FOREWORD

WE confidently feel that in this catalogue are listed a collection of Dahlias unexcelled anywhere in America. Novelties and standard varieties have been selected for their superiority in color, perfection of form, length and stiffness of stem and continuous blooming qualities based upon personal experience and observation.

Prices quoted are for divided field grown tubers. This list cancels all previous prices.

Order early as all orders are filled in strict rotation.

We do not substitute unless requested to do so in the order, but would suggest naming a few varieties as second choice.

Dahlia roots will be sent prepaid by express or insured parcel post, according to the size of the order and distance to be carried.

All orders are shipped after May 1st unless otherwise specified.

We guarantee all roots to be healthy and true to name. Having no control over them after delivery, we do not guarantee them to live and thrive. Any unsatisfactory bulbs must be returned within ten days from date of shipment, as our responsibility ceases after that time.

Full instructions how to grow dahlias accompany each shipment.

If you are unacquainted with the different classes and varieties of dahlias, we would suggest that you leave the selection with us. Send us the amount of money you wish to invest, and in return we will send you a selection of dahlias which will surely please.

Terms: Cash with order or in advance of shipment. Remittances by bank draft, post office money order, or registered letter.
