Brunt's Perennials

Orchadotte Nurseries

West Point, Pa.

Montgomery County

Friend Flowerlover:

I am sorry to have disappointed you in not issuing the revised edition of "*Brunt's Garden Guide*" as promised through advertisements and announcements. The truth is that I have not completed the desired notes and information. You know that it takes time (not hours and weeks, but months and years) to study plants by personal observation. Especially is this true when one is hybridizing and propagating by the most careful selection; with the desire to improve existing varieties. Then again weather conditions often interfere with ones carefully laid plans. This, of course applies to outside plants, which is our specialty. I hope to complete observations enough this season, especially on varieties of Hardy Chrysanthemums, Hollyhocks, Phlox, Hardy Lillies and some other, not commonly known, plants, to warrant the new edition next winter. If you will bear patience with me, I will endeavor to serve your wants well.

At Your Service

*Franklin Brunt, Proprietor
Orchadotte Nurseries*

BRUNT'S PERENNIALS

represent the best varieties. They are home grown from carefully selected parent plants and are, with few exceptions, twice transplanted; field grown stock. No better plants can be bought for the money asked. They can be secured only from

**ORCHADOTTE NURSERIES
WEST POINT, PA.**

22 miles N. W. of Philadelphia

Herbaceous Perennials

Here is a brief list of the plants we have to offer this season in good strong, one year old, *field grown* roots. For older roots and varieties not listed hereafter, we invite your correspondence and will endeavor to serve you well. As we are always testing new varieties, don't hesitate to express your wants, for we may have a few plants to spare.

The first column of numerals is the height, in feet, of a well established plant. The second column is the months covered by the blooming period. The third column is the price of one plant. Six plants will be sent for 5 times this price and one dozen will be sent for 10 times the price of one. These prices include package charges, but *not* carriage. Plants will be sent prepaid, *only* when *10 cents additional* is sent for every \$1.00 worth of plants ordered. Shipments west of the Mississippi River and in Canada will be sent via express, collect.

P63	ANCHUSA, <i>Italica Dropmore Variety</i> , Gen- tian blue. 3-5 5-6	\$.25
