"QUALITY FIRST"

Price List of Nursery Stock

OF THE

F. & F. NURSERIES

Springfield, Union Co., N. J.

ALSO

At Princeton, N. J.

Location, 17 miles from New York City

Millburn Station, D., L. & W. R. R.

Springfield Station, Rahway Valley R. R.

Electric Cars Pass Our Office Every Half Hour, giving Direct

Communication with Summit, Millburn, Newark, Elizabeth.

Phone, No. 152, Millburn

ESTABLISHED AT ROSELLE, N. J., IN 1882

Our stock is clean and free from disease, being inspected every year for that purpose.

GUARANTEE—

WE GUARANTEE all our stock true to name and in good condition on leaving our hands, but we do not guarantee it to grow under all conditions, nor do we make up any loss whatever due to climate effects, or after culture on the part of the purchaser. In case any mistake should happen in the naming of a plant, we will replace it with the true variety as ordered, but we are not liable to more than its original invoice value in refunding money.

Local and Long Distance, Phone Millburn 152

To Our Customers

PRICES—Quoted are for best commercial grade and quality. Trees selected by customers at the nursery will be charged for in accordance to their value. We quote by height but it must be remembered that the height does not always indicate the value of a tree or plant—a very short and compact specimen is more valuable than a slim, straggly one of the same height. Customers can rely upon our selecting full value for the prices charged. We are firm believers in the graded stock system not generally in use in the nursery business. We grade according to height and caliper.

DELIVERY—We will deliver free of charge to nearby customers all orders exceeding an amount of \$10.00. A reasonable charge will be made for delivery of orders for less than that amount. A cash discount of 5 per cent. will be allowed to customers preferring to call for their stock, providing we are given due notice in advance so that such orders may be prepared in connection with other orders. Distant orders will be safely and securely packed in boxes or bales and delivered F. O. B. cars here, freight or express charges to be paid for by the purchaser, or arrangements may be made for delivery by auto truck and charges made per mileage.

TERMS—Customers with whom we have had no dealings heretofore should remit with order, or send satisfactory references. Old and known customers can, if they wish, remit on receipt of goods. All accounts are due, net cash, as soon as goods are received. Remit by check, Draft, Express or Money Order; one and two-cent postage stamps accepted for small amounts.

EARLY ORDERS—Customers should send in their orders as early as possible so we can place them on our digging list. Our work in the digging season is necessarily very much crowded owing to our dependence on the weather conditions, and we can only in exceptional instances fill orders in other than regular turn.

DIGGING SEASON—Usually commences end of September in the fall, continuing so long as ground holds open. In the spring from the middle of March until middle of May.

CATALOGUE—We issue a descriptive catalogue in which all the varieties named in this list are described. Ask for a copy. It will be a help to you.

GUARANTEE—

WE GUARANTEE all our stock true to name and in good condition on leaving our hands, but we do not guarantee it to grow under all conditions, nor do we make up any loss whatever due to climate effects, or after culture on the part of the purchaser. In case any mistake should happen in the naming of a plant, we will replace it with the true variety as ordered, but we are not liable to more than its original invoice value in refunding money.

HOURS—The nurseries are open on working days from 7 A. M. to 6 P. M., except on Saturday, when the place is closed at 5 P. M.

While we endeavor to accommodate all customers who call at the nurseries, on account of the nature of our business and the extent of ground over which our plants are distributed, it is impossible to dig plants at short notice unless they happen to be near our sales office.

Customers desiring to take plants home should place the order at least 24 hours prior to calling for them. Delays and extra expense will thus be avoided as much as conditions will permit.

ORNAMENTAL DEPARTMENT

Deciduous Trees

		Each	Per 10
ACER CAMPESTRE	3-5 ft	\$1.00	
— DASYCARPUM	8-10 ft	1.00	\$7.00

Weeping Elm			

Deciduous Shrubs

The shrubs we offer are of a standard commercial grade, young and thrifty. They are not crowded in rows to make them grow tall, but are given space enough for proper development. This insures a bushy and full plant, which far more than height ought to be, and indeed is, the standard of excellence. Nearly all our shrubs are dug with a tree digger, thus insuring good roots, and are exactly what we represent them to be in all particulars.

Conifers and Evergreens

These have all been transplanted, most of them several times, giving ample room for full development, and frequently sheared to produce compact, symmetrical specimens. All balled and burlapped at the prices named, except where marked with a **.
