1922/23

DAHLIA BULBS

WHOLESALE LIST

MRS. GEORGE SHEFFIELD, BURTON, WASH.

We submit for your consideration our surplus list for season 1922-1923. These prices are effective to June 1, 1923. Orders will be booked and filled in the order they are received. Our Dahlia Bulbs are grown on upland soil and are noted for their strong vitality and keeping qualities.

We do not sell whole clumps. All Dahlia Bulbs are guaranteed true to name. All offers are made subject to our privilege of reserving stock for our retail trade and planting stock.

TERMS: 30 days net, or 3% discount cash with order. (If paid before Feb. 1, 1923, discount of 4% for cash with order). Unknown parties, cash or satisfactory reference.

DAHLIA PRICES are F. O. B. Burton, Wash., no packing charges. The prices listed are for 10 or more of a kind. On 3 to 9 bulbs, add 2c per bulb; for 1 or 2, add 5c per bulb. The bulbs are good, strong, healthy divisions with good eyes and are offered as reasonable as good bulbs can be supplied.

DAHLIA BY COLOR.

You can designate such as red shades, yellow shades, mixed shades, etc., but the selection of varieties in the class used must be left to us. They will not be named, many buyers not being particular about the name, being satisfied to select color and varieties only.

Decorative Dahlias	8c
Peony Dahlias	8c
Show Dahlias	7c

Single Dahlias	7c
Pompon Dahlias	7c

“ARCTIC”

In answer to the many inquiries about our creation, “ARCTIC,” we offer the following reasons why you should have it:

First.—It is an absolutely pure white dahlia.

Second.—Most perfect in form.

Third.—Heavily petalled, yet fluffy and graceful.

Fourth.—Immense size, commonly eight and ten inches in diameter, without disbudding or especial care.

Fifth.—Can be grown to immense size.

Sixth.—Very long and strong stems, holding the flower well above the foliage.

Seventh.—Bush is of medium height and ornamental.

Eighth.—Produces bulbs of good shape and plenty of them.

Ninth.—Many dahlias are put on the market at a high price before they are fixed in their habits and become a source of great disappointment to the purchaser. Not so with “ARCTIC.” We tried it out for several years and found it always came true and then offered it at a price (\$2.50) equitable to both buyer and to ourselves.

Tenth.—At the California Flower Show and Horticultural Exhibition, Los Angeles Exposition Park in 1921, which was claimed to be the biggest display of growing dahlias ever put on in the United States, “ARCTIC” was entered in the class of best twelve of one kind, growing plants. There were many of the best dahlias entered in the same class. The horticultural committee had charge of them all, “ARCTIC” won the first prize and the silver cup. Could there be a cleaner and fairer win than under these conditions?

Eleventh.—There are very few dahlias that can possibly equal it for size and beauty.

Twelfth.—Many beautiful dahlias that are advertised so extensively produce very few blossoms and often so late that the frost gets them first. Not so with “ARCTIC.” It becomes a mass of blossoms and continues to be a mass of white until the frost comes.

Thirteenth.—Many of the best dahlia growers write us: “‘ARCTIC’ is the best dahlia grown.”

AND THE PRICE IS ONLY \$2.50, PREPAID.
