Perennials	42
Rhododendrons	22
Roses	38
Vines and Climbers	36
Index to Botanical Names	62
Index to Common Names	60

Long Distance Telephone, Rockland 26.

Telegraphic Address, North Abington, Mass.

THE PLANTING SEASON

Evergreens can be successfully transplanted during August and September. Herbaceous perennials do best when moved during September and before the middle of October. Trees and shrubs can safely be planted any time after October 1st, until freezing weather sets in.

Directions for Shipping

Parties ordering are requested to state explicitly the mode of conveyance by which they desire their stock forwarded.

When no route is designated, we exercise our judgment ; but in no case do we assume any responsibility after packages are shipped, unless for our own mistakes. When losses occur by detention, claims should at once be made on the TRANSPORTATION COMPANY by the consignee.

INSPECTOR'S CERTIFICATE ACCOMPANIES EVERY SHIPMENT.

CONDITIONS OF SALE

First—The articles herein listed will be furnished at prices designated as per following schedule:

1 to 5 plants of one kind will be charged for at the single rate, whatever the aggregate of a list made up in numbers of less than 5 plants of a specific sort may be.

5 to 40 plants of one kind will be furnished at the ten rate.

40 to 250 plants of one kind will be furnished at the hundred rate when hundred rates are given except in the case of perennials when 25 of one kind will be given the hundred rate.

250 plants and above of one kind are entitled to the thousand rate when a thousand rate is given.

FROM THIS SCHEDULE WE WILL NOT VARY because of the fact that it takes considerable time to assemble a list of plants that are scattered over the nursery.

Second—We give no warranty, expressed or implied, as to quality, description, productiveness, or any other matter of any nursery stock that we sell. No complaints will be considered that are not made within ten days after receipt of stocks

Third—The prices annexed do not include the boxes or bales. A charge for the actual cost of the boxes or the material used in baling is made. No charge for conveyance to freight station.

Our terms are cash, unless by special agreement. We can ship by express C. O. D., when desired, with charges for collection added to the bill—provided 20 per cent of the amount of the order accompanies the same as a guarantee. Said guarantee will be required only from parties with whom we have no business acquaintance. All bills remaining unpaid December 1st in Fall, and June 1st in Spring, will be subject to sight draft without further notice.

BAY STATE NURSERIES,

North Abington, Mass.

Ornamental Department

NOTE — In compiling this list, we have endeavored to include only such varieties of stock as we have now in our nurseries, in sizes and quantities offered. In filling orders we shall grade stock according to these specifications. Should orders be received for sizes not found in this list, or should any specified grade be exhausted, we will send the nearest size we have in stock at the time the order is received and charge accordingly UNLESS OTHERWISE ADVISED.

DECIDUOUS TREES

EVERGREEN TREES

These Evergreens are all thrifty and heavily rooted, and have been several times transplanted. We have a number of large specimen Evergreens in variety not listed. They can be seen at the nursery when prices will be given. It will pay to see them if interested.

All Evergreens will be B & B (balled and burlapped), without extra charge. In the case of small trees several will be lifted with a ball and wrapped together in one bundle; all larger trees will be burlapped separately.

RHODODENDRONS

Rhododendrons are one of our specialties. Our stock comprises many of the Hybrid varieties, all of which have been tested as to their merits for hardiness and beauty of flower; also the best of the Dwarf Alpine varieties.

The native Catawbiense and Maximum types we offer are all nursery grown, healthy and vigorous. We can, through our collector, furnish these types in collected plants of any quantity desired. Write giving sizes and quantities wanted, and we will make special quotations.

The prices of the various sizes of hardy Hybrid Rhododendrons except Boule de Neige are as follows:

	Each		Each
2 ft.	\$4 50	4 ft.	15 00
2½ ft.	6 00	4½ ft.	18 00
3 ft.	9 00	5 ft.	21 00
3½ ft.	\$12 00		

RHODODENDRONS — HARDY HYBRID VARIETIES

If we have not in stock the size of a variety ordered, we shall select the same size of another variety which most closely resembles it in color — UNLESS OTHERWISE ADVISED

We can furnish the following varieties in the various sizes, viz.:

Abraham Lincoln (Fine red)		Charles Bagley (Red)	
18 in.	2½ ft.	2 ft.	3 ft.
2 ft.		2½ ft.	3½ ft.

HARDY ROSES

Strong field grown plants, \$1.00 each for less than 5 of one kind; 5 or more of one kind, at \$9.00 per 10; unless otherwise noted.

If we are out of the variety ordered, we shall select the variety most closely resembling it UNLESS OTHERWISE ADVISED.

Note:—We have marked those varieties that we are unable to furnish this fall but will have next spring with S. 1924.

HYBRID PERPETUAL ROSES

- Alfred Colomb—Large carmine-crimson, full, fragrant.
- American Beauty—Rich, rosy crimson. S. 1924.
- Anne de Diesbach—Large double carmine. S. 1924.
- Baron de Bonstettin—Velvety maroon, large and full.
- Baroness Rothschild—Large, pale rose.
- Clio—Large, flesh color, center rosy pink.
- Frau Karl Druschki—Pure white.
- General Jacqueminot—Bright scarlet crimson.
- Harrison Yellow—Yellow. S. 1924.
- Hugh Dickson—Brilliant crimson shaded with scarlet.
- John Hopper—Bright rose, carmine center. S. 1924.
- Magna Charta—Pink and carmine.
- Margaret Dickson—White, pale flesh center, large.
- M. P. Wilder—Very fragrant full blossoms of cherry-carmine.
- Mme. Gabriel Luizet—Light silver pink. S. 1924.
- Mme. Plantier—Profusion of medium sized pure white flowers, early in the season.
- Mrs. John Laing—Large, soft pink; fragrant and steady bloom.
- Mrs. R. G. Sharman-Crawford—Deep rosy pink. S. 1924.
- Paul Neyron—Deep rose, very large.
- Pink Moss—Pink.
- Prince Camille de Rohan—Deep velvety crimson.
- Ulrich Brunner—Cherry crimson, large.
- White Moss—White.

HYBRID TEA ROSES

- Augustus Hartmann—Large flowers of brilliant geranium-red flushed with orange.
- Betty—Large, coppery rose, shaded golden-yellow.
- British Queen—Large, well-formed white blossoms. S. 1924.
- Columbia—Beautiful rose-pink, perfectly formed blossoms.
- Dean Hole—Silvery carmine, shaded salmon. S. 1924.
- Duchess of Wellington—Flowers are large, well-formed, of intense saffron-yellow stained with crimson. S. 1924.
- Ecarlate—Bears a profusion of medium-sized scarlet flowers.
- Edward Mawley—Velvety crimson. S. 1924.
- Etoile de France—Rich velvety crimson, large and double.
- General S. A. Janssen—Deep glowing carmine. S. 1924.
- George Dickson—Velvety black crimson. S. 1924.
- George C. Waud—Large globular blossoms of glowing orange-vermilion.
- Golden Ophelia—Golden-yellow at center, paling slightly at outer petals. S. 1924.
- Gruss an Teplitz—Scarlet, shading to velvety crimson.
- Jonkheer J. L. Mock—Deep pink, petals silvery rose.
- Jubilee—Pure red, shading to crimson at base of petals. S. 1924.
- Killarney—Deep shell pink, long pointed buds.
- Killarney Queen—Has darker blossoms and better foliage than original Killarney.
- Killarney White—Pure white, long pointed buds.
- Lady Alice Stanley—Large, fragrant blossoms of deep coral-rose on outside and of pale flesh on inside.
- Lady Ashtown—Bears profusion of beautiful carmine-pink flowers, shading to golden yellow at base of petals.
- Lady Ursula—Fragrant blooms of smooth flesh-pink.
- La France—Silvery pink, fragrant. S. 1924.
- Laurent Carle—Brilliant velvety carmine. Splendid in autumn.
- Lieutenant Chauré—Well-formed roses of clear crimson-red.
- Los Angeles—Bright flame-pink, shaded with gold. S. 1924.
- Mme. Caroline Testout—Large bright pink blossoms.
- Mme. Edouard Herriott—Coral red, shaded red and bright scarlet.

HYBRID TEA ROSES—Continued

- Mme. Jules Bouche—Bears beautiful white blossoms with light blush centers until late fall.
 Mme. Leon Paine—Silvery pink, center yellowish orange.

Conover's, Giant Argenteuil, Palmetto				
CURRANTS and GOOSEBERRIES				

On account of the "White Pine Blister-rust" which spreads from these plants to White Pines and other five-needled Pines, we have discontinued growing and selling Currants and Gooseberries.

See CONDITIONS OF SALE on page 2.

Herbaceous Department

On account of the increasing popularity and demand for Herbaceous Perennials, our acreage has been extended from year to year, so that now this department alone covers about eighteen acres, with several greenhouses especially designed for propagating this class of plants. We are adding new and choice plants to our collection each year.

About all the plants we grow are strong field-grown; the only exceptions being a few species which transplant better by being grown in pots, also some of the choice new varieties.

HARDY PERENNIALS, FERNS AND GRASSES

Full descriptions will be found in our Handbook of General Information.

Varieties marked with a asterisk (*) are particularly adapted for the rock-garden.

See CONDITIONS OF SALE on page 2.

Remember that 25 perennials of one kind are entitled to the hundred rate whenever the hundred rate is given.

		Picea.....	13, 14, 15	Xanthorrhiza.....	35

The Botanical names of the perennials are listed alphabetically from pages 42 to 59 inclusive.

A Word About Transportation

We can deliver your order by express, freight, or motor truck.

We have a siding at our packing house where we have every facility for handling car lots for long distances with promptness and efficiency.

We have several auto trucks which we use to deliver our stock and we can hire more when necessary. The auto truck has proved to be very satisfactory in the delivery of nursery stock.

First—Because within a range of one hundred miles from our nurseries, it can travel the distance so quickly that stock arrives as fresh as when taken from the nursery rows.

Secondly—Because the truck lands the stock on the grounds where it is to be planted, thus saving the bother and expense of trucking and unpacking.

Thirdly—Because it can be delivered at less expense than would be the boxing, freight and trucking charges if sent by freight in boxes, providing there is stock sufficient to make a respectable load for a truck.

The charges are made according to the distance travelled and the size of the truck used.

Remember that we are here to serve. Command and see how well we can execute your orders.

A copy of our Handbook of General Information on Trees and Hardy shrubs will be gladly sent on request.

LOCATION OF NURSERIES

The Bay State Nurseries are located in North Abington, Mass., 18 miles south of Boston, on the Plymouth Division of the N. Y. N. H. & H. R. R.—half way from Boston to Plymouth. Trains leave the South Station at frequent intervals during the day. Visitors are always welcome. Our office is ten minutes walk from the station. If notified we gladly meet visitors at the station and show them about the nurseries.

To reach us by motor, go to Quincy, then proceed directly South through Weymouth and South Weymouth until you see our sign at the fork of a road, turn to the left and you cannot miss our office one-half mile farther off. We are just off the road which goes to Middleboro and the Cape.

**We are not open for business on
Sunday.**
