PRICE LIST

THE COLORADO NURSERY COMPANY, LOVELAND, COLO.

Established 1880

J. Q. JACKSON, MANAGER

Incorporated 1907

BUSINESS TERMS

Prices quoted in this list are for good live trees and plants delivered at the Nursery or the Express or Freight Station at Loveland. They do not include express or freight charges and such charges must be paid by the buyer on arrival of the goods.

Parcel Post—All items marked (*) can be sent by Post, and **At The Price Each**, for all such items we will ship **Post Paid** to any Postoffice at proper time for planting.

Our Terms—Are cash with order or satisfactory reference. Orders to be sent C. O. D. should be accompanied by one-fourth cash.

Our Guarantee—Upon proper proof that any trees or plants sold by us are not true to name under which they were sold, we will replace same free of cost or refund price paid, but we will in no case be liable for a greater sum than that originally received for the trees and plants.

Any trees or plants that fail to start growth the first season, when properly planted and cared for, will be replaced the next season following at one-half the current retail price. We cannot be responsible for the life of any tree or plant after it has once started growth.

In Ordering—Please give instructions when to ship and whether by freight, express or post. Our shipping season begins April 1st, and continues to May 15th.

We Do Not issue a Catalogue because it is expensive and not worth, to us, what it costs. If you know what you want to buy, a big catalogue bragging on ourselves would not benefit you much and would add to the prices. If you do not know or are in doubt, let us advise you personally or by letter. We know, because we have tried every item listed here in this climate.

FRUIT TREES AND PLANTS

We have our usual supply of Fruit Trees, Plants and Vines in Tested Varieties. They are offered in two or more sizes because that is the way they grow in the fields, but the prices are made to correspond with the sizes and the smaller ones in both trees and plants are a bargain at the price asked.

Note—The sizes marked (*) will be shipped **Post Paid** at the price 'Each.'

One dozen trees or plants at 10% discount from price Each; 25 or more at rate per 100 by freight or express, not prepaid.

APPLE TREES

	Each	Per 100
3 year, extra good	\$.75	\$
2 year	.60	50.00
* 2-yr. & 1-yr., 3½ to 5 ft.....	.40	30.00
* 1-yr., 2 to 2½ ft.	.25	18.00

VARIETIES

PERENNIAL PLANTS

All Perennial Plants are gaining in popularity because, when once planted, they last for years and any fair sized selection will furnish good flowers the entire season.

Any of these plants will be sent post paid at the price.

PEONIES

For either Fall or Spring planting. Fall planting is better but, we hold the roots dormant over winter and guarantee spring planting the same as other plants.

Each
Prices (except as noted in list).....\$.50

ROSES

If we had a specialty, it would be Roses. We can, and do grow good Roses in Colorado and we offer here a list of choice, tested varieties.

Our plants are all two years old but not all the same size and we offer the smaller sizes at greatly reduced price. They should all bloom in from six to eight weeks from planting.

Our Special Rose list gives practical pointers on growing good Roses. A copy will be mailed on request.

Everblooming Roses—

Each

2 year, extra large, field grown \$.70

2 year, medium, field grown40

Postpaid at Price Each. One dozen plants all alike or assorted, 10% discount from price each; Not Prepaid.

Varieties
