TRADE LIST

OF THE

Mount Arbor Nurseries

E. S. WELCH, President

Shenandoah, Iowa

We offer One of the Largest and Most Complete Lines of General Nursery Stock
in the United States.

REFERENCES:

Shenandoah National Bank.

Mercantile Agencies

Any Business Firm in Shenandoah

TO THE TRADE:

In presenting our thirty-second Annual Spring List, we wish to thank our many customers for the liberal trade extended us in the past and to assure you of our appreciation of your continued patronage, which we shall make every effort to merit.

We urgently request correspondence and trial orders from new customers, feeling confident that you will be well pleased with our stock and method of doing business.

STORAGE—Our modern Storage Buildings are especially designed for handling Nursery Stock in the best possible manner, enabling us to get the stock to our customers in prime condition. You should consider this in buying.

Stock Handled Under Cover—We have the exposure of stock reduced to the minimum. After digging, all stock is immediately sent to our large packing houses where it is graded, packed and handled under cover.

Everything offered is young, thrifty, well-grown stock and graded to the highest standard.

Send us your list of wants, we can often quote lower than our published rates.

LOCATION AND SHIPPING FACILITIES

We are located in southwestern Iowa, fifty miles from Omaha on well drained land and have a fertile soil that cannot be surpassed in the United States. Three railroads (C. B. & Q., Wabash and K. & W.) afford a rapid and convenient shipping outlet in every direction. The American Railway Express Company, operating on all roads, also gives excellent service.

TERMS AND CONDITIONS

SHIPPING—Please give shipping directions, whether by freight or express, also route. If no directions are given we will forward to the best of our judgment, without assuming responsibility, as **All Goods Travel at the Purchaser's Risk and Expense.**

TERMS—Cash or satisfactory security, except we extend the usual terms of credit, to known, responsible nurserymen. Orders to be sent C. O. D. should be accompanied by one-fourth cash to receive prompt attention.

PRICES—The quotations in this list are for the wholesale trade only, are subject to change without notice, and limited to the Spring of 1923. Should prices change either higher or lower, during the season, the prices made at the time the order is accepted are expected to stand. All prices are for goods in Nursery, **packing extra.**

RATES—Fifty trees, of not less than ten of a variety, will be furnished at hundred rates; three hundred trees of not less than ten of a variety at thousand rates. Long list of varieties of a few trees of a kind subject to higher prices. All trees above the 7-16 to 9-16 grades are tied in bundles of ten in grading. Order tens or multiples of ten of a variety as far as possible.

CAUTION—We accept all orders on the condition that they shall be void should injury befall our stock from frost, hail, fire or other causes over which we have no control.

GRADES—We grade carefully, in some cases by caliper, in others by height. When graded by both caliper and height **the caliper must govern.**

GUARANTEE OF GENUINENESS—If any nursery stock, etc., proves untrue to description under which it is sold; we hold ourselves in readiness, on proper proof, to replace all such nursery stock, etc., that may prove otherwise, or refund the amount paid, but we shall in no case be liable for any sum greater than the amount originally received for said nursery stock.

CLAIMS—No claims for errors or discounts allowed unless made within ten days after receipt of goods.

Correspondence and inspection invited.

MOUNT ARBOR NURSERIES,

SHENANDOAH, IOWA

SPRING 1923

E. S. WELCH, President

HEIGHT AND CALIPER—Height given of fruit trees is approximate and represents the average height of most varieties. Slow growing kinds will fall short of height specified, as it is intended that the caliper shall govern.

FRUIT TREE STOCKS—American Grown

We have a good supply of Apple Seedlings which have made up well, were grown on new land and are free from insects and diseases; they were not dug until well ripened. We guarantee them to give satisfaction.

We are frequently able to make car lot shipments to central points for distribution.

PRICES are net, boxing additional, and subject to change without notice.

	Per 1000
100000 Apple, No. 1, 3-16 and up, straight	\$12 00
200000 " No. 2, 2½-16 to 3½-16, straight	6 00
18000 Plum, Native, No. 1, 3-16 and up	25 00

FRENCH GROWN

Upon arrival of our import shipments, which come in car load lots, all stock is carefully examined by a Government Inspector and only clean healthy stock allowed to pass. All stock is carefully re-graded, hence customers can depend on getting stock of best quality without the risk of importing direct, which is an important item to consider in buying.

ROOT GRAFTS

Our piece root grafts are made with a six inch scion and three and one-half inch root, the same style that we make largely for our own planting. For whole root grafts we use the entire seedling, either a straight or branched root as the customer may select.

Any Style of Graft Made to Order

Prices quoted are for 100 and multiples of 100 of a variety.
