PRICE LIST

Noble Nursery

NOBLE, OKLAHOMA

Season 1923-24

THE following prices represent real tree and plant value direct from the grower. No Agent's commission or middleman's profit to pay if you deal with us. The saving is easily seen by comparing our prices with those asked by the tree peddlers who visit you from time to time.

We are growers of what we sell. Nearly everything we offer is grown here and may be seen in our own fields. A few items are grown for us elsewhere or bought from other nurserymen as needed.

The maintenance of our present scale of prices depends upon the production of stock in moderate quantities, and upon selling off close each season with as little waste as possible. Many items are always sold out early. We hope to have sold most everything before the spring planting season ends, hence we urge our friends to place orders as soon as possible while the stock is unbroken.

We guarantee all our stock true to name or description and to reach you in growing condition, but assume no liability beyond the price paid. Complaints for errors should be promptly made.

Half dozen at dozen rates, twenty-five or more at hundred rates, and may be assorted 5 of a kind. Three hundred and up at thousand rates. Berries and grapes should be 25 or more of a kind to take hundred rates. Long lists calling for 1 or 2 of a kind will be charged at each rates, except that roses and shrubs may be one of a kind, if desired, at dozen rates.

PRICE LIST—NOBLE NURSERY, NOBLE, OKLA.

PEACH TREES—Budded 1-year tops on 2-yr. roots; 2 to 3 ft. 15c, per 100 \$12.50; 3 to 4 ft. 20c, per 100 \$15.00; 4 to 5 ft. 30c, per 100 \$25.00.

June Varieties—Mayflower, Wheeler, Cling, Alexander, Carman.

July Varieties—Triumph, Mamie Ross, Early Crawford, Hiely, Ray, Japan Dwarf.

August Varieties—Champion, Belle of Georgia, Lee Cling, Oldmixon Cling, Amrein Cling, Elberta, J. H. Hale, White Nectarine, Red Nectarine.

Later Varieties—Crosby, Salway, Heath Cling, Everett Cling.

APPLE TREES, grafted, 1-yr. tops, 3 to 4 ft. 25c, per 100 \$20.00; two-year, 4½ to 6 ft. 50c, second size about 4 ft. 35c.

Summer Varieties—Early Harvest, Yellow Transparent, Red June, Maiden Blush, Liveland, Red Astrachan.

Fall Varieties—Grimes Golden, Jonathan, Delicious, King David.

Later Varieties—Black Ben Davis, Winesap, Mammoth Black Twig, Stayman, Missouri Pippin, Gano, York Imperial.

PLUM TREES—Budded, 1-year, 2 to 3 ft., 20c; 3 to 4 ft., 25c; 4 to 5 ft., 50c. Hanska, Opatá, Sapa, Compass and a few others. The phenomenal success of some of the Hansen Hybrids, and the difficulties under which many of the older varieties exist here have shown us "where to head in." We have totally discarded several well known varieties, and are growing thrice as many Opatá and Sapa as of all other sorts combined. These offer most

all that is desirable in plums, and usually begin bearing at 1 year from planting.

APRICOT—Same price as Plum.

CHERRY TREES—Best 1-year stock, 75c; second size, 50c. Varieties: Early Richmond, Montmorency, Large Montmorency, English Morello.

Moulton Sweet Cherry—A limited number this season. \$2.00 each, 3 for \$5.00. Will tell you more about it when we have more trees to offer.

PEAR TREES—Best 2-year, 75c. Second size, 50c; 2 to 3 ft., 25c. Varieties: Manning, Bartlett, Garber, Kieffer.

GRAPES—No fruit gives quicker or surer results. The old idea of taking 3 years to establish a vineyard is a back number. If you make your trellis when you set the plants, cultivate well and get your vines running and climbing by the middle of the first summer, you can gather half to a full crop of grapes the second.

One year vines, 10c each, \$1.00 per dozen, \$5.00 per 100. Campbell's Early, Lucile, Delaware and Carman not sold at hundred rates. Heavy 2-year vines of Agawam, Niagara, Salem, Carman, Champion, Elvira, 15c each, \$1.50 per dozen.

Black or Purple—Champion, Campbell's Early, Telegraph, Carman, Clinton, Ives, Concord.

Red or Brown—Brighton, Salem, Lucile, Delaware, Agawam, Draeut Amber.

White or Light—Diamond, Niagara, Elvira.

PRICE LIST—NOBLE NURSERY, NOBLE, OKLA.

BERRIES—We grow a few acres of Blackberries for market and have tested several varieties without finding one worth planting here except Early Harvest, which bears a good crop each season, and always makes a little money.

Choice nursery grown plants, per dozen, 50c; per 100, \$3.00; per thousand, \$25.00. Every plant a good one. Second size plants, half price.

Raspberries and Dewberries—50c per dozen, \$3.00 per 100.

Everbearing Strawberries—\$2.00 per 100.

Common Strawberries—\$1.00 per 100.

Strawberries are not shipped with other stock, but go out by parcel post in time for spring planting. If wanted in thousands and lots and up, write for prices.

THORNLESS DEWBERRY — A new novelty a great merit, which promises to supercede all thorny varieties. Good bearer. Try it. Dozen \$1.00; per 100, \$5.00.

DWARF JUNE BERRIES, per dozen, \$1.50. This is the old fashioned service berry grown in great abundance on little bushes 2 to 3 feet high. Try them.

FIGS—Bear good fruit nearly every year. Banking up in the fall with a foot of earth is helpful. 1 to 2 ft., 25c; 2 to 3 ft., 50c each.

RHUBARB, WINEPLANT OR PIE-PLANT—The best variety we ever saw; big, early, pink tender stalks. Does not make seed and is propagated only by dividing the old crowns. Strong Divisions,

per dozen, \$1.50; per 100, \$8.00. Second size divisions, \$6.00 per 100.

Linnaeus Seedlings, half price. We do not recommend the seedlings.

ASPARAGUS—One-year and two-year roots. Dozen, 35c; 100, \$2.00. Heavy 3-year roots for immediate results, dozen, \$1.00; per 100, \$6.00.

GARDEN SAGE—Good rooted clumps, each 25c.

HORSE RADISH SETS—Per dozen, 35c; per 100, \$2.00.

PAPER SHELL PECANS—Pecan culture is attracting considerable attention in parts of Oklahoma. The quickest results are obtained by top budding on native trees where they stand in fields and partly cleared land. We have a few very fine trees of this type, and can put you in the way of duplicating them. Many of the leading commercial varieties do well here; a few do not. Since the pecan is more difficult to transplant than some trees we recommend and sell only the small size trees. One year tops, \$1.25 each, \$13.00 per dozen.

SHADE TREES—If you are in a hurry for shade, plant the Non-Bearing, English, Paper White, Barren, French, Male or Shade Mulberry.

Not only is it the best tree for quick shade on good soil, but in hardpan and poor soils, it will respond to good care better than any other tree we ever saw. It has repeatedly shown its ability to live and make good where other trees have

PRICE LIST—NOBLE NURSERY, NOBLE, OKLA.

failed entirely, and appears to be absolutely free from the attacks of aphids, scale insects, borers, bag worms, army worms, web worms or fungus diseases. Additional information about this tree will be given on application.

10 to 12 feet, 2½ inch and up,	\$2.50 each
10 to 12 feet, 2 to 2½ in. stems,	\$2.00 each
10 to 12 feet, 1½ to 2 in. stems,	\$1.50 each
8 to 10 feet, 1¼ to 1½ in. stems,	\$1.00 each
6 to 8 feet, 1 to 1¼ in. stems,	---75c each
6 to 8 feet, ¾ to 1 in. stems,	----50c each
4 to 6 feet -----	25c each

Smaller sizes, \$1.00 to \$2.00 per dozen.

Maple, Poplar, Elm, Hackberry, Sycamore, and other varieties at corresponding prices. Our blocks of these varieties are too young to dig this season, but stock can be supplied from other growers.

Catalpa Bungei, top grafted, on common catalpa, \$1.00, \$1.50 and \$2.00 each. State height of stems desired.

ROSES—Field grown plants of good quality 50c each, \$5.00 per dozen.

Reds—Etoile de France, Gruss an Tep-litz, Red Radiance, American Beauty, Crimson Rambler.

Pinks—J. L. Mock, Pink Killarney, Radiance, Maman Cochet, La Detroit, Columbia, Dorothy Perkins, Dr. Van Fleet.

Whites—White Killarney, Kaiserin A. V., White Cochet, Frau K. Druschki, White Rambler.

Yellows—Marechal Neill, Sunburst, Etoile de Lyon, Franciska Kruger, Yellow Rambler.

EVERGREENS—Our Evergreens will live and grow for you because we dig and handle them right.

Red Cedars, all sizes, single plants, 25c to \$1.00. Small sizes in quantities as low as \$10.00 to \$15.00 per 100. A dozen other varieties growing well here, priced at \$1.00 to \$2.50 each. Pine, Juniper, Box, Holly, Arbor Vitae, Japan Privet, Euonymus. Every plant has stood without irrigation the past two summers. We have discarded several fine varieties for no other reason than that they are too hard to keep alive through our Oklahoma Augusts.

Consult us about your needs in this line. We will give you A-1 service.

PRIVET FOR HEDGING—After trying several varieties here, we sell and recommend for this purpose only the Amoor River South and the California Privets. Both are hardy enough, and usually retain their beautiful green foliage most all winter, and neither is subject to the "blight" so fatal to some kinds. Heavy, well branched, 2-year plants 2 to 3 ft., \$1.00 per dozen; \$7.50 per 100; medium size, about 2 ft. branched, \$5.00 per 100; light weights, \$3.50 per 100. For extra heavy plants, see below. All the varieties of privet make excellent flowering shrubs and specimens.

HARDY SHRUBS—The best stock we have ever offered. Mostly two or three years, field grown and ready to bloom the first season if planted early. Tall growing kinds are 3 to 6 ft. medium growers 2 to 3 ft. and a few dwarfs and low growers, smaller. Each 50c, per dozen \$5.00. Second size plants of most sorts, half price.

PRICE LIST—NOBLE NURSERY, NOBLE, OKLA.

Japonica
 Weigela
 White Lilac
 Purple Lilac
 Persian Purple Lilac
 Althea, all colors
 Bush Honeysuckle
 Deutzia
 Spirea Van Houtte
 Spirea Thunberg
 Spirea A. Waterer

 Butterfly Bush, tops off

Hardy Lantana, tops off
 Fern Leaf Sumac
 Desmodium
 Philadelphia
 Japan Barberry
 Flowering Almond, white
 Flowering Almond, pink
 Japan Snowball
 Golden Bell
 Vitex
 Crepe Myrtle
 California Privet
 English Privet
 Regels Privet
 Amoor River South Privet
 Amoor River North Privet

HARDY PERENNIALS—Sweet Violets, Shasta Daisies, Dwarf Purple Iris, Ornamental Grasses, Santaline. Divided sets, \$1.00 per dozen; new grown clumps, 25c; extra heavy clumps, 50c each.

Santaline is a beautiful gray-green low border plant that changes color and foliage very little winter or summer. Try it.

CANNA BULBS—75c per dozen.

LANDSCAPE SERVICE—We do not pose as expert landscape architects, yet have some ideas of the general fitness of things, and have learned a lot about the value and characteristics of many different ornamental plants here, and can often be quite helpful. Where this service is suggestive only, and is had in connection with the sale of stock, there is no charge. If extensive plans are wanted, requiring time for their elaboration and execution, a moderate charge will be made.

VINES FOR PORCHES AND ARBORS
 —Purple, White and Blue Wistaria, Ampelopsis, Kudzu, Clematis Paniculata, Scarlet Trumpet, Honeysuckle in assortment. Prices same as for hardy shrubs.

PEONAS—Separate colors, 50c each, \$5.00 per dozen, mixed colors, \$3.50 per dozen. Two year clumps, any color, \$1.50 each.

Every once in a while some scalawag breaks out in a new place with the story that our nursery has been condemned. Pay no attention to such rot. Since 1905 we have passed official inspection each summer. Under the law no nursery can do business in Oklahoma without inspection, and every shipment must carry a copy of the current year's health certificate. Watch for it.

Our business has been built upon the principle of giving each of you your money's worth, full value for every dollar you spend with us. If we succeed in pleasing you tell your friends about it. If we fail tell us, and if the fault is ours we will thank you for the chance to make it right. Come and see us.
