CATALOGUE AND PRICE LIST

Gladiolus Bulbs

Sensation. Geneva. Rosy Morn. Reliance. Devens. Souvenir.

C. W. BROWN
ASHLAND, MASSACHUSETTS.

The past season has been the best growing season we have had for years. Plenty of rains with a minimum of excessive heat. Bulbs are fully developed and have been stored in excellent condition. They should give a good account of themselves next season.

I have been delighted with Mildred Pettman this year. It is a most excellent variety for bouquets or florists use. Marjorie was in fine shape for the Mansfield show and attracted a lot of attention.

Ablaze is the best red primulinus on the market and Dawson is a beautiful yellow. You will make no mistake in ordering several bulbs of each.

Prices have been reduced this year in a number of cases where the amount of stock will warrant it.

It is to your advantage to order bulbs reserved while the stock is complete. Late orders should give me privilege of substituting where sold out.

Plant the bulbs in an open sunny, place six inches deep and about six inches apart in the row. Mix any fertilizer thoroughly with the soil and if dry, water heavily when they commence to bud.

Spikes cut when the first bud opens and placed in water in the house will open to the tip. Allow three or four leaves to remain on the plant to mature the bulb.

After the first frost or when leaves turn brown dig the bulbs and dry in the sun for a few days then place in a cool vegetable cellar.

At the prices quoted for single bulbs, or by the dozen, they are mailed, post free.

I guarantee everything sold by me to be first class in every respect, and just as described. I give no warranty as to crop or results.

I will appreciate it, if when writing, you will send the names of any friends or neighbors, who are interested in Gladioli, so I can send them a catalogue.

Bulbs are usually shipped about April 1st, but may be sent at any time desired.

Remittances, or a first class business reference should accompany orders from new customers.

Do not forget to sign your name and address.

MY NEW INTRODUCTIONS FOR 1923.

These are some of the flowers that callers have been especially fond of and I trust they will also please you.

One bulb of each of the eleven varieties for trial,
list \$6.05 for \$5.00.

	Price each.
ANABELLE , Pink with cream throat	\$.50
PURITAN , Creamy buff, Tall and massive	.50
J. C. RUDOLPH , Pink splashed with dark pink	1.00
The following show more or less of the <i>Primulinus</i> ancestry.	
BETTY , Salmon with cream throat	.50
CARNIVAL , Large flower of henna shade completely covered with lines and specks of white. Attracted a great deal of attention at the Boston Show	.50
ELIDA , Light Salmon Pink	.50
FENWAY , Orange salmon	.40
MODESTY , Cream with yellow throat, Ruffled, very fine	1.00
PENROSE , Rose with various shadings. Impossible to describe its beauty. Reminds me of the changeable silks	.50
SEVILLE , Deep yellow. A slight tinge of color in the throat. Good spike and flowers well placed	.40
TYROL , Lemon yellow. Perfectly clear color	.25

Owing to the great demand for MELBA I am obliged to wait another year before selling any as the demand is larger than the present stock but it is increasing fast and it is well worth waiting for. A new white by the name of TIFFANY will be ready for introduction next year.

COMMONWEALTH is a winner. It is far from common and will bring wealth to the grower of it.

May 18, 1922.

Mr. C. W. Brown,
Dear Sir:

The bulbs I bought of you last season gave me great pleasure—they were beautiful flowers and a fine assortment. I am recommending you to all my friends.

Miss C. B. G.

Dear Sir:

Those I had of you last year did splendidly. Many said they never saw such blossoms.

Mrs. L. G. H.

Ohio, March, 1922.

Dear Sir:

Mail me a package of "Brown's Sunlight Sweet Corn", I had some of it two years ago and it was very fine.

I. G. S.

ACCIDENTAL MIXTURE.

In the course of a year a large number of bulbs get accidentally mixed, and any that I am not positive about, are thrown into this mixture. It contains mostly named varieties and while I guarantee nothing yet there are some of my best varieties included. If you want to buy a "pig in a poke" try some of these.

Per dozen postpaid\$.50

Per hundred, by express 2.00

By mail add postage for 8 lbs. per 100 bulbs to your zone.

NEW PRIMULINUS MIXTURE.

A grand mixture of hundreds of Kunderds varieties with a large number of varieties of my own origination. An endless combination of colors and shades from the most delicate colors through orchid tints to the deep colors. Many strong, tall and ruffled varieties may be found.

Everyone should grow at least a few of these. **\$.50 per dozen** postpaid; **\$2.00 per hundred**, postage extra.

Figure postage of 8 lbs. per 100 to your zone.

BROWN'S SUNLIGHT SWEET CORN.

For several years I have been developing an extra fine sweet corn which is a cross of Stowell's Evergreen and Golden Bantam. I have secured a corn as sweet as Bantam with yellow kernels and a much larger ear. My customers are "wild" over it. If you like sweet corn try a package of this.

Package, about 500 kernels\$.25

DAHLIAS.

I grow just one kind of dahlias for my cut flower trade and have selected this one as the best all around free blooming and desirable kind—**MAUDE ADAMS**,—Overlaid clear delicate pink which opens out to nearly a pure white. Very satisfactory in every way. **Each \$.25.**

Dear Sir:

Simcoe, Ontario

Dec. 7, 1922.

I saw this year in the garden of my good friend, Prof. H. L. Hutt, one of your glads called **Dawson**. It is one of the clearest and deepest yellows I have seen. * * *

Yours very truly,

Initiation Fee \$1.00

Membership Fee \$1.00 per year.

The third annual exhibition was a great success, there being a larger attendance and much more serious attention paid to the flowers than in previous years. Prizes were won by 50 different exhibitors so there was no monopoly. All the best flowers are not grown by any one person but every one has a good chance of having the best in their class. Come and show with us next year. Hundreds of different kinds are shown and it is an excellent way of becoming acquainted with both the flowers and the other growers.

We want every grower in New England to become a member of our Society and by "grower" we mean everyone growing 100 or more bulbs.

Help to acquaint more people with beauty and many good qualities of the gladiolus. Never mind the correct pronunciation but put the emphasis on the GLAD.

One Dollar to join and a Dollar a year dues. Fill out the blank below.

To C. W. Brown, Treasurer,

I desire to become a member of the NEW ENGLAND GLADIOLUS SOCIETY. I promise to encourage the growing of Gladioli and to exhibit my blooms at the Annual Exhibition of the Society whenever possible.

I enclose \$2.00 to pay membership fee (\$1.00) and annual dues (\$1.00) for 1923.
