The John Siebenthaler
NURSERIES

Dayton, Ohio

The John Siebenthaler NURSERIES

THE JOHN SIEBENTHALER ESTATE, Proprietors

Location—Our Nurseries are situated three and one-half miles northwest of the center of the city of Dayton, Ohio, on the corner of Siebenthaler Avenue and Catalpa Drive. They can be reached by driving out North Main street to Siebenthaler avenue and then west one-third mile; or by coming out Salem avenue to Catalpa Drive and then one mile north.

Delivery—All orders of Five Dollars or more will be delivered free of charge anywhere in the city of Dayton. Arrangements can be made for delivery by truck to any part of the county if the size of the order justifies. Unless advised definitely by the purchaser, we will use our best judgment as to the method of shipment but we will not be responsible in any way for the welfare of the plants after delivery to the forwarding agent.

Terms—Cash with order, except to persons who satisfy us as to their financial responsibility, in which case all accounts are due when bills are rendered and prompt payment is expected.

Guarantee—We guarantee all plants to be true to name, up to size specified, full count and in good condition when delivered and will replace, free of charge, all that may prove otherwise. All claims, except misrepresentation in name of plant, must be made within five days after receipt of plants. In no case, will we be responsible for more than the original purchase price of the plant and all stock in this list is sold with this mutual understanding. All shipments will bear Certificate of Inspection.

Care of Plants—The ultimate success in any planting depends largely upon the care and attention the plants receive after you get them. We can not lay too much stress upon this point. We are always willing to advise concerning the proper methods of planting, fertilizing, pruning and spraying and this advice costs you nothing. **ASK FOR IT.**

OUR LANDSCAPE DEPARTMENT is prepared to submit sketches of your proposed planting, lay out the work and execute it in the best manner. Our charge for this service is not excessive and it is of much value to the person who does not have the proper facilities for doing the work.

PRICES in this list are based upon the highest quality stock of the sizes specified and are subject to change without notice.

We have growing in our Nurseries many varieties and sizes of plants not listed. We shall be pleased to quote prices upon request.
