There are many express trains direct to both points as well as direct service to New York. We extend to you a cordial welcome to a visit any time of the year. Time tables will be sent on request and it will be a pleasure to meet you at the station. Our Nursery is just two and a half miles from the depot.

Rodman Wanamaker—Decorative Paeony. The world's best Dahlia and if not the largest in the world is at least the largest stiff stem profuse blooming dahlia; blooms were ten to eleven inches in diameter without disbudding. Color is entirely distinct; the buds are a light lemon yellow. As each petal expands the color changes, chameleon like, to golden salmon with a salmon pink bronze suffusion; reflex a beautiful spinal pink. A wonderful color effect in autumn shades and tints. The plant is a strong, vigorous grower, with luxuriant bright, glossy green foliage. The flowers are most beautifully formed, with long, irregular twisted and whorled petals and produced freely on very long stiff stems, entirely distinct.
