OZARK NURSERY AND SEED BREEDING FARMS

120 West Markham Street

LITTLE ROCK, ARK.

SEED, PLANTS AND NURSERY STOCK

WHY NO CATALOG

Last year, because of the depressed financial conditions of the country, we did not issue a catalog. The farmers and everyone else were hard up for money to carry on their business with. We did not issue an illustrated and pictured catalog, but pinned our faith in a price list such as this. We believed conditions were such that the seed-buying public was intelligent and would rather have lower prices and under the financial conditions would rather not pay for high-priced catalogs. That's why we did not issue any catalog last year.

PICTURES OR SEED

An illustrated catalog—full of pictures, consisting of 50,000 catalogs would cost us mailed out more than \$5,000.00—FIVE THOUSAND DOLLARS—and it would be a small catalog, too. A good many seed houses are mailing out large catalogs costing two and three, and even four times this amount.

Do you want to buy from pictures and help pay this tremendous sum of money, \$5,000, \$10,000, or \$15,000?

You answer that question for yourself. The cost of catalogs must be added to the price of seed. Whoever buys seed from a big pictured catalog pay for it. The cost of the catalog is added to the price of the seed.

These little price lists we are sending out don't cost us much in lots of 50,000—they are cheap. We sell you seed for less money.

Does the public want to pay for seed catalogs? We want to know the answer to that question. If you buy seed you are concerned. We want you to tell us. Do you want to buy seed from a pictured catalog? Pictures or seed at real value, which? DOES THE PUBLIC WANT TO PAY FOR SEED CATALOGS? We will pay \$100.00 in gold for the best answer of not more than 100 words.

\$200.00 IN GOLD PRIZES FOR SEVEN BEST ANSWERS

Answer this question and win one of the seven gold prizes—

"DOES THE PUBLIC WANT TO PAY FOR SEED CATALOGS?"

Answer this question by writing us a letter of not more than 100 words.

SEVEN GOLD CHANCES

First prize, \$100.00 in gold.

Second prize, \$50.00 in gold.

Third, fourth, fifth, sixth and seventh prize, \$10.00 each.

You can surely win one of these prizes.

ANYONE—ANYWHERE

Anyone, anywhere may write us a letter of not more than 100 words. NOT NECESSARY TO BE EDUCATED—punctuation, spelling, construction and neatness of the letter only count one per cent each in this contest. Just what you say to the point will count most. This contest is equal to all—any man, woman, or child anywhere may write us an answer to the question, "Does the public want to pay for seed catalogs?" That is all there is to it.

5-CENT PACKET SEEDS

All garden and flower seed are 5c (five cents) per packet. They are handsomely lithographed and highest quality of seed obtainable. The same as you pay 8c and 10c for in any retail seed store, grocery store, etc. We give extra large packets of peas and beans for 10c packet. We pay all postage to your door.

OZARK'S FROST-PROOF CABBAGE PLANTS

We sell each season millions of Frost-Proof Cabbage Plants and ship them to all parts of the country with unvarying success, and in our own State we have hundreds of customers who buy of us regular each season—some using many, many thousands of our plants. We grow acre after acre of them in open fields, making them hardy. They are planted the last of October or first of January; they come to you in a good growing condition and make your crop four weeks earlier, and you know what that means. They will head much quicker and make better heads than your home grown plants.

They will be a little wilted and yellow when they arrive. That does NOT hurt them. Put them right out and pour a little water in the bottom of the holes—do not pour water on them nor around them after they are planted. Put it in the bottom of the holes—put them out early in the morning or late in the evening. Unbundle them soon as received and let them cool off in the shade and fresh air. They may be hot—that's all right, too.

PRICES ON FROST-PROOF CABBAGE PLANTS

We do not assort plants at these prices. If wanted assorted you will have to order so many of each kind at each price. We can furnish all varieties named in our Cabbage seed list. State kind wanted always.

1 dozen, 10c; 25, 20c; 50, 35c; 100, 50c; 200 90c; 500, \$1.50; 1,000, \$2.50.

All sent postpaid to third zones. Ask for prices on large lots.

PRICES ON CABBAGE PLANTS BEYOND THIRD ZONE

	4th zone	5th zone	6th zone
500 plants	\$1.65	\$1.80	\$1.95
1000 plants	2.80	3.10	3.40

Find out from your postmaster what zone you are in from McGehee, Arkansas, where our nursery is located, and you can tell exactly how much it costs to have Cabbage plants sent by Parcel Post to you.

COMMERCIAL CABBAGE GROWERS

We make a specialty of furnishing commercial Cabbage growers their plants in the North and South both, and we are prepared to quote you in any quantity desired and ship in carloads. We have several customers who buy in car lots. We are the largest growers of Cabbage plants in the South.

OZARK'S CAULIFLOWER

are from the best seed we could buy. We have two kinds—Danish Early Snowball and Early Italian Paris.

Packet, 3c; $\frac{1}{4}$ oz., 50c; $\frac{1}{2}$ oz., \$1.00.

OZARK'S CAULIFLOWER PLANTS

are open field grown, hardy and strong. Will stand shipping anywhere.

1 dozen, 25c; 25, 50c; 50, 65c; 100, \$1.00.

CRYSTAL WHITE WAX AND BERMUDA ONION PLANTS

The most satisfactory of all vegetable plants for transplanting is the Bermuda Onion Plants. They always live and make Onions quicker than sets and are more economical. They cost less than sets. The Bermuda Onion is far better Onion than any of the common sets produce—being much better flavored, easier cooked and grow larger. 100, 50c; 200, 85c; 500, \$1.50; 1,000, \$2.50. All sent postpaid anywhere.

OZARK'S CARROTS

are pure fresh seed and when you send us your order you know you are getting seed that will make you fine, large Carrots.

QUALITY ALWAYS FIRST

Quality always comes first with us and while we can not describe our seed in this small circular—it will pay to remember that you are not taking any chance when ordering from us. You are insuring your crop. You are allowed ten days to inspect and look over your seeds and if you are not satisfied with same return them and we will pay postage both ways and refund your money. There is no argument—you are the sole judge and you must be satisfied.

OZARK'S ENDIVE

is all that you may expect of it. There are two good sorts and we offer both to you, Large Green Curled and Ever White Curled.

Packet, 5c; ½ ounce, 10c; 1 ounce, 15c; ¼ lb., 75c. Postpaid.

OZARK'S KALE OR BORECOLE

We list three good sorts and recommend them to you as being strictly first class. Tall Green Scotch, Dwarf Curled Scotch and Dwarf Purple.

Packet, 5c; ounce, 10c; ¼ lb., 30c. Postpaid.

HORSE-RADISH ROOTS

Good strong ones that will please you. 1 dozen, 35c; 25, 50c; 50, 85c; 100, \$1.40. Postpaid.

CANTALOUPE OR MUSKMELONS

You can't raise good melons without good seed, for, "like begets like," and realizing this, we only sell the best seed you could find anywhere.

Price, per packet, 5c. Postpaid.

The Honey Dew is a very fine melon—grows anywhere, most.

Prices: Packet, 5c; ounce, 8c; ¼ lb., 20c; ½ lb., 35c; 1 lb., 60c. Postpaid.

OZARK'S TOMATOES

are from the best, high grade seed in the country. The prices are in reach of all. The best canning sorts are the bright red, firm meats, such as Greater Baltimore, New Stone and Red Rock. These are 5c per packet; 1 ounce, 25c; ¼ lb., 75c; ½ lb., \$1.40; 1 lb., \$2.50. Postpaid.

Compare our prices with others.

The best early garden sorts are John Baer, Chalk's Jewel, Bonny Best and Matchless. Packet, 5c; ounce, 30c; ¼ lb., \$1.00; ½ lb., \$1.75; 1 lb., \$3.25. Postpaid.

OZARK'S TOMATO PLANTS

We grow Tomato plants by the millions and ship them to nearly every State in the Union. The roots are packed in damp moss and will reach you safely and in good growing condition. They come off and grow much faster and make earlier fruit than your home-grown plants. We can furnish plants from any of the above sorts.

TRANSPLANTED TOMATO PLANTS

This stock is transplanted from cold frames, is larger and older than open field grown plants.

1 dozen, 25c; 25, 35c; 50, 60c; 100, \$1.00; 200, \$1.75; 500, \$3.50; 1,000, \$6.00. Postpaid anywhere.

OPEN FIELD GROWN TOMATO PLANTS

This is stock we grow in open fields and is not ready until the first to fifth of May.

1 dozen, 10c; 25, 20c; 50, 30c; 100, 50c; 200, 90c; 500, \$1.50; 1,000, \$2.50. Postpaid to third zone.

Prices on Field Grown Tomato Plants beyond 3rd zone:

	4th zone	5th zone	6th zone
500 plants	\$1.71	\$1.88	\$2.14
1000 plants	2.85	3.10	3.55

They are good stocky plants and will stand shipping without injury. If you want more than 1,000 Tomato plants, the rate will be \$3.55 per 1,000, postage paid by us. After the fourth zone is reached it is cheaper to ship by express if more than 1,000 plants are wanted, in which event the plants only cost you \$2.50, and you pay express charges.

COMMERCIAL GROWERS AND CANNERS

buy large quantities from us. Such firms as Van Camp Packing and other large canners buy plants in solid carloads. If you want large quantities, over 5,000, ask for wholesale prices.

OZARK'S SQUASH

will give you just the best things in the Squash line without experimenting. White Bush, Early White Bush Scallop, Mammoth Summer Crook Neck, Boston Marrow and Golden Hubbard. Packet, 5c; ounce, 15c; $\frac{1}{4}$ lb., 35c; 1 lb., \$1.10. Postpaid.

OZARK'S TURNIPS

includes the best sorts and you can't go wrong on any of them.

White Flesh Turnips and Rutabagas.

White Egg, Early Flat Dutch (strap-leaved). Purple Top Rutabagas, Early Purple Top (strap-leaved), Purple Top White Globe, Cow Horn, Pomeranian Globe.

Packet, 5c; ounce, 10c; $\frac{1}{4}$ lb., 20c; 1 lb., 50c. Postpaid.

Yellow Fleshed Sorts.

Large Amber Globe, Yellow Stone, Yellow Globe. Packet, 5c; 1 ounce, 10c; $\frac{1}{4}$ lb., 20c; 1 lb., 50c. Postpaid.

Long Top Sorts.

Seven Top and Southern Prize. Packet, 5c; ounce, 10c; 1 lb., 25c. Postpaid.

OZARK'S SWEET POTATO PLANTS

We can furnish Certified Nancy Hall Sweet Potato Plants grown from the seed stock which won the First Premium at the Inter-State Sweet Potato Show held at Texarkana, Arkansas, in which our stock won the first premiums against competition from Texas, Louisiana, Oklahoma and Arkansas. This seed stock won the First Premium at the State Exhibit at Little Rock, and will be certified to be free from any disease and pure, by the State Authorities of Arkansas.

Particular pains being taken with this stock and being First Premium stock at two big fairs, makes it in big demand for all who want real first class plants.

50 plants, 50c; 100, 80c; 200, \$1.25; 500, \$2.50; 1,000, \$4.00. Sent postpaid. Ask prices on larger lots.

POTATO PLANTS FROM FANCY SEED BUT NOT CERTIFIED

Porto Rico and Nancy Hall, only. 50, 45c; 100, 65c; 200, \$1.00; 500, \$2.00; 1,000, \$3.50. Postpaid. By express collect, \$3.00 per 1,000 plants.

"The sweetness of buying seeds and plants for less than we ask has never equaled the bitterness of a crop failure."

FIELD SEED

We can not fully describe all the good values of our seed nor the high quality of same in this brief circular, but they are all new crop, high germinating and recleaned. You can not make any mistake in buying at the prices which we offer. The Ozark tag on a sack of seed means an honest deal in every respect and several thousand farmers buy them year after year.

Prices fluctuate—ask for latest prices from time to time.

CLOVERS

Extra Fancy	2.00	3.50	7.85	25.50

25 lbs. and less postpaid to third zone, 300 miles.

BAGS AND PRICES

We make a small charge for bags and sell them to our customers at actual cost to us. The cost of these bags are deducted from amount of seed sent out.

If you buy more than 25 lbs. of field seed the 100 lb. price applies. *For instance, 50 lbs. of Fancy Alfalfa cost \$7.85 and you pay express charges. This rule applies on all field seed. If less than 5 lbs. is wanted, apply 5-lb. rate.

SEED CORN

Feed Corn is worth 50c to \$1.00 per bushel. Real, selected high grade seed Corn is worth \$3.50 to \$4.00 bushel. A bushel will plant 8 acres on an average. If you use feed Corn it will cost you about 10 cents per acre for seed. If you use high grade seed Corn it will cost you 50 cents per acre for seed, a difference of 40 cents per acre. If our good seed Corn makes you one bushel more per acre you have a profit of 45 cents, but it should and will make you 10 to 15 bushels more per acre, giving you a profit of \$7.50 to \$10.00 per acre. Which is the cheapest to plant—old crib Corn or real good seed Corn such as we offer. If you work this simple problem out you will mail your order AT ONCE.

Rat Annihilator: Sure exterminator for rats. Packet, 10c, postpaid. Dozen, \$1.10, postpaid.

THIS PRICE LIST

We all want to make our money go as far as possible. However, the buying of cheap seed which are worthless in so far as germination and quality is concerned and the incidental loss of a crop is the highest priced of all seed. With this idea in mind we have sought a means of reducing the price of our high-grade seed stock by printing a cheap price list without reducing the high quality of our seed. The cost of a catalog is a tremendous item in conducting a seed house as explained on the first page of this pamphlet.

WE WANT THIS QUESTION ANSWERED

"Does the public want to pay for seed catalogs?"

We are going to pay \$200.00 in gold for the best answer.

It is vital to our business; our success and continued growth of our business to know what the public really wants.

If the public wants catalogs, they shall have them—as large as they like them!

WE DON'T KNOW OURSELVES

the answer to the question and whether you are interested or not, in winning one of the Gold Prizes, tell us what your own idea is. We will appreciate it.

EVERYBODY EQUAL

In this Contest for Gold Prizes every one is equal. Grammar, construction, neatness, composition, count very little, but what is said to the point in answering is what is most considered. Think it over. Hatch an idea! Tell us in your own words—plain and simple. Think it over!

Write us your answer in your own way.

Call on us when in Little Rock and address all orders and remittances to

OZARK NURSERY AND SEED BREEDING FARMS

120 West Markham St., Little Rock, Ark.

One-half Block from Marion and Opposite New Capital Hotel.

Ozark Nursery & Seed Breeding Farms

120 WEST MARKHAM ST.

LITTLE ROCK, ARK.

WE ARE BONDED AND LICENSED NURSERYMEN

We have given a bond for \$1,000.00 running to the State of Arkansas that everything we sell in the nursery line is true to name and variety.

NOTICE

If the stock is not true to name and variety, our liability is limited to five times the amount paid for the stock at time of purchase. All sales are made under this provision. Sometimes all of us make mistakes. The man who never made mistakes died because he didn't do anything at all.

SUBSTITUTION

Sometimes we run out of stock but can substitute a tree or plant in every way similar or better—if you do not want us to substitute on your order note on it—"no substitution." Where we may substitute, we guarantee the thing substituted to be equally as good or better than what may have been ordered. We rarely have to substitute anything.

WE HAVE NO AGENTS

Place no orders with agents. We do not have any. Everything sold by mail at 25 to 50 per cent less than agents charge.

SAVE MONEY

Order direct from us and save agents' commissions. Any one can make out an order.

RIGHT NOW WE WANT 50,000 ORDERS—

WANT THEM QUICK

Right now we want 50,000 seed and nursery orders. We want them quick.

We want that many orders from that many different people.

We are going to sacrifice our profit to such an extent that we will absolutely get them, too.

That will give us one of the largest seed businesses in the entire country. It will enable us to sell for less. It is co-operative. It will build up our nursery business tremendously. Have you any idea how many orders 50,000 is? Well, it is some stack, believe us! Think it over! How many is 50,000? Get an idea about it!

HOW MANY IS 50,000?

Count out 100 peas or beans or grains of corn—about a hand full. Multiply that by 10 and you have 1,000, multiply that little bag of peas or beans by 10 again and you have quite a big bag containing 10,000, and then multiply that big bag by five again and you have 50,000.

HERE IS ANOTHER WAY

Count out your peas or beans—one by one, and if you are a good fast counter it will take you 14 hours just as fast as you can clip it off without losing a second or making a miscount or mistake.

THIS IS NOT BUNK

We are giving to each customer in advance a slip worth 50c to go with your order for anything we sell. We are making our business co-operative upon a plan not yet dared by any other seed or nursery concern in the country. Most seed and nursery houses realize the importance of interesting their customers in buying from them to increase the volume of business—they are willing to share their profit with the customers to get the business, but they are not willing to share the profits after they get the money with their orders.

WHAT IS THE RESULT?

Seed and nursery houses have promised all kinds of inducement and advertised the co-operative selling idea—but all they have done in the past has been to send out a packet containing some unwanted and unsalable FREE SEED.

THEY FIRST GOT YOUR MONEY

You know the system. They first get your money. You haven't any show for your co-operative buying, nor do they give you co-operative selling—they give you some free seed.

It is mostly junk—pure and simple. At least you never get what you want. They never tell you to buy what you want on a 50c slip. They NEVER tell you to order 50c worth of anything you want. They pick for you. Is it so?

OUR IDEAS AND PLANS ARE QUITE DIFFERENT

We are going to play fair. We are going to give an honest deal. We know the people are dissatisfied with such junk. They are tired of being fooled. If you are

Please favor us with your orders. We promise careful attention and the very best quality of nursery stock.

going to give them anything off they want something they can use. Is that right?

NOW YOU READ THIS

The average order we estimate will amount to \$10.00. We want every year 50,000 customers. A good many of them won't buy over \$2.50 worth; many of them will buy over \$100.00 worth—a great many of them. But when it is all averaged up it will run about \$10.00 per customer we estimate from past experience. We estimate we are paying to each customer 5 per cent of each order. Our object is to increase the number of our customers to 50,000 each year. The more customers the more business. Is that plain? There is NO BUNK about this. If we keep increasing the number of customers we are GETTING MORE BUSINESS. More customers means more business. We build up the number of customers that in itself increases our business. You understand this.

THE IDEA IS SIMPLE. WE SHARE WITH YOU

So many have been "stung" on advertising the public is cautious. They don't know when they are going to get a fair deal. This idea of ours is simple. The prices of our stocks have not been increased but on the other hand are far below our competitors because of no catalog when you consider the quality of the goods offered. You help us by becoming a bona fide customer and we share with you in the profits. More customers more business! Isn't that simple? Isn't it logical? Consider what it means to have 50,000 regular customers to us. Can't we afford to give 5 per cent off of our estimated sales? Certainly!

OUR PLAN DOES NOT END THERE

We expect to continue sharing our profits in a substantial way with our customers. We have our minds made up to build up a tremendous business. To give the best quality of stocks for the least money. As orders are received additional Profit-Sharing Slips will be mailed to our regular customers. A satisfied customer is our best advertisement. You must always be satisfied, fully. On every order other profit-sharing certificates will be sent you. Don't forget that!

WORK WITH US

and we will reduce your nursery and seed cost. We will give you something back on every order received from now on. Thousands and thousands of farmers throughout the country for years have been buying from us. Our plan is simply a co-operative selling and profit-sharing plan. So simple in every detail that a child may understand it.

We do not ship Nursery Stock C. O. D.—SEND CASH WITH ORDER—We are sure to please you.

Our reliability and standing unquestioned.
