PLANTING SUGGESTIONS

The Morris Nurseries

Biddle and Penn Streets
WEST CHESTER, PA.

THIS NURSERY was established in 1847 and has gained a reputation throughout the United States for selling the very best quality trees, shrubbery, etc., at reasonable prices. Our plants are carefully dug and well packed for shipment and should grow if properly planted.

If interested in large quantities of trees, shrubbery, etc., or varieties not named herein, write for special quotations.

How to Order

Select the items you want, mail us your check or Postal Money Order and give shipping instructions. Small orders sent by parcel post, larger orders by freight and express.

How to Plant

Do not unpack trees until you are ready to plant. Dig hole large enough to admit roots without cramping. Use plenty of water and pack good soil tightly around roots. Water frequently during dry spells.

Shade Trees For Along Streets and Avenues

		Each	Dozen

Grow Your Own Asparagus And Cut It Fresh From Your Garden

	Dozen	100
Barrs (large, very productive) 2 yr.....	\$1.00	\$3.00
Palmetto (early variety) 2 yr.....	1.00	3.00
Conovers (large and tender) 2 yr.....	1.00	3.00

To plant asparagus: Dig trench ten inches deep and ten inches wide. Cover bottom with stable manure, cover manure with thin layer of soil. Place your plants two feet apart, spread out roots and cover the plants with good soil. Do not fill up trench right away. As the sprouts come through, fill up gradually until they have grown to the top of trench. Do not cut until after second year.
