GLENWOOD NURSERY SUGGESTS THESE GOOD THINGS FOR SPRING PLANTING

ROCHESTER PEACH

Hardy—Large fruit—Yellow flesh—Small pit—Juicy—Freestone. The best Peach we've ever grown. Will stand 16 degrees below zero without injury.

OFTEN BEAR FIRST SEASON PLANTED

Mr. Fred Mills, Grove City, Pa., picked last August, 37 fine large Peaches from a tree planted in April, 1922.

Mrs. E. A. Jones, Treasurer of the Playground and Vacation School Assn., Emsworth, Pa., writes: "I haven't a large place, wish I had, would fill it with Rochester Peach Trees for they are the finest I ever saw."

Mr. C. E. Strawbridge, Lima, Ohio, picked 403 large Peaches from tree planted four years.

Mr. H. R. Howe, President of the First National Bank, Auburn, N. Y., writes: "They are the most wonderful Peaches I ever saw."

Prices: Medium size Trees, branched, \$1.00 each, \$10.00 per dozen; Large size, well branched, \$1.50 each, \$15.00 per dozen; Extra large size, well branched, \$2.00 each, \$20.00 per dozen.

SIX BEAUTIFUL LILACS

Plant more lilacs but plant the right varieties

SPECIAL OFFER: Here are six that have attracted a wonderful lot of attention at Highland Park, Rochester, N. Y. Thousands come from far and near to witness this exquisite Lilac Show on Lilac Day each Spring. Here one sees a solid mass of bloom, delightfully fragrant. We grow and offer only such varieties as are found in this famous collection. A group planting of the following six varieties on the lawn is a beautiful sight when in bloom—all should bloom this season.

CHARLES DICK—The compact flowers are of a deep white, red and cream to a light purple-red. One of the best doubles, dark showy lilacs.

COMTE DE KERCADON—Large compact, pointed color, early bloom.

MADAME DE MILLER—Very large double white flowers. A superb variety.

MICHAEL DYKINER—Clear blue, very large clusters, free flowering, makes a very compact bush.

LA TOUR D'AUVERGNE—Purple color.

SENATEUR VOLCANO—Finest red, a beautiful blue-free bloomer.

SECONDS, BUSHY, TWO YEAR OLD PLANTS
EXCEPTIONALLY WELL ROOTED

This collection of six plants for \$10.00—Single plants \$2.00 each

SIX CHOICE PEONIES

You will love them. Some of the most hardy, showy, and easily grown of all garden flowers.

PRESIDENT ROOSEVELT—Bowl-Rose type; color, deep red, brilliant red, mid-season.

QUEEN ANITA—Milk white grounds tinted flesh, the center creamy white with crimson spots; bowl type, free blooming, fragrant, mid-season.

CANARY—Yellowish, globular bowl type, fragrant, late.

RUBENS—Very dark crimson; large, semi-double type, fragrant, early. Also the variety.

DOUBLE SUPERBA—Bright magenta pink; large, rather flat, crown type; strong, upright arched, free bloomer, fragrant, early.

FESTIVA MAXIMA—Pure white, flecked with crimson; very large rose type, free flowering, fragrant, medium early.

Good strong divisions with 4 to 5 eyes. This collection of 6, all different as described, \$4.00

GLEN BROTHERS-GLENWOOD NURSERY-ROCHESTER, N.Y.

This magnificent assortment including one Los Angeles for \$10.00. All strong, 2 year old field grown plants—will bloom this summer

1 LOS ANGELES (Illustrated). A 1917 Rose which is said to be one of the finest ever introduced. In color it is a luminous flame pink, toned with coral and shaded with translucent gold at base of petals. The buds are long and pointed, expanding into continuous, intensely fragrant flowers which retain their color until the last petals drop.

1 ROUSSANTEPLITZ (Illustrated). Crimson Hermosa (Illustrated). The clusters of fine long buds and magnificent bright crimson flowers, with fiery red shading, make a brilliant show all summer, and its beauty is still further enhanced by the lovely green foliage, which in the young growth is a dark, rich bronze. It is very fragrant, free blooming, hardy and vigorous.

1 KILLARNEY PINK (Illustrated). The buds are very long and pointed, the flowers are a lovely blush, shaded with white, suffused pale pink, and are delicately perfumed. Vigorous. A lovely and distinct Rose of great merit.

1 GAIL AUREAS. This is the wonderful pink American Beauty. The growth and making of the plants is superb, with the delicate pink color in beautiful shade. One of the showiest Roses in our collection.

1 J. B. CLARK. Follows in growth with dense heavy foliage, flowers of large and superb crimson color, deep scarlet over laced crimson.

1 FRAT KARI, BRISANKI. The buds are handsome, long pointed, opening to very large, cupped flowers

of pure, sunny white and great substance. A very vigorous grower and exceptionally hardy, very fine and most beautiful flower.

1 WHITE HILPER. Bright rose with even no center, large and full. Very profuse bloomer.

1 PERSIAN YELLOW. A beautiful deep golden yellow Rose of large size and lovely form. Vigorous grower.

1 EUPHROSINE CAMILLE DE ROSSI. One of the most and most useful dark Roses. The flowers are large, full, well formed, of a deep, velvety crimson, shaded with maroon. Very free blooming and vigorous.

1 MACARON CHARLES (Illustrated). Large, full, well formed flowers of bright pink, very fragrant, exceedingly vigorous.

This is unquestionably the finest assortment of roses we have ever offered or have ever seen offered for \$10.00

GLEN BROTHERS - GLENWOOD NURSERY - ROCHESTER, N.Y.

SUPER-SIZE FRUIT TREES—Apple, Pear, Plum and Cherry

Extra large—Extra old—Extra fine—Well branched—Well rooted—Well balanced—Trees 7 to 9 feet tall

SUPER-SIZE FRUIT TREES ARE GROWN EXPRESSLY TO SAVE YOU TIME

For those of our customers who desire trees of larger size than are usually sold by nurserymen, and desire quick results, we have grown a few thousand of these handsome specimens. It takes work, time and money to produce them and we have spared neither. Inquiries for these older and larger trees are becoming more numerous each year. These inquiries make it evident that many people prefer older and larger trees for quicker results. Hence, to supply this increasing demand, we are now growing a much larger stock of SUPER-SIZE FRUIT TREES than formerly.

Under date of October 16th, Mr. C. R. Rinehart, 250 West 54th Street, New York City,

wrote a former nurseryman now residing in Rochester, as follows: "Since writing you, I have written to a couple of nurseries in Dansville, and one in Geneva, and it looks as though I was not going to be able to get an Apple Tree much in excess of two years. I am disappointed in this as I would like to get it as far along as possible."

Mr. Rinehart received a reply as follows: "You say you want trees older than two years and find them hard to locate. I happened to visit the nurseries of Glen Brothers, Rochester, the other day, where I saw a very handsome block of older fruit trees, including some handsome Apples."

To those of our customers who desire such trees, we offer the following assortment:

APPLES { YELLOW TRANSPARENT

LUSCIOUS BLUEBERRIES

Delicious Three Times a Day

With Sugar and Cream for Breakfast—Blueberry Dumplings for Luncheon—Blueberry Pie for Dinner

The annual Blueberry crop sells for millions of dollars, yet there are comparatively few people who have ever tried growing Blueberries in their gardens.

Try a Dozen of our Large Bushy Collected Plants This Spring—Fruiting Season Early July 'till Late Summer

Nor should the ornamental value of Blueberries be overlooked. Prof. Bailey says:

"In the Spring the young shoots and leaves are a rich bronzy red, later the clusters of long, white flowers, followed by clusters of dainty pink buds. In winter the red bark creates a charming tracing of red twigs against the snow. Rarely does a plant or shrub combine such exquisite beauty with a fruit than which there is none more delicious. It is one of the most valuable species both for fruit and as an ornamental shrub. It thrives in the garden and is readily susceptible to improvement by cultivation."

Strong, bushy plants, 2 to 3 feet
Price \$2.00 each, \$20.00 per dozen

DELICIOUS LOGANBERRY

A Blackberry-Raspberry

This fruit is larger than the largest size blackberry, is of the same form and shape; color when fully ripe, bright red deepening to maroon. It partakes of the flavor of both the blackberry and raspberry, having a very mild, pleasant, vinous flavor delightful to the taste and not found in any other fruit.

It is excellent for the table—to eat fresh or stewed, and for jelly or jam is without an equal. Ripens before blackberries and raspberries become plentiful. All of the plants that we offer are of our own growing here at Rochester and most of the plants have produced fruit in the nursery row, hence purchasers are assured of receiving strong, well rooted, 2 year old plants.

Price \$5.00 per 10; \$40.00 per 100

WONDERFUL GRAPES

Extra Large Early Bearing
Plants—3 to 4 Years Old

For quick results and delicious Grape Juice, plant these extra large, extra old vines. We offer them in the following varieties:

CONCORD—Bunches large; fruit large; black.

WORDEN—Bunches large; fruit larger than Concord; black.

IVES—Fine for making red wine. Color of fruit, black.

CATAWBA—Bunches large; fruit large of a coppery red color; juicy.

WYOMING—Fruit large; juicy and sweet; bright red.

NIAGARA—Fruit large; pale yellow; sweet.

Prices for these extra large and extra old plants, \$1.00 each, \$10.00 per dozen

Note—Most of these plants have produced fruit in the nursery row during the past summer

GLEN BROTHERS - GLENWOOD NURSERY - ROCHESTER, N.Y.

WASHINGTON PEDIGREED ASPARAGUS

Washington Rust Resistant Asparagus is the result of plant research and breeding by the United States Department of Agriculture. Your garden produces everything else—why not grow some asparagus? It is as simple as 2+2.

Let us tell you how

Asparagus freshly cut and immediately served is one of the most delicate, wholesome, and appetizing products of the home garden. Its early appearance in the spring, together with the fact that an asparagus bed when once established will produce for many years, makes it of special importance in the home as well as in the market garden and on the truck farm. Asparagus is one of the most popular vegetables for canning, because the canned product retains the quality of the fresh shoots.

Prices: Strong 2 year plants, \$3.50 per 100; \$30.00 per 1000. Extra large, 3 year plants for quicker results, \$7.00 per 100; \$70.00 per 1000

Burbank's Giant Crimson RHUBARB

Rhubarb—Pie Plant—whatever you wish to call it, there is nothing like it for pie and sauce—it's healthful, too.

Plant this Spring—Ready to use in thirty days

Extra large, of fine bloom, and crimson color, this new variety of appetizing "pie-plant" should be in every garden and will be when known. Plant a few this spring along beside that you now have growing in your garden and note the difference. Burbank's Giant Crimson is superior in size and quality to any variety we have ever tasted. It is an early variety without being in the least tough or stringy, with a mild sub-acid flavor. Largest and best of all for market or home use. *Plant this Spring in good garden soil, manure well, and have delicious pie and sauce all summer.*

Price for strong roots 50c each; \$3.00 per doz.

LA FRANCE EVERBEARING RASPBERRIES

Medals and first class certificates from Massachusetts Horticultural Society, Horticultural Society of New York, American Institute of Science, and other leading agricultural and horticultural boards.

Best in Size, Taste and Productiveness

La France is a new ever-bearer, producing its first large and delicious fruit in June, another picking in July, still another in August, and still another in September.

*Raspberries on Your Table
Four Months in the Year*

Raspberries, full of rich, creamy juice, highly flavored and sweet as honey. From June till October, La France produces its delicious fruit.

Prices: Strong field grown plants, \$3.50 per 12; \$20.00 per hundred

GLEN BROTHERS - GLENWOOD NURSERY - ROCHESTER, N.Y.

6 HANDSOME FLOWERING SHRUBS \$2.50

Grouped or planted individually on the lawn, along the drive about the foundation of the house, as a screen anywhere and everywhere, they are effective, attractive, but inexpensive.

SPIREA VAN HOUTTEL. Grows about 6 feet high with arching branches, dark green leaves, and numerous clusters of white flowers.

SPIREA ANTHONY WATERER. Compact, free-flowering, variety upright branches, bearing a rich profusion of bright crimson flowers in dense corymbs. Blooms till late autumn.

HYDRANGEA. P. G. The hardiest and most popular Hydrangea, it has greater adaptability to climatic variations than the others, and in July and August its passive plumes of pink flowers bend the branches with their weight.

HONEYSUCKLE. Large, half evergreen shrub, with long, slender, recurving branches and bright green broadly ovate leaves; flowers creamy white or light yellow, fragrant expanding early in spring. Very desirable.

SYRINGA. Hardy, vigorous, upright-growing shrub, with arching branches; large,

handsome foliage; flowers fragrant, pure white or cream-white in dense racemes. An old favorite.

FORSYTHIA. Graceful shrub, with branches drooping to the ground, where they often take root; the branches are literally covered with the golden yellow flowers in early spring before the leaves appear. Good cover for steep slopes, walls, fences and arbors.

All old-fashioned Shrubs, but none prettier have ever been grown

It is due only to our immense stock that we can make this remarkably low price. The plants are strong, bushy and well rooted. Regularly sold at 75c each; \$7.00 per dozen.

We will accept your order for this collection of six for \$2.50

George Kennan, Medina, New York writes: "The shrubs and vines ordered from you last fall were in all respects the best lot of shrubs that I ever had from any source. I was immensely pleased with them. You may count on getting all my orders for the shrubs, trees and plants that you carry in stock."

GLEN BROTHERS-GLENWOOD NURSERY-ROCHESTER, N.Y.

NORTHERN NEW YORK GROWN NUT TREES

Grown at Fairport, New York, under severe climatic conditions; they must be hardy. Plant them for their beauty and the nuts they bear

ENGLISH WALNUTS—FILBERTS—BLACK WALNUTS—BUTTERNUTS

ENGLISH WALNUTS. Our trees come into bloom late and thus escape the spring frosts. Nuts are highest quality, sweet and rich in flavor.

Size	PRICES		
	Each	10	100
2-3 ft.	\$1.25	\$10.00	\$ 90.00
3-4 ft.	1.50	12.50	125.00
4-5 ft.	2.50	20.00	200.00
5-6 ft.	5.00	40.00	350.00

We offer a few hundred specimen trees 6-8', \$10.00 each, \$100.00 per doz.

COSFORD FILBERT. (Paper-shell). A highly prized European variety that has won favor wherever grown for its thin-shelled, oblong nut, containing a plump

kernel of the richest flavor. Trees are very productive. *Layered Plants*, 2-3 ft. \$1.50 each; \$15.00 per doz.; \$100.00 per 100. 3-4 ft., \$2.00 each; \$20.00 per doz.

AMERICAN BLACK WALNUT. For roadside planting and for reforestation, we have extensive plantings of these valuable trees to offer at the following prices: 3-4 ft., 75c each; \$8.00 per doz.; \$60.00 per 100. 6-8 ft., \$1.25 each; \$12.00 per doz.; \$90.00 per 100. Extra large trees, 8-10 ft., \$3.00 each; \$30.00 per doz.; \$200.00 per 100.

BUTTERNUT. (*Juglans cinerea*). One of the finest native nut trees, growing occasionally to a height of 100 feet and spreading in proportion. The wood is much valued because of the beautiful finish possible in cabinet work. The large, elongated nuts are rich, sweet and of delicate flavor, very nutritious. 5-7 ft. \$1.00; each; \$9.00 per doz.; \$60.00 per 100. Extra large specimen trees, 8-10 ft., \$3.00 each \$30.00 per doz.; \$200.00 per 100. 10-12 ft. \$5.00 each; \$50.00 per doz.
