SAN JOSE, CALIFORNIA

Jan. 31, 1924

R. Kent Beattie,
Federal Horticultural Board,
Dept. of Agriculture,
Washington, D. C.

Dear Sir:-

Instead of waiting until definite prices have been determined for all bulbs of 1924 crop I have decided to quote from time to time as prices are set. Here are two important lines:

PURITY FREESIAS

3/4 in. up	\$18.00 per 1000
5/8 to 3/4 in.	12.00 per 1000
1/2 to 5/8 in.	6.00 per 1000

The two larger sizes of Purity cannot be booked in greater proportion than 15% and 25% of the total order. I have large contracts in both the Santa Cruz and Southern California districts so if you have any preference in this matter I can supply the bulbs from whichever district you may prefer.

CALLA ELLIOTTIANA
(true Yellow Calla)

I have arranged to handle the entire crop of the largest and one of the oldest growers in the State of this item. The stock is absolutely true and always gives entire satisfaction.

	Per 100	Per 1000
3½ to 4 in.	\$23.00	\$210.00
3 to 3½ in.	20.00	180.00
2½ to 3 in.	16.00	150.00
2 to 2½ in.	13.00	120.00
1½ to 2 in.	9.50	90.00

These prices are absolutely for jobbers only and are for early acceptance, particularly on the larger sizes of Purity. It is not yet known whether the recent freeseing weather has seriously injured the crop or not. If it has it is quite likely prices will be advanced.

I have the goods and shall be glad to have your order. Please give explicit shipping instructions.

Yours very truly,

W. B. CLARKE
