500 lbs., \$8.00; 1000 lbs., \$14.00; per ton, \$24.00. In bulk shipped direct from shipping point—price on application.

Roehrs' Lawn Grass for the Home Lawn

This mixture of grasses is prepared especially to produce quick results and a permanent lawn. It is composed of dwarf fine-leaved grasses, producing a closely interwoven deep turf, maintaining from year to year a beautiful carpet of rich perfect green. It will also stand close cutting and tramping, and will hold the soil on terraces and embankments, forming a mat of excellent appearance. Twenty pounds of Roehrs' Lawn Grass make a bushel; one pound will sow a space of 300 square feet. This mixture is the best we know how to produce, after years of experience in lawn making. (Add 10 per cent extra if wanted shipped by parcel post.)

Lb., 50c; 5 lbs., \$2.25; 10 lbs., \$3.75; 20 lbs., \$7.00.

Lawn Grass for Shady Places

Because of the difficulties in obtaining a satisfactory growth of grass under trees, and in shady spots, we offer this special mixture. It is not difficult to grow a good lawn in shady places with the proper combination of varieties. Roehrs' Lawn Grass Seed has been thoroughly tested. It produces an abundant growth of beautiful green and blends well with our regular mixture.

Lb., 60c; 5 lbs., \$2.50; 10 lbs., \$4.50; 20 lbs., \$8.00.

Terrace Sod Lawn Grass

This mixture is made up particularly for sowing on terraces, hillsides and embankments, where there is needed a turf that will withstand drought and exposure.

The grasses have strong interlacing roots which prevent the soil from washing.

Lb., 55c; 5 lbs., \$2.25; 10 lbs., \$4.00; 20 lbs., \$7.50.

White Clover. The best grade only is supplied. Four ozs., 30c; lb., 85c; 5 lbs., \$3.75.

Fertilizers

Humus. Especially good for lightening soils, starting seed, growing bulbs, etc. Also for improving soils where plants or shrubs are to be set, and as a top dressing for lawns. 100-lb. bag, \$2.00; 500 lbs., \$8.50; ton, \$28.00. Special prices on carload lots.

Bonemeal. The safest fertilizer to use when setting plants and trees, will not "burn" the roots and induces strong, even growth. 10 lbs., 85c; 100 lbs., \$4.50.

Pulverized Sheep Manure, Wizard Brand. Dried and pulverized, clean and convenient to use. 10 lbs., 70c; 50 lbs., \$2.00; 100 lbs., \$3.50; 500 lbs., \$16.00; ton, \$55.00.

A Mistake Turned Into A Happy Happening Of Interest to Apple Lovers

ABOUT three years ago we thought we made a mistake in buying a large block of apple trees. When they were delivered, they just plain didn't notch up to the Roehrs' standards.

So we decided we would make them the real kind of Roehrs trees, by planting them in our rich nursery soil and give them every growing chance.

That was three years ago.

Now they are as choice trees as can be found anywhere.

They stand seven to eight feet high and have stems that are $1\frac{1}{2}$ ins. to $1\frac{3}{4}$ ins. in diameter.

All of them are old enough and large enough to start right in bearing fruit.

Large trees like this, you will appreciate, are not very easy to handle, so we are offering them to those who live within a radius of 20 miles of Rutherford, to whom we will deliver them by truck, for the following exceedingly reasonable price:

Per tree: \$2.50 each; per 10, \$22.50

If you live beyond the 20-mile radius, they will have to be packed and forwarded by express or freight, whichever you wish. Price delivered to either express or freight office is as follows:

Per tree: \$3.25 each; per 10, \$30.00

We have these trees in three choice varieties.

Baldwin: Large, roundish; deep, bright red; juicy, crisp, subacid, fine flavor.

Long Island Greening: Large, greenish yellow, tender, juicy and rich, with rather an acid flavor.

Stark: A good profitable winter apple. Splendid for cooking. Fruit is large, dull red color on greenish ground. Specially good keepers.

Did You Know This About Roses

POKE bonnets and hoop skirts are out of it now, but wait.

Even men may get back to powdered wigs. Heaven knows, it would be a happy happening to some whose thatches are conspicuously sparse.

But what has all this to do with roses?

Nothing in particular, only that the things that used to be done are bound to be done again.

Both history and styles have a way of repeating themselves.

As for roses, *it used to be* that pretty much all rose planting was done in the fall.

But when we Americans found it cheaper to import roses than to grow them, then Spring planting was the natural result.

Now that the embargoes prevent importing roses, and America is growing her own, back we swing to fall planting.

With it is going to come greater success.

More roses. Less disappointments.

Rutherford, N. J.

Important Likewise Interesting

THE truth of this rose selection question is, that a surprising lot of the blooms are so much alike in color and general behavior that only the expertest of experts can tell one from another.

Such being the case, we cut armful of blooms from all our roses this summer when they were at their best. Keeping each one carefully separated, we spread them all out on long tables and then started grouping the colors together.

Wish you could have been there. Perhaps you could have helped us, as we found it most baffling, because so many varieties varied so slightly in color as to be almost indistinguishable.

Next after grouping the colors, we painstakingly selected the best three from each group.

It is these, and these only, that we are offering you below. If ever roses were hand picked, so to speak, it is these. If you are very fond of any one shade, you couldn't do better than take all three.

Below is an arrangement of selection sets. Over the page are the varieties, described and individually priced.

Three Ten Selection Sets

- 1 *Your selection of 10:* being one each from the ten groups—\$7.50.
- 2 *Our selection of 10:* one each from the ten groups—\$7.
- 3 *All others, except where noted—*80 cents each, 10 for \$7.50.

For detailed particulars of each variety see over the page.

Varieties marked (*) can also be supplied in Standards at \$2.75 each, \$25. per 10.

- 1 Killarney Double White. This is the purest white of the three listed. Long pointed buds and at its best when in bud.
Kaiserin Augusta Victoria. This is creamy white almost, and when seen with Killarney White appears light yellow. An old variety but still going strong.
Frau J. Reuter. This is the strongest grower of the three, and the flowers are tinged with pink.
- 2 *Constance. This is not as tall growing as Nerissa and more compact than Duchess of Wellington. The color is apricot yellow. .90 each, \$8. per 10.
Duchess of Wellington. More yellow, having less of the apricot shade in it. Like most yellow roses, is not a very compact grower. .90 each, \$8. per 10.
*Nerissa. This is the best grower of the three and light yellow in color. .90 each, \$8. per 10.
- 3 Louise Cath. Breslau. This is a good grower and does well. The cerise pink flower when open appear crested.
Betty. This is not as vigorous grower as Louise Cath. Breslau. It is a pink with a touch of salmon.
Mme. Butterfly. One of the latest introductions. Is a strong grower with dark pink flowers. .90 each, \$8. per 10.
- 4 Lady Ursula. There are so many shades of pink and shades of salmon-pink that this group is similar to the preceding, except they are all of a lighter shade. Lady Ursula is a flesh pink and grows well.
Florence Pemberton. Is lighter, a lighter flesh pink than the above. Good grower.
Pharisaer. This is a good grower. Silvery salmon.
- 5 Lady Greenall. Saffron yellow suffused shell pink. Medium sized grower. In habit of growth these three varieties are very similar.
Marie Grand Duch. of Luxemborg. Distinct orange yellow. Strongest grower of the three.
Lady Hillingdon. One of the older sorts but still one of the good ones. Deep apricot yellow. Not as tall as Marie Grand Duch. of Luxemborg, but more the habit and growth of Lady Greenall.
- 6 *H. V. Machin. Scarlet crimson. Of the three of this list, it is the best color, and habit of growth is next to Gruss an Teplitz.
Crusader. In color very similar to above.
*Gruss an Teplitz. This is one of the oldest and for profusion of bloom is unequalled. There are two types, one of which flowers well and the other not. Ours is the good type. .75 each, \$7. per 10.
- 7 Gen. Sup. A. Janssen. This is a good grower and does well. In color glowing carmine.
Geo. C. Waud. In habit of growth similar to above, but flowers darker. Described as vermilion red.
Killarney Queen. This is a beautiful dark pink. There are so many pink roses one would say it did not belong here, but this pink seems to verge onto the above two colors.
- 8 Mrs. Geo. Sawyer. This is a beautiful rose. Medium light grower.
Lady Alice Stanley. This verges more on the coral and in habit of growth is similar to Mrs. Geo. Sawyer.
Jonkheer J. L. Mock. This rose is about as well known as the two foregoing and is a little more spreading in habit.
- 9 *Madame Caroline Testout. One of the better known varieties and deservedly so as it is still one of the better kinds. Bright satiny rose.
Mrs. W. C. Miller. Very similar in color to Mad. Caroline Testout but a little lighter, and in habit of growth good, or about the same as the foregoing.
Konigin Carola. In habit of growth and color, the same as the preceding.
- 10 Queen of Fragrance. As the name signifies, it is very fragrant. In growth not very tall and in color shell pink, verging on the carmine rose.
Mrs. Cynthia Forde. Deep brilliant rose, back of petals shading to a light rosy pink. In growth like the above.
Lady Ashtown. Soft rose, shading to yellow at base of petals. In growth like the above.

Ten Strike Set Of Roses For Fall Planting

Sometimes the finest colored blooms come from a plant that nature has not given a vigorous constitution. So in making your selection bear the following facts in mind.

All the roses in this list are vigorous and grow about the same height, except in the red ones—Gruss an Teplitz, which is one of the oldest Hybrid Tea Roses. For vigor and abundance of bloom it has hardly ever been excelled. Chateau de Clos Vougeot is considered the richest red rose, but it lacks vigor and is low growing, but for quality of bloom is one of the best.

Ten Set Price. One each, your selection, of ten varieties below for \$8.

1. Los Angeles. H.T. 1917 American introduction. Free grower, flame pink. \$1. each, \$9. per 10.	6. Scarlet red, excellent variety. .90 each, \$8. per 10.
2. Columbia. H.T. Vigorous habit and prolific bloomer. It is a good pink, verging on coral. \$1. each, \$9. per 10.	7. Mrs. Aaron Ward. H.T. Deep Indian-yellow. .85 each, \$7.50 per 10.
3. Mrs. Ambrose Riccardo. H.T. Deep honey-yellow, overlaid pink. .90 each, \$8.50 per 10.	8. Harry Kirk. H.T. Primrose—amber-yellow, very fragrant. .90 each, \$8.50 per 10.
4. *Ophelia. H.T. Very popular variety, salmon fading cream white. .85 each, \$8. per 10.	9. Etoile de France. H.T. Deep crimson, shaded cerise. .90 each, \$8.50 per 10.
5. *Mme. E. Herriot. H.T. The famous Daily Mail Rose. .90 each, \$8.50 per 10.	10. *Gruss an Teplitz. H.T. Deep crimson, free flowering. .75 each, \$7. per 10.
	*Chateau de Clos Vougeot. H.T. Velvety scarlet. Very choice. \$1. each, \$9. per 10.

Varieties marked (*) can also be supplied in Standards—at \$2.75 each, \$25 per 10.

Ten Climbing Roses

Ten Set: One each of the following ten varieties \$4.50

Climbing Roses are too well known to require much, if any, introduction here.

This list, however, is composed of very free flowering climbers of various colors that will give entire satisfaction wherever used on trellises and arbors and to cover bare rocks or banks in the garden.

Gardenia. Bright yellow. The flowers are borne in large clusters, double form and most handsome.

Dorothy Perkins. Produces abundant clusters of shell pink flowers; semi-double.

Dr. W. Van Fleet. Delicate peach-pink in color, perfect bud resembling a Hybrid Tea flower; often 4 inches in diameter when expanded; very fragrant and splendid for cutting.

Excelsa. Surpasses in quality and color the famous Crimson Rambler, mildew-proof, double scarlet crimson.

Crimson Rambler. Double, crimson flowers.

Paul's Scarlet. This novelty was introduced in the last few years and is considered one of the finest acquisitions to the Rambler class. It was awarded a gold medal by the National Rose Society and many enviable awards in Europe. In color it is a vivid scarlet and when in flower it is one mass of color. .80 each, \$7.50 per 10.

Hiawatha. Deep carmine, yellowish-white center; single flowers.

American Pillar. Large, single flowers, cerise pink, clear white eye, bright golden stamens, foliage most decorative.

Silver Moon. A splendid mate to Dr. Van Fleet, tea-scented, semi-double, waxy white, bright yellow stamens, a most desirable variety, hardy in every way.

Tausendschon. One of the finest of all climbers, flowers double, pale rose carmine, vigorous grower, absolutely hardy. At its flowering time it is literally covered with masses of flowers.

Price of above: .50 each, \$4.50 per ten, except where noted.

Five Best June Roses

(Hybrid Perpetual)

Set of Five: One each of the following five varieties \$3.25

These fine vigorous roses in June produce beautiful large flowers and are very popular.

Due to the great popularity of the Hybrid Tea Roses, the demand for Hybrid Perpetuals has been less from year to year. For this reason we are offering only five in this set and a few others in the alphabetical list. For large individual flowers and robust growth, there is nothing in the other classes that will excel them. Planted the same as shrubs, in the shrub border, they cannot be equalled.

Captain Hayward. Scarlet-crimson, perfect form; sweetly scented.

Fisher Holmes. Bright velvety crimson-scarlet.

Mrs. R. G. S. Crawford. Dark pink.

Prince Camille de Rohan. Flowers large dark blood red.

Ulrich Brunner. Bright cherry-red, flowers large and full.

Price of above: .70 each; \$6.00 per 10.

"The White or Weymouth Pine (*P. Strobus*), with its broad sweep of huge horizontal branches and towering shaft, command an admiration beyond even that of the oak and elm," is the viewpoint of Professor H. E. Parkhurst; that wondrous nature-lover and authority on trees.

The grave stone originally marked the grave of John Brown's father in Old Trinity Churchyard, N. Y. After it was brought here the inscription to his son was added.

The John Brown Pine

With its head ever seeking the Heavens and its arms stretched out in protection, stands the John Brown Pine, guardian of his grave on his old farm near Lake Placid, in the midst of the Adirondack Mountains.

Six days after the carrying out of his death sentence, as a penalty for his misguided raid of Harper's Ferry in 1859, his body was laid at the foot of a huge, vine-clambered rock close to the old farmhouse.

His son was later buried by his side along with six followers, who were killed by Union troops then under the command of Colonel Lee, he who later was the Commanding General of the Confederate Armies.

Mistaken and fanatical as was Brown's attempt to arm the slaves and overthrow the government, still who can say that he was not an instrument of Providence in hastening the black man's freedom? He at heart was sincere, and that is much to say of anyone.
